The Traidcraft Foundation

TRUSTEES' REPORT

FOR THE YEAR ENDED 31 MARCH 2025

The Trustees present their annual report and audited financial statements of The Traidcraft Foundation for the year ended 31 March 2025.

The trustees confirm that the annual report and financial statements of the company comply with the current statutory requirements, the requirements of the charitable company's governing document and the provisions of the Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

The Traidcraft Foundation was established in 1979.

The aim of the Traidcraft Foundation has been to deliver its mission through the complementary activities of its charity, Traidcraft Exchange (now Transform Trade), and of its sister organization, the trading company, Traidcraft plc, until it went to administration in January 2023.

The Foundation's task is to ensure that all parts of the Traidcraft family remain focused on the founding principles, vision and mission of Traidcraft, as set out below, and to support the Board of Traidcraft Exchange (now Transform Trade) as they implement activities for the benefit of poor producers in the developing world.

Traidcraft plc entered into administration in January 2023 as the business was no longer viable. The Foundation engaged regularly with the administrators and with the board of Traidcraft Exchange to support both parties and facilitate an orderly windup of the affairs of Traidcraft plc and to ensure the vital work of Traidcraft Exchange could continue effectively.

The trustees of the Foundation are very grateful to the board, Chief Executive, management and staff of Traidcraft Exchange as well as to the administrators for their work during this difficult time.

Traidcraft Foundation continues to support Traidcraft Exchange as it works closely with producers to reduce the inevitable impact of Traidcraft plc ceasing to trade.

Traidcraft Foundation's principles are as follows:

- Traidcraft is a Christian response to poverty.
- Our mission is fighting poverty through trade.
- We respect all people and the environment.
- We abide by and promote fair business practices.
- We strive to be transparent and accountable.

Traidcraft's vision: A world freed from the scandal of poverty, where trade is just and people and communities can flourish.

Traidcraft's mission: We fight poverty through trade, pioneering, practising and promoting approaches to trade that help poor people in developing countries transform their lives.

A Christian response to poverty, Traidcraft seeks to work with people of all faiths and none.

The Foundation is a trust comprising five or more trustees who meet periodically. It has neither staff nor any place of business and does not undertake any fundraising activities. The Traidcraft Foundation is a registered charity, whose formal objectives are:

The Traidcraft Foundation

TRUSTEES' REPORT *(Continued)*

FOR THE YEAR ENDED 31 MARCH 2025

The prevention and relief of poverty and sickness in those countries included in the list of Developing Countries as agreed from time to time by the trustees, Traidcraft Exchange and Traidcraft pic, until it ceased to trade, in accordance with the Deed of Covenant;

The promotion for the benefit of the public and studies in theological, political, social, technical and economic subjects and other educational subjects;

The promotion for the benefit of the public of education and dissemination of knowledge in these subjects with particular (but not exclusive) reference to the problems of economic and social developing in Developing Countries arising from national and international trading practices;

The advancement of the Christian religion by commending that religion to persons in Developing Countries and elsewhere;

The promotion of other charitable purposes in Developing Countries in particular (by using any means available to it including its rights as members or shareholders) by defending the Christian basis underlying the operations of Traidcraft pic and Traidcraft Exchange, promoting the connections between the Christian faith and the principles of fair trade, stimulating, challenging and helping those bodies to develop distinctively Christian approaches to their work and representing to the boards of Traidcraft pic, until the point it ceased to trade, and Traidcraft Exchange the interests and opinions of stakeholders, especially of those overseas producer groups and partners.

Strategies for achieving objectives

The Foundation is the founder member of Traidcraft Exchange and appoints the trustees of Traidcraft Exchange. The Foundation seeks to encourage all parts of the Traidcraft group to carry forward its work in accordance with the Traidcraft Foundation Principles.

Our aims fully reflect the purposes that the Foundation was set up to further. We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities. In particular, the trustees have considered how planned activities will contribute to the aims and objectives they have set.

Our main activities are described below. All our charitable activities are undertaken to further our charitable purposes and for the public benefit.

Principal activities

The Traidcraft Foundation trustees met periodically during the year to review the work of Traidcraft. The Chair of the Foundation trustees has continued to meet new recruits to the Board of Traidcraft Exchange ahead of their appointments.

The Traidcraft Foundation does not carry out any fundraising activities.

We continued to support Traidcraft Exchange following its review and rework of its organizational strategy and its commitment to following a different approach to its work.

Please refer to the Traidcraft Exchange published accounts for more detail on activities during the year.

Discussions are underway between the Foundation and the board of Traidcraft Exchange about a more streamlined structure, to reflect the closure of Traidcraft plc.

The Traidcraft Foundation

TRUSTEES' REPORT *(Continued)* FOR THE YEAR ENDED 31 MARCH 2025

Financial review

The consolidated results for the year ended 31 March 2025 are set out in detail in the financial statements below. The net incoming resources for the Foundation (before consolidation) for the year was £. Nil (2024: £ Nil).

The Foundation (before consolidation) has gross incoming resources of £. Nil (2024: £. Nil). The Foundation is funded by Traidcraft Exchange. The trustees believe that the assets of the Foundation are available and adequate to fulfil its obligations.

Traidcraft Exchange's board approved a budget with a modest surplus for FY 2024/25 against total reserves brought forward of £.552,496 from FY2023/24.

