Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

Rotary Club of Newton Abbot Trust Fund

Notes and Accounting Policies – Year ended 30 June 2024

1 General Information

The Rotary Club of Newton Abbot Trust Fund is a charity registered with the Charity Commission under reference number 269055. It is managed by trustees appointed by the Rotary Club of Newton Abbot. There is no principal place of business.

2 Accounting policies

(a) Basic of preparation and assessment of going concern

The accounts (financial statements) have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) and the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Charities Act 2011. The trust constitutes a public benefit entity as defined by FRS 102.

The trustees consider that there are no material uncertainties about the Trust's ability to continue as a going concern.

The financial statements are prepared in sterling, which is the functional currency of the Charity.

The following principal accounting policies have been applied.

(b) Income recognition

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received, and the amount of income receivable can be measured reliably.

Investment income is accounted by reference to the date at which the underlying income is declared ex dividend or the date on which interest is credited to the bank.

Income from donations and fundraising is accounted for as received. Any associated tax claims are included at the same time as the income to which they related.

(c) Expenditure recognition

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that settlement will be required, and the amount of the obligation can be measured reliably.

All expenditure is accounted for on an accruals basis and includes irrecoverable VAT. All expenses including support costs and governance costs are allocated to charitable activities.

Donations are paid to individuals and organisations for deserving purposes. These are included in the accounts for the period in which the payment is approved.

Rotary Club of Newton Abbot Trust Fund

Notes and Accounting Policies – Year ended 30 June 2024

(d) Investments

Investments are a form of basic financial instrument and are originally recognised at their transaction value and subsequently measured at their fair value at the balance sheet date using the quoted market price. Realised and unrealised gains and losses on the investments are credited/charged directly to the Statement of Financial Activities.

(e) Reserves / Fund Accounting

Unrestricted funds - The Charity's general funds consist of funds that the Charity may use for its charitable purposes at its discretion. Sufficient resources are held in an appropriate form to do this.

Restricted funds - The charity also makes specific collections which are restricted as to how these may be used, and these are shown separately in the accounts.

(f) Creditors

Creditors are recognised where the Charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors are normally recognised at their settlement amount after allowing for any trade discounts due.

(g) Cash and cash equivalents

Cash at bank and in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition of the deposit or similar account.

3 Taxation

The Trust is a registered charity and, accordingly, is exempt from taxation on its income and gains where they are applied for charitable purposes.
