**Achievements and performance**

**a. Review of activities**

We have continued to offer a stimulating day service over the past financial year to our diverse group of adults with disabilities. We have welcomed a couple of new clients and sadly lost a couple too during this time.

We have a tremendous team of volunteers, all of whom bring individual skills to our Charity.

We also have a solid board of Trustees, all committed to our cause.

Our Social enterprise has also remained constant with steady sales of our products via various fayres (throughout Norfolk and Suffolk) and on site. We also sell our items in 2 outlets.

All in all, we have had a successful and positive year, for which we aim to take forward and continue to thrive.

**Financial Review**

**a. Going concern**

After making appropriate enquiries, the trustees have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Accounting Policies.

**b. Reserves policy**

The company's reserves policy is to maintain sufficient free reserves to meet future operational needs whilst ensuring that any future drop in income can be met in the short term. Our reserves also hold a contingency for potential redundancy payments should there be failure of the business. The directors consider that free reserves of £33k would be required to cover the loss of our main source of client income allow time to secure alternative funding or an orderly windup of operations. Additionally, a further £36k should be held to cover statutory redundancy payments in the event of closure. And finally a further £33k is held in reserve to be spent to ongoing improvements and client activities. These figures, totalling £102k, will be reviewed annually by the trustees. As of 31st March 2025 our free reserves were £102k (2024 £102k).

**FOR THE YEAR ENDED 31 MARCH 2025**

---

**1. Accounting policies**

**1.1 Basis of preparation of financial statements**

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable to the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102) and the Companies Act 2006.

**1.2 Company status**

The company is a company limited by guarantee. The members of the company are the Trustees named on page 1. In the event of the company being wound up, the liability in respect of the guarantee is limited to £1 per member of the company.

**1.3 Fund accounting**

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the company and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the company for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 MARCH 2025**

**1. Accounting policies (continued)**

**1.5 Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

**1.6 Tangible fixed assets and depreciation**

Tangible fixed assets are carried at cost, net of depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Plant and machinery	10% and 20% straight line
Computer equipment	3 years straight line
Leasehold property improvements	10% straight line

This represents a change in accounting policy in 2017.

**1.7 Interest receivable**

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the company; this is normally on notification of the interest paid or payable by the Bank.

**1.8 Stocks and work in progress**

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks.

**1.9 Debtors**

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

(A company limited by guarantee)

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

**1. Accounting policies (continued)**

**1.11 Cash at Bank and in hand**

Cash at bank and in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition of the deposit or similar account.

**1.12 Liabilities and provisions**

Liabilities are recognised when there is an obligation at the Balance Sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the company anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide. Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised within interest payable and similar charges.

**1.13 Financial instruments**

The company only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at amortised cost using the effective interest method.

**1.14 Pensions**