On the backdrop of the collapse of the Traidcraft Plc in FY22/23 & the consequent significant challenges with far reaching financial and operational impact that followed, Traidcraft Exchange continued to record steady resilience and recovery. Traidcraft Exchange has had a strong year posting a markedly comparatively lower overall net deficit of £.31,772 (2023/24: deficit of £.544,357; 2022/23: deficit of £.900,535) before exchange gains & losses. This performance was backed by a sustained overall steady income level of £.3.4M and decrease in overall expenditure arising from projects closed out at the end of prior year and within the current year. This strong performance has rightly positioned Traidcraft Exchange toward meeting its target of breaking even in FY25/26 and beyond.

Reserves policy

The trustees have endorsed the view of the trustees of Traidcraft Exchange that they consider it prudent that Traidcraft Exchange should seek to maintain unrestricted reserves at a level sufficient to meet matched funding requirements, budgeted staff, overheads and fundraising costs. When calculating unrestricted reserves, fixed assets and investments are excluded due to their illiquid nature. With Traidcraft Exchange's steady and resilient performance over the recent financial years including the much closer to break-even point performance of FY24-25, the management of Traidcraft Exchange have initiated a review of the charity's reserves policy with the aim of establishing a target minimum reserves level.

With the strong performance in FY24-25, we, through Traidcraft Exchange are looking to FY25-26 with the intention of breaking even. Similarly, to FY24-25, for FY25-26, the board of Traidcraft Exchange once again approved a modest achievable surplus (unrestricted surplus) budget. Post year end 24/25, Traidcraft Exchange has continued to maintain strong support from its network of mid and high-level institutional donors and individual supporters and has initiated a review of its fundraising strategy that is set to yield a refreshed fundraising approach towards attracting new & more flexible funding. This coupled with the continued close monitoring of the charity's cost structure for cost efficiencies, the trustees have confidence that Traidcraft Exchange is well poised toward achieving its goal of reaching and thereafter exceeding its breakeven point in FY25/26 and beyond.

As Traidcraft Exchange guarantees to cover reasonable expenses of the Traidcraft Foundation, its reserves are kept at approximately £.2,000.

TRUSTEES' REPORT *(Continued)*
FOR THE YEAR ENDED 31 MARCH 2025

Principal risks and uncertainties

We, through Traidcraft Exchange, had a year marked with positive transition to a new strategic direction that will take the organization to 2030 and beyond. It was a year of ending some work well and starting new work that demonstrated the new direction we are headed in – namely becoming a powerful force of producer-centered trade justice. We made significant strides across our international programs and policy initiatives, driving impactful change in small-scale agriculture, garments, tea, and broader policy and advocacy work. We worked with local partner organizations to support marginalized communities and tackled systemic barriers to fair trade and sustainable development. Our efforts were strengthened by the dedication of our partners, whose collaboration remains central to our mission of achieving a just and sustainable trade system.

We recognize that strong risk management is essential to delivering our mission. As a learning organization, we continue to strengthen our approach so we can anticipate, escalate and address risks early, keeping them at manageable levels. Our work across multiple countries creates a changing funding, regulatory and operational environment, and we actively manage these risks to protect our impact

A key area of risk is financial vulnerability driven mainly by unpredictable income streams such as legacies and public appeals, and reductions in some statutory aid as some statutory donors reduce aid, for instance toward year end, UK Aid announced cuts to their budget. In response, we are exploring more flexible funding opportunities and have launched a review to strengthen and diversify our fundraising strategy. This will support long-term stability and resilience.

We also face risks linked to the transition to our new organizational strategy, including the organizational adjustments required as we embed the new strategy, and external shifts in political and regulatory environments. To manage these, we continue to invest in staff engagement, communication and training in the new strategy. We monitor national and regional contexts closely, learn through collaborative networks, and seek legal or specialist advice where needed so we can make informed and responsible decisions.

Our **Theory of Change and Monitoring, Evaluation and Learning (MEL) framework** play a central role in guiding this transition. They provide a clear, shared roadmap for how we deliver impact and help ensure that our work stays aligned to the new strategy, strengthening accountability and strategic focus across the organization.

The Traidcraft Foundation

TRUSTEES' REPORT *(Continued)* **FOR THE YEAR ENDED 31 MARCH 2025**

Going concern

After making enquiries, the trustees have a reasonable expectation that Traidcraft Foundation has adequate resources to continue in operational existence for the foreseeable future.

We have considered the significantly lower deficit recorded by Traidcraft Exchange in FY 24/25 alongside the continuing pressure of an unpredictable fundraising landscape that is a general concern affecting the assessment of the going concern basis for all charities. The trustees have therefore taken particular care in reviewing the going concern basis.

When reviewing their decision, they have taken the following factors into account:

- Traidcraft Exchange prepares an annual cashflow forecast as part of its budgeting process. The cashflow forecast is monitored on a monthly basis. Further, expenditure levels are monitored against budget on a monthly basis through cost center reports
- Traidcraft Exchange has not encountered any difficulty in paying its creditors within agreed payment terms.
- In general, most of our institutional donors provide their grants in advance of spending.
- Cashflow projections for the year following approval of these financial statements show that the charity will have adequate funds to meet its liabilities as they fall due.
- Traidcraft Exchange has set an achievable budget for the year 25/26 which should return a modest unrestricted surplus.

For these reasons, the trustees continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policies.

Structure, governance and management

Constitution

The Traidcraft Foundation is registered as a charity set up by a Trust deed (updated 2002).

