THE WHINFELL CHARITABLE FUND

TRUSTEES' ANNUAL REPORT

The Trustees present their report and the financial statements of the charity for the year ended 31 January 2023. The Trustees have adopted the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" (FRS102) in preparing the Annual Report and financial statements of the charity.

The financial statements have been prepared in accordance with the accounting policies set out in notes to the financial statements and comply with the charity's governing document, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities in preparing their financial statements in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland published October 2019 (Second Edition).

Objectives and activities

The principal activity of the charity during the year has been to support other charities, particularly in the fields of local and global social impact.

Public benefit statement

The Trustees have considered the general guidance on public benefit issued by the Charity Commission in carrying out its objectives and activities and are satisfied that the objectives fall under the provisions of the Charities Act 2011. The Trust furthers its charitable purposes for the public benefit through its grant-making policy.

Review of the financial year / achievements and performance

There have been no changes in the organisational structure of the charity during the year.

Income and expenditure:

The Trust received income for the year totalling £109,671 (2022: £99,245). Expenditure totalled £116,795, £77,000 of which relates to distributions made by the Trustees, at their discretion, to beneficiaries (2022: total expenditure £114,213 of which £80,000 related to distributions). Distributions have been made to seven charitable organisations (2022: seven). During this current financial year there has been a deficit of income over expenditure, before net gains/losses on investments, of £7,124 (2022: £14,968).

Investments:

At the start of the year the Trust's quoted investments were valued at £6,398,232 and by the end of the year the value had decreased to £6,048,396.

Investment Managers report

2022 was one of the most challenging years for diversified portfolios in recent memory: Stocks experienced a bear market decline, and bonds suffered their biggest drawdown in modern history.

Since 1926, there have only been two other calendar years where stocks and bonds have fallen at the same time: 1931 and 1969. This fundamental relationship between stocks and bonds has been one of the most reliable relationships in financial markets, but it hasn't been invulnerable. Inflation is a chief explanation for why recent market returns have deviated from the long-term trend.

Bonds experienced their biggest drawdown in history in 2022, as inflation surpassed expectations and the Federal Reserve rose rates at the fastest pace in modern history. Within bonds, rising rates hit many yield-seeking strategies, with long-maturity Treasuries experiencing losses greater than equities.

THE WHINFELL CHARITABLE FUND

TRUSTEES' ANNUAL REPORT (continued)

Review of the financial year (continued)

Investment Managers report (continued)

However, this does not mean that diversification stopped working; diversification within both fixed income and equity portfolios helped to improve returns.

Diversifying into short-duration bonds helped many investors to mitigate their losses in 2022. That being said, the outlook for bonds has clearly improved. The duration risks that produced poor fixed income returns have been priced into markets, and bonds are poised to be a much more attractive diversifier going forward, especially if markets begin to price in a Fed pivot that is likely to occur in 2023.

In 2022, US stocks underperformed the global stock market by about 2%. International developed markets outperformed by about 6% in USD terms, while EM stocks performed in line with US stocks. The “value” factor helped the relative performance of international developed markets, which have a higher allocation to sectors like energy and financials than the growth-heavy US stock market, which has a large concentration in growth-heavy sectors like communication services, technology, and consumer discretionary. Growth stocks are more sensitive to changes to interest rates.

In August, we took action to rebalance the Equities held which has proved prudent. We increased the “value” areas to increase income generation and offset the “growth” orientation which the sustainability screening creates. Whilst the future path of inflation and interest rates is still uncertain, further market volatility is likely but we remain positive on our positioning moving forward.

Performance (to end of Jan 2023):

Performance in 2022 was predominantly driven by geopolitical events (war in Ukraine) and rising interest rates amidst persistent inflation. Over the preceding 12 months, the portfolio was -2.9% which in line with benchmark ARC £ Growth (-2.7%) over the same period. This is however somewhat ahead of the MSCI World £ hedged which is -7.2%

As of the end of January 2023, the annualised net performance since December 2007 is +5.5%. The Fund withdraws the investment income and as a result this does not compound within the returns.

Trustees

The Trustees who served during the year were as follows:

J L Mitchell
K A L Duff
S E Clifford Bowles

The Trustees meet at least once a year to review the regular distributions out of trust income, normally made in January. They meet as necessary at other times to review which charities will benefit from income which remains to be allocated.

Investment policy

The Trustees review annually their policy for investment objective and management of the investments.

THE WHINFELL CHARITABLE FUND

TRUSTEES' ANNUAL REPORT (continued)

Investment policy (continued)

UBS AG continue as investment advisers on a discretionary basis and are instructed to hold the charity's investments as nominees.

The investment objective is for income to increase but the capital should, if possible, maintain its value in line with inflation. This is to be achieved by a balanced portfolio of equities with a risk profile not greater than medium.

