Report by the National UK Amir

Mr Rafiq Ahmed Hayat

We reproduce below an extract from the Annual Report of the Ahmadiyya Muslim Association UK (the 'Association') for the year ending 30th June 2024 presented by Mr Rafiq Ahmed Hayat, Amir (National President) UK at the 45th Majlis Shura (Consultative and Advisory Council) UK held between 8th and 9th June 2024 in Tahir Hall, Baitul Futuh Mosque, Morden, incorporating the Annual General Meeting that was attended by elected Presidents, elected representatives of local branches of the Association from UK, members of the Executive Committee of the Association, special invitees from the Association's auxiliary organisations and invited guests.

As I stand before you today, my foremost thought is how incredibly fortunate we are that Allah the Almighty has blessed Islam Ahmadiyyat with His boundless grace. Whether through various departmental responsibilities, leadership roles within local and regional Communities, or personal commitments, your collective efforts exemplify the spirit of sacrifice and dedication that defines our community. You should all feel proud of your achievements and always endeavour to excel even more. Our Community is truly unparalleled in its commitment and responsibilities, a testament to the unity and devotion found in our communities around the world. This distinctive dedication is evident in every part of our work and worship, reflecting a deep-rooted faith and a profound sense of purpose. It is through these efforts that we continue to uphold the noble values of Islam, fostering peace, compassion and understanding in our society.

Moreover, our Community is extraordinarily blessed with spiritual leadership like no other and that serves as the backbone that unites us, offering guidance, prayers and unconditional love. Our Supreme Head of the Community's wisdom and leadership are the cornerstones of our unity and progress, ensuring that we remain steadfast in our mission. It is through his prayers and support that we find strength and direction, enabling us to navigate challenges and achieve our spiritual and communal goals.

GLOBAL SITUATION

With the prospect of a global conflict looming ominously, the Head of the worldwide Ahmadiyya Muslim Community, His Holiness, warned world leaders of this impending danger; his warnings have at last begun to be heeded and we pray that this global catastrophe is deferred. Given the uncertainties in the

Middle East and Ukraine, the Community is considering the repercussions of a larger, potentially nuclear conflict, and has advised members to prepare accordingly. We have reiterated the importance of keeping essential supplies stocked at home for 6 months in the event of a major catastrophe. The Community has issued comprehensive guidelines in this regard.

I will now provide a brief overview of some of the departments and their activities over the past year.

CHILDREN CLASSES

One of the adverse effects of the Covid-19 pandemic is the reduced regular interaction of some of our children with the mosque. We have taken steps to address this issue from various perspectives and explored multiple approaches to remedy this gap.

- Firstly, for younger children, the Community organised lessons for Atfal (boys under the age of 15) and young Khuddam (male members under 40 years of age), four days a week, at available centers and mosques. The aim is to reduce their screen time on mobile devices and computer games, which has been negatively impacting them and to provide a safe environment where they can meet other children, learn about their faith, read and study the Holy Qur'an, participate in sports activities with other Ahmadiis and attend congregational prayers. This initiative has been highly beneficial, as it has increased mosque attendance and activity.
- Additionally, due to limited face-to-face interactions and increased exposure to social media, our community's youth began raising questions after engaging with individuals who oppose the Community. This became a concern as these questions were not being adequately addressed. In response, a team was established under 'True Islam' to address the questions raised by some non-Ahmadi so-called scholars whose main objective was to cast doubt on vulnerable young Ahmadiis. This initiative has proven to be very helpful in addressing many concerns brought up by our children.
- To expand this program, we held a Q&A session with myself and other senior Community office bearers on 28 April 2024. Young members under 30 years of age were invited to ask questions openly or privately any questions of concern. This event was very successful and we received very positive feedback from the attendees.

HELPING THOSE IN NEED

Regarding the elderly men and women who experienced isolation during the COVID-19 pandemic, the Community established warm-rooms. These rooms were available three to four days a week, providing a secure, safe, and pleasant environment for a two-to three-hour visit. This initiative allowed them to interact with others in similar circumstances. Additionally, we organised trips to various regions across the UK. In light of the current economic situation and rising costs of living, many members have faced financial difficulties. To address this, we have established food banks in many of our larger centers, available to anyone in need. During the month of Ramadan, we paid special attention to vulnerable elderly individuals, providing them with food and moral support. We also extended our support to the families of those who passed away during the year by providing food. This gesture demonstrates that the Community shares in their suffering and has not forgotten them.

SAFEGUARDING

Safeguarding in the Community involves implementing measures to protect the health, well-being and rights of all members, particularly children and vulnerable adults, ensuring they are safe from harm, abuse and neglect. This includes fostering a secure environment, promoting awareness and working collaboratively with and reporting promptly to relevant authorities to address and prevent safeguarding issues.

ITQA AND OTHER ACADEMIES

- Our ITQA (International Talimul Quran Academy) Foundation is performing outstanding work by teaching the Holy Qur'an to over 3,000 people worldwide, with approximately **700** teachers dedicated to this project teaching students from Australia, Europe, the UK, Canada, the USA and the Middle East. This noble endeavour has benefited thousands of children.
- Additionally, the Noor Academy had a successful second year. and around **1,500** children are benefiting from this institute, where both academic and religious education are provided by qualified professional teachers. The demand for this academy is high and many children are reaping the benefits.
- We also have the Aisha Academy for young ladies who have completed their basic education. Many women have already graduated from this academy and each year, a significant number of women continue to benefit from its programs.

MOSQUES UPDATE

The Baitul Futuh Mosque complex is widely regarded as a landmark building. During the renovation of the Baitul Futuh Mosque complex, there was a moratorium on developing or purchasing new properties. However, this restriction has been partially lifted following the completion and inauguration of the new administrative building of Baitul Futuh Mosque complex.

- This year, we were fortunate to acquire properties in Doncaster, Northern Ireland and most recently, in Burton-on-Trent. Additionally, we made unsuccessful offers for properties in Watford and Bolton. On June 17th, the Head of the worldwide Ahmadiyya Muslim Community graciously attended and inaugurated our impressive mosque in Scunthorpe.
- On September 9th 2023, we laid the foundation stone for a new mosque in Cardiff. This mosque will, Insha'Allah, be funded by members of Majlis Ansarullah UK.
- The following day, we laid the foundation stone for the Baitul Tauhid Mosque in Huddersfield. Construction work on this mosque has also commenced and consistent and attentive fundraising efforts for this project still require considerable attention.

Inaugural Reception of Baitus Salaam Mosque – June 2023

Baitur-Raheem Mosque (Sept. 2023)

Baitul Tauhid Mosque – Sept. 2024

JALSAs

Throughout the year, various Gatherings took place, including Seeratun Nabi^(sa) Jalsa, Masih Ma'oud^(as) Day, Musleh Ma'oud^(ra) Day and Khilafat Day. These events were live-streamed, attracting a substantial online audience of several thousand viewers. We were finally able to hold a full-fledged, unrestricted 57th Jalsa Salana (Annual Convention) following the Covid-19 pandemic, with nearly **40,000** participants from **118** countries between 28 and 30 July 2023. Jalsa proceedings were also live-streamed to **65** countries.

By the grace of Allah, the arrangements were excellent. Although we faced a few weather-related challenges, particularly concerning parking, our teams managed these issues with great efficiency, confidence and experience built up over the years. Just to give you a snapshot of part of the work – Over **14,400** meters of track was laid in the car park and main arena. There was a total of **120** cabins and all accommodation marquees were provided with heating and the main marquees being fully air-conditioned. It really is quite a task just to arrange all the faculties at Jalsa and this year, we anticipate a larger attendance and preparations are already underway.

A significant enhancement implemented at the 2023 Jalsa Salana was the establishment of our own butchery. This allowed for efficient coordination of the meat-cutting process by our dedicated workers. Alhamdulillah, this proved to be a highly successful operation.

Prior to Jalsa, extensive efforts were made to address issues from previous years. Significant work was carried out in the Jalsa Gah area, including the installation of new land drains across the site. Additionally, our aging infrastructure, including services and electrical systems, was upgraded.

QADIAN JALSA / GHANA JALSA

As in previous years, we successfully organised the live concluding address of His Holiness from the Jalsa Qadian from Islamabad in late December. This year, we also successfully arranged His Holiness's concluding address for the Ghana Centenary Jalsa, from Islamabad. The live broadcast for both events allowed for an international audience to benefit from the wisdom and guidance of His Holiness. This achievement underscores our commitment to leveraging technology to connect our global community and ensure the teachings and messages of our beloved leader reach as many members as possible. The seamless execution of these events reflects the dedication and meticulous planning especially by MTA International and I extend my heartfelt gratitude to all those involved in making such successful broadcast possible.

BIG IFTAR

Every year, we host the Big Iftar event during Ramadan. This year's ceremony at Baitul Futuh Mosque was attended by approximately one thousand individuals from various segments of the community, with the event growing in size each year. Over **400** attendees were non-Muslim and many joined us in congregational prayers. Many of these individuals joined us in prayer at the mosque and following the Big Iftar, about **11** expressed their interest in joining the Community. Additionally, Big Iftar events were held in all major centers across the country and Alhamdulillah, they were all very successful.

RESEARCH INSTITUTE

A research institute has now been launched and work has commenced earnestly to conduct research on various important topics.

NEW COMPANY LIMITED BY GUARANTEE.

When the Ahmadiyya Muslim Association UK was established in 1987, it was founded under a Trust Deed and functioned as an unincorporated charity. While this structure was suitable for a smaller organisation, it posed significant risks for the trustees, who held the charity's assets on trust and were personally liable, with an unquantifiable potential for litigation. To mitigate these risks, a new Company Limited by Guarantee is being registered with the Charity Commission. This structure is commonly used by not-for-profit charities, and such a company does not have a share capital but is supported by a nominal guarantee of £1, from each Member of the Company.

VOICE OF ISLAM

The Voice of Islam (VOI) radio station continues to improve its already high standards year-on-year. This station now produces exceptionally high-quality programs analysing current events through the teachings of Islamic principles, attracting esteemed individuals from various sectors, including industry, academia, politics and more, who provide their expert insights. As a premier Islamic channel globally, VOI has set and met high standards, rivaling even established outlets like Radio 4. We receive numerous acknowledgements from listeners who have become regulars, representing diverse backgrounds including Christians, Jews and non-Ahmadi Muslims. Some of its programmes include The Breakfast and Drive time shows, Faith in Focus, Sisters on Air, Poets of Peace just to name a view.

IJTEMAS

This year, our three auxiliary organisations successfully conducted their annual Ijtemas (rallies) without any Covid-19 restrictions and each event, held on different dates, were extremely successful. These auxiliary Ijtemas hold significant importance as they not only provide spiritual enrichment but also strengthen the bonds among members who gather for these blessed days. It is therefore a great testament to all the organisers who go out of their way to ensure maximum benefit.

PEACE SYMPOSIUM

The National Peace Symposium is a flagship event in our calendar, attracting a diverse audience of politicians, civil society members, journalists and academics from across the world. This gathering provides a platform for His Holiness to deliver an essential address concerning the current global crises and their solutions.

The National Peace Symposium, held in March 2024, saw representation from 40 countries. This year, two Peace Prizes were awarded, as the COVID-19 restrictions had previously delayed their usual presentation at the Jalsa Salana.

Additionally, regional Peace Symposiums were held, which play a crucial role in raising awareness among local dignitaries and non-Muslims about the Islamic teachings of peace and the Ahmadiyya Muslim Community's commitment to promoting societal harmony through the principle of 'Love for All, Hatred for None.'

GENERAL SECRETARY

The General Secretary Department oversees numerous tasks, including maintaining prompt and effective communication with branches across the UK. Their work is continuous and highly responsible, and I am pleased to acknowledge their immense dedication and hard work. The National Reporting and Communication System (NRCS) has been in operation for more than two years. We consistently receive reports from 97% of the branches on time, with certain months achieving a 100% timely submission rate. The team conducted Office Bearer Refresher Courses at the Al-Mahdi Mosque in Bradford. The department organised and coordinated two All Presidents meetings held with the Amir. Numerous requests for modifications to local Amila are carefully reviewed and approved. National secretaries were asked to visit branches and local Presidents were encouraged to engage with local members. The department sent over 40,000 letters, emails and messages to local branches, ensuring effective communication and coordination.

