THE THROMBOSIS RESEARCH TRUST

TRUSTEES' REPORT FOR THE YEAR ENDED 31 JULY 2025

The Trustees present their annual report together with the audited financial statements of the Charity for the year from 1 August 2024 to 31 July 2025. The Trustees confirm that the Annual Report and financial statements comply with the current statutory requirements, the requirements of the Charity's governing document and the provisions of the Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2019).

STRUCTURE, GOVERNANCE AND MANAGEMENT

Constitution and organisational structure

The Charity was established by a Declaration of Trust dated 28 December 1977 and is a registered charity number 275275.

The Charity supports the work of The Thrombosis Research Institute (the **Institute**) which has the object of conducting research into the prevention and treatment of thrombosis.

The Charity is administered by Trustees. The number of Trustees must be between three and ten. They meet at least three times a year to formulate the policies for, and to agree, the funding of the research carried out by the Institute, and to approve the budgets, annual accounts and reports of the Charity. During the current and previous year, no Trustees received any remuneration, benefit in kind or any reimbursed expenses.

Method of appointment of election of Trustees

Trustees are appointed as vacancies arise based upon an assessment of key skills required. Individuals are appointed for their relevant skills. The appointment is adopted by a vote of the entire Board of Trustees.

Policies adopted for the induction and training of Trustees

New trustees normally meet with the Institute President and the Chair of the Trustees and members of the finance and research staff of the Institute. Together they present the new trustees with background information about the Institute, the role of the Charity and other relevant information.

The Trustees bring under review the skills required by the Charity's Board of Trustees from time to time, and ensure that their composition covers all necessary areas.

THE THROMBOSIS RESEARCH TRUST

**TRUSTEES' REPORT
FOR THE YEAR ENDED 31 JULY 2025**

The Trustees receive regular training by keeping up to date with Charity Commission updates and publications. Further training is available upon request.

Volunteers

All the members of the Board of Trustees are volunteers. None of them hold contracts with the Charity or the Institute.

Related party relationships

The Charity is connected with the Thrombosis Research Institute. The Charity has the object of promoting and funding research into the prevention and treatment of thrombosis disease, which it fulfils by supporting the Institute.

At the year-end, Patrick Burgess was a Trustee of the Charity and the Institute.

Policies and objectives

The Charity's key objectives are to promote and fund research into the prevention and treatment of thrombosis disease, which it fulfils by supporting the Institute. In setting the objectives, the Trustees confirm that they have complied with the duty imposed by section 17 of the Charities Act 2011 pursuant to which they are obliged to have due regard to public benefit guidance published by the Charity Commission in deciding the Charity's activities.

The Charity does not fundraise with members of the public; as a result, there have been no fundraising complaints.

THROMBOSIS RESEARCH TRUST

TRUSTEES' REPORT FOR THE YEAR ENDED 31 JULY 2025

Review of activities

The Charity continues to support the Institute in the Institute's delivery of a multidisciplinary research programme in the field of venous and arterial thromboembolic disorders.

The Trustees anticipate that the current programmes of research that are now well established at the Institute will continue to deliver important contributions in the coming years.

Investment policy and performance

For the year under review, the Institute's endowment funds were placed on call deposits with its banks.

Principal risks and uncertainties

The Board of Trustees conducts a comprehensive evaluation of risks annually. The principal risks identified are as follows:

Constitutional and Governance: Ensuring the protection of the Trust's reputation and its registered charity status is of utmost importance. The Board has established strong protocols to safeguard both, reducing the likelihood of any damage to these areas.

Financial: The charity focuses on diversifying its funding sources to ensure continued financial stability. This risk is mitigated through careful financial planning and independent investment advice to maintain funding for the Trust's operations.

Regulatory Changes: The Board monitors changes in the regulatory landscape and ensures that any necessary adjustments are made to maintain compliance and minimise risk.

Data Protection: The Trust closely monitors the regulatory environment concerning data protection and has implemented and maintains effective policies to safeguard personal and sensitive data.

