STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing Document

The UK-Japan 21st Century Group ("the Group") is a charitable company limited by guarantee governed by its Memorandum and Articles of Association amended in 2003 and further amended in 2010, 2014 and 2018 to take account of the latest governance practice.

There is a wider informal group known as 'Members of the Group' who are invited to attend the Annual General Meeting and any other appropriate meetings that may be called by the Chairman. The members consider the annual report of the Board at the Annual General Meeting, discuss objectives for the next annual conference and confirm the appointment of new directors who have been invited to join the Board subsequent to the previous Annual General Meeting. One-third of the Board of Directors in rotation are required to resign each year and seek re-election at the Annual General Meeting. Members are also asked to confirm the re-appointment of those seeking re-election.

UNITED KINGDOM-JAPAN 21ST CENTURY GROUP

(A company limited by guarantee)

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2025

Appointment of Directors/Trustees

The Board, in accordance with practice laid down in the Articles of Association, appoints directors. Such appointments are confirmed at the Annual General Meeting. Under changes introduced at the October 2014 AGM, directors (who are not the nominees of sponsors) are normally appointed for two 3-year terms. By exception, individual members may be offered a 1-year extension on an annual basis with the agreement of the Board.

Organisation

There must be a minimum of 3 and up to a maximum of 18 directors on the Board. The Board meets quarterly to make executive decisions. In the interim the company is run by the Executive Director, who remains in close contact with the Chairman and the Treasurer. Secretariat support and the keeping of accounts are provided by the Japan Society, which is contracted for this by the Board.

Risk Management

The greatest risk to the future of the Group is that it will find it impossible to raise the funds necessary for its administration and the holding of the annual conference. To counter this risk, the Board has instituted a fundraising strategy to secure and maintain the commitment of further sponsors. The Board continues to review the level of contributions and the implementation of the strategy at its quarterly Board meetings. The current reserves and contributions are sufficient to meet projected expenditure for at least the next 12 months, including the planned conference in 2026.

OBJECTIVES AND ACTIVITIES

Public Benefit

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities.

Objectives

The objectives of the company are to advance the education of the citizens of the United Kingdom and Japan in all aspects of each other's public institutions and systems of government, as well as each other's political and economic institutions, industry, social sciences and culture.

Activities

The Group pursues its objectives through holding an annual conference with its Japanese counterparts, alternately in Britain and Japan. As part of the conference programme, delegates meet with the respective Prime Ministers and attend further events and meetings hosted by government representatives and other bodies. Following each conference, the British Co-Chairman submits to the British Prime Minister recommendations formulated by the Group at the conference, notably on ways in which cooperation and collaboration between the two countries might be enhanced.

The Executive Director maintains regular contact with relevant UK-Japan bodies throughout the year to ensure that any outstanding issues in the bilateral relationship are addressed by the Group. Conference feedback is communicated directly to the wider membership and there is an opportunity at the AGM for members to contribute to the agenda of future conferences.

In addition, the Group periodically organises and has involvement in public seminars and meetings that address aspects of UK-Japan relations and build on the themes and recommendations of the annual conference.

ACHIEVEMENTS AND PERFORMANCE

The 41th conference was held on 14-16 March at Fordham Abbey, near Newmarket. 23 British and 19 Japanese participants from parliament, business, the media and academia took part.

The conference discussions focused on a range of challenges and opportunities for the UK and Japan under headings including geopolitical challenges; the importance of universal healthcare in tackling non-communicable and infectious diseases; science and technology cooperation and university partnerships; climate change and energy security; and information, cyber and AI.

The Group concluded its conference discussions with a series of substantive joint recommendations. These have been published with the Chairmen's Summary on the websites of the Japan Society and the Japan Center for International Exchange and will be circulated to the wider membership of the Group.

The UK Co-Chairman, Lord McConnell, communicated a summary of the Group's discussions at the 41st conference together with the conference recommendations to the Prime Minister and has received a cross-government response.