TABLIGH (outreach, preaching and propagation)

Effective Tabligh is essential for disseminating the message of Islam Ahmadiyyat, as well as for educating both Muslims and non-Muslims about Islamic teachings and values. It promotes community unity, enhances moral standards, and addresses prevalent misconceptions about Islam. Though it is a challenging task, the Tabligh Department has demonstrated dedication, professionalism, and meticulous planning, ensuring success in all its efforts. Just a summary of some of these events are:

- 'Signs of the Hour' exhibition held at the National Peace Symposium.
- During Ramadan, Physical Iftar events were held in all regions and there was a 'National Fasting Collective.'
- At Jalsa, the Tabligh exhibition marquee featured discussions, seminars, and Q&A sessions on the Promised Messiah's prophecies. It showcased translations of the Holy Qur'an, a Planetarium Experience of the 1894-95 eclipses and multilingual audio guides. Over the three days of Jalsa Salana UK, 13 guests embraced Islam Ahmadiyyat.
- The National Tabligh Department set-up various programs with the auxiliary organisations.
- The National Tabligh Seminar, held at Baitul Futuh Mosque, featured presentations on atheism, Tabligh methods, personal experiences and workshops. The event was attended by 176 participants.
- In November last year, the Department, successfully co-hosted the 'Voices for Peace' event at the House of Commons attended by 128 guests, including MPs, journalists and influencers. Presentations focused on Islamic teachings, human rights, and peace efforts.
- This year marked significant activity and growth for 'Rational Religion'. YouTube views surged by 157%, driven by content on Zionism,

- 'Voices of Peace' event at the House of Commons attracting approximately 300,000 views. Numerous articles were also published on their website.
- True Islam UK enhanced its video content and website presence. The YouTube strategy included sending team members to debate platforms of Sunni Muslims and Christians, as well as hosting their own livestreams.
- Branches distributed over 500,000 leaflets, conducted more than 7,500 one-to-one Tabligh meetings and hosted over 17,000 non-Ahmadi guests at these meetings.

TARBIYAT (religious training)

Tarbiyat in Islam Ahmadiyyat is vital for nurturing the spiritual and moral development of individuals, ensuring they lead lives aligned with Islamic values and principles. It strengthens the community by fostering discipline, ethical conduct and a deep understanding of faith, thereby contributing to the overall unity and progress of our Community. The Tarbiyat Department continues to develop and had an eventful and blessed year in fulfilling their responsibilities. The Department organises monthly Tarbiyat sessions and senior speakers are frequently assigned to lead these sessions. Local secretaries are also encouraged

to foster a regular habit of Tarbiyat among their members. In 2023, a total of 166 sessions were conducted. All branches hold Islahi (reconciliation) meetings bi-monthly to review the overall spiritual welfare of the Community, addressing any deficiencies to maintain a proactive approach to spiritual development. Over 80 post-marriage counselling sessions were held. Youth and elders were engaged in discussing various topics while maintaining the Ijtema theme of the auxiliary organisations. A concerted effort involving phone calls and house visits increased attendance at Fajr (pre-dawn) prayers; Dars in Ramadan and Itikaf (spiritual retreat) was arranged; regular classes for training of families and Ashra (Ten Days) Salat (Prayers) were held.

TA'LIM (education)

Imparting knowledge and skills are a crucial and highly responsible function of the Ta'lim department. Annual Ta'limi Awards were announced at Jalsa Salana UK 2023 and distributed during the Ijtemas of the auxiliaries. During the COVID-19 lockdown, the Ta'lim department had the privilege of starting online classes for students. This initiative has since transitioned to Noor Academy, with the Ta'lim department playing an instrumental role in its establishment and ongoing operation. It also assisted Sanato Tijarat Department in organising the annual professional forum.

UMURE KHARIJIYAH (external affairs)

The Community places great importance on external affairs, diplomacy and tact when engaging with external organisations. This approach helps foster peaceful and effective relations, mutual understanding and cooperation with diverse groups and governments. The department has worked tirelessly throughout the year, addressing numerous significant issues with utmost professionalism. Their expertise and knowledge in diplomatic efforts is vital in advocating for Human Rights, religious freedom and dispelling misconceptions about Islam Ahmadiyyat. The department represents the Community at the highest levels of engagement with governments, senior officials, diplomats, NGOs and more. The department also led on key external Community events this year and continued to project the Community's point of view in the media. The following highlights, albeit very briefly, some of their work over the past year:

Parliamentary event – ‘Friends Stand together’

‘Prayers for Peace’ at Baitul Futuh

- The Israel/Gaza conflict necessitated an immediate and robust response, prompting the department to organise the ‘Ceasefire Now’ campaign. This campaign involved the launch of a new dedicated website www.CeasefireNow.world with a new online letter campaign tool and the distribution of two leaflets advocating for action on five key points: ‘An Immediate Ceasefire’, ‘Release of All Hostages’, ‘Allow Humanitarian Aid’, ‘Compliance with International Law’, and ‘Agreement to a Lasting Peaceful Solution’. This national initiative led to the distribution of more than 30,000 letters, which were sent to the Prime Minister, HM The King, all 785 members of the House of Lords and all 650 MPs.
- Additionally, it hosted a National ‘Prayers for Peace’ event at Baitul Futuh on 5 November, bringing together individuals of various faiths, parliamentarians, NGO representatives and local neighbours, all united in calling for lasting peace. This initiative was further supported by over 50 similar events held across the country by local branches.
- Persecution against the Community and individuals remains a significant challenge and the department continued to address these issues at the highest levels. In September 2023, a one-hour debate was held in the UK Parliament concerning the treatment of Ahmadi Muslims in Pakistan. The debate saw participation from 22 MPs, with 10 delivering speeches. The Foreign Office Minister, Leo Doherty, responded on behalf of the government, with all comments being favourable to the Community.
- The All-Party Parliamentary Group (APPG) visited Pakistan in February 2023, culminating in an excellent report launched in Parliament during a one-hour event on 29 November. The event was attended by approximately 50 individuals, followed by a subsequent meeting on 14 April, where an action plan was agreed upon to implement the report’s recommendations.
- The Department engaged with the EU Parliament, the EU’s Special Envoy for Freedom of Religion and EU Human Rights officials, had numerous meetings with the Foreign Office on issues across various countries. It has also attended events and meetings at 10 Downing Street over the year as part of its advocacy work.
- The Department is also addressing issues affecting the Community in Nepal, Sri Lanka, and Algeria through official channels. Efforts have been made to bring hate preachers to the attention of the Home Office, resulting in the removal of a Bangladeshi hate preacher from the UK. Concerns about extremist organisations, both within the UK and abroad, such as Khatme Nabuwat and TLP, are regularly reported to the relevant authorities where we have very good links, with actions taken where necessary.
- The National Secretary was invited to visit Prague, where productive meetings were held with senior officials, including the Chair of the International Freedom of Religion and Belief Alliance, the Ambassador to the Vatican and the Ambassador of Palestine. In the UK, the Department secured 78 messages of support for the UK Jalsa, including 67 video messages and the first-ever message from His Majesty King Charles III.
- Additionally, the Department organised the National Peace Symposium, which this year attracted **1,200**

attendees, including **550** external guests from **30** countries. The Prime Minister also sent his message. The event was broadcast live, featuring an inspirational address by Huzoor-e-Aqdas^(aba) which followed after the presentation of two Peace Prizes.

- The department is also strengthening links with Embassies and national political leaders – several of whom were hosted at Baitul Futuh during the year.
- On media and social media there has been excellent progress with a potential audience of more than **100 million** through coverage on Jalsa, the National Peace Symposium and the Ceasefire Now campaign.

DIYAFAT (kitchen and hospitality)

The Diyafat Department's continuous and tireless efforts in preparing food throughout the year for functions and events. Their dedication and responsibility ensures that thousands of people are nourished and cared for during these gatherings. It provided food to the homeless throughout the year. During Ramadan, the department carried out an extensive program to support the needy, elderly and single parents with meals. In the past year, the Diyafat team prepared a total of just under **950,000 meals**, including those served during Jalsa Salana UK. Their unwavering commitment and hard work are deeply appreciated and deserve our highest gratitude.

FINANCE

Despite significant economic challenges including post-Brexit impacts, Covid-19 and the cost of living crisis, community members have continued to make remarkable financial sacrifices. We have observed a year-on-year increase in Lazmi (obligatory) donations, which is both humbling and deeply appreciated. It is truly inspiring to see such generous contributions towards various other schemes and projects, even as we personally cut back on expenditures out of necessity. Despite this remarkable increase in payments, our Community's expenses have also risen considerably, but with professional management of budgeting and financial planning at the highest level by the Finance Team, we are managing very well. The online donation portal has generated significant income, attracting both active and new members from across the UK. The reporting structure has significantly improved, enabling real-time reporting across all cost centres. Several Regional Finance Workshops were conducted throughout the UK to ensure local finance office bearers are well-trained and equipped to manage their financial responsibilities. Regions and branches continue to support the welfare of numerous families and members facing financial or health-related difficulties. With appreciation also to the Internal Auditor that provided reassurance on our internal controls and mitigated risk.

SAMI BASRI (audio-video)

The Sami Basri Department plays a crucial role in the success of our events. They are split into 10 sub-departments, each with its own responsibilities and unique expertise. Dedicated team work ensures that all audio and visual elements are seamlessly integrated, significantly enhancing the overall experience for attendees. Their technical expertise not only amplifies the impact of speeches and performances, but also preserves these important moments for historical reference including photography at essential events. In addition to national and large regional meetings, Sami Basri covers a variety of events including: *National Amila meetings, Friday sermons arrangements at Baitul Futuh and Fazal Mosque, Jalsa Salana UK, Annual Peace Symposium, Majlis Shura.*

Just a small part of the Sami Basri team at Jalsa 2023

WAQF NAU (lit. new dedication)

The Waqf-e-Nau scheme offers profound spiritual benefits by nurturing a generation dedicated to the service of faith and humanity. Children enrolled in this scheme are raised with a strong sense of purpose, commitment and spirituality, fostering a lifelong devotion to the teachings of Islam. The Waqf Nau Department oversees this progression and once again worked diligently throughout the year which saw 111 children added last year. On 25 May 2024, the Waqf-e-Nau Ijtema was held for the girls and the next day for the males at Baitul Futuh Mosque in Morden. This gathering marked a very special occasion, being the first Ijtema in four years due to the pandemic's interruption. A pinnacle of both these days were the profound and inspiring concluding addresses by His Holiness broadcast live from Islamabad on each day.

Waqf-e- Nau Ijtema for boys and girls

UMUR A'AMA (general and public affairs)

The Umur A'ama department manages administrative affairs and underwent a very busy year. **522** new asylum cases were registered as **compared to 323 from last year** and **1,170** new Tajneed (new membership data) applications were received – an increase of **284** from last year. This year, **66** new disputes and mediation matters were registered, reflecting an increase of **20** from last year on financial, matrimonial, disciplinary and family disputes. While the increase may seem modest, each case is unique and requires careful, sympathetic and professional handling. On social welfare and job section day trips for the elderly, poetry sessions, nearly **1,300** fruit-baskets and **£55,000** in total cash donations were gifted at Eid to deserving members and assisted Community members seek employment by assisting in form filling. It assisted with legal matters, informed about health awareness matters and continued the warm-rooms project under which **1,600** people gained benefit.

WASAYA (wills)

Wassiyat is a very blessed and spiritually enriching scheme that encourages participants to dedicate a minimum 10% of their wealth and serve Islam and humanity. In addition to their regular work, it digitalised over 9,000 hardcopy files of Musis (testators/ testatrixes), scanned, renamed and organised into electronic folders specific to each Musi. The department successfully scanned and renamed over **17,000** sets of documents (some over 200 pages long) and over **92,000 single-page documents**. As of January 2024, there were **8,922** Musis in the UK. On 17th December 2023, a Refresher Course was held via Zoom for all local Secretary Wasayas in the UK. To further encourage members to join this scheme, the office provided promotional materials and presentations to branches. Help and guidance were provided to prospective Musies for completing Wasiyat forms.

RISHTA NATA (match-making and matrimonial matters)

Marriage in Islam is very sacred and offers spiritual benefits by fostering a deep bond of love and mutual support, guiding spouses towards righteousness and piety. The department continued to help Community members find suitable life-long matches for their children. Between March 2023 and March 2024, four 'Meet & Greet' events were organised across the country. They offered a platform for members to meet in

a safe, informal and Islamic manner, thus reducing the pressures that families might feel when a boy's family visits the girl's house and vice-versa. We also have an online system called the National Profile Deck that helps children and parents find suitable matches via a mobile App. and allows candidates to view anonymous profiles in the database. Information is confidentially held and if both parties agree, contact details are exchanged so that families can progress matters. An online Refresher Course for local secretaries was organised and a seminar on: 'The Importance of Marriage in Islam' was held at the Al Mahdi Mosque in Bradford, which was streamed nationally through Zoom, allowing other UK Community members to benefit from this important seminar. A similar event was also held at Baitur Rehman Mosque in Glasgow which was attended by 60 participants and 300 online.

SANATO TIJARAT (trade and industry)

The department served all members effectively. Members seeking secondary incomes to mitigate the cost-of-living crisis were supported by a guide on working from home. **779** inquiries from members interested in starting their own businesses were assisted and guided. Following the Networking and Mentoring Event held at Baitul Futuh Mosque and attended by 450 members, the Department created a secure online networking platform that allows members to connect both nationally and locally. A similar event was also organised in the East Region and North Region. Business workshops have been hosted to guide members in forming teams, interacting and creating new business ideas and plans. The guidance offered here is by experienced professionals in various career capacities. An agricultural project at Hadeeqatul Mahdi has a polytunnel for indoor cultivation and an adjacent field for outdoor planting. The team sold surplus produce throughout the year at the Islamabad Tuck Shop at a 20% discount to market prices. The produce was well received by customers.