The Foundation has also entered into a Deed of Mutual Covenant with Traidcraft plc and Traidcraft Exchange, dated December 2002.

The Foundation controls the composition of the board of Traidcraft Exchange and the accounts of Traidcraft Exchange are consolidated with those of the Foundation.

The Traidcraft Foundation

TRUSTEES' REPORT *(Continued)* FOR THE YEAR ENDED 31 MARCH 2025

Methods of appointment or election of trustees

The management of the group and the charity is the responsibility of the trustees who are elected and co-opted under the terms of the Trust deed.

Four trustees resigned during the year, that is, David Nussbaum, Rev Tariro Matsveru, Alison Inglis-Jones and Jane Cotton resigned in January 2024. In January 2024, 3 new trustees were appointed, that is, Stephen Bonnick, Clive Osmond and Alison Margaret Coutts.

Appointments are made following the recommendations of a nominations committee, which currently comprises Sir Stephen Timms (Chair of the Traidcraft Foundation), David Pain (Chair of the board of Traidcraft Exchange) and David Neale (the then Chair of the board of Traidcraft plc).

Training is available for new trustees and other trustees as necessary. A detailed induction pack and process is provided for each new trustee.

Plans for future periods

The Traidcraft Foundation will work closely with the board of Traidcraft Exchange to ensure any changes in structure and strategy remain focused on the founding principles, vision and mission of Traidcraft.

Since March 2023 we have continued to engage with the administrators and the Traidcraft Exchange to navigate the winding up of Traidcraft plc. Traidcraft Exchange successfully bid for and secured the license to the Traidcraft brand and have been developing a portfolio of business partnerships that deliver impact and continue the legacy of Traidcraft.

We continue to support Traidcraft Exchange as they move forward with their new strategy and the shift of approach to become a participatory grant-maker, facilitator and advocate.

As Traidcraft plc no longer exists, we have reviewed the role of the Traidcraft Foundation and are exploring merging the Foundation into Traidcraft Exchange. This will simplify the governance structure and enable greater accountability to the charity's primary stakeholders.

Disclosure of information to auditor

Each of the persons who are trustees at the time when this trustees' report is approved has confirmed that:

- so far as that trustee is aware, there is no relevant audit information of which the charitable group's auditor is unaware, and
- that trustee has taken all the steps that ought to have been taken as a trustee in order to be aware of any relevant audit information and to establish that the charitable group's auditor is aware of that information

TRUSTEES' REPORT *(Continued)* FOR THE YEAR ENDED 31 MARCH 2025

Auditor

As we embarked on our new strategic plan, we have increasingly seen the need to strengthen our internal control systems and processes to build an even more agile, accountable and sustainable organization. Amongst the strategies to achieve this is to seek a fresh perspective to our internal control systems which included considerations of change of auditors. Following a tender process, the tender committee recommended the appointment of Haines Watts (now CLA Evelyn Partners) as auditors for the 2024 financial year. This recommendation was approved during the AGM.

STATEMENT OF TRUSTEES RESPONSIBILITIES

The Trustees (who are also Directors of The Traidcraft Foundation for the purpose of company law) are responsible for preparing the Trustees Report (including the Strategic Report) and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees to prepare the financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and the group and the incoming resources and application of resources, including the net income or expenditure, of the charity and the group for the year. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP 2015 (FRS 102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on a going concern basis unless it is inappropriate to assume that the charitable company will continue in operation.

The Trustees are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and the group and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and the group and hence for taking reasonable steps for the prevention and detection of fraud or other irregularities.

In so far as the Trustees are aware:

- there is no relevant audit information of which the charity's auditors are unaware; and
- the Trustees have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Approved by the Trustees on...14/01/2026..... and signed on their behalf by:

Jeremy Lefroy
Chair

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE TRAIDCRAFT FOUNDATION
FOR THE YEAR ENDED 31 MARCH 2025**

Opinion

We have audited the financial statements of The Traidcraft Foundation (the 'charitable company') and its subsidiaries (the 'group') for the year ended 31 March 2025 which comprise the Consolidated Statement of Financial Activities, Consolidated Balance Sheet, Charitable Company Balance Sheet, the Consolidated Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and charitable company's affairs as at 31 March 2025, and of the group's incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group and charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the trustees' annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE TRAIDCRAFT FOUNDATION (*continued*)
FOR THE YEAR ENDED 31 MARCH 2025**

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report (incorporating the strategic report and the directors' report) for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the group and parent charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the trustees were not entitled to prepare the financial statements in accordance with the small companies' regime and take advantage of the small companies' exemptions in preparing the directors' report and from the requirement to prepare a strategic report.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 13, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the group's and parent charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE TRAIDCRAFT FOUNDATION (*continued*)
FOR THE YEAR ENDED 31 MARCH 2025**

Auditor's responsibilities for the audit of the financial statements

We have been appointed auditor under the companies Act 2006 and we report in accordance with this Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

We obtained a general understanding of the company's legal and regulatory framework through enquiry of management concerning their understanding of relevant laws and regulations, the entity's policies and procedures regarding compliance, and how they identify, evaluate and account for litigation claims. We also drew on our existing understanding of the company's industry and regulation.

We understand that the group and the parent charitable company complies with the framework through:

- Engaging external legal professionals as required and making changes to internal procedures and controls as necessary.
- The directors' close involvement in the day-to-day running of the business, meaning that any litigation or claims would come to their attention directly.
- Monitoring of updates made by regulatory bodies.