Going concern

After making appropriate enquiries, the Trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Accounting Policies.

THROMBOSIS RESEARCH TRUST

TRUSTEES' REPORT FOR THE YEAR ENDED 31 JULY 2025

Financial review

Reserves policy

The Trustees monitor the position of the Charity's reserves regularly at their meetings.

The policy of the charity is to fund the research carried out by the institute. Given the levels of unrestricted annual expenditure of £150,807 in order to carry out its activities this year, the Trustees consider it is prudent to maintain the unrestricted reserves of £4,785,361 currently retained, representing funds that have been hypothecated to fund projects undertaken by the institute.

Given the range of uncertainties currently facing charities operating worldwide, the Trustees consider the current level of reserves to be appropriate. The level of reserves required to support the charity's future strategy will be reviewed in 2026

Total funds stood at £4,831,006 at 31 July 2025, which consisted of unrestricted funds of £4,785,361 and endowment funds of £45,645.

Financial review

The Institute continues to hold funds for its charitable objectives. As a result of reduced interest rates, investment income, which is derived from bank deposits, has remained low.

Income in the year amounted to £180,530 (2024: £114,718) and expenditure was £150,807 (2024: £6,482).

The Trustees consider the financial health of the Charity to be good.

Plans for future periods

The Trust will continue to support The Thrombosis Research Institute in the institute's pursuit of its strategic research programme such as Venous and arterial thrombosis and will reserve and fund accordingly.

The long-term clinical research project into the worldwide incidence and treatment of atrial fibrillation and outcome in clinical practice continues to be part of the research programme, the results of which will be of great significance to global health practice.

THE THROMBOSIS RESEARCH TRUST

**TRUSTEES' REPORT
FOR THE YEAR ENDED 31 JULY 2025**

Statement of Trustees' responsibilities

The Trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of its income and expenditure for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles of the Charities SORP;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue in business.

The Trustees are responsible for keeping proper accounting records that are sufficient to show and explain the charity's transactions and disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charity (Accounts and Reports) Regulations and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees reports were approved by the Trustees on 26 March 2026 and signed on their behalf by:

Mr Patrick Burgess OBE DL
Chair of Trustees

THE THROMBOSIS RESEARCH TRUST

**INDEPENDENT EXAMINER'S REPORT TO THE MEMBERS OF THE
THROMBOSIS RESEARCH TRUST**

I report to the trustees on my examination of the accounts of the Trust for the year ended 31 July 2025.

Responsibilities and basis of report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts conducted under section 145 of the 2011 Act and in conducting my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

THROMBOSIS RESEARCH TRUST

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 JULY 2025**

1. ACCOUNTING POLICIES**1.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 and Financial Reporting Standard applicable in the United Kingdom (Charities SORP (FRS102)) Second Edition effective 1 January 2019 and Republic of Ireland (FRS 102) and Charities Act 2011.

The Thrombosis Research Trust constitutes a public benefit entity as defined by FRS 102.

The financial statements are presented in UK Sterling, which is the Charity's functional currency, and rounded to the nearest pound.

1.2 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Investment income, gains and losses are allocated to the appropriate fund.

1.3 Investments

Fixed asset investments are a form of financial instrument and are initially recognised at their transaction cost and subsequently measured at fair value at the Balance sheet date, unless fair value cannot be measured reliably in which case it is measured at cost less impairment. Investment gains and losses, whether realised or unrealised, are combined and shown in the heading 'Gains/(losses) on investments' in the Statement of financial activities.

1.4 Income

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

THROMBOSIS RESEARCH TRUST

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 JULY 2025**

1. ACCOUNTING POLICIES (CONTINUED)**1.5 Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Governance costs are those incurred in connection with enabling the charity to comply with external regulation, constitutional and statutory requirements and in providing support to the Trustees in discharge of their statutory duties.

Charitable activities and governance costs are costs incurred on the charity's educational operations, including support costs and costs relating to the governance of the charity apportioned to charitable activities.

