The objective of the charity is to raise funds to finance projects in developing countries for the relief of poverty by giving people the means to help themselves and their communities. Schools, clinics, orphanages and farms as well as water projects are the main targets of our funding.

Members of the charity are informed regularly about the progress of the funded projects and the newsletters aim to raise awareness of the problems of poverty faced in the developing world.

We always seek personal contacts for projects and the documented proposals and we always obtains feedback and evidence of correct fund transfers and project completion. We are not affiliated to any religious or political groups.