Planning for the 42st annual conference in Japan in 2026 has begun, to be held in March.

UNITED KINGDOM-JAPAN 21ST CENTURY GROUP
(A company limited by guarantee)

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2025

FUTURE PLANS

The Group's conferences are organised so as to promote and fulfill the Group's objectives as above, and in particular to bring to bear a senior non-governmental perspective on enhancing UK-Japan cooperation and collaboration. The value of the conferences may be shown by the influential nature of the representation from parliament, business, the media and academia present on both sides and by the importance attached to the summary and recommendations that they produce for the two Prime Ministers. This is reflected in the response received from both governments and the specific areas of follow-up that are pursued.

The Group is committed to building on the discussions that take place at the annual conference by periodically participating in, and organising, events that highlight aspects of UK-Japan relations.

FINANCIAL REVIEW

At 31 March 2025, the Group held unrestricted reserves of £50,189. The Group's reserves continue to be sufficient to cover 12 months expenditure in line with the Group's reserves policy. The Group's income comes from five major sponsors.

Activities

The Group pursues its objectives through holding an annual conference with its Japanese counterparts, alternately in Britain and Japan. As part of the conference programme, delegates meet with the respective Prime Ministers and attend further events and meetings hosted by government representatives and other bodies. Following each conference, the British Co-Chairman submits to the British Prime Minister recommendations formulated by the Group at the conference, notably on ways in which cooperation and collaboration between the two countries might be enhanced.

The Executive Director maintains regular contact with relevant UK-Japan bodies throughout the year to ensure that any outstanding issues in the bilateral relationship are addressed by the Group. Conference feedback is communicated directly to the wider membership and there is an opportunity at the AGM for members to contribute to the agenda of future conferences.

In addition, the Group periodically organises and has involvement in public seminars and meetings that address aspects of UK-Japan relations and build on the themes and recommendations of the annual conference.

ACHIEVEMENTS AND PERFORMANCE

The 40th conference was held on 2-4 February 2024 at the Hilton Hotel in Odawara. 18 British and 24 Japanese participants from parliament, business, the media and academia took part.

The conference discussions focused on a range of challenges and opportunities for the UK and Japan under headings including, global security; China, the US response to international security; climate change and energy; enhancing innovation in global health through collaboration; and policy implications of developments in artificial intelligence.

The Group concluded its conference discussions with a series of substantive joint recommendations. These have been published with the Chairmen's Summary on the websites of the Japan Society and the Japan Center for International Exchange and will be circulated to the wider membership of the Group.

The UK Co-Chairman, Lord Lansley, communicated a summary of the Group's discussions at the 40th conference together with the conference recommendations to the Prime Minister and has received a cross-government response.

Planning for the 41st annual conference in the UK in 2025 has begun, although the precise dates have yet to be fixed.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2024

FUTURE PLANS

The Group's conferences are organised so as to promote and fulfill the Group's objectives as above, and in particular to bring to bear a senior non-governmental perspective on enhancing UK-Japan cooperation and collaboration. The value of the conferences may be shown by the influential nature of the representation from parliament, business, the media and academia present on both sides and by the importance attached to the summary and recommendations that they produce for the two Prime Ministers. This is reflected in the response received from both governments and the specific areas of follow-up that are pursued.

The Group is committed to building on the discussions that take place at the annual conference by periodically participating in, and organising, events that highlight aspects of UK-Japan relations.

FINANCIAL REVIEW

At 31 March 2024, the Group held unrestricted reserves of £46,973. The Group's reserves continue to be sufficient to cover 12 months expenditure in line with the Group's reserves policy. The Group's income comes from five major sponsors.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing Document

The UK-Japan 21st Century Group ("the Group") is a charitable company limited by guarantee governed by its Memorandum and Articles of Association amended in 2003 and further amended in 2010, 2014 and 2018 to take account of the latest governance practice.