1.6 Going concern

The trustees consider that there no material uncertainties about the Charity's ability to continue as a going concern.

1.7 VAT

Expenditure is recognised in the period in which they are incurred. Expenditure includes attributable VAT which cannot be recovered.

1.8 Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the Bank.

1.9 Debtors

Trade and other debtors are recognised at the settlement amount. Prepayments are valued at the amount prepaid.

THROMBOSIS RESEARCH TRUST

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 JULY 2025**

ACCOUNTING POLICIES (CONTINUED)**1.10 Cash at Bank and in hand**

Cash at bank and in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

1.11 Liabilities and provisions

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the charity anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide. Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised within interest payable and similar charges.

1.12 Financial instruments

The charity has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

1.13 Critical accounting estimates and areas of judgment

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions:

The charity makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The Trust has no estimates or assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

THE THROMBOSIS RESEARCH TRUST

TRUSTEES' REPORT FOR THE YEAR ENDED 31 JULY 2024

The Trustees present their annual report together with the audited financial statements of the Charity for the period 1 August 2023 to 31 July 2024. The Trustees confirm that the Annual Report and financial statements comply with the current statutory requirements, the requirements of the Charity's governing document and the provisions of the Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2019).

STRUCTURE, GOVERNANCE AND MANAGEMENT

Constitution and organisational structure

The Charity was established by a Declaration of Trust dated 28 December 1977 and is a registered charity number 275275.

The Charity supports the work of The Thrombosis Research Institute (the **Institute**) which has the object of conducting research into the prevention and treatment of thrombosis.

The Charity is administered by Trustees. The number of Trustees must be between three and ten. They meet at least three times a year to formulate the policies for, and to agree, the funding of the research carried out by the Institute, and to approve the budgets, annual accounts and reports of the Charity. During the current and previous year, no Trustees received any remuneration, benefit in kind or any reimbursed expenses.

Method of appointment of election of Trustees

Trustees are appointed as vacancies arise based upon an assessment of key skills required. Individuals are appointed for their relevant skills. The appointment is adopted by a vote of the entire Board of Trustees.

Policies adopted for the induction and training of Trustees

New trustees normally meet with the Institute President and the Chair of the Trustees and members of the finance and research staff of the Institute. Together they present the new trustees with background information about the Institute, the role of the Charity and other relevant information.

The Trustees bring under review the skills required by the Charity's Board of Trustees from time to time, and ensure that their composition covers all necessary areas.

THE THROMBOSIS RESEARCH TRUST

**TRUSTEES' REPORT
FOR THE YEAR ENDED 31 JULY 2024**

The Trustees receive regular training by keeping up to date with Charity Commission updates and publications. Further training is available upon request.

Volunteers

All the members of the Board of Trustees are volunteers. None of them hold contracts with the Charity or the Institute.

Related party relationships

The Charity is connected with the Institute. The Charity has the object of promoting and funding research into the prevention and treatment of thrombosis disease, which it fulfils by supporting the Institute.

At the year-end, Patrick Burgess was a Trustee of the Charity and the Institute.

Policies and objectives

The Charity's key objectives are to promote and fund research into the prevention and treatment of thrombosis disease, which it fulfils by supporting the Institute. In setting the objectives, the Trustees confirm that they have complied with the duty imposed by section 17 of the Charities Act 2011 pursuant to which they are obliged to have due regard to public benefit guidance published by the Charity Commission in deciding the Charity's activities.

The Charity does not fundraise with members of the public; as a result, there have been no fundraising complaints.

THROMBOSIS RESEARCH TRUST

TRUSTEES' REPORT FOR THE YEAR ENDED 31 JULY 2024

Review of activities

The Charity continues to support the Institute in the Institute's delivery of a multidisciplinary research programme in the field of venous and arterial thromboembolic disorders.

The Trustees anticipate that the current programmes of research that are now well established at the Institute will continue to deliver important contributions in the coming years.

