## Trustees Annual Report

This period has been an interesting time for the Narrow Boat Trust. Utilization of the boat has been very good on weekends and during the summer period. Early season issues with high water levels resulted in a couple of cancellations and either returns of deposits or other bookings.

During the last 12 months our largest expenditure to date repainting Falcon Adam externally end to end resulting in a fantastic finish. It has been over 15 years since we have been able to fully refurbish and see the boat to the same external finish.

Funds have been raised for the painting, and these funds have been allocated and utilised. We have also continued to raise funds for refurbishment to the internal cabin area. The inside of Falcon Adam is aging and well past its replacement date. Our current plan is to replace the bathrooms over the next 12 months. Longer term we hope to replace the sleeping area bunks.

Financially whilst costs continue to rise for fuel, insurance and moorings, currently we are managing to maintain sensible and fair rates for our community users.

Matthew Campling  
Chairman

Independent Examiners
-----------------------

<p>I continue to work with Matthew Campling on all finances concerned with the day to day management of the trust. This period, higher than average income has been generated. This is because two dedicated projects have been planned. These being the external painting project which is now complete. The second being the replacement bathroom and update of the sleeping area.</p>
--

I can confirm the submission of our annual return, all figure are correct.

Stephen Dunham