There is a wider informal group known as 'Members of the Group' who are invited to attend the Annual General Meeting and any other appropriate meetings that may be called by the Chairman. The members consider the annual report of the Board at the Annual General Meeting, discuss objectives for the next annual conference and confirm the appointment of new directors who have been invited to join the Board subsequent to the previous Annual General Meeting. One-third of the Board of Directors in rotation are required to resign each year and seek re-election at the Annual General Meeting. Members are also asked to confirm the re-appointment of those seeking re-election.

UNITED KINGDOM-JAPAN 21ST CENTURY GROUP

(A company limited by guarantee)

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2023

Appointment of Directors/Trustees

The Board, in accordance with practice laid down in the Articles of Association, appoints directors. Such appointments are confirmed at the Annual General Meeting. Under changes introduced at the October 2014 AGM, directors (who are not the nominees of sponsors) are normally appointed for two 3-year terms. By exception, individual members may be offered a 1-year extension on an annual basis with the agreement of the Board.

Organisation

There must be a minimum of 3 and up to a maximum of 18 directors on the Board. The Board meets quarterly to make executive decisions. In the interim the company is run by the Executive Director, who remains in close contact with the Chairman and the Treasurer. Secretariat support and the keeping of accounts are provided by the Japan Society, which is contracted for this by the Board.

Risk Management

The greatest risk to the future of the Group is that it will find it impossible to raise the funds necessary for its administration and the holding of the annual conference. To counter this risk, the Board has instituted a fundraising strategy to secure and maintain the commitment of further sponsors. The Board continues to review the level of contributions and the implementation of the strategy at its quarterly Board meetings. The current reserves and contributions are sufficient to meet projected expenditure for at least the next 12 months, including the planned conference in 2023.

OBJECTIVES AND ACTIVITIES

Public Benefit

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities.

Objectives

The objectives of the company are to advance the education of the citizens of the United Kingdom and Japan in all aspects of each other's public institutions and systems of government, as well as each other's political and economic institutions, industry, social sciences and culture.

Activities

The Group pursues its objectives through holding an annual conference with its Japanese counterparts, alternately in Britain and Japan. As part of the conference programme, delegates meet with the respective Prime Ministers and attend further events and meetings hosted by government representatives and other bodies. Following each conference, the British Co-Chairman submits to the British Prime Minister recommendations formulated by the Group at the conference, notably on ways in which cooperation and collaboration between the two countries might be enhanced.

The Executive Director maintains regular contact with relevant UK-Japan bodies throughout the year to ensure that any outstanding issues in the bilateral relationship are addressed by the Group. Conference feedback is communicated directly to the wider membership and there is an opportunity at the AGM for members to contribute to the agenda of future conferences.

In addition, the Group periodically organises and has involvement in public seminars and meetings that address aspects of UK-Japan relations and build on the themes and recommendations of the annual conference.

ACHIEVEMENTS AND PERFORMANCE

The 39th conference was held on 13-15 January 2023 at the University of East Anglia in Norwich. 23 British and 19 Japanese participants from parliament, business, the media and academia took part.

The conference discussions focused on a range of challenges and opportunities for the UK and Japan under headings including, Global Health – Lessons Learned from the Pandemic, Security Challenges for the UK and Japan, Economic Security and Supply Chains and Global and Prospects for International Development Collaboration.

The Group concluded its conference discussions with a series of substantive joint recommendations. These have been published with the Chairmen's Summary on the websites of the Japan Society and the Japan Center for International Exchange and circulated to the wider membership of the Group.

The UK Co-Chairman, Lord Lansley, communicated a summary of the Group's discussions at the 39th conference together with the conference recommendations to the Prime Minister.

Planning for the 40th annual conference in Japan in late 2023 has begun, although the precise dates have yet to be fixed.

FUTURE PLANS

The value of the conferences may be shown by the influential nature of the representation from parliament, business, the media and academia present on both sides and by the importance attached to the summary and recommendations that they produce for the two Prime Ministers. This is reflected in the response received from both governments and the specific areas of follow-up that are pursued.