Statement of Trustees' responsibilities

The trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

- ~ select suitable accounting policies and then apply them consistently;
- ~ observe the methods and principles in Charities SORP (FRS102) (Second Edition – October 2019);
- ~ make judgements and estimates that are reasonable and prudent;
- ~ state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- ~ prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue its activities.

The Trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Reserves policy

The Trustees consider that the level of reserves held at 31 January 2023 to be satisfactory taking into account the future needs and objectives of the charity. The Trustees review at regular intervals the amount of income received by the charity alongside the requests for donations to beneficiaries.

Risk management

The Trustees have identified the risks to which the charity is exposed and assessed their consequential impact on the financial activity of the charity. The level of risk assessed has not changed since the previous year. The Trustees are satisfied that the necessary systems are in place to mitigate the charity's exposure to those risks.

On behalf of the Trustees

INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF THE WHINFELL CHARITABLE FUND

I report to the charity trustees on my examination of the accounts of the charity for the year ended 31 January 2023 which are set out on pages 6 to 12.

Responsibilities and basis of report

As the charity's trustees you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

Your attention is drawn to the fact the charity has prepared the financial statements in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) in preference to the Accounting and Reporting by Charities: Statement of Recommended Practice issued on 1 April 2005 which is referred to in the extant regulations but has since been withdrawn.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

THE WHINFELL CHARITABLE FUND

NOTES TO THE FINANCIAL STATEMENTS

31 JANUARY 2023

1 General information

The Trust was created and continues to be governed by a trust deed dated 3 December 1973. The Trust is a registered charity, number 267333 and is also subject to the regulations of the Charity Commission. The address of the Trust is 35 Westgate, Huddersfield, HD1 1PA.

2 Summary of significant accounting policies

General information and basis of preparation

The charity constitutes a public benefit entity as defined by FRS102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their financial statements in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) Second edition issued October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS102), the Charities Act 2011, and UK Generally Accepted Practice as it applies from 1 January 2019.

The charity has applied the Statement of Recommended Practice (FRS102), Second Edition, issued October 2019, and does not include a cashflow statement on the grounds that it is applying FRS102 1A.

The financial statements are prepared on a going concern basis under the historic cost convention modified to include certain items at fair value. The financial statements are prepared in sterling which is the functional currency of the charity, and rounded to the nearest £.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

Funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Income recognition

All incoming resources are included in the Statement of Financial Activities (SoFA) when the charity is legally entitled to the income after any performance conditions have been met, the amount can be measured reliably and it is probable that the income will be received.

Investment income is earned through holding assets for investment purposes such as shares and bonds. It includes dividends and interest. It is included when the amount can be measured reliably. Interest and dividend income is recognised as the charity's right to receive payment is established.

THE WHINFELL CHARITABLE FUND

NOTES TO THE FINANCIAL STATEMENTS

31 JANUARY 2023

2 Accounting policies (continued)

Expenditure recognition

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Expenditure is recognised where there is a legal or constructive obligation to make payments to third parties, it is probable that the settlement will be required and the amount of the obligation can be measured reliably. It is categorised under the following headings:

- Costs of raising funds includes investment costs;
- Expenditure on charitable activities is the payment of grants to the charity's beneficiaries.

Irrecoverable VAT is charged as an expense against the activity for which expenditure arose.

Grants payable to third parties are within the charitable objectives. Where unconditional grants are offered, these are recognised as soon as the recipient is notified of the grant, as this gives rise to a reasonable expectation that the recipient will receive the grants. Where grants are conditional relating to performance the grant is recognised to the extent that the recipient has satisfied the performance conditions set out in the grant agreement at the balance sheet date.

Investments

Investments are recognised initially at fair value which is normally the transaction price excluding transaction costs. Subsequently, they are measured at fair value with changes recognised in 'net gains / (losses) on investments' in the SoFA if the shares are publicly traded or their fair value can otherwise be measured reliably. Other investments are measured at cost less impairment.

Debtors and creditors receivable / payable within one year

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in expenditure.

Provisions

Provisions are recognised when the charity has an obligation at the balance sheet date as a result of a past event, it is probable that an outflow of economic benefits will be required in settlement and the amount can be reliably estimated.

Foreign currency

Foreign currency transactions are initially recognised by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Monetary assets and liabilities denominated in a foreign currency at the balance sheet date are translated using the closing rate.

Taxation

The charity is an exempt charity within the meaning of schedule 3 of the Charities Act 2011.

THE WHINFELL CHARITABLE FUND

NOTES TO THE FINANCIAL STATEMENTS

31 JANUARY 2023

2 Accounting policies (continued)

Going concern

The financial statements have been prepared on a going concern basis as the trustees believe that no material uncertainties exist. The trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorising these financial statements. The budgeted income and expenditure is sufficient with the level of reserves for the charity to be able to continue as a going concern.
