- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

We try to keep abreast of the plans the Cornwall Partnership NHS Financial Trust particularly with regard to future plans with regard to such things as local diagnostic and assessment units across Cornwall. Obvious the BHLF focus is how Bodmin Hospital fits into these plans.

We foster close relationships with the staff and management of Bodmin Hospital to understand planned changes to discuss where we can fund equipment and patient facilities to supplement those provided by the NHS.

This is also necessary for our financial planning as to when funds will be requested and the likely scale of any amounts required.

## Section C Objectives and activities

**Summary of the objects of the charity set out in its governing document**

The object of the BHLF is to improve the provision for patients of Bodmin Hospital and for staff and visitors where improvements will ultimately benefit patients.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

We run low risk fund raising events throughout the year, eg collections at supermarkets and local events.

We also organise an annual community fete in Bodmin which not only raises the profile of the BHLF and raises funds but also benefits a number of local charities with a particular emphasis on young people.

We support appropriate Bodmin local events, for example the carnival, Christmas tree, decorations in St Petroc's church, remembrance day services etc

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

There is a large network of community based volunteers that we can call upon at fund raising events, particularly the annual fete but others as required.

Other than savings accounts at banks the BHLF has no financial investments.

## Section D

## Achievements and performance

### Summary of the main achievements of the charity during the year

Bodmin Hospital has been the subject of a PFI arrangement over several years and was only handed back to the NHS on the 1st September 2025.

The work on site to bring buildings up to modern fire protection standards with the resultant changes to ward locations has limited funding requests. This will change now that the hospital is fully back under the NHS.

£20,160 in funding requests for equipment across 5 wards were approved in the year plus £1,650 spent on Christmas presents for inpatients..

At the year end only £7,682 of invoices from the CPT had been received for the above approved expenditure.

## Section E

## Financial review

### Brief statement of the charity's policy on reserves

We adopt a low risk policy on fund management. The funds that are not required within the planned spend as discussed with hospital managers are held on deposit in savings accounts covered by the government bank guarantee scheme.

The BHLF does own a freehold bungalow that was a legacy from a volunteer and supporter. It is currently let out on a long term tenancy generating a monthly low risk income. Its asset value is accessed annually as part of a review of reserve funds and assets as part of a low risk investment strategy.

### Details of any funds materially in deficit

None

### Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.
