Investment policy and returns

Under the memorandum and articles of association, the charity has the power to make any investment which the trustees see fit.

Objectives and activities

The charities objects and its principal activities are,

1. The advancement of religion in accordance with the orthodox Jewish faith
2. The relief of poverty

Our organization is committed to making a meaningful difference in the lives of individuals and communities through effective grant making. We believe in the power of strategic philanthropy to address pressing issues and contribute to long-term societal improvement.

The charitable achievements in grant making for the relief of poverty have demonstrated the positive impact that strategic grant allocation can have on impoverished communities. By addressing education and poverty these initiatives contribute to sustainable development, offering hope and opportunities to those in need. Continued support and innovation in grant-making strategies are essential for building on these achievements and creating lasting change in the fight against poverty.

Grant making policy

Grants are made to charitable institutions, organisations and authorised individuals which accord with the objects of the charity.

During the year the charity received donations totalling £549,597 (2024 - £607,591) and investment income totalling £95,264 (2024 - £61,425). Grants of £426,734 (2024 - £441,026) were paid out during the year.

Reserves policy

The Unrestricted Fund represents the unrestricted funds arising from past operating results. It represents the full reserves of the charity. The Trustees are satisfied that the balance of the Fund is satisfactory given the nature of revenue receipts against charitable activity and other costs. The free reserves of the charity, being the net current assets of the charity, amounted to £119,644 (2024: £171,773) all of which are unrestricted.

Risk Management

The process of examining the risks to which the Charity is exposed is ongoing and the trustees are planning to further develop systems to monitor and control these risks in order to lessen their potential impact on the Charity.

Plans for future periods

The trustees plan to continue raising funds for projects in line with the trust deed and pursue those objectives and projects with all the resources available to the charity.

The trustees' annual report and the strategic report were approved on 13 November 2025 and signed on behalf of the board of trustees by:

Independent Examiner's Report to the Trustees of Brongate Ltd *(continued)*

Year ended 31 March 2025

I report to the trustees on my examination of the financial statements of Brongate Ltd ('the charity') for the year ended 31 March 2025.

Responsibilities and basis of report

As the trustees of the company (and also its directors for the purposes of company law) you are responsible for the preparation of the financial statements in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of the charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

Since the charity's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of the Association of Chartered Certified Accountants, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
2. the financial statements do not accord with those records; or
3. the financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination; or
4. the financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Investments

Unlisted equity investments are initially recorded at cost, and subsequently measured at fair value. If fair value cannot be reliably measured, assets are measured at cost less impairment.

3. Accounting policies *(continued)*

Investments *(continued)*

Listed investments are measured at fair value with changes in fair value being recognised in income or expenditure.

Investment property

Investment property is initially recorded at cost, which includes purchase price and any directly attributable expenditure.

Investment property is revalued to its fair value at each reporting date and any changes in fair value are recognised in income or expenditure.

If a reliable measure of fair value is no longer available without undue cost or effort for an item of investment property, it shall be transferred to tangible assets and treated as such until it is expected that fair value will be reliably measurable on an on-going basis.

Investments in associates

Investments in associates accounted for in accordance with the cost model are recorded at cost less any accumulated impairment losses.

Investments in associates accounted for in accordance with the fair value model are initially recorded at the transaction price. At each reporting date, the investments are measured at fair value, with changes in fair value taken through income or expenditure. Where it is impracticable to measure fair value reliably without undue cost or effort, the cost model will be adopted.

Dividends and other distributions received from the investment are recognised as income without regard to whether the distributions are from accumulated profits of the associate arising before or after the date of acquisition.

Investments in joint ventures

Investments in jointly controlled entities accounted for in accordance with the cost model are recorded at cost less any accumulated impairment losses.

Investments in jointly controlled entities accounted for in accordance with the fair value model are initially recorded at the transaction price. At each reporting date, the investments are measured at fair value, with changes in fair value taken through income or expenditure. Where it is impracticable to measure fair value reliably without undue cost or effort, the cost model will be adopted.

Investment properties

Investments in UK investment property represents capital introduced by the charity into the syndicate plus accrued surpluses less deficiencies but without revaluing the syndicate properties. The syndicates in which the charity is a participator have borrowings that are secured on the syndicate property. The charity accounts for its syndicate investments under the equity accounting basis and thus the charity's share of the borrowings are not included in these financial statements.

Valuation of the syndicate property is at fair value of the syndicate property in the opinion of the trustees. The percentage holding ranges from 1% to 10%. The trustees consider that they do not have significant influence over the operating and financial policy of the undertaking.
