## **NOTES TO THE FINANCIAL STATEMENTS**

**YEAR ENDED 31 DECEMBER 2022**

### **1. GENERAL INFORMATION**

The charity is a public benefit entity and a registered charity in England and Wales and is unincorporated. The address of the principal office is 6 Albert Court, Prince Consort Road, London, SW7 2BE.

### **2. STATEMENT OF COMPLIANCE**

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Charities Act 2011.

### **3. ACCOUNTING POLICIES**

#### **Basis of preparation**

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities measured at fair value through income or expenditure.

The financial statements are prepared in US Dollars which is the functional currency of the entity.

#### **Going concern**

There are no material uncertainties about the charity's ability to continue.

#### **Judgements and key sources of estimation uncertainty**

There are no judgements, estimates and assumptions that affect the amounts reported.

#### **Foreign currencies**

Foreign currency transactions are initially recorded in the functional currency, by applying the spot exchange rate as at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate ruling at the reporting date, with any gains or losses being taken to the statement of financial activities.

#### **Fund accounting**

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for a particular future project or commitment. There are no designated funds as at the balance sheet date.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds. There are no restricted funds as at the balance sheet date.

#### **Incoming resources**

All income is included in the statement of financial activities when entitlement has passed to the charity, it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured.

**PORAT YOSEF FUND NUMBER ONE ACCOUNT**  
**NOTES TO THE FINANCIAL STATEMENTS** *(continued)*  
**YEAR ENDED 31 DECEMBER 2022**

**3. ACCOUNTING POLICIES** *(continued)*

**Resources expended**

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates.

Expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.

**Investments**

Listed investments are measured at fair value with changes in fair value being recognised in profit or loss. Realised gains and losses on investments are calculated based on the opening market value. Unrealised gains and losses on investments are calculated as the difference between the carrying valuation of investments at the balance sheet date and the original cost in the case of investments purchased during the year and otherwise on the difference between current valuation and the previous valuation.

**Financial instruments**

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Where investments in shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in income and expenditure. All other such investments are subsequently measured at cost less impairment.

## **NOTES TO THE FINANCIAL STATEMENTS**

**YEAR ENDED 31 DECEMBER 2022**

### **1. GENERAL INFORMATION**

The Charity is a public benefit entity and a registered charity in England and Wales and is unincorporated. The address of the principal office is 6 Albert Court, Prince Consort Road, London, SW7 2BE.

### **2. STATEMENT OF COMPLIANCE**

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Charities Act 2011.

### **3. ACCOUNTING POLICIES**

#### **Basis of preparation**

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities measured at fair value through income or expenditure.

The financial statements are prepared in US Dollars which is the functional currency of the entity.

#### **Going concern**

There are no material uncertainties about the charity's ability to continue.

#### **Judgements and key sources of estimation uncertainty**

There are no judgements, estimates and assumptions that affect the amounts reported.

#### **Foreign currencies**

Foreign currency transactions are initially recorded in the functional currency, by applying the spot exchange rate as at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate ruling at the reporting date, with any gains or losses being taken to the statement of financial activities.

#### **Fund accounting**

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular future project or commitment. There are no designated funds as at the balance sheet date.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds. There are no restricted funds as at the balance sheet date.

#### **Incoming resources**

All income is included in the statement of financial activities when entitlement has passed to the charity, it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured.

**YEAR ENDED 31 DECEMBER 2022**

**3. ACCOUNTING POLICIES** *(continued)*

**Expenditure**

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates.

Expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.

**Investments**

Listed investments are measured at fair value with changes in fair value being recognised in profit or loss. Realised gains and losses on investments are calculated based on the opening market value. Unrealised gains and losses on investments are calculated as the difference between the carrying valuation of investments at the balance sheet date and the original cost in the case of investments purchased during the year and otherwise on the difference between current valuation and the previous valuation.

**Financial instruments**

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Where investments in shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in income and expenditure. All other such investments are subsequently measured at cost less impairment.