Investment policy and performance

For the year under review, the Institute's endowment funds were placed on call deposits with its banks.

Principal risks and uncertainties

The Board of Trustees undertake a thorough evaluation of risks on an annual basis.

Principal risks include:

Financial: being able to continue funding of the Institute. This risk is mitigated by financial planning and independent investment advice.

Regulatory changes: monitor regulatory landscape and implement changes as necessary.

Reputation and charitable status: protection of the Charity's reputation and registered charity status are of paramount importance, and robust protocols are in place to ensure neither are damaged.

Data protection: monitor regulatory landscape, put in place and maintain effective policies.

Going concern

After making appropriate enquiries, the Trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Accounting Policies.

THROMBOSIS RESEARCH TRUST

TRUSTEES' REPORT FOR THE YEAR ENDED 31 JULY 2024

Financial review

Reserves policy

The Trustees monitor the position of the Charity's reserves regularly at their meetings.

The policy of the charity is to fund the research carried out by the institute. Given the levels of unrestricted annual expenditure of £6,482 in order to carry out its activities this year, the Trustees consider it is prudent to maintain the unrestricted reserves of £4,754,755 currently retained, representing funds that have been hypothecated to fund projects undertaken by the institute.

Total funds stood at £4,800,400 at 31 July 2024, which consisted of unrestricted funds of £4,754,755 and endowment funds of £45,645.

Financial review

The Institute continues to hold funds for its charitable objectives. As a result of reduced interest rates, investment income, which is derived from bank deposits, has remained low.

Income in the year amounted to £114,718 (2023: £4,016,425) and expenditure was £6,482 (2023: £10,361).

The Trustees consider the financial health of the Charity to be good.

Plans for future periods

The Trust will continue to support The Thrombosis Research Institute in the institute's pursuit of its strategic research programme such as Venous and arterial thrombosis and will reserve and fund accordingly.

The long-term clinical research project into the worldwide incidence and treatment of atrial fibrillation and outcome in clinical practice continues to be part of the research programme, the results of which will be of great significance to global health practice.

THE THROMBOSIS RESEARCH TRUST

**TRUSTEES' REPORT
FOR THE YEAR ENDED 31 JULY 2024**

Statement of Trustees' responsibilities

The Trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of its income and expenditure for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles of the Charities SORP;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue in business.

The Trustees are responsible for keeping proper accounting records that are sufficient to show and explain the charity's transactions and disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charity (Accounts and Reports) Regulations and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees reports were approved by the Trustees on *24 March* 2025 and signed on their behalf by:

Mr Patrick Burgess OBE DL
Chair of Trustees

THE THROMBOSIS RESEARCH TRUST

**INDEPENDENT EXAMINER'S REPORT TO THE MEMBERS OF THE
THROMBOSIS RESEARCH TRUST**

I report to the trustees on my examination of the accounts of the Trust for the year ended 31 July 2024.

Responsibilities and basis of report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts conducted under section 145 of the 2011 Act and in conducting my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

THROMBOSIS RESEARCH TRUST

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 JULY 2024**

1. ACCOUNTING POLICIES**1.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 and Financial Reporting Standard applicable in the United Kingdom (Charities SORP (FRS102)) Second Edition effective 1 January 2019 and Republic of Ireland (FRS 102) and Charities Act 2011.

The Thrombosis Research Trust constitutes a public benefit entity as defined by FRS 102.

The financial statements are presented in UK Sterling, which is the Charity's functional currency, and rounded to the nearest pound.

1.2 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Investment income, gains and losses are allocated to the appropriate fund.

1.3 Investments

Fixed asset investments are a form of financial instrument and are initially recognised at their transaction cost and subsequently measured at fair value at the Balance sheet date, unless fair value cannot be measured reliably in which case it is measured at cost less impairment. Investment gains and losses, whether realised or unrealised, are combined and shown in the heading 'Gains/(losses) on investments' in the Statement of financial activities.