TALIMUL QUR'AN AND WAQF ARDI (teaching Holy Quran and Temporary dedication)

The online presence attracts global visitors and its You-Tube channel features over **1400** video lessons and presentations in **43 playlists** covering Qur'anic recitation, memorisation, translation and Arabic grammar, as well as Jalsas and educational lectures and seminars for all ages. It has developed three Apps that are available on both Android and Apple platforms. Al-Hafizoon Hifz (memorisation of the Holy Quran) Academy, founded in the year 2000, has continued its classes online, via phone portal and in-person at Baitul Ehsan. It operates with separate sections for boys and girls. Madrasatul Hifz UK students have made significant progress. Their classes were held six days a week through online sessions, phone portals, and in-person classes at Baitul Ehsan. It additionally motivated members, especially officeholders, to participate in the Waqf Arzi scheme: **58 applications** were received, **39** branches participated, with **13 Ansar**, **3 Khuddam**, and **42 Lajna participants**.

TAHRIK JADID AND WAQF JADID

The Tahrik Jadid scheme, initiated in 1934, focuses on the global propagation of Islam and supports the establishment of new missions and mosques worldwide. The Waqf-Jadid scheme, started in 1957, aims to support and enhance Islamic education and missionary activities, primarily in rural areas and within India and Pakistan. Both schemes encourage financial contributions from members to support these vital initiatives and I am pleased and grateful to report that UK Community's contributions have been excellent in a climate of financial challenges for so many people. For Tahrik Jadid we collected **£2.9** million (an increase of over **£231,000** over last year) with a participation rate of **82.49%**. In his Friday sermon of 5th January 2024, His Holiness announced that the UK Community stood first once again for Waqf Jadid amongst all the countries: a great achievement for which I am very proud of all the men, women and children who participated.

ISHA'AT

This year, the Isha'at department prioritised strengthening relationships with local Isha'at Secretaries nationwide and actively implemented the 2023 Isha'at Shura proposal. Key initiatives included launching the 'Book of the Month' and various reading campaigns, such as encouraging families to read stories from

the Holy Qur'an together and submit creative entries for prizes. Significant progress was made at Baitul Ehsan with the organisation of copies of the Qur'an and English books in the new warehouse and the decluttering of the Baitul Futuh library. Record-breaking sales were achieved at bookshops across the country due to streamlined supply and logistical improvements. A partnership with Beijing Ruxue International Media was established during the London Book Fair 2024, and steps were taken to ensure the Qur'an is available in every major book retailer in the UK. At Jalsa, our Isha'at team demonstrated remarkable ingenuity by developing a board game that has achieved significant popularity. This game is currently being translated into various languages and distributed in different countries. The organisers also promoted it at the Book Fair this year. Our team is intending to develop further board games in the upcoming year.

ADDITIONAL SECRETARY TARBİYAT AND WAQF JADID FOR NEW AHMADIS

New Ahmadi Ijtema at Baitul Futuh on 18 May 2024

A New Ahmadi Ijtema on 18 May 2024, was jointly organised by the National New Ahmadi Department and the National Tabligh Department and the event this year, involved close collaboration with field missionaries to develop interactive workshops. Six workshops at the Ijtema were linked to eight modules of the New Ahmadi Tarbiyat Handbook. At the UK Jalsa 2023, the Department invited and hosted New Ahmadi which was very well attended. A newly updated Online New Ahmadi Tarbiyat Reporting System was launched via a Zoom meeting on November 25, 2023 that allows information on which Tarbiyat Modules each New Ahmadi has completed, enabling them to track their progress across the UK. Several audiences with His Holiness since January 2023 were arranged in small groups.

JAIDAD (properties)

The Jaidad Department plays a vital role in managing the Community's properties and assets with exceptional care and dedication. Their meticulous work ethics ensures that these assets are preserved and utilised effectively for the Community's operational needs and more importantly spiritual requirements. An organisational framework has been restructured and regional coordinators have been appointed to monitor the maintenance and upgrades of mosques and mission houses and report to the Jaidad Office. General maintenance and repair work has been ongoing throughout the year to keep the properties in good condition. The Baitul Futuh complex requires regular care to ensure visitors have a

pleasant experience. It included replacing kitchen floor-standing boilers with new commercial wall-mounted ones, continuing electrical maintenance, and upgrading to LED light fittings both inside and outside the complex, rear car park was cleaned, cleared, concrete laid and tidied after removal of portacabins. New footpath was constructed from rear gate. Considerably more works took place at Baitul Futuh. Our first mission house in Burton-upon-Trent was purchased at auction: a former Winhill Methodist Church that can accommodate around **250 worshippers**. A new butchery area with an additional mezzanine floor in the main kitchen was constructed at Hadeeqatul Mahdi. In Jamia (religious seminary), the heating system was fixed due to faulty boilers and pumps and 20 new electrical panel heaters were installed. In Fazl Mosque, repairs were made to the mosque and washroom roofs, the CCTV system was serviced and upgraded, and Mahmood Hall and Nusrat Hall were painted and decorated.

ZIRA'AT (agriculture and horticulture)

The Zira'at Department holds significant importance in the Community as it aims to encourage and support Community members involved in agricultural pursuits, as well as motivate Ahmadi families to engage in gardening and crop cultivation. I will just mention briefly their work at a few places. After the construction work was completed at Baitul Futuh Mosque, the department imported and planted six large date plum trees on the mosque premises. The building was beautifully adorned with meticulously planned flower arrangements by a dedicated and passionate team of workers. As a result, Baitul Futuh Mosque won first place in the category of 'Garden Display in Public Places' in the 2023 annual garden competition held by 'The London Garden Society', competing against all 35 boroughs of London. The mosque was awarded a gold medal, a trophy cup and a certificate of excellence. Fazl Mosque features an attractive rose garden. Various hanging baskets, wall-mounted baskets, and containers adorn the Mahmood Hall area, and a mini vegetable garden is maintained in one corner of the mosque. Masjid Mubarak in Islamabad is adorned with beautiful gardening arrangements that include 200 hanging baskets and 50 window baskets. Twenty-four pyramid Clematis plants climb the outer wooden wall of Qasr-e-Khilafat, adding to the mosque's beauty. At Hadeeqatul Mahdi, a large fruit garden boasts fruit trees such as plum, pears, peach, walnut, and apple. Throughout the UK, great attention is paid to the external beautification of our premises, reflecting positively on the overall standing of the Community in the wider community.

IT DEPARTMENT

The IT Department is vital in enhancing key areas of the Community, including administrative efficiency, communications, security and data management. On 18th May 2024, the IT department hosted their inaugural Networking Forum for Khuddam and Ansar, featuring several industry professionals who delivered impactful speeches on the transformative power of technology.

MAJLIS SEHT (health committee)

Our Majlis-e-Seht Department successfully hosted the National Basketball Tournament and, on a larger scale, organised the International Football and Cricket Tournaments. The football tournament saw participation from **12 countries**, with Germany emerging victorious after a penalty shootout. The T20 Cricket Tournament featured **20 international teams from 14 countries**, showcasing players of professional caliber, which greatly enhanced the excitement of the event.

PAAMA

The Pan-African Ahmadiyya Muslim Association experienced a spiritually enriching and dynamically active year. This was particularly evident at the Jalsa, where their exhibition, themed 'Africa and the Glory Days of Islam', was presented. Hundreds of attendees participated in the Global PAAMA Forum at the Jalsa, which included the 'Celebrating Africa Day' event on Sunday, commemorating the Centenary of Lajna Imaillah. In November 2023, PAAMA successfully hosted a Peace Symposium at Baitul Futuh. The event featured a profound keynote address by Imam Azhar Hanif, the Naib Amir of USA and Missionary in Charge.

PAAMA Peace Symposium

HUMANITY FIRST

Humanity First (an independent charity promoted by the Association) works tirelessly on a global scale, embodying the spirit of compassion and service by providing humanitarian aid and support to those in need. Their efforts reflect the core Islamic principles of empathy, charity and the upliftment of humanity, making a profound impact across diverse communities worldwide. In the UK, Humanity First continues to expand its activities and services, including projects such as 'The Water for Life', 'Knowledge for Life', 'Orphan Care', and 'Gift of Sight'. Under the banner of community care, Humanity First UK (HFUK) has undertaken several projects, including working with our partners Anera to enhance livelihood opportunities for vulnerable families in Gaza. This involved providing grants to establish small businesses, enabling them to earn a sustainable income and support their families. It supported women's groups and vulnerable farmers in Gambia through land preparation and farming inputs. HFUK's disaster relief efforts assisted during various natural and man-made disasters throughout the year, including the Turkey and Syria earthquake, the conflict in Palestine and the earthquake in Morocco. HFUK's food security programs focus on supporting local farmers with sustainable solutions, educating them on new farming techniques, providing agricultural equipment to improve productivity and supplying food to disadvantaged communities as needed.

HOMEOPATHY

The Homeopathy team continues to provide an excellent alternative medicine service pursuant to the precept and example of the Community's Founder in improving the health of our members. This year, a new dispensary was opened in Islamabad UK bringing the total to 37 in the UK. In the year 2023, satisfactory treatment was provided to just under 50,000 patients.

MTA

We are also fortunate to have the central MTA organisation within the UK and we have the special honour of many UK Community members working for them.

AUXILIARY ORGANISATIONS

The three auxiliary organisations of the Ahmadiyya Muslim Association, Majlis Khuddam-ul- Ahmadiyya UK (male members between the ages of 15 and 40 years), Lajna Imaillah UK (female members'

organisation) and Majlis Ansarullah UK (male members over the age of 40 years) play a vital role in nurturing the spiritual growth and service ethos within our Community. They assist at Jalsa Salana, Waqare Amals (menial labour) collection of Tahrik and Waqf Jadid and other Community events. They have also been very active in raising funds for charitable causes which give a big impact on the perception of the Community to the indigenous population. Together, these Auxiliaries create a harmonious and dynamic framework that promotes spiritual enrichment, communal solidarity and friendship reflecting the true essence of Islam.

amagallery.org.uk WEBSITE

Significant progress continues to be made on the **amagallery.org.uk** website that amongst other things features updated links to the Friday Sermons and the popular summaries of 'This Week with Huzoor,' reaching thousands globally via WhatsApp and online mailing. For some of the videos, both husband and wife teams act as the camera operator.

REGIONS

I would like to thank Respected Imam Sahib, Regional Missionaries and the Regional Umera (Presidents) for the excellent support, encouragement and guidance they have given to the Community throughout the year. The field missionaries have done an excellent job and travel many miles all over the country to attend various Tabligh, Ta'lim and Tarbiyat functions and events. Their leadership in these matters is very important for local as well as regional levels. Apart from the local role, the Regional Amirs have also been instrumental in making the regions very active and play a role in improving the financial contributions from their respective branches. The Presidents serve as the representatives of the Amir at the local level and their leadership is crucial for the development of the Community. The local branches are the lifeblood of our national entity, serving as the foundation upon which the strength and unity of the National Community is built. It is essential to recognise and honour the unwavering dedication and tireless efforts of our local Community members, whose contributions are indispensable to our collective success.

PROFESSIONAL BODIES

The Professional bodies of the Community exemplify the harmonious integration of faith and expertise, fostering a community where professional excellence and spiritual values are connected. The Engineers Association under the chairmanship of Mr Akram Ahmedi are doing valuable and humanitarian work on several projects in Africa such as providing water aid and solar energy. I thank Mr Khalil Yousaf Sahib as the chairman of the Ahmadi Muslim Lawyers Association, Jonathan Butterworth Sahib as chairman of the Immigration Committee and Dr Syed Muzaffar Ahmad, Chairman of the Ahmadiyya Muslim Medical Association for providing assistance to the Community.

QADHA (arbitration board)

The Qadha Board plays a crucial and sensitive role in upholding justice and resolving disputes within the Community, ensuring that all matters are addressed with fairness, integrity and adherence to Islamic principles. This team deals with some of the most difficult issues facing the Community and have my full support in the decisions they make.

FINANCE COMMITTEE

As Chair of the Finance Committee, I am grateful to have an outstanding team that efficiently processes financial and budgetary requests received from across the country and various UK departments at the Centre.

CENTRAL ORGANISATION

In the UK, we are immensely blessed to have the presence of Huzoor-e-Aqdas^(aba), which allows for close collaboration with the Central organisations represented here. This proximity significantly facilitates our work, thanks to the excellent cooperation developed over the years. I extend my heartfelt gratitude to all the representatives for their unwavering moral support and cooperation.

NAIB AMIRS

The inspirational quote by Helen Keller, *"Alone we can do so little; together we can do so much,"* perfectly encapsulates the invaluable contributions of my Naib Amirs. By the grace of Allah Almighty, I am blessed with an exceptional team and counsel to attend to the affairs of the Community. The Naib Umera work tirelessly behind the scenes, each bearing a significant share of the Amarat's responsibilities.

HAZRAT AMIRUL MOMINEEN^(aba)

Khilafat is indeed a profound blessing for the worldwide Ahmadiyya Muslim Community and we must continue to thank Allah for bestowing upon the UK Community the extraordinary honour of serving His Holiness (may Allah be his Helper). His deep personal interest in our Community, together with the special time he dedicates to reviewing our progress and providing guidance to various departments and individuals, is a testament to his profound leadership and care. He embodies the attributes of a true Khalifa, demonstrating unparalleled wisdom, compassion and dedication. His guidance is not only strategic but also deeply spiritual, ensuring that our actions align with the principles of Islam. His personal involvement in our affairs inspires us to strive for excellence and spiritual growth, reinforcing our collective commitment to the Community's mission.