The Group is committed to building on the discussions that take place at the annual conference by periodically organising events that highlight aspects of UK-Japan relations.

FINANCIAL REVIEW

At 31 March 2023, the Group held unrestricted reserves of £59,774. The Group's reserves continue to be sufficient to cover 12 months expenditure in line with the Group's reserves policy. The Group's income comes from five major sponsors and the Foreign and Commonwealth Office.

The Directors have given consideration to the Charities SORP ('Statement of Recommended Practice') Committee's advice in its publication 'Implications of COVID-19 Control Measures and Charity Financial Reporting' and to the risks arising as a result of the coronavirus pandemic. We have adapted our operations and consider that the group has adequate reserves and committed future grants from supportive and solvent funders.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing Document

The UK-Japan 21st Century Group ("the Group") is a charitable company limited by guarantee governed by its Memorandum and Articles of Association amended in 2003 and further amended in 2010, 2014 and 2018 to take account of the latest governance practice.

There is a wider informal group known as 'Members of the Group' who are invited to attend the Annual General Meeting and any other appropriate meetings that may be called by the Chairman. The members consider the annual report of the Board at the Annual General Meeting, discuss objectives for the next annual conference and confirm the appointment of new directors who have been invited to join the Board subsequent to the previous Annual General Meeting. One-third of the Board of Directors in rotation are required to resign each year and seek re-election at the Annual General Meeting. Members are also asked to confirm the re-appointment of those seeking re-election.

UNITED KINGDOM-JAPAN 21ST CENTURY GROUP (A company limited by guarantee)

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2022

Appointment of Directors/Trustees

The Board, in accordance with practice laid down in the Articles of Association, appoints directors. Such appointments are confirmed at the Annual General Meeting. Under changes introduced at the October 2014 AGM, directors (who are not the nominees of sponsors) are normally appointed for two 3-year terms. By exception, individual members may be offered a 1-year extension on an annual basis with the agreement of the Board.

Organisation

There must be a minimum of 3 and up to a maximum of 18 directors on the Board. The Board meets quarterly to make executive decisions. In the interim the company is run by the Executive Director, who remains in close contact with the Chairman and the Treasurer. Secretariat support and the keeping of accounts are provided by the Japan Society, which is contracted for this by the Board.

Risk Management

The greatest risk to the future of the Group is that it will find it impossible to raise the funds necessary for its administration and the holding of the annual conference. To counter this risk, the Board has instituted a fundraising strategy to secure and maintain the commitment of further sponsors. The Board continues to review the level of contributions and the implementation of the strategy at its quarterly Board meetings. The current reserves and contributions are sufficient to meet projected expenditure for at least the next 12 months, including the planned conference in 2022.

OBJECTIVES AND ACTIVITIES

Public Benefit

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities.

Objectives

The objectives of the company are to advance the education of the citizens of the United Kingdom and Japan in all aspects of each other's public institutions and systems of government, as well as each other's political and economic institutions, industry, social sciences and culture.

Activities

The Group pursues its objectives through holding an annual conference with its Japanese counterparts, alternately in Britain and Japan. As part of the conference programme, delegates meet with the respective Prime Ministers and attend further events and meetings hosted by government representatives and other bodies. Following each conference, the British Co-Chairman submits to the British Prime Minister recommendations formulated by the Group at the conference, notably on ways in which cooperation and collaboration between the two countries might be enhanced.

The Executive Director maintains regular contact with relevant UK-Japan bodies throughout the year to ensure that any outstanding issues in the bilateral relationship are addressed by the Group. Conference feedback is communicated directly to the wider membership and there is an opportunity at the AGM for members to contribute to the agenda of future conferences.

In addition, the Group periodically organises and has involvement in public seminars and meetings that address aspects of UK-Japan relations and build on the themes and recommendations of the annual conference.