1.4 Income

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

THROMBOSIS RESEARCH TRUST

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 JULY 2024**

1. ACCOUNTING POLICIES (CONTINUED)**1.5 Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Governance costs are those incurred in connection with enabling the charity to comply with external regulation, constitutional and statutory requirements and in providing support to the Trustees in discharge of their statutory duties.

Charitable activities and governance costs are costs incurred on the charity's educational operations, including support costs and costs relating to the governance of the charity apportioned to charitable activities.

1.6 Going concern

The trustees consider that there no material uncertainties about the Charity's ability to continue as a going concern.

1.7 VAT

Expenditure is recognised in the period in which they are incurred. Expenditure includes attributable VAT which cannot be recovered.

1.8 Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the Bank.

1.9 Debtors

Trade and other debtors are recognised at the settlement amount. Prepayments are valued at the amount prepaid.

THROMBOSIS RESEARCH TRUST

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 JULY 2024**

ACCOUNTING POLICIES (CONTINUED)**1.10 Cash at Bank and in hand**

Cash at bank and in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

1.11 Liabilities and provisions

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the charity anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide. Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised within interest payable and similar charges.

1.12 Financial instruments

The charity has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

1.13 Critical accounting estimates and areas of judgment

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions:

The charity makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The Trust has no estimates or assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

THE THROMBOSIS RESEARCH TRUST

TRUSTEES' REPORT FOR THE YEAR ENDED 31 JULY 2023

The Trustees present their annual report together with the audited financial statements of the Charity for the period 1 August 2022 to 31 July 2023. The Trustees confirm that the Annual Report and financial statements comply with the current statutory requirements, the requirements of the Charity's governing document and the provisions of the Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2019).

STRUCTURE, GOVERNANCE AND MANAGEMENT

Constitution and organisational structure

The Charity was established by a Declaration of Trust dated 28 December 1977 and is a registered charity number 275275.

The Charity supports the work of The Thrombosis Research Institute (the **Institute**) which has the object of conducting research into the prevention and treatment of thrombosis.

The Charity is administered by Trustees. The number of Trustees must be between three and ten. They meet at least three times a year to formulate the policies for, and to agree, the funding of the research carried out by the Institute, and to approve the budgets, annual accounts and reports of the Charity. During the current and previous year, no Trustees received any remuneration, benefit in kind or any reimbursed expenses.

Method of appointment of election of Trustees

Trustees are appointed as vacancies arise based upon an assessment of key skills required. Individuals are appointed for their relevant skills. The appointment is adopted by a vote of the entire Board of Trustees.

Policies adopted for the induction and training of Trustees

New trustees normally meet with the Institute President and the Chair of the Trustees and members of the finance and research staff of the Institute. Together they present the new trustees with background information about the Institute, the role of the Charity and other relevant information.

The Trustees bring under review the skills required by the Charity's Board of Trustees from time to time, and ensure that their composition covers all necessary areas.

THE THROMBOSIS RESEARCH TRUST

**TRUSTEES' REPORT
FOR THE YEAR ENDED 31 JULY 2023**

The Trustees receive regular training by keeping up to date with Charity Commission updates and publications. Further training is available upon request.

Volunteers

All the members of the Board of Trustees are volunteers. None of them hold contracts with the Charity or the Institute.

Related party relationships

The Charity is connected with the Institute. The Charity has the object of promoting and funding research into the prevention and treatment of thrombosis disease, which it fulfils by supporting the Institute.

At the year-end, Patrick Burgess was a Trustee of the Charity and the Institute.

Policies and objectives

The Charity's key objectives are to promote and fund research into the prevention and treatment of thrombosis disease, which it fulfils by supporting the Institute. In setting the objectives, the Trustees confirm that they have complied with the duty imposed by section 17 of the Charities Act 2011 pursuant to which they are obliged to have due regard to public benefit guidance published by the Charity Commission in deciding the Charity's activities.

The Charity does not fundraise with members of the public; as a result, there have been no fundraising complaints.