ALLAH

Indeed all praise belongs to Allah, Who has bestowed upon the Ahmadiyya Muslim Community boundless grace and mercy enabling us to grow, thrive and serve the Community with unwavering faith and dedication. The countless achievements and progress we witness today are a testament to Allah's infinite blessings and the tireless efforts of our devoted members under the guidance of the divinely appointed Khalifa. May we always do justice to these blessings by leading the world in propagating the true message of Islam. Let us steadfastly adhere to our motto, **"Love for All, Hatred for None,"** promoting peace, understanding, and compassion across all nations and communities. Through our words and actions, may we reflect upon the teachings of the Holy Prophet Muhammad^(sa) and the Promised Messiah^(as), embodying the values of mercy, justice and humility. As we move forward, may Allah continue to guide and bless our efforts, enabling us to continually spread the light of Islam to all four corners of the world as prophesied by the Promised Messiah^(as). Let us remain united in our mission, dedicated to serving humanity and ever grateful for the divine support that empowers us. With Allah's grace, may we fulfil our responsibilities with sincerity and excellence, becoming true ambassadors of His message and beacons of hope in a world yearning so much in the present global climate, for Love for all, hatred for none.

May Allah also enable us to fulfil the objectives of this 45th National Shura with success.

REPORT OF THE MANAGEMENT COMMITTEE

The members of the Management Committee are pleased to present their report together with the financial statements of the Association for the year ended 30 June 2024.

Legal and administrative information is set out on Pages 2 and 3 and forms part of this report. The financial statements have been prepared in accordance with the accounting policies set out in the notes to the financial statements and comply with the charity's governing document, the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006, the Charities (Accounts and Reports) Regulations 2008, the Charities Act 2011 and the Statement of Recommended Practice on Accounting by Charities (SORP) 2005.

Objectives and Activities

The objects for which the Charity is established are:

- the propagation of Islam as expounded by Mirza Ghulam Ahmad of Qadian, the founder of the Ahmadiyya Movement, and his successor, the Khalifatul Masih and generally to promote comparative study of religion.
- the advancement of education amongst the members of the Association and such other persons as the Management Committee of the Association may determine from time to time.
- the provision, as far as possible, of maintenance of orphans and widows and for such other persons as are unable by reason of some physical or other infirmity or handicap to maintain themselves.
- The relief of poverty.

The activities of the Association are as follows:

- Propagation of Islam.
- Building of mosques.
- Religious education institute for missionaries, Waqf-e-Nau and other children.
- Training of Ministers of Religion and maintenance of a religious seminary.
- Assistance to deserving and needy for instance following natural disaster.

A comprehensive Annual Report of the activities of the Association can be obtained on request from the General Secretary of the Association.

Financial Review

The Association is reliant entirely on voluntary donations from its members in the United Kingdom. The general public is not solicited for funds for attaining the objectives of the Association. The total income for the year amounted to £29,819,493 (2023: £26,406,888). The Statement of Financial Activities includes further details. The amount expended in pursuit of the charitable objectives during the year was £27,797,974 (2023: £25,892,653) up from the previous year largely following ease of Covid-19 restrictions curtailing some events and the Association's activities.

Structure, governance and management

The Association is an unincorporated charity and is governed by a Trust Deed or its Constitution which sets out its objects and powers. The Constitution of the Association was adopted on 21 April 1987 and the Association was registered as a charity by the Charity Commission (No 299081) on 11 May 1988. The original Constitution was amended on 27 June 2010 by incorporating the appointment of

additional Trustees, making changes required in the event of liquidation to comply with Section 7 of the Charities and Trustees Investment (Scotland) Act 2005 and widening the scope of activities to cover the whole world. In view of the Covid-19 pandemic, the Annual General Meeting (AGM) had to be delayed to December 2020 and following a resolution adopted by an overwhelming majority, the Constitution was further amended by building emergency resilience to permit virtual meetings to be held, permitting the AGM to be held at any time instead of the first half year, allowing votes to be cast by digital means instead of by show of hands, making minor changes to the Trustees and Members' Council and permitting deeds to be signed on behalf of the Association by specific Trustees instead of all Trustees. Under the Constitution, the members of the Majlis Amila comprise the Trustees and constitute the Management Committee that is elected every three years at the Majlis Shura (Consultative Council whose members are elected office bearers and missionaries) which is held once a year. The day to day administration of the Association is carried out by the Management Committee which meets once a month. Administration cascades down into local branch office bearers who are also elected every three years.

Ahmadiyya Muslim Jarna'at (Scotland) Limited [AMJ (Scotland Ltd)] Charity Number SC050163 and Company No SC649886 was registered as a separate entity with the OSCR (Scottish regulator) to look after the affairs of the Community in Scotland and commenced its charitable work with effect from July 2020.

Pursuant to a meeting of the Trustees held on 2nd March 2024, it was resolved unanimously to transfer the assets and liabilities of the Association with effect from 1st July 2024, to a new Ahmadiyya Muslim Association United Kingdom, a Company Limited by Guarantee, incorporated on 24th May 2024, Company Registration Number 15739547. Permission for this transfer was obtained from the Charities Commission in England and Wales and the new company registered as a UK Registered Charity Number 1208543. This change enables the incorporated charity to be run by a slimmed down Board of Directors and Trustees of the unincorporated charity becoming its Members who each guarantee a nominal £1 capital. Apart from the new structure, there will be no change in its policies or principal objectives of the new entity, the manner in which it deals with its members and the public and its day to day transactions and their control and reporting.

The Management Committee has formally established a sub-committee, "The Finance Committee", which deals with the day-to-day financial matters of the Association. The Finance Committee presents its significant approvals to the Management Committee each month and also prepares the annual Income and Expenditure Budget for the approval of Majlis Shura (Consultative Council). The Finance Committee normally meets once a week and comprises:

- | | | |
|----|---------------------------------------|--------------------------|
| 1. | Mr Rafiq Ahmed Hayat | <i>President</i> |
| 2. | Dr. Maqbool Sani Sethi | <i>General Secretary</i> |
| 3. | Mr Mohammed Nasser Khan | <i>Vice President</i> |
| 4. | Mr Sultan Lone | <i>Finance Secretary</i> |
| 5. | Malik Mohyuddin Muhammad Abdullah ... | <i>Accountant</i> |
| 6. | Mr Irfan Chaudhry | <i>Treasurer</i> |
| 7. | Mr Abdullah Jheengoor | <i>Internal Auditor</i> |

The induction process for a newly appointed member of the Majlis Amila (Management Committee) comprises an initial meeting with the Amir (National President) followed by a review of the written prescribed powers, the responsibilities of the appointed member of the Management Committee and the role of the Finance Committee. Information supplied as part of the induction process includes

a copy of the relevant responsibilities for a post within the Association, a copy of the latest annual report and financial statements, a copy of the Charity Commission's guidance "The Essential Trustee: What You Need to Know" and HMRC's "Fit and Proper Person." All secretaries are required to submit to the National President of the Association a report of their monthly activities and report periodically to the Management Committee their plan of set targets and report their progress in attaining such targets. Minutes of the monthly Management Committee are circulated to its members and approved by the Amir (National President).

Statement of Management Committee's responsibilities

The Management Committee is responsible for preparing the Annual Report and Financial Statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice. The Constitution of the Association requires the Management Committee to prepare financial statements for each financial year which give a true and fair view of the state of the Association's financial activities as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the Management Committee should follow best practice and:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- follow applicable accounting standards and statements of recommended practice; and
- prepare the financial statements on the going concern basis unless it is inappropriate to assume that the Association will continue on that basis.

The Management Committee is responsible for ensuring that proper accounting records are kept which enable it to ascertain and disclose with reasonable accuracy the financial position of the Association and which enable it to ensure that the statements comply with applicable law. It is also responsible for safeguarding the assets of the Association and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Risk management

The Management Committee has overall responsibility for ensuring that the Association has appropriate system of controls, financial and otherwise. It is also responsible for safeguarding the assets of the Association and hence taking reasonable steps for the prevention and detection of fraud and other irregularities and to provide reassurance that;

- its assets are safeguarded against unauthorised use or disposition;
- proper records are maintained and financial information used within the Association or for publication is reliable;
- the Association complies with relevant laws and regulations; and
- capital projects are controlled by a Capital Projects Development Committee whilst a Purchasing Committee seeks tenders and places orders on the best quote obtained.

As part of the Association's risk management process the Managing Committee acknowledges its responsibility for the Association's system of internal control and reviewing its effectiveness. It is also recognised by the Management Committee that such a system is designed to manage rather than eliminate the risk of failure to achieve the Association's objectives and can only provide reasonable, not absolute, reassurance against material misstatement or loss. The Management Committee, through the Finance Committee, has set policies on risk and internal controls which cover the following:

- the responsibility of management to implement the Management Committee's policies and identify and evaluate risks for their consideration on an ongoing basis;
- consideration of the type of risks the Association faces;
- the level of risks which they regard as acceptable;
- the likelihood of the risks concerned materialising;
- the Association's ability to reduce the incidence and impact on its activities of risks that do materialise;
- the costs of operating particular controls relative to the benefits obtained; and
- arrangements for monitoring and reporting risk and control matters of importance, together with details of corrective action being undertaken.

As part of the above process the Finance Committee has considered the major risks to which the Association is exposed and has reviewed those risks and established systems and procedures to manage those risks.

Reserves

Restricted funds continue to include funds designated for specific purposes, for instance, for disaster relief or for Zakat, that can only be expended for specific purposes. Restricted funds include funds otherwise committed for mosques that await completion. The Finance Committee considers that, given the nature of the Association's regular income, the funds at its disposal are sufficient to meet all its needs.

Investments

Investment decisions are taken by the Finance Committee.

Public benefit

In shaping our objectives for the year and planning our activities, the Trustees have considered the Charity Commission guidance on public benefit and believe that the Association meets the necessary requirements. The remainder of this report and the separate Annual Report clearly illustrate the benefit to the public at large from the activities undertaken by the charity. Humanity First, an independent charity, receives human resources and financial aid from the Association, which also funds many of their projects and disaster aid schemes. Humanity First (HF) started formally as a registered charity in 1994 in the UK. Since its inception, HF has responded to several disasters and served hundreds of thousands of victims in various affected communities and has undertaken several sustainable human development projects and initiatives worldwide. Humanity First has provided humanitarian aid for 26 years across 54 countries, including 15,315 free eye surgeries..

Environmental responsibility

The Association promotes an equal awareness of its members to improving both spiritual and physical environment. In contributing to reducing the carbon footprint, the Association has invested in solar panels on its main centre in Baitul Futuh with electricity generated being contributed to the national grid and similar panels on its new capital projects. The Association uses LED lights and recycles waste in all its centres. The Association's members have planted many trees in various areas of the UK. A number of our centres provide electric charging of vehicles and the Association promotes environmentally friendly modes of transport. The Annual Convention site has had underground drains to reduce soil erosion following rainfall. The Association's seminary in Hampshire will have water drawn from the ground. There is a

comprehensive plan for constant educating, training and reformation of members to look after the environment and aspire to higher moral values.

Going concern

As the Trustees of the Charity have made arrangements to transfer the Chartable Undertaking of the Charity to a new incorporated charity, the Trustees are required by FRS 102 and the Charities SORP to prepare the financial statements for the year ended 30 June 2024 on the basis that the Charity does not meet the definition of a going concern. No material adjustments arise as a result of ceasing to apply the going concern basis.

Significant event

Following the fire at the Association's Baitul Futuh complex that destroyed the administrative block, John McAslan & Partners, a firm of leading architects, were asked to develop new designs for the huge complex and following planning approval work is at the date of this report on this flagship community centre of the Association has been completed and plans have been drawn for additional accommodation and canteen facilities near the entrance of this centre.

Auditors

A resolution to reappoint Macalvins Chattered Accountants as auditors for the ensuing year will be proposed at the next meeting of the Management Committee.

Approved and authorised for issue by the Management Committee and signed on its behalf on 27 March 2025.

Dr. Maqbool Sani Sethi
General Secretary

REPORT OF THE INDEPENDENT AUDITORS TO THE TRUSTEES OF AHMADIYYA MUSLIM ASSOCIATION – UNITED KINGDOM

Opinion

We have audited the financial statements of Ahmadiyya Muslim Association – United Kingdom (the 'Charity') for the year ended 30 June 2024 which comprise the Statement of Financial Activities, Balance Sheet, Cash Flow Statement and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 30 June 2024 and of its incoming resources and application of resources (including its income and expenditure) for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011, the Charities and Trustee Investment (Scotland) Act 2005 and Regulation 8 of the Charities Accounts (Scotland) Regulations 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter – basis of accounting

We draw attention to Note 15 to the financial statements which explains that the Trustees of the Charity have made arrangements to transfer the Charitable Undertaking of the Charity to a new incorporated charity, and that the Charity does not, therefore, meet the definition of a going concern.

Accordingly, the financial statements have been prepared on a basis other than going concern as described in Note 15.

