THE ARCHIE SHERMAN CARDIFF FOUNDATION

TRUSTEES' REPORT REPORT

FOR THE YEAR ENDED 5 APRIL 2023

The trustees present their report and financial statements for the year ended 5 April 2023.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charitable trust deed, the Charities Act 2011 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)".

Objectives and activities

The charity's objectives include wide charitable purposes at the discretion of the trustees. There are no restricted or endowment funds. The charity's objectives are to generate income from its investment property portfolio in order to make charitable contributions as the trustees see fit.

The charity owns a portfolio of commercial properties. The charity retains the services of a property manager, Archie Sherman Administration Limited, in order to achieve the best return on its investment property portfolio and hence generation of income to meet its charitable objectives.

The trustees confirm that they have referred to the Charity Commission's guidance on public benefit when reviewing the charity's aims and objectives, in planning future activities and setting the grant making policy for the year.

In accordance with the charity's objectives, donations are made to a wide range of charitable causes which directly benefit people in the field of education and training, overseas aid, healthcare, and the general community.

Achievements and performance

The charity generates income from its investments in order to make charitable contributions to wide charitable purposes at the discretion of the trustees to benefit education and training, overseas aid, healthcare, and the community.

Financial review

The Statement of Financial Activities, set out on page 5 of the financial statements, shows how the charity's incoming resources have been expended during the year ended 5 April 2023.

The charity continues to maintain a fund base from which the income generated is distributed through grant making activities.

The charity's assets are held in order to generate income for charitable donations.

Income

Overall the charity's investment income has increased by 12.2% to £153,351 (2022: Decreased by 4.9% to £136,678). The increase is a result of an overall increase in occupancy rates.

Investment income is made up of rental and other property income.

Charitable contributions

£48,530 (2022: £45,650) was distributed and committed to charitable beneficiaries during the year to benefit education & training, overseas aid and the community.

Unrestricted funds

During the year ended 5 April 2023 the charity generated a surplus for the year of £47,599 (2022: £34,564). At 5 April 2023 the charity was in a strong position with net assets of approximately £2.3m and funds available to meet all obligations.

The charity's unrestricted funds at the year end totalled £2,367,646 (2022: £2,320,047).

THE ARCHIE SHERMAN CARDIFF FOUNDATION

TRUSTEES' REPORT REPORT (CONTINUED)

FOR THE YEAR ENDED 5 APRIL 2023

Reserves policy

It is the policy of the charity to distribute up to 100% of net income, or more, provided this does not conflict with the charity's policy to maintain free reserves, as represented by net current assets, at a level which is considered adequate to cover short term requirements and to retain adequate liquid resources to meet current projected payments or to respond to an emergency. At the balance sheet date, the charity had net current assets of £279,234 (2022: £231,635). The Trustees are satisfied that the current level of reserves is appropriate to the charity's circumstances.

Investment policy and performance

The charity follows a policy of maximising the return on investments while ensuring acceptable levels of risk. The trustees consider whether performance has been matched to objectives.

Risk management

The trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

Plans for the future

The charity's future plan is to work in a most efficient and effective way towards achieving its objectives and receiving the best return on its investments.

The charity plans to continue to find suitable and deserving causes to provide grant funding for projects which comply with the charity's objectives.

Structure, governance and management

The charity was established by a charitable trust deed on 16 July 1976.

The policies adopted in furtherance of these objects are normally almost exclusively to benefit education and training, overseas aid, healthcare and the community.

The trustees who served during the year and up to the date of signature of the financial statements were:

M J Gee

A H S Morgenthau

R Freedman

The power of appointing a new or additional trustee is vested in the trustees, but the total number of trustees shall not exceed four.

Day to day matters and management of the properties are dealt with by the manager, Archie Sherman Administration Limited.

Trustees are expected to identify their training needs and to take measures to ensure that these needs are met.

On behalf of the trustees

M J Gee

Trustee

Dated: 14 November 2023

THE ARCHIE SHERMAN CARDIFF FOUNDATION

STATEMENT OF TRUSTEES' REPORT RESPONSIBILITIES

FOR THE YEAR ENDED 5 APRIL 2023

The trustees are responsible for preparing the Trustees' Report Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that year.

In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping sufficient accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

THE ARCHIE SHERMAN CARDIFF FOUNDATION

INDEPENDENT EXAMINER'S REPORT

TO THE TRUSTEES OF THE ARCHIE SHERMAN CARDIFF FOUNDATION

I report to the trustees on my examination of the financial statements of The Archie Sherman Cardiff Foundation (the charity) for the year ended 5 April 2023.