THROMBOSIS RESEARCH TRUST

TRUSTEES' REPORT FOR THE YEAR ENDED 31 JULY 2023

Review of activities

During the year, an unrestricted donation in the sum of £4m was received from The Capricorn Foundation. The Charity continues to support the Institute in the Institute's delivery of a multidisciplinary research programme in the field of venous and arterial thromboembolic disorders.

The Trustees anticipate that the current programmes of research that are now well established at the Institute will continue to deliver important contributions in the coming years.

Investment policy and performance

For the year under review, the Institute's endowment funds were placed on call deposits with its banks. Funds increased by £4m in the year.

Principal risks and uncertainties

The Board of Trustees undertake a thorough evaluation of risks on an annual basis.

Principal risks include:

Financial: being able to continue funding of the Institute. This risk is mitigated by financial planning and independent investment advice.

Regulatory changes: monitor regulatory landscape and implement changes as necessary.

Reputation and charitable status: protection of the Charity's reputation and registered charity status are of paramount importance, and robust protocols are in place to ensure neither are damaged.

Data protection: monitor regulatory landscape, put in place and maintain effective policies.

Going concern

After making appropriate enquiries, the Trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Accounting Policies.

THROMBOSIS RESEARCH TRUST

TRUSTEES' REPORT FOR THE YEAR ENDED 31 JULY 2023

Financial review

Reserves policy

The Trustees monitor the position of the Charity's reserves regularly at their meetings.

The policy of the charity is to fund the research carried out by the institute. Given the levels of unrestricted annual expenditure of £11,000 in order to carry out its activities this year, the Trustees consider it is prudent to maintain the unrestricted reserves of £4,646,519 currently retained, representing funds that have been hypothecated to fund projects undertaken by the institute.

Total funds stood at £4,692,164 at 31 July 2023, which consisted of unrestricted funds of £4,464,519 and endowment funds of £45,645

Financial review

The Institute continues to hold funds for its charitable objectives. As a result of reduced interest rates, investment income, which is derived from bank deposits, has remained low. The charity's principal funding has to date come from donation from The Capricorn Foundation amounting to £4m.

Income in the year amounted to £4,016,425 (2022: £573) and net expenditure before investment losses was £10,361 (2022: £5,620).

The Trustees consider the financial health of the Charity to be good.

Plans for future periods

The Trust will continue to support The Thrombosis Research Institute in the institute's pursuit of its strategic research programme such as Venous and arterial thrombosis and will reserve and fund accordingly.

The long-term clinical research project into the worldwide incidence and treatment of atrial fibrillation and outcome in clinical practice continues to be part of the research programme, the results of which will be of great significance to global health practice.

THE THROMBOSIS RESEARCH TRUST

**TRUSTEES' REPORT
FOR THE YEAR ENDED 31 JULY 2023**

Statement of Trustees' responsibilities

The Trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of its income and expenditure for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles of the Charities SORP;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue in business.

The Trustees are responsible for keeping proper accounting records that are sufficient to show and explain the charity's transactions and disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charity (Accounts and Reports) Regulations and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

THE THROMBOSIS RESEARCH TRUST

**TRUSTEES' REPORT
FOR THE YEAR ENDED 31 JULY 2023**

Auditors

The auditors, Haysmacintyre LLP, have indicated their willingness to continue in office. The designated Trustees will propose a motion reappointing the auditors at a meeting of the Trustees.