In the context of the audit, we considered those laws and regulations which determine the form and content of the financial statements, which are central to the company's ability to conduct its business, and where there is a risk that failure to comply could result in material penalties. We identified the following laws and regulations as being of significance in the context of the company:

- The Companies Act 2006 and FRS 102 in respect of the preparation and presentation of the financial statements.
- The Charities Act 2011 and the Charities: Statement of Recommended Practice in respect of the preparation and presentation of the financial statements.

We performed the following specific procedures to gain evidence about compliance with the significant laws and regulations identified above:

- Making enquires of trustees and management as to where they consider there to be a susceptibility to fraud and whether they have any knowledge or suspicion of fraud;
- Obtaining an understanding of the internal controls established to mitigate risks related to fraud or non-compliance with laws and regulations;
- Reviewing the minutes of meetings of those charged with governance;

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF THE TRAIDCRAFT FOUNDATION (*continued*)
FOR THE YEAR ENDED 31 MARCH 2025**

The senior statutory auditor led a discussion with senior members of the engagement team regarding the susceptibility of the group and the parent charitable company's financial statements to material misstatement, including how fraud might occur. The areas identified in this discussion were:

- Manipulation of the financial statements via and management overriding controls.
- The occurrence and accuracy of donation income.
- The completeness of legacy income.
- The incorrect recognition of grants resulting in the income being recognised in the incorrect accounting period.
- The risk that expenditure has been recorded in the incorrect period.

These areas were communicated to the other members of the engagement team not present at the discussion.

The procedures we carried out to gain evidence in the above areas included:

- Performed data analytics on the general ledger against client specific criteria
- Selected a sample of donations, agreeing the revenue to supporting documentation and through to the bank statements.
- Obtained third party evidence for a sample of grants, to ensure that it was appropriate to recognise the income in the financial statements in accordance with the principles of the SORP.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

The notes on pages 17 to 41 form part of these financial statements.

The financial statements were approved by the Trustees on 14/01/2026 and signed on their behalf by:

Jeremy Lefroy
Chair

The Traidcraft Foundation

**CONSOLIDATED CASH FLOW STATEMENT
FOR THE YEAR ENDED 31 MARCH 2025**

	Note	2025 £	2024 £
Net cash provided by/(used in) operating activities	24	(141,934)	(974,104)
Cash flows from investing activities			
Purchase of tangible assets		(5,812)	-
Interest received		3,898	15,058
Net cash flow from investing activities		(1,914)	15,058
Net decrease in cash and cash equivalents		(143,848)	(959,046)
Cash and cash equivalents at the beginning of the year		603,984	1,618,954
Change in cash and cash equivalents due to exchange rate movements		(25,142)	(55,924)
Cash and cash equivalents at the end of the year		432,690	603,984
Cash and cash equivalents consist of:			
Cash at bank and in hand		434,995	603,984

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025

1. Accounting policies

1.1 Basis of preparation of financial statements

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), the Charities Act 2011 and UK Generally Accepted Practice.

The Traidcraft Foundation meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

The financial statements are prepared under the historical cost convention or transaction value unless otherwise stated in the relevant accounting policy note(s). The financial statements are prepared in Sterling which is the functional currency of the charity and rounded to the nearest £.

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

1.2 Basis of consolidation

The financial statements consolidate the results of The Traidcraft Foundation and its wholly owned subsidiary. A separate Statement of Financial Activities and Income and Expenditure Account for the charity has not been presented because The Traidcraft Foundation has taken advantage of the exemption afforded by section 408 of the Companies Act 2006.

1.3 Going concern

After making enquiries, the trustees have a reasonable expectation that Traidcraft Foundation has adequate resources to continue in operational existence for the foreseeable future.

We have considered the significantly lower deficit recorded by Traidcraft Exchange in FY 24/25 alongside the continuing pressure of an unpredictable fundraising landscape that is a general concern affecting the assessment of the going concern basis for all charities. The trustees have therefore taken particular care in reviewing the going concern basis. Please refer to page 5 for further information.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

1.4 Funds

Unrestricted funds are available for use at the discretion of the Trustees in furtherance of the general objectives of The Traidcraft Foundation and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors which have been raised by The Traidcraft Foundation for particular purposes. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

1.5 Income

All incoming resources becoming available to the charity during the year are recognised in the Statement of Financial Activities. Income is deferred where incoming resources are received in advance of the service being provided. No incoming resources are stated net of expenditure.

Institutional grants, where related to performance and specific deliverables, are accounted for as the Charity earns the right to consideration by its performance. Where income is received in advance of performance its recognition is deferred and included in creditors. Where entitlement occurs before income is received the income is accrued and included in debtors.

Government grants are recognised when the charity has entitlement to the income, receipt is probable and the amount can be measured reliably.

Listed shares donated during the year are included in donations and valued at estimated market value. Unlisted shares donated during the year are included in donations and valued at estimated market value.

Legacies are recognised as income, in the accounting period, once the Charity has been informed of the amount of a bequest and it can be measured with sufficient reliability.

Investment income is recognised on a receivable basis.

1.6 Expenditure and irrecoverable VAT

Expenditure is brought into the financial statements as it is incurred. Overheads (including management and administration costs) and other non-specific expenditure are allocated between charitable activities and generating funds in proportion to the number of staff employed within each area. This is shown as "overhead allocation" in the notes and apportioned on the basis of staff headcount.

