Section B**Structure, governance and management**

Description of the charity's trusts

Type of governing document

(e.g. trust deed, constitution)

The Group's governing documents are those of the Scout Association. They consist of a Royal Charter, which in turn gives authority to the Bye Laws of the Association and The Policy, Organisation and Rules of The Scout Association.

How the charity is constituted

(e.g. trust, association, company)

The Group is a trust established under its rules which are common to all Scouts.

Trustee selection methods

(e.g. appointed by, elected by)

The Trustees are appointed in accordance with the Policy, Organisation and Rules of The Scout Association.

Additional governance issues (optional information but encouraged as best practice)

You may choose to include additional information, where relevant, about:

The Group is managed by the Trustee Board, the members of which are the 'Charity Trustees' of the Scout Group which is an educational charity. As charity trustees they are responsible for complying with legislation applicable to charities. This includes the registration, keeping proper accounts and making returns to the Charity Commission as appropriate.

Policies and procedures adopted for:

- a) the induction and training of trustees;
- b) trustee' consideration of major risks and the systems and procedures to manage them

The Trustee Board consists of the Chair, Treasurer and 8 Trustees and meets six times over the year. Members of the Trustee Board complete Being a Scouts Trustee learning within the first 6 months of joining the Board.

This Group Trustee Board exists to make sure the charity is well-managed, risks are assessed and mitigated, buildings and equipment are in good working order, and everyone follows legal requirements and the organisation's policies and rules. Their support helps other volunteers run high-quality and safe program+G81 mes that gives young people skills for life.

Section B**Structure, governance and management (continued)****Risk and Internal Control**

The Group Trustee Board has identified the major risks to which they believe the Group is exposed, These are regularly reviewed and systems have been established to mitigate against them.

The main areas of concern that have been identified are:

Damage to the building, property and equipment. The Group would request the use of buildings, property and equipment from neighbouring organisations such as the church, community centre and other Scout Groups. Similar reciprocal arrangements exist with these organisations. The Group has sufficient buildings and contents insurance in place to mitigate against permanent loss.

Injury to leaders, helpers, supporters and members. The Group through the capitation fees contributes to the Scout Associations national accident insurance policy. Risk Assessments are undertaken before all activities.

Reduced income from fund raising. The Group is primarily reliant upon income from subscriptions and fundraising. The group does hold a reserve to ensure the continuity of activities should there be a major reduction in income. The Trustees could raise the value of subscriptions to increase the income to the group on an ongoing basis, either temporarily or permanently.

Reduction or loss of leaders. The group is totally reliant upon volunteers to run and administer the activities of the group. If there was a reduction in the number of leaders to an unacceptable level in a particular section or the group as a whole then there would have to be a contraction, consolidation or closure of a section. In the worst case scenario the complete closure of the Group.

Reduction or loss of members. The Group provides activities for all young people aged 6 to 18. If there was a reduction in membership in a particular section or the group as whole then there would have to be a contraction, consolidation or closure of a section. In the worst case scenario the complete closure of the Group.

The Group has in place systems of internal controls that are designed to provide reasonable assurance against material mismanagement or loss, these include the segregation of duties in respect of initiation and authorisation for all payments, and a comprehensive insurance policies to ensure that insurable risks are covered.

Section C	Objectives and activities

2.3 EXPENDITURE AND LIABILITIES

Liability recognition	Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty.
Governance and support costs	Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice. Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	Where there are no conditions attaching to the grant that enables the donor charity to realistically avoid the commitment, a liability for the full funding obligation must be recognised.
Redundancy cost	The charity made no redundancy payments during the reporting period.
Deferred income	No material item of deferred income has been included in the accounts.
Creditors	The charity has creditors which are measured at settlement amounts less any trade discounts
Provisions for liabilities	A liability is measured on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date
Basic financial instruments	The charity accounts for basic financial instruments on initial recognition as per paragraph 11.7 FRS102 SORP. Subsequent measurement is as per paragraphs 11.17 to 11.19, FRS102 SORP.