The Trustees reports were approved by the Trustees on 12 April 2024 and signed on their behalf by:

(Chair of Trustees)

THE THROMBOSIS RESEARCH TRUST

**INDEPENDENT AUDITORS REPORT INTO THE MEMBERS OF THE
THROMBOSIS RESEARCH TRUST**

Opinion

We have audited the financial statements of The Thrombosis Research Trust for the year ended 31 July 2023 which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash Flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 July 2023 and of the charity's net movement in funds for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder. We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other matters

The financial statements prepared for the prior year were not subject to an audit, therefore the comparative figures presented in these financial statements are unaudited.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

THE THROMBOSIS RESEARCH TRUST

**INDEPENDENT AUDITORS REPORT INTO THE MEMBERS OF THE
THROMBOSIS RESEARCH TRUST**

Conclusions relating to going concern (continued)

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the Trustees' Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- adequate accounting records have not been kept by the charity; or
- sufficient accounting records have not been kept; or
- the charity financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees for the financial statements

As explained more fully in the trustees' responsibilities statement set out on page 6 the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the

THE THROMBOSIS RESEARCH TRUST

INDEPENDENT AUDITORS REPORT INTO THE MEMBERS OF THE THROMBOSIS RESEARCH TRUST

trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Based on our understanding of the charity and the environment in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to employment law and health and safe regulations and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Charities Act 2011.

We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to recognition of income and management bias in certain accounting estimates. Audit procedures performed by the engagement team included:

- Inspecting correspondence with regulators tax authorities;
- Discussions with management including consideration of known or suspected instances of non-compliance with laws and regulation and fraud;
- Evaluating management's controls designed to prevent and detect irregularities;

THE THROMBOSIS RESEARCH TRUST

**INDEPENDENT AUDITORS REPORT INTO THE MEMBERS OF THE
THROMBOSIS RESEARCH TRUST**

- Identifying and testing journals, in particular journal entries posted at the year-end; and
- Challenging assumptions and judgements made by management in their critical accounting estimates.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' Report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with section 144 of the Charities Act 2011 and regulations made under section 154 of that Act. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an Auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity's trustees as a body for our audit work, for this report, or for the opinions we have formed.

THROMBOSIS RESEARCH TRUST

NOTES TO THE FINANCIAL STATEMENTS**FOR THE YEAR ENDED 31 JULY 2023**

1. ACCOUNTING POLICIES**1.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 and Financial Reporting Standard applicable in the United Kingdom (Charities SORP (FRS102)) Second Edition effective 1 January 2019 and Republic of Ireland (FRS 102) and Charities Act 2011.

The Thrombosis Research Trust constitutes a public benefit entity as defined by FRS 102.

1.2 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Investment income, gains and losses are allocated to the appropriate fund.

1.3 Investments

Fixed asset investments are a form of financial instrument and are initially recognised at their transaction cost and subsequently measured at fair value at the Balance sheet date, unless fair value cannot be measured reliably in which case it is measured at cost less impairment. Investment gains and losses, whether realised or unrealised, are combined and shown in the heading 'Gains/(losses) on investments' in the Statement of financial activities.

1.4 Income

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

THROMBOSIS RESEARCH TRUST

NOTES TO THE FINANCIAL STATEMENTS**FOR THE YEAR ENDED 31 JULY 2023**

1. ACCOUNTING POLICIES (CONTINUED)**1.5 Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Governance costs are those incurred in connection with enabling the charity to comply with external regulation, constitutional and statutory requirements and in providing support to the Trustees in discharge of their statutory duties.

Charitable activities and governance costs are costs incurred on the charity's educational operations, including support costs and costs relating to the governance of the charity apportioned to charitable activities.

1.6 Going concern

The trustees consider that there no material uncertainties about the Charity's ability to continue as a going concern.

1.7 VAT

Expenditure is recognised in the period in which they are incurred. Expenditure includes attributable VAT which cannot be recovered.

1.8 Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the Bank.

1.9 Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

THROMBOSIS RESEARCH TRUST

NOTES TO THE FINANCIAL STATEMENTS**FOR THE YEAR ENDED 31 JULY 2023**

ACCOUNTING POLICIES (CONTINUED)**1.10 Cash at Bank and in hand**

Cash at bank and in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

1.11 Liabilities and provisions

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the charity anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide. Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised within interest payable and similar charges.

1.12 Financial instruments

The charity has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

1.13 Critical accounting estimates and areas of judgment

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions:

The charity makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The Trust has no estimates or assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.