Costs of generating funds are those incurred in seeking voluntary income and grants from institutional sources and do not include the costs of disseminating information in support of the charitable activities. These costs include the salaries, direct expenditure and overhead costs of the staff who promote fundraising.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

Costs of charitable activities represent the salaries and overhead costs of staff directly working in International Programmes and the Policy Unit together with expenditure directly attributable to these activities.

Irrecoverable VAT is charged as a cost to the Statement of Financial Activities.

1.7 Support cost allocation

Support costs represent the costs incurred by finance, IT and human resources attributable to the management of the Charity's assets and organisational administration.

1.8 Tangible fixed assets

Tangible fixed assets costing more than £500 are stated at cost (or deemed cost) or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

Office equipment	- 25% straight line
Computer equipment	- 10% straight line

1.9 Intangible fixed assets

Intangible fixed assets are stated at cost less amortisation. Amortisation is provided at rates calculated to write off the cost of the fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Capitalised Software	- 4 years
----------------------	-----------

1.10 Foreign currencies

Transactions in foreign currencies are translated at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities in foreign currencies are retranslated at the rates of exchange ruling at the balance sheet date. The functional currency of the Group is GBP Sterling.

1.11 Investments

Investments in subsidiary undertakings are held at cost less impairment.

1.12 Stock

Stock is valued at the lower of cost and net realisable value.

1.13 Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1.14 Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

1.15 Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are recognised at their settlement after allowing for any trade discounts due.

1.16 Pensions

For the defined contribution pension scheme, the pension costs charged to the Statement of Financial Activities represent the amount of the contributions payable in respect of the accounting period.

For the defined benefit schemes the amount charged to the Statement of Financial Activities in respect of pension costs and other post retirement benefits is the estimated regular cost of providing the benefits accrued in the year, adjusted to reflect variations from that cost. The interest cost and expected return on assets are included within other finance costs.

Actuarial gains and losses arising from new valuations and from updating valuations to the balance sheet date are recognised in the Statement of Financial Activities.

Defined benefit schemes are funded, with the assets held separately from the group in separate trustee administered funds. Full actuarial valuations, by a professionally qualified actuary, are obtained at least every three years, and updated to reflect current conditions at each balance sheet date. The pension scheme assets are measured at fair value. The pension scheme liabilities are measured using the projected unit method and discounted at the current rate of return on a high quality corporate bond of equivalent term and currency. A pension scheme asset is recognised on the balance sheet only to the extent that the surplus may be recovered by reduced future contributions or to the extent that the trustees have agreed a refund from the scheme at the balance sheet date. A pension scheme liability is recognised to the extent that the group has a legal or constructive obligation to settle the liability.

The administration costs of running the closed defined contribution scheme are charged to the Statement of Financial Activities. Further details are provided in the notes to the accounts.

1.17 Financial instruments

The Traidcraft Foundation only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

1.18 Judgements and key sources of estimation uncertainty

In the application of the charitable company's accounting policies, the Trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

1.19 Judgements and key sources of estimation uncertainty (continued)

Key estimates included within these financial statements include assumptions regarding discount rates and mortality in calculating the value of retirement benefits. Trustees keep these assumptions under review and employ the services of qualified actuaries to calculate the resulting expected asset or liability to the charity in respect of retirement benefits. None of the other estimates made in the preparation of these financial statements are considered to carry significant estimation uncertainty, nor to bear significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

In preparing these financial statements, no significant judgements were required in the process of applying the company's accounting policies.

2. Legal status

The Traidcraft Foundation is an unincorporated association, governed by its constitution, adopted on 03 September 1986. It has no legal personality separate from its trustees, who enter contracts and hold assets in their own names. Trustees have unlimited personal liability for the charity's obligations and debts.

The Traidcraft Foundation

NOTES TO THE FINANCIAL STATEMENTS (Continued) FOR THE YEAR ENDED 31 MARCH 2025

Support costs have been apportioned based on the number of full-time staff equivalents in each department.

Management and administration salaries include the salaries of staff working in Finance, HR, Public Relations and Communications and general management. It also includes recruitment, relocation, training and other staff costs.

Office services include rent, insurance and general office running expenses. Office machinery and consumables include depreciation and non-capital office furniture, fittings and equipment.

Financial services include bank charges, irrecoverable VAT and membership fees and subscriptions. PR & Comms is the cost of preparing communications for the charity and includes the cost of trips to visit projects to provide reports to our supporters.

9. Net expenditure for the year

Net income is stated after charging;

	2025	2024
	£	£
Amortisation	2,200	2,200
Depreciation	4,737	11,172
Operating lease costs	56,173	57,004
Unrealised exchange rate losses	25,142	55,924
Auditors remuneration	20,000	25,000
	<hr/>	<hr/>

10. Auditors remuneration

The auditors remuneration amounts to an audit fee of £20,000 (2024 - £25,000).

11. Financial performance of the charitable company

The Consolidated Statement of Financial Activities includes the results of the wholly owned subsidiaries.