Our opinion is not modified in respect of this matter.

REPORT OF THE INDEPENDENT AUDITORS TO THE TRUSTEES OF AHMADIYYA MUSLIM ASSOCIATION – UNITED KINGDOM

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities (Accounts and Reports) Regulations 2008 and the Charities Accounts (Scotland) Regulations 2006 require us to report to you if, in our opinion:

- the information given in the trustees' report is inconsistent in any material respect with the financial statements; or
- sufficient and proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditor under section 144 of the Charities Act 2011, and section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005, and report in accordance with the Acts and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we considered the following:

- the nature of the charity and sector in which it operates, control environment and financial performance including the design of the charity's remuneration policies, key drivers for staff remuneration, bonus levels and performance targets;
- the results of our enquiries of the trustees about their own identification and assessment of the risks of irregularities;
- the process for identifying, evaluating and complying with laws and regulations and whether the trustees were aware of any instances of non-compliance;
- the process for detecting and responding to the risks of fraud and whether the trustees have knowledge of any actual, suspected or alleged fraud;
- the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations.

These matters were discussed among the audit engagement team regarding how and where fraud might occur in the financial statements and any potential indicators of fraud.

As a result of these procedures, we considered the opportunities and incentives that may exist within the organisation for fraud. In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override.

We also obtained an understanding of the legal and regulatory frameworks that the charity operates in, focusing on provisions of those laws and regulations that had a direct effect on the determination of material amounts and disclosures in the financial statements. The key laws and regulations we considered in this context included United Kingdom charity law and other relevant legislation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditors-responsibilities. This description forms part of our Auditors' Report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008 and Regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an Auditors' Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities SORP (FRS102). AMA UK meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated..

Going Concern

The Trustees of the Charity have made arrangements to transfer the Charitable Undertaking of the Charity to a new incorporated charity. This means that the trustees are required by FRS 102 and the Charities SORP to prepare the financial statements for the year ended 30 June 2024 on the basis that the Charity does not meet the definition of a going concern.

No material adjustments arise as a result of ceasing to apply the going concern basis.

Incoming resources

Income represents amounts voluntarily contributed by members of the Ahmadiyya Muslim Association United Kingdom. Donations are recognised on receipt.

Pensions

Contributions to the charities' nominated defined contribution pension scheme are held by a third party provider and are charged to the SOFA as they arise and are payable in the year.

Tangible fixed assets and depreciation

All assets costing more than £1000 are capitalised and valued at historic cost. Depreciation of Fixture Fittings & Equipment and Motor Vehicles has been charged on a straight-line basis at a rate of 33.3% over their estimated useful life of three years.

Land and Buildings

Land and buildings are stated at historical cost, except for the London Mosque complex, which is shown at its 30th April 1979 valuation of £460,500.

No depreciation is provided on freehold land.

Depreciation is not provided on freehold buildings as the residual value is deemed to render any depreciation charge immaterial.

From 1 July 2011, depreciation is not provided on leasehold properties as it is considered to be immaterial.

Stock

Books and publications purchased for resale are charged to the revenue account during the year of purchase. Stock in hand value is ignored, it being immaterial.

Foreign currencies

Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction

Mosque Funds

Donations received for mosque funds that are yet to begin or undergo construction are treated as restricted funds. Upon completion of the mosque project, the relevant mosque fund is transferred to unrestricted funds. Any donations received for these completed mosque projects are also classified as unrestricted funds.

Ahmadiyya Muslim Association United Kingdom

Notes to accounts

for the year ended 30 June 2024

ACCOUNTING POLICIES (continued)

Funds structure

Restricted funds are spent for the purpose for or in accordance with specific instructions of the donor.

Unrestricted income funds comprise those funds which the management committee are free to use for any purpose in furtherance of the charitable objects. Unrestricted funds include funds that had initially been designated for the purchase and construction of a specific mosque but after completion and inauguration of the mosque, the donation is transferred to unrestricted funds. Subsequent to inauguration the funds having been deployed to bricks and mortar are no longer restricted or refundable and are transferred to unrestricted reserves. Thereafter, day to day maintenance and renovation is subsequently funded by routine operating expenditure.

Further details are disclosed in notes 6 and 7.

Volunteers used - significant nature of their work.

The Charity benefits greatly from the involvement and enthusiastic support of many of its volunteers, details of which are given in our annual report. In accordance with FRS 102 and the Charities SORP (FRS 102), the economic contributions of general volunteers is not quantified by a product of hours worked or a wage rate and is not recognised in the accounts.

Financial instruments

The Charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

	1,840,450	2,101,402

4.1 Amanaat fund

These are funds advanced by the members to the Association and are held on trust.

5 Revaluation Reserve

This represents the insurance value of the London Mosque Complex, as at 30th April 1979.

6 Restricted Fund		Balance at 01/07/23 £	Incoming resources £	Resources expended £	Transfers £	Balance at 30/06/24 £
UK Mosques Fund (note 6.1)		14,353,188	1,294,941	-	-	15,648,129
Baitul Futuh Mosque Fund (note 6.2)		31,594,776	-	-	(31,594,776)	-
		45,947,964	1,294,941	-	(31,594,776)	15,648,123

6.1 UK Mosques Fund

This fund was launched in November 1979 to acquire suitable premises for use as Mosques and Mission Houses in the United Kingdom for the benefit of members.

6.2 Baitul Futuh Mosque Fund

This fund was launched in February 1995 to acquire and develop a new mosque complex for the London Region in view of the growing needs of the UK Jamaat.

The new mosque was completed in November 2023 and therefore, in accordance with charity law and the Charity's accounting policies the funds that were originally classified as restricted funds have been reclassified by the Trustees as undesignated funds.

13 Auditors remuneration

	2024 £	2023 £
Audit fee	30,000	30,000
	<u>30,000</u>	<u>30,000</u>

Ahmadiyya Muslim Association United Kingdom

Notes to accounts

for the year ended 30 June 2024

14 Post Balance Sheet Events

The Trustees of Ahmadiyya Muslim Association United Kingdom (an unincorporated charity) resolved, pursuant to the Charitable Objects of the Charity and the power contained in Article III(B)(e) of its constitution to transfer the Charitable Undertaking of the Charity to a new incorporated charity named Ahmadiyya Muslim Association United Kingdom (Registered Company Number: 15739547, Registered Charity Number: 1208543). The agreement to transfer the Charitable Undertaking was made under a deed of transfer dated 28 June 2024.

The Trustees of Ahmadiyya Muslim Association United Kingdom (the unincorporated charity) effected the transfer to the new incorporated charity of all of the assets of the Charity which were capable of being transferred without further formalities or documentation on 1 July 2024 and proceeded to make arrangement for all other assets to be transferred as soon as reasonably practicable thereafter.

The new incorporated charity has undertaken to be responsible for and duly to discharge all of the liabilities of the Charity.

15 Going Concern

As stated in Note 14, the Trustees of the Charity have made arrangements to transfer the Charitable Undertaking of the Charity to a new incorporated charity. This means that the trustees are required by FRS 102 and the Charities SORP to prepare the financial statements for the year ended 30 June 2024 on the basis that the Charity does not meet the definition of a going concern.

No material adjustments arise as a result of ceasing to apply the going concern basis.

Report by the National UK Amir

Mr Rafiq Ahmed Hayat

We reproduce below an extract from the Annual Report of the Ahmadiyya Muslim Association UK (the 'Association') for the year ending 30th June 2023 presented by Mr Rafiq Ahmed Hayat, Amir (National President) UK at the 44th Majlis Shura (Consultative and Advisory Council) UK held between 20th and 21st May 2023 in Tahir Hall, Baitul Futuh Mosque, Morden, incorporating the Annual General Meeting that included elected Presidents, representatives of local branches of the Association from UK, members of the Executive Committee of the Association, special invitees from the Association's auxiliary organisations and was also attended by nominated guests.

ANNUAL GENERAL MEETING

We are once again very blessed to hold the 44th National Majlis Shura (AGM) of the UK in person and I welcome you all. Last year's AGM was very special as it not only marked the centenary of the institution of the Majlis-e-Shura but we were blessed to have His Holiness, Huzoor-e-Aqdas^(aba), Supreme Head of the worldwide Ahmadiyya Muslim Community, attend and give us his instructions for the coming year.

COVID

Covid may seem like a distant memory. Whilst things are improving, we still have to be very careful because the disease has not gone away and people, particularly those who are vulnerable, are still prone to the serious effects of this pandemic. As the government has relaxed the Covid protocols, we have also implemented some of their recommendations but we should still observe basic rules of wearing masks when appropriate and called for and avoid shaking hands wherever possible. It is however, pleasing, reassuring and most welcome to see that our mosques are now being populated with congregational prayers and hub of activities that were so sorely missed.

Events like the Big Iftar, Ijtemas, Eid and most recently the King's Coronation attracted large numbers and Jalsa Salana UK 2023 is being prepared for a 50,000 attendance as we welcome thousands of international Jama'at members who have been unable to attend for these last two years because of a number of restrictions caused by Covid.

Whereas in the previous year, most of our meetings were virtual now, we have now reverted to physical meetings and all members are now allowed back into the mosques, so there is no restriction on elders or children any longer. We are preparing for a busy year ahead. Already we are facing an economic downturn, increasing cost of living and unfortunately, increased persecution in certain parts of the world.

PASSING OF HER MAJESTY QUEEN ELIZABETH II

Her Majesty Queen Elizabeth II's passing was one of the significant events last year. She reigned for a very long time in a sincere and kind manner. This was a great loss not only to this country but also other countries around the world where she was held in great respect. She also extended to the people of this world, her peace and humility. We had the pleasure of meeting the new King, His Majesty Charles III. He is knowledgeable about our community, and we hope to collaborate with him and his team in the future to try and build a peaceful and harmonious community in the United Kingdom.

COST OF LIVING CRISIS

A consequence of the war in Ukraine is that the cost of living particularly the cost of basic food and utilities has increased substantially throughout the world. Therefore, we established food banks around the UK where people donate food items in order to meet the needs of the less fortunate members of both Ahmadis and non-Ahmadis. This project is supporting many people throughout the UK. 'Warm Rooms' is another project we have launched. This project enables senior citizens to visit and stay for a while during the day in a welcoming setting where they can interact with people who are of a similar age. We offer refreshments, TV and other amenities so that people can leave their houses, where some of them live in confined spaces. By visiting the mosque, they can take part in some social activities while also enjoying refreshments in a warm setting. We also provide warm food for those families that need help and support. This has been taking place for several months now, particularly during Ramadan where we identified all those families with elderly people who could not care for themselves and we tried and gave them warm food and other assistance. During Ramadan, we remembered those who have passed away by reassuring families that we have not forgotten them and we are with them in their difficult periods.

I will now present very briefly the work of the UK Jama'at this last year

TABLIGH (PREACHING AND PROPAGATION)

Our Outreach Department excelled with all their busy activities over the year. On 26 March 2022, the Stop WW3 Campaign was officially launched at gatherings across the nation. The largest 27 UK cities and towns, including London, Birmingham, Manchester, Glasgow, Belfast, Cardiff, Leeds, Bristol, Edinburgh, and Newcastle, all hosted events. 100,000 leaflets were distributed. The message also reached a large number of people via the media. For the beginning of the nationwide campaign in London, close to 1,000 people gathered in Parliament Square, Westminster. The number of tweets from members was 47,900 while the potential reach was 8,100,000 from all tweets made. A week-long intensive 'Discover Islam' campaign was held in Portsmouth. During the holy month of Ramadan, the National Tabligh Department held a wide range of activities and events. With the Covid pandemic receding, a number of physical events including Iftar events, National Fasting Challenge and Mosque Tours. A physical Big Iftar for Tabligh guests was held in Baitul Futuh and Darul Aman, Manchester. The event was promoted through local branches, social media and Eventbrite. The theme of both events was 'Finding God- Finding Peace', which echoed the message of His Holiness that the world must turn to its Creator to establish peace in the current day and age. A physical National Tabligh Seminar was held after a two-year break at the Baitul Futuh Mosque complex on 27th November 2022. Many articles were published on the Rational Religion website throughout the year. For the 'True Islam' Website, a redesign of the website was finalised with the establishment of a regular monthly in-depth refutations article. The establishment of a weekly livestream from the YouTube channel, enabling us to produce regular content. Production of regular short-videos, approximately 5 – 10 per week, are uploaded to our various social media platforms.

VIRTUAL AUDIENCE WITH HIS HOLINESS

The UK National Executive Management Committee, Missionaries, Presidents, Waqf Nau Children, Pan African Association, and the auxiliary organisations were all very fortunate to have virtual Mulaqats (audience) with His Holiness during this year. All three auxiliary organisations were also addressed by him at their annual rallies that were well attended.