Responsibilities and basis of report

As the trustees of the charity you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 (the 2011 Act).

I report in respect of my examination of the charity's financial statements carried out under section 145 of the 2011 Act. In carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

Your attention is drawn to the fact that the charity has prepared financial statements in accordance with Accounting and Reporting by Charities preparing their financial statements in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) in preference to the Accounting and Reporting by Charities: Statement of Recommended Practice issued on 1 April 2005 which is referred to in the extant regulations but has now been withdrawn.

I understand that this has been done in order for financial statements to provide a true and fair view in accordance with Generally Accepted Accounting Practice effective for reporting periods beginning on or after 1 January 2015.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- 1 accounting records were not kept in respect of the charity as required by section 130 of the 2011 Act; or
- 2 the financial statements do not accord with those records; or
- 3 the financial statements do not comply with the applicable requirements concerning the form and content of financial statements set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the financial statements give a true and fair view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the financial statements to be reached.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 5 APRIL 2023

1 Accounting policies

Charity information

The Archie Sherman Cardiff Foundation is a charity registered in England and Wales. The charity's business address is 274a Kentish Town Road, London, NW5 2AA. The nature of the charity's operations and principal activities are set out in the Trustee's Report.

1.1 Accounting convention

The financial statements have been prepared in accordance with the charitable trust deed, the Charities Act 2011 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)". The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities applying FRS 102 Update Bulletin 1 not to prepare a Statement of Cash Flows.

The financial statements have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a true and fair view. This departure has involved following the Statement of Recommended Practice for Charities applying FRS 102 rather than the version of the Statement of Recommended Practice which is referred to in the Regulations but which has since been withdrawn.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared on the historical cost convention, modified to include the revaluation of investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives.

1.4 Incoming resources

All incoming resources are included in the statement of financial activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy.

Income receivable under property leases is recognised on a straight line basis over the lease term. Lease incentives are also recognised on a straight-line basis as a reduction in income over the lease term, except for leases which began before the date of transition to FRS 102 for which incentives remain recognised over the period to the first rent review date (in accordance with the transitional exemption offered by FRS 102).

Deferred income represents rent received in advance as at the year end.

THE ARCHIE SHERMAN CARDIFF FOUNDATION

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 5 APRIL 2023

1 Accounting policies

(Continued)

1.5 Resources expended

Resources expended are included in the statements of financial activities on an accruals basis.

Costs of generating funds comprise those costs directly attributable to the management of investment properties.

Grants awarded are charged in the year when the offer is conveyed to the recipient, irrespective of the period covered by the grant, such grants being recognised as expenditure.

Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulation and good practice.

1.6 Investment properties

Investment property, which is property held to earn rentals and/or for capital appreciation, is initially recognised at cost, which includes the purchase cost and any directly attributable expenditure. Subsequently it is measured at fair value as at the reporting end date. The surplus or deficit on revaluation is recognised in profit or loss.

The property portfolio is valued by one of the trustees M J Gee, a director of Archie Sherman Administration Limited which manages the portfolio, who has considerable knowledge and experience of the properties. Rental yields and the climate surrounding the location of the properties are also taken into consideration.

1.7 Cash and cash equivalents

Cash and cash equivalents include cash in hand and deposits held at call with banks.

1.8 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include trade and other receivables and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

THE ARCHIE SHERMAN CARDIFF FOUNDATION

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 5 APRIL 2023

1 Accounting policies

(Continued)

Basic financial liabilities

Basic financial liabilities, including trade and other payables are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

1.9 Foreign exchange

Transactions denominated in foreign currencies are recorded at the rate ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. All differences are included in governance costs.

1.10 Grant-making policy and provision for commitments

Where the charity has entered into a legally enforceable contract to make charitable grants in future periods, this expenditure is recognised in the period in which the contract is made. This is also the case where there is a constructive obligation to make such grants.

Expenditure resulting from provisions that arise due to a legal constructive obligation is, therefore, recognised in full in the charity's financial statements as soon as the obligation arises.

2 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Key sources of estimation uncertainty

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are as follows;

Valuation of investment properties

Investment properties are recognised at fair value, with changes in fair value being recognised through profit or loss. The investment properties are stated at the trustees' valuation on an open market basis. There is an inevitable degree of judgement involved and value can only ultimately be reliably tested in the market itself.