The summary financial performance of the charity alone is;

	2024
	£
Income	3,410,667
Expenditure	(3,312,406)
Unrealised losses	(25,142)
	<hr/>
Net (deficit) / surplus	73,119
	<hr/>

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

12. Analysis of staff costs, Trustee remuneration and expenses, and the cost of key management personnel

The total staff costs and employees benefits were as follows:

	2025	2024
	£	£
Wages and salaries	680,806	861,332
Social security costs	70,132	86,714
Other pension costs	79,002	105,743
Overseas salaries and staff costs	548,955	793,273
	<u>1,378,895</u>	<u>1,764,915</u>

The average number of employees during the year was as follows:

	2025	2024
	Group	Group
Development programmes and Policy Unit	37	49
Fundraising	9	13
Management and administration	10	9
	<u>56</u>	<u>71</u>

The number of employees who received total employee benefits (excluding employer pension costs) of more than £60,000 is as follows:

	Number	Number
	2025	2024
In the band £60,001 - £70,000	1	1
In the band £70,001 - £80,000	-	1
In the band £90,001 - £100,000	1	1
	<u>2</u>	<u>3</u>

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

12. Analysis of staff costs, Trustee remuneration and expenses, and the cost of key management personnel expenses (continued)

The Trustees were not paid or received any other benefits from employment in the year (2024 – £nil). No Trustee received payment for professional or other services supplied to the charity (2024 – £nil).

The key management personnel of the charity are identified on page 12. The total employee benefits of the key management personnel of the charity were £475,625 (2024 – £526,934).

	-	-	1,000	1,000

Traidcraft Services India Private Limited is incorporated in India and is limited by shares. The Corporate Identity Number is U74140DL2015PTC286042. Traidcraft Exchange holds 99% of the shares.

The investments include shares in Traidcraft plc which are not listed on any stock exchange and which were donated to Traidcraft Exchange by supporters. At 31 March 2025, the Traidcraft plc shares were not being traded so the trustees valued the shares at nil. Due to the illiquid nature of these shares the trustees believed it was appropriate to classify them as a fixed asset investment.

The Traidcraft Foundation

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

South Asia Programme

‘MUKTEE: Fighting Forced Labour with Adivasi and Dalit Communities in South Asia’: Ref No. COOP-RS/D (2018) 6764770) is a four year project funded by the European Commission. It was planned in order to address the systemic and structural vulnerabilities of agricultural communities to forced, bonded, and child labour in two districts of Northern Bangladesh and four districts of Madhya Pradesh, India. It worked on multiple fronts, namely rescuing and rehabilitating communities from bonded labour conditions; preventing future bondage through skill development and employment opportunities; support enterprise through developing supply chains of agricultural commodities in the local areas; and strengthening policy interventions. 8,000 households and 20,000 children were to benefit directly from this project. The project received a no-cost extension until the end of June 2022 and currently work is being to complete the evaluation and final reporting. The total cost is €1,131,809.

Hidden Homeworkers – Improving Transparency and Traceability to Improve Working Conditions of Homeworkers in Apparel and Footwear Chains: Ref No EuropeAid/157515/dh/act/Multi is a project that started in April 2019. The objective is to improve the working conditions of informal and home based workers in Nepal, Pakistan and India, who work in global value chains in the apparel and footwear sectors. It is expected to impact the lives of 20,000 home based workers in this country through improved working conditions, access to social entitlements and policy change at the national level. The project is progressing well, though has to undergo some changes due to the impact of covid on home workers. A no-cost extension is now proposed and the details are being worked out. The total cost is €1,308,922.

Bangladesh

‘Khamatayan’ (Empowering smallholders to strengthen local democratic governance) is being implemented in Bangladesh in partnership with Christian Aid and Solidarites and funded by the European Commission. The objective is to strengthen the governance, accountability and sustainability of smallholder civil society organisations in Bangladesh, covering 24 district and sub district associations, and 788 village level Self help Groups (SHGs). The project planned to empower these organisations, representing 20,000 marginal farmers (50% women, 10% ethnic minorities, 5% disabled people) to proactively engage with Local Authorities in the five target districts of Gaibandha, Kurigram, Mymensingh, Sherpur and Satkhira. The total cost of this 42 month project is €1,653,149.

Empowering women’s CSOs to ensure good governance (WEE): Ref No EuropeAid/168903/DD/ACT/BD is a 42 month project starting February 2021 and will impact the lives of 15,000 women in 5 districts of Bangladesh, in partnership with Ulashi Sreejony Sangha (USS) and Bikash Bangladesh. The project will build capacity of women’s grassroot organisations to advance gender equality and empowerment and enable their participation in local governance. It will support women to access social and economic rights; and strengthen women’s collective voice through their own organisations. The total cost is €2,592,595.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

Shifting the power to grassroots' communities through strengthening farmer-led CSOs and improving their engagement in the sustainable development process (SWABOL).

The project started in April 2023 through a Traidcraft Exchange led consortium of six NGOs in 33 disadvantaged upazilas (sub-districts) of 13 districts across Bangladesh. The work focuses on enhancing human and social capital and strengthening Smallholder Farmer-led Civil Society Organizations (FSFCSOs) as independent institutions and actors of good governance to promote inclusive and sustainable development. The project targets 46 FSFCSOs and 1,580 Local Farmer Organizations along with 50,000 participants (50% women, 7% ethnic minorities and 5% persons with disabilities). Registration of these FSFCSOs is under process which will ensure legal entity and contribute to their sustainability in the long run.