ACHIEVEMENTS AND PERFORMANCE

Because of the ongoing pandemic in 2021, the 38th conference was delayed in the hope of holding it in Japan before the end of 2021. As travel restrictions prevented this, the conference was held online on 8 and 11 March 2022. Ten Board directors joined the Zoom conference on 8 and 11 March online, together with ten UK guest speakers/delegates from parliament, business, the media and academia. There were an additional twenty-seven senior delegates from Japan.

The conference discussions focused on a range of challenges and opportunities for the UK and Japan under headings including, Global Health Resilience, Security and Defence (with a focus on the war in Ukraine and its implications) and Global and Domestic Economic Security.

The Group concluded its conference discussions with a series of substantive joint recommendations. These have been published with the Chairmen's Summary on the websites of the Japan Society and the Japan Center for International Exchange, and circulated to the wider membership of the Group.

The UK Co-Chairman, Lord Lansley, communicated a summary of the Group's discussions at the 38th conference together with the conference recommendations to the Prime Minister.

Planning for the 39th annual conference in the UK has begun during 2022, although there remains some uncertainty over the timing.

UNITED KINGDOM-JAPAN 21ST CENTURY GROUP
(A company limited by guarantee)

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2022

FUTURE PLANS

The Group's conferences are organised so as to promote and fulfill the Group's objectives as above, and in particular to bring to bear a senior non-governmental perspective on enhancing UK-Japan cooperation and collaboration. The value of the conferences may be shown by the influential nature of the representation from parliament, business, the media and academia present on both sides and by the importance attached to the summary and recommendations that they produce for the two Prime Ministers. This is reflected in the response received from both governments and the specific areas of follow-up that are pursued.

The Group is committed to building on the discussions that take place at the annual conference by periodically organising events that highlight aspects of UK-Japan relations.

FINANCIAL REVIEW

At 31 March 2022, the Group held unrestricted reserves of £92,610. The Group's reserves continue to be sufficient to cover 12 months expenditure in line with the Group's reserves policy. The Group's income comes from five major sponsors and the Foreign and Commonwealth Office.

The Directors have given consideration to the Charities SORP ('Statement of Recommended Practice') Committee's advice in its publication 'Implications of COVID-19 Control Measures and Charity Financial Reporting' and to the risks arising as a result of the coronavirus pandemic. The Group continues to monitor the situation as it develops. We have adapted our operations and consider that the group has adequate reserves and committed future grants from supportive and solvent funders.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing Document

The UK-Japan 21st Century Group ("the Group") is a charitable company limited by guarantee governed by its Memorandum and Articles of Association amended in 2003 and further amended in 2010, 2014 and 2018 to take account of the latest governance practice.

There is a wider informal group known as 'Members of the Group' who are invited to attend the Annual General Meeting and any other appropriate meetings that may be called by the Chairman. The members consider the annual report of the Board at the Annual General Meeting, discuss objectives for the next annual conference and confirm the appointment of new directors who have been invited to join the Board subsequent to the previous Annual General Meeting. One-third of the Board of Directors in rotation are required to resign each year and seek re-election at the Annual General Meeting. Members are also asked to confirm the re-appointment of those seeking re-election.

UNITED KINGDOM-JAPAN 21ST CENTURY GROUP (A company limited by guarantee)

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2021

Appointment of Directors/Trustees

The Board, in accordance with practice laid down in the Articles of Association, appoints directors. Such appointments are confirmed at the Annual General Meeting. Under changes introduced at the October 2014 AGM, directors (who are not the nominees of sponsors) are normally appointed for two 3-year terms. By exception, individual members may be offered a 1-year extension on an annual basis with the agreement of the Board.

Organisation

There must be a minimum of 3 and up to a maximum of 18 directors on the Board. The Board meets quarterly to make executive decisions. In the interim the company is run by the Executive Director, who remains in close contact with the Chairman and the Treasurer. Secretariat support and the keeping of accounts are provided by the Japan Society, which is contracted for this by the Board.

