The Centre is managed by a Board which consists of five trustees. The appointment and removal of trustees is governed by the trust deed of the charity. The Board of Trustees is authorised to appoint new trustees to fill vacancies arising through resignation or death of existing trustees. The trustees are only recruited by the trustees themselves at a meeting.

Regular meetings are held to discuss and manage the affairs of the Centre. A full-time administrator manages the day-to-day aspects and organises fundraising initiatives.

The trustees are advised to update themselves on new laws. Leaflets are sent to them for training from time to time.

There are no specific restrictions imposed by the constitution concerning the way the charity can operate.

The Centre has no specific investment powers other than those contained in the constitution.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The charity's objectives are the religious advancement of Islam and education, the protection of health, the relief of poverty, sickness, distress and all related needs among the Muslim community throughout England and Wales. The policies adopted in furtherance of these objects are set out below and there has been no change in these during the year.

It aims to meet all religious and cultural needs of Muslims.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

In order to achieve this, the Centre runs mosques and also holds educational classes for Muslims. It organises conferences on social issues; food is provided for the elderly, needy and the charity's own students. It acts as an advice centre through the mosques and advises on marriage, nationality and social security matters.

The strategies for achieving our objectives are mainly through the provision of a place of worship for the multi-ethnic community of Muslims in London and in our other centres established in England and Wales; to propagate and expand the teachings and the message of Islam by employing Imams and teachers; to provide cultural and educational facilities and to provide social services.

Where properties owned by the Trust have unused rooms or spaces, these are often rented out to sister Trusts in return for a below-market rent. This ancillary income is shown as investments income in the SOFA.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake. In their opinion the charity exists for the public benefit and complies with Charity Commission guidance thereon minuted.

Grants to other charitable organisations are carefully considered by the Trustees and their decisions are duly It is a policy to distribute annually to those in need monies collected during the month of the Eid campaign. At other times grants are made to those charities associated with operating similar objectives from branch premises originally set up by the Trustees.

During the year, UKTICC transferred £140,300 to The London Merit Association (Charity No: 1130154) which was the funds collected on their behalf between 2022 and 2024.

We are a charity committed to the educational support and providing free complementary education programs for people in the area. We strongly believe that this will promote social friendships and strong interpersonal skills in the future. Only through good personal relationships that requires good language skills, people can develop mental and moral capabilities to achieve their goals in life.

The supplementary educational support out of school hours which is provided by our community members and teachers on a voluntary basis act as crucial information and advocacy points for adults as well as children in our region. The language courses we provide are designed to improve the level of English of those who struggle to communicate and educate. Our programs aim for raising aspirations and engagement that are essential components to remove the language barrier hence reducing failures in the classroom or at work.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

The Trustees were satisfied with the charitable and fund-raising activities and achievements during the year. The Trustees intend to continue growing the community of Muslims that they support by encouraging further donations through their places of worship and community centres. The charity aims to increase the real estate footprint in the future, in order to serve a wider network.

Volunteers are an important resource in community work. This year our Charity has achieved to reach over 2,300 Turkish speaking people in London and surrounding cities. This helped us increase our number of volunteers who then helped us organise and conduct more charitable and fund-raising activities than last year. Volunteers are involved in most of our community activities and we have now over 120 people regularly giving their time.

Section E Financial review

Brief statement of the charity's policy on reserves

The Trustees were satisfied with the level of donations received during the year. Donation income has been affected by the effect of transferring the running of certain branches to independent charities, having similar objectives and functions. Nonetheless, donations remain satisfactory and the worship following remains strong.

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three- and six-month's expenditure. The trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

It is considered that 'designated' reserves, included in the total unrestricted general fund, represented by the level of the property values less bank loans, indicates that there is a genuine level of 'free' reserves available.

The trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks. They are particularly aware of their responsibilities for the continuing implementation of child protection procedures and DBS checks.

We are encouraged by pledges of financial support and are confident that the donations in the coming year will be sufficient to permit the charity to carry out its present projects to completion. The Trustees are also grateful to the Marathon Science School in Greenwich, for their unquantified financial assistance in settling some of the utility bills at Head Office, in recognition of the boarding facilities given to boys attending their school.

No political contributions were made in the year to any political parties.