India

Addressing vulnerabilities among the Pahariya community through market led Interventions: Ref No OFIL 19 003 is a 4 year project aims to "reduce vulnerability and improve sustainable livelihoods and food sovereignty among 3000 Pahariya households, particularly women, in two blocks of Jharkhand". The 90 villages targeted are comprised of extremely vulnerable Pahariya tribal households alone. This is sought to be achieved by organising and enabling communities to adopt sustainable and productive resource (forest, land and water) management regimes, empowering communities to access their entitlements and engage with the market with a view to sustainably enhance livelihood, income base and nutritional status. The total cost of the project is £631,172 and is funded by the Oak Foundation.

Addressing Socio-Economic Vulnerabilities of Tea Workers in West Bengal and Assam – Building Voices and Creating Choices: The goal of this 3-year project is to reduce socio economic vulnerability, improve livelihoods and resilience of 9,000 Tea worker communities in 5 districts of North Bengal and Assam. The work will be undertaken across 35 gardens of which 25 gardens in North Bengal and 10 gardens in Assam. The project will facilitate building of community voices and create opportunities and choices for tea worker households. The primary focus will be to improve livelihoods and safety nets through a participatory process of assessing needs, resources, skills and opportunities leading to diversification and improvement in incomes. Secondly, collectivisation of women and youth in the gardens and enhancing their knowledge, skills and sense of agency will improve their negotiation and dialogue capacities with officials within and outside the gardens enabling them to access entitlements from the Government. The project will also establish a model of climate adaptive practices through establishing small scale innovations. The total cost of the project is £972,572 and is funded by the Oak Foundation.

Climate resilient sustainable livelihoods for female small holder farmers, (Birbhum, West Bengal): Ref: HF185 is a project in India funded by the Halcrow Foundation. The project aims to organize vulnerable women farmers, improve food security and increase household incomes through livelihood diversification, enhanced water use efficiency, and building resilience through social security safety nets for 2,500 vulnerable families. The project is now in year 2. There are 80 Women Livelihood Committees formed now and work is on to build capacity around governance, micro savings, and resource mapping. Linkages have been built with various government departments to access extension services for a variety of crops as well starting nurseries to benefit other families. The cost of the project is £99,948.

East Africa Programme

Senegal

In 2016/17, 'Juicing Justice project for Farmers', started in Senegal, has worked in partnership with two small Senegalese enterprises called Zena and BDS.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

The project, funded by Comic Relief (Grant ID 1324191 – total cost £625,489), has worked with 2,200 forest fruit farmers to acquire environmentally sustainable forest fruit harvesting knowledge and skills, increase their income from sales of exotic forest fruits and improve their livelihoods. It also aims to strengthen the capacity of the two small businesses to trade with the farmers in ethical practices that ensure equitable sharing of risks and benefits as well as develop their capacity to access European markets with innovative juice brands. The project has now ended.

Kenya

Participatory Grant Making (PGM) Pilot: The PGM pilot was launched during the current financial year in partnership with the Kenya Community Development Foundation (KCDF). Through the partnership, we supported six community-based organizations (CBOs) in small scale agriculture, in Meru and Kitui counties of Kenya across three value chains, that is, poultry farming, onion farming and bee keeping, monitored their progress, addressed challenges and disbursed funds to them. Through the pilot, the capacity of the CBOs was enhanced through training, provision of extension services in partnership with government officers and cross-learning through exchange visits to experienced farmers. We plan to continue to maintain the integrity of established structures and adopting a facilitative approach that empowers CBO leadership to make key decisions, we enhanced collaboration, building on our strong track record with local partners and made progress towards project sustainability.

Tanzania

'Promoting the Inclusion of People with Disabilities in Cocoa, Coffee and Palm Oil Value Chains'.

This project is being implemented by Traidcraft Exchange in Tanzania. It is funded by The National Lottery Community Fund (project ID: 10328877). The project seeks to reduce household poverty and empower 1,000 people with disabilities and 500 smallholder farmers and/or micro entrepreneurs, engaged in the coffee, cocoa and sustainable palm oil in Mbeya Region of Tanzania and Dar es Salaam. The project seeks inclusion of disabled people in all aspects of the value chains through collective organisation, improved access to finance and business services, improved market access and changes in behaviour and practice towards disabled people. The budget for this project is £682,418.

Policy and Campaigning Programme

JRCT

Our policy and campaigning work on corporate accountability has been partially supported by the Joseph Rowntree Charitable Trust. In the last year, we continued to call on the government to legislate to hold companies to account for violating human rights through a Business Human Rights and Environment Act (BHREA). A key aspect of this was a submission (written jointly with the Corporate Justice Coalition) and extensive follow-up advocacy to the Law Commission's Corporate Criminal Liability enquiry, around elements which we believe should be included in a new law. Our request that legislation should cover the failure to prevent human rights abuses was included in the Law Commission's options paper in June 2022. In addition, we launched a public campaign in favour of BHREA in December 2021 which received 24,622 signatures.

Laudes Foundation

Our policy and advocacy work on textiles in the EU has been supported by Laudes Foundation. In the last year, we have taken forward advocacy on Unfair Trading Practices (UTPs) in the garment sector in the EU, including: holding regular meetings with the European Commission and Members of the European Parliament around the EU's textile strategy, commissioning research on fair and unfair trading practices, and holding parliamentary events to highlight the impact of garment retailers' purchasing practices on working conditions, job security and pay for workers.

The Traidcraft Foundation

21. Related Party Transactions

During the year the Charity had transactions with the following related parties:
The Traidcraft Foundation – the controlling party of the company as detailed below.
Trustees – the trustees donated £nil (2024 - £nil) during the year.