Risk Management

The greatest risk to the future of the Group is that it will find it impossible to raise the funds necessary for its administration and the holding of the annual conference. To counter this risk, the Board has instituted a fundraising strategy to secure and maintain the commitment of further sponsors. The Board continues to review the level of contributions and the implementation of the strategy at its quarterly Board meetings. The current reserves and contributions are sufficient to meet projected expenditure for at least the next 12 months, including the planned conference in Japan in 2021.

OBJECTIVES AND ACTIVITIES

Public Benefit

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities.

Objectives

The objectives of the company are to advance the education of the citizens of the United Kingdom and Japan in all aspects of each other's public institutions and systems of government, as well as each other's political and economic institutions, industry, social sciences and culture.

Activities

The Group pursues its objectives through holding an annual conference with its Japanese counterparts, alternately in Britain and Japan. As part of the conference programme, delegates meet with the respective Prime Ministers and attend further events and meetings hosted by government representatives and other bodies. Following each conference, the British Co-Chairman submits to the British Prime Minister recommendations formulated by the Group at the conference, notably on ways in which cooperation and collaboration between the two countries might be enhanced.

The Executive Director maintains regular contact with relevant UK-Japan bodies throughout the year to ensure that any outstanding issues in the bilateral relationship are addressed by the Group. Conference feedback is communicated directly to the wider membership and there is an opportunity at the AGM for members to contribute to the agenda of future conferences.

In addition, the Group periodically organises and has involvement in public seminars and meetings that address aspects of UK-Japan relations and build on the themes and recommendations of the annual conference.

ACHIEVEMENTS AND PERFORMANCE

Because of the ongoing pandemic in 2020, it was decided to hold the 37th annual conference online. Ten Board directors joined the Zoom conference on 11-12 September 2020 online, together with eight UK guest speakers/delegates from parliament, business, the media and academia. There were an additional twenty senior delegates from Japan.

The conference discussions focused on a range of challenges and opportunities for the UK and Japan under headings including, the World Order After the Pandemic; Prospects for Trade and Investment; and Building Capacity and Confidence in Global Governance.

The Group concluded its conference discussions with a series of substantive joint recommendations. These have been published with the Chairmen's Summary on the websites of the Japan Society and the Japan Center for International Exchange, and circulated to the wider membership of the Group.

The UK Co-Chairman, Lord Lansley, communicated a summary of the Group's discussions at the 2020 conference together with the conference recommendations to the Prime Minister. A response has been received with line-by-line commentary on the recommendations.

Planning for the Autumn 2021 annual conference in the UK has begun during the course of 2020-2, although there remains some uncertainty over the timing and format given the restrictions in place in both countries related to COVID-19.

UNITED KINGDOM-JAPAN 21ST CENTURY GROUP
(A company limited by guarantee)

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2021

FUTURE PLANS

The Group's conferences are organised so as to promote and fulfill the Group's objectives as above, and in particular to bring to bear a senior non-governmental perspective on enhancing UK-Japan cooperation and collaboration. The value of the conferences may be shown by the influential nature of the representation from parliament, business, the media and academia present on both sides and by the importance attached to the summary and recommendations that they produce for the two Prime Ministers. This is reflected in the response received from both governments and the specific areas of follow-up that are pursued.

The Group is committed to building on the discussions that take place at the annual conference by periodically organising events that highlight aspects of UK-Japan relations.

FINANCIAL REVIEW

At 31 March 2021, the Group held unrestricted reserves of £72,644. The Group's reserves continue to be sufficient to cover 12 months expenditure in line with the Group's reserves policy. The Group's income comes from five major sponsors and the Foreign and Commonwealth Office.

The Directors have given consideration to the Charities SORP ('Statement of Recommended Practice') Committee's advice in its publication 'Implications of COVID-19 Control Measures and Charity Financial Reporting' and to the risks arising as a result of the coronavirus pandemic. The Group continues to monitor the situation as it develops. We have adapted our operations and consider that the group has adequate reserves and committed future grants from supportive and solvent funders.