JALSA SALANA (ANNUAL CONVENTION) 2022

In contrast to 2021 with only 9,000 attendees and was a strictly controlled event due to Covid restrictions, in 2022 all UK members were permitted: our attendance was just under 30,000 and we were able to carry out a full Jalsa, albeit without the international guests. Members of the Management Committee had liaised with East Hampshire District Council for site planning permission, highways, AA and the police to ensure that plans for traffic control, car parking and security are understood and agreed with the authorities. Several meetings were held with the local neighbours of Hadeeqatul Mahdi to minimise any complaints. By the grace of Allah the Almighty, the Jalsa was a great success. I would like to take this opportunity to thank Afsar Jalsa Salana – Mr Nasser Khan, Afsar Jalsa Gah – Dr. Zahid Khan, Afsar Khidmat Khalq – Mr Abdul Qudoos Arif and Nazima Ala Lajna Imaillah – Dr Fariha Khan and their assistants and teams. At the 2021 Jalsa Salana UK, the very heavy rain caused a lot of inconvenience. We surveyed the whole Convention site to install land drains to remove surface water. This will be beneficial in the future. This work has primarily been completed in the main arena but continues in other parts of Hadeeqatul Mahdi, including the car parks.

BAITUL FUTUH REDEVELOPMENT PROJECT

Construction of the Baitul Futuh administrative block was a significant project that lasted for a number of years. On 4th March 2023, Huzoor-e-Aqdas(aba) officially inaugurated the building. Huzoor-e-Aqdas(aba) said that whilst our opponents were celebrating the building burning down with 'Alhumdullillah', their concern had been why the mosque itself did not burn down. But Insh'Allah, we will build a beautiful building. And everyone will say 'Alhumdulillah' (All Praise Belongs to Allah) and 'SubhanAllah' (Holy is Allah). For this redevelopment, by the grace and blessings of Allah, the UK Jama'at made huge sacrifices. The building was designed by John McCaslan Architects and is a truly magnificent structure in every way. This is a great blessing of Allah and the acceptance of the prayers of our beloved Khalifa. The national administrative building has been completed and is now in use. It comprises 5 floors, offices and exhibition facilities on the two mezzanine floors either side of Nasir Hall and Noor Hall on the first floor with offices and further national offices on the second floor, dormitories and en-suite guest rooms on the third and fourth floors for the guests that come to meet His Holiness. Following its inauguration, His Holiness also led the first Friday prayer after Covid at Baitul Futuh Mosque on Friday the 7th of April 2023 attended by some 11,000 people filling the whole complex: it almost felt like it was an Eid day. We still have further work to be undertaken on the security block. Approval has been obtained for two kitchens, a dining room, some accommodation and a bookshop which will start in the near future.

MOSQUE BUILDING PROGRAMME

During the construction of the administrative block at Baitul Futuh Mosque, Mosque programmes in general were put on temporary hold but have now resumed. Two mosques have been completed – one in Scunthorpe (*photo right*) and the other in Spen Valley. We will have their inauguration during this year. We will also be starting the construction of the Mosques in Huddersfield and Cardiff in the very near future. We have also been very fortunate to now acquire the first centre in

Northern Ireland where the Jama'at was established a couple of years ago. We have been able to acquire a four-bedroom house with a lot of facilities and this will become a very important location for the spread of Islam and Ahmadiyya in Northern Ireland. With Allah's blessings, we were also able to acquire a site in Doncaster. We have made an offer for a church building in Stevenage and currently await a final decision. However, when looking for a site, it should be realistically possible to purchase since there are no reserves of money available from which to assist branches in acquiring new properties. Such projects brought to the Finance Committee should be self-financing.

CHILDREN CLASSES

During Covid, we felt that our younger generations had lost some contact with the mosques. Children's classes held 4 days a week have been started throughout the United Kingdom. Children are taught the Holy Qur'an on two of those days, Islamic teachings on another day and a day is specifically reserved for sports. Our children live in the world of media and spend too much time in front of the screen. An objective of this class is to remove them from the screens for at least four days a week during prime time and get them to come to the mosque where they can meet others of the same age group. This will give them an opportunity to forge good friendships and, at the same time, learn the Holy Qur'an, Islamic teachings and undertake sports. Another objective was to populate our mosques with people coming for prayer. We have noticed a significant increase in our attendance thanks to these classes. Parents who bring children to these classes can participate as well because some mosques have classes set up for them.

INTERNATIONAL TA'LIM AND QUR'AN ACADEMY/ NOOR ACADEMY/AISHA ACADEMY

For the Ta'lim (education) and Tarbiyat (reformation) of children, we have been running the ITQA Academy now for several years and some 3,000 children from around the world are benefiting. The Academy has primarily been staffed by people from the UK. People from 20 countries in the world are benefiting from this, some on a one-to-one basis and others who are attending the class based virtual lessons. We also have the Noor Academy where some 700 students are enrolled in the UK. We have professional teachers who cover both academic and spiritual topics. It is our intention to increase the number of students to over 2,000 in the near future. We also have the Aisha Academy where physical classes have been taking place. However, more people are also joining virtually and we are reviewing our options to see how far we can extend this service to accommodate others.

TA'LIMUL QUR'AN (TEACHING OF QUR'AN) AND WAQF ARZI (TEMPORARY DEVOTION)

The department is responsible for promoting and monitoring the learning and teaching of the Holy Qur'an amongst our members. To facilitate this, they have organised a series of Nazirah Courses (reading and reciting Arabic text, known as G-classes) throughout the year to cater for the needs of children of all age groups in addition to classes for men and women to educate and raise the level and awareness of the Qur'an. The Department visited a number of local branches throughout the UK. The Al-Hafizoon Hifzul-Qur'an Programme (memorizing the recitation of the Qur'an) has continued its classes online, over phone portal and physical classes at Baitul Ehsan. Students are making good progress. During Ramadan 2022, seven students also led Tarawih (late night prayers) at different places. 3 boys were able to complete their entire Hifz of the Holy Qur'an in 2.5 years and led Tarawih prayers in Masjid Fazal for the whole of month and completed the first 15 parts collectively. The Department has also created three useful apps which provide easy access to all our prepared videos and material for learning and teaching the talaffuz (pronunciation) and Tarjama (translation) of the Qur'an. These apps are available both on android and apple platforms. To facilitate learning the split word translation of the Holy Qur'an, a new Quiz programme has been initiated in multiple choice (MCQ Qur'an Quiz Programmes and Apps) format for the entire second chapter of the Qur'an comprising 40 Quizzes. Each Quiz comprises 10 questions. Further chapters will be added soon. The Department were also busy in the Waqf Ardi scheme encouraging members to devote their time and skills in various projects of the Association.

CENSUS

For the last couple of years, we have also been undertaking an updated database of our members in the UK. So far 27,000 forms have been returned but many are still outstanding. Due to new data protection rules, if members do not tick the consent box, we are forced into a situation where we cannot convey any information to them. This will eventually result in us having to suspend their AIMS number with all its consequences. I urge Presidents to make extra effort to encourage the members to complete the form. Otherwise, we may have to suspend their cards impacting access to various events.

TA'LIM AWARDS

We read the names of the successful candidates at Jalsa and the awards were to be presented at the rallies of the auxiliary organisations. Many UK students, excelled in their chosen subjects. This is a great pride for our community that we continue to see more and more of our children achieving high academic and professional standards.

JAMIA (RELIGIOUS SEMINARY)

I also acknowledge the Waqf Nau (new life devoted) children who are entering Jamia. This is a great institution and after 7 years full-time education in it, we are getting some very knowledgeable and talented young missionaries. They are a source of pride for us and a benefit across the UK. As our immediate demand for locally trained missionaries has largely been met, His Holiness is keen that we should produce great academics. Therefore, the standard of entry to Jamia has been raised to 'A' level students. In the future, we hope to produce more scholars with specific areas of expertise.

OFFICE BEARERS REFRESHER COURSE / VISITS TO JAMA'ATS

Following the elections in 2022, the new elected National Office Bearers, have been organising Refresher Courses for their counterparts at the local level and Presidents who have taken office for the first time. Therefore, the need for training was very important to clarify their respon-

sibilities. Additionally, they have been visiting the branches as part of a pre-arranged programme. The main purpose of these visits was the opportunity to meet the office bearers and address various issues and convey instructions on various key matters. This gave me the chance to meet different people, listen to their issues and concerns and offer them support.

NEW ARRIVALS

Another benefit of these visits was that I got to meet many New Ahmadis who had recently migrated to this country. These include people in the medical field, technology, IT, and various other specialist fields. Another area where the government has relaxed its rules is for students. Some 500 to 600 people have taken advantage of these schemes in the past. We have asked all branches to work very closely with the new arrivals and integrate asylum seekers into the community as quickly as possible. Some of them will have issues that need addressing, and others will have other challenges, particularly the training of their children and we need to help the people overcome these sooner rather than later.

RAMADAN (MONTH OF FASTING)

We have been able to commence Dars (discourse on a commentary of the Holy Qur'an) during Ramadan throughout the UK. Taraviah (late night prayers) were also offered in all of our Mosques. Itikaf (prescribed days of meditation) has resumed this year after a pause caused by Covid. People are coming to the Mosque in large numbers and mosques are so full that sometimes individuals are offering their prayers outside Fazal Mosque.

SAFEGUARDING

With legislation on safeguarding becoming very strict, especially in relation to charities, we have instituted a training programme for all office bearers throughout the UK. We have also bought online courses which office bearers need to complete. At the same time, our Safeguarding Lead, has been travelling to the Regions to conduct training sessions for the local office holders. We must make sure that all office holders who would be required to work with children or vulnerable adults complete this training. DBS checks are done as part of this procedure.

AIMS DATA BASE

IT committee has been extremely active throughout with their continued support and services. The AIMS team continued to provide support for the AIMS application used by major national departments and local Jama'ats. The team gained approval for implementation of ABS (AIMS Branch System). This facility enables direct access between the central AIMS system and local Jama'at finance secretaries and will greatly improve the ability to report on financial matters in real time.

GENERAL SECRETARY

Throughout the year, the General Secretary Department was continuously busy. They coordinated the President's virtual audience with His Holiness and the National President's meetings with the Presidents of branches; organised Annual General Meeting and elections for the Management Committee; arranged the UK-wide elections for local office bearers; improved the National Reporting and Communications System (NRCS) and developed a smartphone app to make it simpler for local office holders to submit their reports. This system is used by 98% of the branches to submit their monthly reports on a regular basis. Over 40,000 letters, emails, and texts were sent. They also administered the hall booking system and were involved in the Census Update Project and compiled the annual report.

TARBIYAT (TRAINING AND REFORMATION)

Tarbiyat Department regularly communicate with the local Tarbiyat Secretaries to build trust and good relationships between the Centre and them. 164 Tarbiyati sessions were held to encourage local branches; ran a significant campaign called 'Filling the Mosque Campaign - Fajr Project.' They put a lot of effort into this campaign, beginning with Baitul Ehsan, where the attendance during the Fajr prayers significantly increased. This initiative has been extended to include other Mosques. Every two months, the Ashra (10 days) Salat (obligatory prayers) Campaign is also carried out. The department also frequently checked local branches to make sure that Islahi (reformation and mutual reconciliation) Committee meetings were being held. The Department also conducted pre and post-marriage counselling, broadcast Friday sermon summaries, managed the 'Islam Unravelling Project', and coordinated Ramadan preparations.

TA'LIM (EDUCATION)

All branches have received updated copies of the Annual Education plan. The new syllabus for stages 1, 2, and 3 is ready for printing. The Department has developed strong relationship with the local Ta'lim Secretaries. Online lessons were transferred to the Noor Academy. A comprehensive plan was made for the Ta'lim Awards and the Ta'lim Awards Committee met to determine the criteria. The Department was also involved in the Noor Academy, Islam unravelled website, the Holy Qur'an, training and education classes committees to name a few.

FINANCE

It is gratifying to note once more that members of our community continue to make substantial financial sacrifices despite the significant financial and economic challenges many are facing especially with the increased costs of living. We, however, continued to observe a rise in obligatory donations year over year. Our online donation site keeps bringing in a significant amount of income from both existing and new members throughout the UK. The Department worked hard to manage spending, paying particular attention to the national department's approved budgeted expenditures, salaries, utilities and mission/branches throughout the UK, in accordance with the Centre's directions. Our regions and branches all around the UK continue to support the welfare of numerous families and members who have difficulty with issues linked to their finances, health, or immigration. The Finance team also ensured that the Association's income and expenditure is processed promptly, ensured the smooth running of the financial operations and maintained governance of a high standard.

DIYAFAT

The Diyafat Team carries out an extraordinary role by providing excellent service and quality food for hundreds of thousands of people. It has also been providing food for the homeless throughout the year and of course, events such as Jalsa Salana. and Jalsa Salana Qadian. Furthermore, they provide services in a number of locations, including Islamabad, Baitul Futuh Mosque, Fazl Mosque, Deer Park and Baitul Ehsan. Due to the rising expense of utilities and staff, management decided that only the Tahir Hall would be made available to members for weddings and only on unusual, larger occasions, two halls would be given. Due to the overwhelming number of Jama'at activities, the other halls will only be used for community events. New guest rooms have been built at Baitul Futuh Mosque to cater for a lot of visitors from overseas who need places to stay. Baitul Ehsan will now be served by our expanded accommodation.