22. Controlling Party

The charity is under the control of the Traidcraft Foundation (charity number 294953), a registered charity with the same place of business, being the founder member and having, in general meetings, the number of votes that exceeds by one the number of all other votes cast.

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

23. Pension Commitments

The group operates a defined benefit pension scheme.

Until 31 March 2001 Traidcraft operated a defined benefit funded pension scheme covering the pension arrangements of employees of Traidcraft plc and Traidcraft Exchange, providing a pension linked to final salary. This scheme is now closed but not wound-up and Traidcraft plc and Traidcraft Exchange continued to make contributions to it, working with the scheme trustees to agree appropriate contribution levels. Traidcraft plc has been the principal employer within the combined Traidcraft defined benefit pension scheme and Traidcraft Exchange is the participating employer.

In January 2023 Traidcraft plc entered into administration. The scheme actuary has split the assets and liabilities of the original scheme into a Traidcraft plc scheme and a Traidcraft Exchange scheme. Traidcraft Exchange is solely responsible for The Traidcraft Foundation part of scheme and is responsible for meeting the ongoing costs of The Traidcraft Foundation scheme.

The triennial actuarial valuation prepared as at 1 September 2019 indicated that the scheme was in technical surplus.

The charity expects to contribute £nil to the defined benefit pension plan in the year to 31 March 2024. It should be noted that the surplus calculated in the triennial valuation and the surplus or deficit calculated under FRS102 differ as the two methods require different assumptions to be used.

Effective January 2025 Traidcraft Exchange assumed principal employer for the defined benefit pension scheme. The insolvency of Traidcraft plc was scheduled to end by 31st Jan 2025. As at start of Jan 2025, the portion of the pension scheme relating to Traidcraft plc had not yet been transferred to the Pension Protection Fund (PPF). Given the Traidcraft Plc portion of the scheme was still under PPF review, it would not be wound up when the insolvency of Traidcraft Plc was finalized. However, The Traidcraft Foundation portion of the pension scheme ran the risk of being wound up as it did not enjoy similar exemption. To avoid triggering the winding up of the scheme and consequent Section 75 debt being served on Traidcraft Exchange, the Trustees passed a resolution on 17th January 2025 for Traidcraft Exchange to cease to be participating employer and instead take on the principal employer role in the pension scheme.

The Financial Reporting Standard 102 Section 28 requires that the following further disclosure is made about the closed defined benefit pension scheme. The actuarial valuation has been updated by the qualified scheme actuary to 31 March 2024.

Principal actuarial assumptions at the balance sheet date (expressed as weighted averages):

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For a female aged 65 now	23.9	23.7	24.5
At 65 for a female aged 45 now	25.3	25.2	26

The group's share of the assets in the scheme was:

	At 31 March 2025 £	At 31 March 2024 £
Equities	291,000	253,000
Property	-	76,000
Gilts	401,000	398,000
Bonds	789,000	721,000
Cash	20,000	52,000
Total fair value of assets	1,501,000	1,500,000

The actual return on scheme assets was £.65,000 (2024: 32,000).

The amounts recognised in the Consolidated statement of financial activities are as follows:

NOTES TO THE FINANCIAL STATEMENTS (Continued)
FOR THE YEAR ENDED 31 MARCH 2025

	At 31 March 2025 £	At 31 March 2024 £
Opening defined benefit obligation	1,463,000	1,382,000
Interest cost	67,000	63,000
Benefits paid	(64,000)	(42,000)
Actuarial gain/(losses)	(168,000)	60,000
Closing defined benefit obligation	1,298,000	1,463,000

Reconciliation of fair value of plan assets were as follows:

	£	£
Opening fair value of scheme assets	1,500,000	1,443,000
Interest income	69,000	65,000
Return on plan assets excluding interest	(4,000)	(33,000)
Benefits paid	(64,000)	(42,000)
Other income/(expenses)	-	67,000
	1,501,000	1,500,000

Amounts included in the balance sheet arising from the charity's obligation in respect of defined benefit plans:

	At 31 March 2025 £	At 31 March 2024 £
Present value of defined benefit obligations	(1,298,000)	(1,463,000)
Fair value of plan assets	1,501,000	1,500,000
Restriction of scheme asset	(203,000)	(37,000)
Deficit in the scheme	-	-

In the year ended 31 March 2025 the actuarial valuation for accounting purposes showed a surplus of assets over liabilities at that date of £203,000 (2024: £37,000). In accordance with FRS102 a pension scheme asset is recognised on the balance sheet only to the extent that the surplus may be recovered by reduced future contributions or to the extent that pension scheme trustees have agreed a refund from the scheme at the balance sheet date. Neither condition was met at the balance sheet date and therefore the surplus was not recognised.

Defined contribution scheme:

At 31 March 2001 Traidcraft closed entry to the defined benefit scheme and closed accrual of future benefit within that scheme. On 1 April 2001 Traidcraft introduced a Group Personal Pension Scheme (a type of defined contribution scheme) which now has an employer's contribution rate of 7.5% (2024: 7.5%). Traidcraft Exchange made contributions of £.79,002 during the past year (2023: £.105,743) and this cost, together with administration charges of £.Nil (2024: Nil) relating to the closed scheme comprise the pension cost of £.79,002 (2024: £.105,743) shown in Note 10 to these accounts.
