

FRIENDS OF THE HORTON HOSPITAL

Trustees report 2023

Our Aims

To generate funds through our shop and donations to enable us to purchase goods and equipment for wards and departments in the hospital for the ongoing wellbeing of patients, staff and the community.

Activities and Achievements

We are a very small charity and now confine our activities to generating money through sales in the shop and tabletop sales which are held several times a year.

As to achievements we have been able to purchase many small pieces of equipment for several wards and departments as itemised in our summary of donations made in 2023.