SAMI BASRI (AUDIO-VIDEO)

This was another very busy year for the Sami Basri Department. As more programmes are being held in person, the Department continued to serve the Association throughout the year. To make sure that no problems arise and the event is successful, several Sami Basri teams must collaborate effectively when covering live events. For a number of programmes that were held throughout the year, the Department also offered online options for members who were unable to attend in person, as well as supported the event. The work of the Department has been divided into 11 sub-sections in addition to the online coverage setups: Regional Sami Basri Team and female Sami Basri Team, Voice of Islam, AV production, translation, sound systems, visuals, photography, MTA UK, CCTV, and AV installations. The team also handled the Jumuah arrangements at the Fazal and Baitul Futuh mosques, in addition to their heavy load at Jalsa. The Department also visited the branches to meet the local teams and determine what the centres needed. The site visits and assessments are a continuing process, and the department hopes to have visited every mosque and centre in the UK by the end of the year. Following every visit, a report is generated to assist our asset management activities as part of the whole lifecycle support for branches across the UK. The entire team work with complete dedication and all too often very long hours to cover its vast workload.

VOICE OF ISLAM

The other area that is going from strength to strength is the Voice of Islam radio station. This radio station continues to produce very high-quality programmes that not only examines current events in the context of Islamic principles but covers others areas like history and the popular breakfast and drivetime shows. VOI regularly features expert guests from all types of industry-academia, politics and various other sectors. It is now probably the premier Islamic channel in the world. The standard that was set was for it was to compete with Radio 4 and in a lot of ways it has achieved that objective.

HISTORY WEBSITE

This year His Holiness launched our history website. We have done a lot of research on the history of Ahmadiyyat during the time of the Promised Messiah(as). The teams has been able to uncover various things that had not come to light before. They will now focus on the history of the Successors to the Founder and how it affected the UK Jama'at in particular, as well as the rest of the world. Its website is <https://history.ahmadiyya.uk>.

Waqf Nau (NEW DEDICATION)

The Waqf Nau Department has worked diligently throughout the pandemic. One of the main requirements of the scheme is to ensure that the children listen to the sermons, speeches and programmes of His Holiness on a regular basis and this aspect is constantly monitored. The year started with the National Academic competitions for recitation of the Holy Qur'an, English speech, Urdu speech, Nazm (poem recitation) and Hifze Qur'an (memorisation of the Holy Qur'an) across all age groups. This event was held online and each competition for the differing age group was judged by a panel of missionaries. The top position holders from each region at each age group participated in the finals. 250 participants attended the event. Virtual meetings with local office holders are frequently held. Updates are given during these meetings and suggestions are also sought. 24 meetings have taken place over the past 7 months. Another key focus is ensuring the new devotees are integrated in the administrative system of the community or auxiliary organisations. The Department also regularly contacts Waqf Nau members for progress updates on their education and constantly provide advice to children of all ages on their education. A

Waqfeen Nau medics event for boys over the age of 15 was held in London. This event was to explain their role, advise, network, ask questions and inspire attendees. A medics committee has been established to support and encourage new devotees.

WASAYA (WILLS & TESTAMENTARY DISPOSITION)

The Department divided the work into 5 sub-sections: Musis (members who have made a pledge to donate at least 10% of their income and disposable assets on demise to the community) Tajneed (database) and Tracing Section, Hissa Amad (income) Declaration [Schedule C] Section, Hissa Jaidad (assets on demise) and Deceased Musis Clearance Section, Wasiyyat Promoting Section and the General Administration Section. We now have over 8,400 Musis in the UK. The processing of Schedule C (Declaration of Hissa Amad) forms is one of the key responsibilities of the Wasiyyat department. Every musis has an annual obligation to complete and submit a Schedule C form. This year, Schedule Cs were mailed directly to musis or through local presidents for prompt action. 876 individual members were encouraged to do Wassiyat by local Jama'ats since July 2022. 147 local branch meetings were held in which members were encouraged to do Wassiyat. The importance of Wassiyat was emphasised and questions from Jama'at members were addressed in a number of Wassiyat online or in-person meetings with the local branches.

UMUR A'MA (GENERAL AND PUBLIC AFFAIRS)

The Umur A'ama department were very busy during the year and have an extensive workload. During the year, 323 new Asylum cases were registered; 402 applicants were issued letters certifying that they belonged to the community and are actively attached. 1,793 reminders were sent for reports to the relevant sourcing countries; 886 new applications of the Association were received for verification and 7,560 other verifications were processed. The Department was also involved in implementing arbitration board decisions and contacted members who had disciplinary restrictions imposed upon them on how they can reform and be pardoned by His Holiness. The social welfare section collects data and helps members. Members were provided with email links to full-time and part-time jobs in England, Scotland and Wales, and were urged to use the 'find a job' tool to look for and apply for work with government agencies. In November 2022, a pilot project for a 'warm/recreational' room was started in Scout Hall, Baitul Futuh. Elderly men and women are provided with facilities such as a TV, newspapers and magazines along with light refreshments. Till now, 1,155 members have participated in the 'warm room/recreational' activities. Starting in January 2023, we started serving lunch to our outside guests on Wednesdays. The venue has thus far been used by 117 visitors. During this Eid, we presented more than 2,000 gifts of fruit-baskets or cash to a large number of elderly and other people throughout the community.

UMUR KHARIJIYAH (EXTERNAL AFFAIRS)

Another non-stop busy year for the Umure Kharijiyah department. Unfortunately, this has been partly due to the increased persecution against Ahmadis in certain parts of the world. The situation in Pakistan continues to be of great concern and is deteriorating. The authorities continue to attack the community on various fronts. Unfortunately, the police, the judiciary and the national government are all glued together to make life very difficult for all these living in Pakistan. They have used the cybercrime legislation to target our websites around the world and bring cases against senior members of the Jama'at in Pakistan. The Pakistani Government's position does not appear to be changing at all. To address and deal with these issues, engagement with government officials, parliamentarians and others has to be at the highest level and constant. The department has done a superb job in this area.

The Association was on the government's Conference Advisory Committee at a major international conference in July last year at the Queen Elizabeth II Centre in London where 800 delegates attended the event hosted by the Foreign, Commonwealth and Development Office (FCDO). At this event, a video message from His Holiness was played in the main opening session which included messages from HRH Prince Charles, Prime Minister Boris Johnson, and key national faith leaders.

Other important events attended included a Prayer Breakfast hosted by the Bishop of Truro, a reception at 10 Downing Street, a post conference planning meeting at Lancaster House, a reception hosted by the US Embassy in London and a side event on Algeria where an Ahmadi from USA spoke on the Ahmadi persecution.

In February, we were part of a parliamentary visit to Pakistan by the All-Party Parliamentary Group (APPG) for the International Freedom of Religion. It was an extremely useful visit, giving MPs first-hand experience of the issues that Ahmadi Muslims have to deal with. This was a very important visit as 31 meetings were held with officials at the highest levels and a report will be available later in the year. The APPG's aim was to raise the issue of persecution of religious minorities, including Ahmadi Muslims. The Human Rights NGO Minority Rights Group also made an excellent documentary titled 'Section 298' that focuses on the persecution of Ahmadis in Pakistan. It had over 20 screenings at various venues including the UK Parliament, embassies, Frontline Club in London, cinemas and universities across the UK. More screenings are planned for the year.

During this period, we witnessed the tragic events in Burkina Faso where members of the Jama'at were targeted by extremists and nine members of the Jama'at were martyred one after the other having been threatened that unless they changed their faith, they would be killed. This was a unique display of loyalty to their faith and a great example that the martyrs were prepared to give their lives for the sake of their faith. We lobbied the EU and UK government to raise this matter with the government of Burkina Faso. Other instances have occurred in Algeria and Bangladesh where a young Ahmadi was brutally murdered at the Bangladesh Jalsa despite prior assurances from the authorities to hold the event.

There is just so much going on that this department is engaged with regards to lobbying and dealing with such horrific events and persecution and I have just touched upon a small part of their work. Also, the Umur Kharijiyah department are kept very busy at events like the Jalsa, Peace Symposium and the recent inauguration of the new administrative building.

NATIONAL PEACE SYMPOSIUM 2023

The National Peace Symposium was held on the same day as the inauguration of the Baitul Futuh administrative block. More than 1,000 people attended this event after a gap of some years due to the Covid pandemic. The theme for this year's event was 'The Foundations for True Peace.' The recipients of the Ahmadiyya Muslim Prize for the Advancement of Peace, Barbara Hofmann (Mozambique/Switzerland) and Dr Tadatoshi Akiba (Hiroshima/ Japan) attended the event. Stressing the importance of establishing peace, His Holiness said: *"Only in peace lies the salvation of the world. Peace is the golden key to unlocking the door to societal progress and development. When two nations are at war, third parties should seek to bring them to a peaceful settlement. If the aggressor continues to wage war, it is up to other nations to join forces to use proportionate and legitimate means to stop the oppressor. However, once they stop, unjust retribution must not be exacted."*

Rafiq Hayat – National President, AMA UK

Sir Ed Davy – Leader of the Liberal Democrats

PAUL SCULLY MP – Minister for Tech and the Digital Economy at the Department for Science, Innovation and Technology

Barbara Hoffman – Peace Prize winner, 2019

Dr Tadatoshi Akiba – Peace Prize winner, 2022

RISHTA NATA (MATCH-MAKING AND MARRIAGE REGISTRATION)

In the last twelve months the Rishta Nata department has expanded its efforts in helping Jama'at members identify suitable matches for their children. The focus of the department has turned to organising 'Meet & Greet' events throughout the country on a regular basis. The objective of the 'Meet & Greet' events is to provide a platform for our Jama'at members to meet each other in a safe, informal, Islamic manner, hence, removing the pressures that may be made on families when the boy's family visits the girl's house and vice a versa. Four 'Meet and Greet' events have been between February 2022 – January 2023. A dedicated Rishta Nata Marquee was set up at Jalsa Salana. Pop up banners were erected giving information about the department and the Islamic injunctions on marriage. The department also held training and reformation forums highlighting the importance of Marriage. The new website www.rishtanata.org.uk/ was launched containing useful information about Rishta Nata including video clips of guidance from His Holiness. An online registration form was also launched.

SANATO TIJARAT (TRADE AND INDUSTRY)

The most frequent inbound inquiries came from members looking for additional income to help with the cost-of-living crisis. The Department created a handbook for those who want to work from home: this has been highly appreciated. It has assisted the unemployed to help them find work. A 22-week 'Introduction to Coding' course for people interested in software development was successfully completed. On average, 70 candidates participated. Participants with little to no experience were taught the fundamentals so they could begin working as junior front-end developers. The group also included 20 Lajna members. The Department ran two sessions for our PAAMA members focussed on how to start a business: an introduction to starting an online business; the second session was focussed on tips to save money in these high inflationary times. The highlight of the year was the 'Networking and Mentoring Event' at Baitul Futuh Mosque. 434 members pre-registered and a further 130 registered at the door. The response was overwhelmingly positive from all the attendees. A further 'Networking and Mentoring Event' was held in the East region.

ISHA'AT (LITERATURE AND PUBLICATIONS)

The latest edition of the Holy Qur'an with English translation by Hazrat Maulwi Sher Ali Sahib printed in Turkey, arrived just before Jalsa Salana. This was promoted nationally through several social media outlets. This had been long-awaited and students at Jamia and missionaries were the first beneficiaries. Both the Fazal and Baitul Futuh mosques have well-stocked bookshops. Additionally, we began offering books in Islamabad's MKA tuckshop. The Ahmadiyya Bulletin is now published every two months, giving the year a total of six publications. the publication has welcomed a new team under the direction of a Naib Amir. The new Holy Qur'ans were our main focus this year and we also introduced a brand-new concept of book bundles for Jama'at members to establish home libraries. We were able to sell every set of bundles and the new Holy Qur'ans, and we also received orders from numerous members. The Department was also able to hold an Isha'at Refresher course. The main objective was to remind and present the responsibilities of an Isha'at secretary to new and already appointed secretaries. It proved very useful and secretaries wanted regular courses. The Department is also in the process of increasing subscribers to *the Review of Religion*. Secretary Isha'at is constantly researching new developments and bringing in new technology.

TAHRIK JADID (NEW APPEAL) AND WAQF JADID (NEW DEDICATION)

For Tahrik Jadid, (a fund mainly for foreign missions, literature and publications and the building of mosques) we collected £2.683 million with a participation rate of 80.39%. National Vice Presidents, Regional and local branch Presidents and the auxiliary organisations helped in attaining a credible position. For Waqf Jadid (a fund mainly for rural education and social development) we maintained our global first position. The Waqf Jadid Department has worked very hard in educating and informing members of the Association on this blessed scheme. Local Presidents were sent the latest collection reports and with the help of the local Waqf Jadid Secretaries, Jama'at members were reminded on their previous year's donations with a request to try and donate more this year. During the last quarter of the Waqf Jadid year, the department met over 60 branches in person or Zoom meetings with opportunities for Q&A. Continued efforts were put into preparing and sharing video clips from His Holiness's sermons on financial sacrifice.

ADDITIONAL SECRETARY TARBİYAT AND WAQF JADID FOR NEW AHMADIS.

His Holiness generously granted permission for the New Ahmadis audience with him to begin. Since December 2022, they have organised a number of audiences for New Ahmadis in small groups. The Department initiated an online reporting system for Local New Ahmadis Secretaries and launched the system nationally via a Zoom meeting on 28th January 2022. A virtual Refresher Course for local Secretaries was held in September 2022. 'Welcome' visits with New Ahmadis had started from January 2022. During these visits, New Ahmadis are met in person at their local mosques along with the Regional Missionary, local Secretary and President. The Department also held an Eid Celebration and a picnic in North Wales.

JAIDAD (PROPERTY AND MAINTENANCE)

General maintenance and repair works continued to take place throughout the year across all our buildings. Regional coordinators will continue to monitor Mosques and Mission Houses in terms of their maintenance/ upgrade and report to Jaidad Office. Tahir Hall at Baitul Futuh Mosque had a renovation that included a brand-new hard wood laminate floor and damaged area of the car park was repaired. Missionary flat had new carpeting, laminate flooring and a newly refurbished kitchen. The boardroom and offices for Voice of Islam were built with a kitchenette and mezzanine floor for storage. An external wall has been built, stone cladding, roof, and external glazing work; internal painting and decorating work have also been completed in all the offices and bedrooms; this is in addition to various other internal works that have also been completed. More than 20 field missionaries were relocated to different mission houses. Accommodations for missionaries were therefore updated as needed. A large majority of this work is complete with the last couple of new missionaries being housed. With the UK Jama'at's large portfolio of properties, repair and maintenance is always on-going throughout the year. Some important and significant upgrades were organised at many Mosques throughout the UK including Jamia, Fazl Mosque, Baitul Ehsan, Hadeeqatul Mahdi, Baitul Ghafoor Mosque, Baitus Subhan - Croydon Glasgow, Leamington Spa, Oxford. Other general maintenance and upgrade work was carried out in all the Mosques throughout the country.

ZIRA'AT (HORTICULTURE)

The Department carried out a lot of work at various Mosques including Baitul Futuh Mosque, Baitul Subhan Mosque – Croydon, Tahir Mosque – Catford, Fazl Mosque. Baitul Futuh Mosque participated in the 'Summer Bloom Competition' 2022 held by the London Garden Society and received First Prize in the category 'Garden Display in the Public Place' at all London level. They were awarded a gold medal winning trophy and a certificate of excellence. Fazal Mosque participated in the Bloom Competition 2022 held by the London Garden Society and won silver certificate.

MTA (MUSLIM TELEVISION AHMADIYYA INTERNATIONAL)

We are also fortunate to have the central MTA organisation within the UK and we have the special honour of many UK members working for them. I would like to convey my thanks and best wishes to all the MTA staff.

HUMANITY FIRST

Humanity First continues to increase its activities and services. In addition to projects such as 'Water for Life', 'Knowledge for life', 'Orphan Care', 'Gift of Sight,' during the Pakistan floods, Humanity First UK, delivered food rations packs consisting of basic food and hygiene items. Each pack contained items for a typical family of 6 people for 3 to 4 weeks. HFUK as part of Humanity First International's disaster relief operation was able to support refugees in a number of locations in and around Ukraine. In Medyka, Poland, in collaborating with UN agencies, local authorities and the Red Cross, HFUK provided medical, food and other support to Ukrainian refugees. For UK Foodbanks, in 2022, 2040 volunteer hours were spent providing 3,018 food parcels, each containing enough food items for 2 weeks by Mirfield Foodbank. Walsall Foodbank opened 5 days a week, serving hundreds of families through walk-in service and home deliveries.

AMAGALLERY.ORG.UK WEBSITE

This official Jama'at site is proving to be a very valuable resource listing among other things, the Friday Sermons since 2013 by subject title. 'This Week with Huzoor' series is popular and a weekly summary is also provided to many via WhatsApp and email. The AMA Gallery site also now have its own YouTube channel and within a year, there will be many more videos created. The site is easy to use and navigate.

HOMEOPATHY

The Homeopathy team continues to provide an excellent service in seeking to improve the health of our members. This year, a new dispensary was opened in Islamabad UK. In 2022, satisfactory treatment was provided to 53,339 patients.

AUXILIARY ORGANISATIONS

Auxiliary organisations are a very important part of our administration. They provide service in a whole range of areas to supplement the activities of the Association. They assist at Jalsa Salana, Waqar Amals (manual labour), collection of Tahrik Jadid and Waqf Jadid and other events. They have raised funds for charitable causes which give a big impact on the perception of the Jama'at to the indigenous population. They are also carrying out excellent work in Tabligh and Tarbiyat of the Jama'at members

REGIONS

I would like to thank Imam Sahib, Regional Missionaries and the Regional Amirs for the excellent support they have given to the Jama'at. The field missionaries have done an excellent job and travel many miles all over the country to attend various Tabligh, Ta'lim and Tarbiyat functions and events. Apart from the local role, the Regional Amir have also been instrumental in making the regions very active and play a role in improving the financial contributions from their respective branches. Presidents are basically the representatives of the Amir at the local level and their role as leader is crucial for the development of the Association. New Presidents have performed excellently throughout the year. Local branches are the life and blood of the national entity.

PROFESSIONAL BODIES

The International Association of Ahmadiyya Architects and Engineers are doing invaluable and humanitarian work on several projects in Africa such as providing water aid and solar energy. I would like to also thank the Presidents of the Ahmadi Muslim Lawyers Association, Chairmen for the Immigration Committee and the Medical Association for assistance to the Association. The Pan African Ahmadiyya Association Muslim Association have been very active as best they could in these restricted times of Covid – no doubt, as things are eased, their activities will be back in full motion again.

QADHA (ARBITRATION BOARD)

I thank the President of Qadha board. This team dealt with some of the most difficult issues facing the members. I have full confidence that all the decisions made are based on honesty, truth and justice. Special thanks to the dedicated team of our Qadhis who carry out a tremendous job in adjudicating very complicated cases presented to them.

CENTRAL ORGANISATION

In the UK, we are very fortunate that because of the presence of His Holiness here, the Central organisations have representatives in this country. Due to this proximity, it makes our work easier because of the excellent co-operation that has been built up over the years..

NAIB AMIRS (VICE PRESIDENTS)

The great American industrialist, Henry Ford said: "If everyone is moving forward together, then success takes care of itself." This is certainly true in this case of the Naib Amirs as Allah has given me an excellent team and counsel to attend to the affairs of the Jama'at. The Naib Amirs work behind the scenes and I can tell you that each and every one of them has been sharing a large burden of the National President.

HIS HOLINESS HAZRAT AMIRUL MOMINEEN (may Allah be his Helper)

We must continue to thank Allah that he has given this special honour to the UK Jama'at to serve Huzoor-e-Aqdas(aba) who takes a very close personal interest in our Jama'at and continues to give us special time to review our progress and gives personal guidance to individual departments. I request all members to make a personal pledge that they will endeavour to strengthen their bond with Khilafat and put into practice the words of wisdom from Huzoor-e-Aqdas^(aba). I would like to take this opportunity to thank Huzoor-e-Aqdas^(aba) for his kindness not only to me but also to the whole of the UK Jama'at. Let us please not forget that it is with Huzoor-e-Aqdas^(aba)'s constant prayers and guidance that enables the Jama'at to prosper. We should also remember Huzoor-e-Aqdas^(aba)'s family in our prayers, may Allah give them good health.

ALLAH

These last 2 years or so during the Covid pandemic have seen very testing grounds for the Jama'at in every way. We have lost loved ones due to Covid; we had our normal daily lives totally interrupted where we could not even meet family members outside of our own vicinity, we felt the loss of personal contact with Jama'at members at our functions and we indeed missed our functions like Jalsa and were unable to be blessed with the physical presence of the Khalifa. However, the members never lost hope and placed their faith in Allah. This is a progressive Jama'at in all circumstances and Allah enabled us to do our best, excel and improve ourselves in such testing times. Allah opened new avenues of communication and expertise that enabled us to still keep in touch and pursue spiritual advances. And of course, the Khalifa became available across the world through his virtual mulaqats. The care of our members and indeed of the wider community was evident throughout the regions – this service is not only in line with Islamic principles and teachings but an excellent form of Tabligh – no doubt, throughout the world, Islam Ahmadiyya, through this period has become more prevalent and especially in the UK. I thank Allah enormously for all the blessings He continues to shower upon our Jama'at. We can only show our gratitude through our constant and increased supplication to Him. Ameen.

Rafiq Ahmed Hayat
Amir UK

REPORT OF THE MANAGEMENT COMMITTEE

The members of the Management Committee are pleased to present their report together with the financial statements of the Association for the year ended 30 June 2023.

Legal and administrative information is set out on Pages 2 and 3 and forms part of this report. The financial statements have been prepared in accordance with the accounting policies set out in the notes to the financial statements and comply with the charity's governing document, the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006, the Charities (Accounts and Reports) Regulations 2008, the Charities Act 2011 and the Statement of Recommended Practice on Accounting by Charities (SORP) 2019.

Objectives and Activities

The objects for which the Charity is established are:

- the propagation of Islam as expounded by Mirza Ghulam Ahmad of Qadian, the founder of the Ahmadiyya Movement, and his successor, the Khalifatul Masih and generally to promote comparative study of religion.
- the advancement of education amongst the members of the Association and such other persons as the Management Committee of the Association may determine from time to time.
- the provision, as far as possible, of maintenance of orphans and widows and for such other persons as are unable by reason of some physical or other infirmity or handicap to maintain themselves.
- The relief of poverty.

The activities of the Association are as follows:

- Propagation of Islam.
- Building of mosques.
- Religious education institute for missionaries, Waqf-e-Nau and other children.
- Assistance to deserving and needy for instance following natural disaster.

A comprehensive Annual Report of the activities of the Association can be obtained on request from the General Secretary of the Association.

Financial Review

The Association is reliant entirely on voluntary donations from its members in the United Kingdom. The general public is not solicited for funds for attaining the objectives of the Association. The total income for the year amounted to £26,406,889 (2022: £24,828,203). The Statement of Financial Activities includes further details. The amount expended in pursuit of the charitable objectives during the year was £25,892,654 (2022: £19,239,033) up from the previous year largely following ease of Covid-19 restrictions curtailing some events and the Association's activities.

Structure, governance and management

The Association is an unincorporated charity and is governed by a Trust Deed or its Constitution which sets out its objects and powers. The Constitution of the Association was adopted on 21 April 1987 and the Association was registered as a charity by the Charity Commission (No 299081) on 11 May 1988. The original Constitution was amended on 27 June 2010 by incorporating the appointment of additional Trustees, making chungc3 required in the event of liquidation to comply with Section 7 of the Charities and Trustees Investment (Scotland) Act 2005 and widening the scope of activities to

cover the whole world. In view of the Covid-19 pandemic, the Annual General Meeting (AGM) had to be delayed to December 2020 and following a resolution adopted by an overwhelming majority, the Constitution was further amended by building emergency resilience to permit virtual meetings to be held, permitting the AGM to be held at any time instead of the first half year, allowing votes to be cast by digital means instead of by show of hands, making minor changes to the Trustees and Members' Council and permitting deeds to be signed on behalf of the Association by specific Trustees instead of all Trustees. Under the Constitution, the members of the Majlis Amila comprise the Trustees and constitute the Management Committee that is elected every three years at the Majlis Shura (Consultative Council whose members are elected office bearers and missionaries) which is held once a year. The day to day administration of the Association is carried out by the Management Committee which meets once a month. Administration cascades down into local branch office bearers who are also elected every three years.

Pursuant to a meeting of the Trustees held on 2nd March 2024, it was resolved unanimously to transfer the assets and liabilities of the Association to a new Ahmadiyya Muslim Association, a Company Limited by Guarantee. Permission for this takeover will be obtained from the Charities Commission in England and Wales. This will enable the incorporated charity to be run by a slimmed down Board of Directors. Apart from the new structure, there will be no change in its policies or principal objectives of the new entity, the manner in which it deals with its members and the public and its day to day transactions and their control and reporting.

The Management Committee has formally established a sub-committee, "The Finance Committee", which deals with the day to day financial matters of the Association. The Finance Committee presents its significant approvals to the Management Committee each month and also prepares the annual Income and Expenditure Budget for the approval of Majlis Shura (Consultative Council). The Finance Committee normally meets once a week and comprises:

1.	Mr Rafiq Ahmed Hayat	<i>President</i>
2.	Dr. Maqbool Sani Sethi	<i>General Secretary</i>
3.	Mr Mohammed Nasser Khan	<i>Vice President</i>
4.	Mr Sultan Lone	<i>Finance Secretary</i>
5.	Malik Mohyuddin Muhammad Abdullah ...	<i>Accountant</i>
6.	Mr Irfan Chaudhry	<i>Treasurer</i>
7.	Mr Abdullah Jheengoor	<i>Internal Auditor</i>

The induction process for a newly appointed member of the Majlis Arnita (Management Committee) comprises an initial meeting with the Amir (National President) followed by a review of the written prescribed powers, the responsibilities of the appointed member of the Management Committee and the role of the Finance Committee. Information supplied as part of the induction process includes a copy of the relevant responsibilities for a post within the Association, a copy of the latest annual report and financial statements, a copy of the Charity Commission's guidance "The Essential Trustee: What You Need to Know" and HMRC's "Fit and Proper Person." All secretaries are required to submit to the National President of the Association a report of their monthly activities and report periodically to the Management Committee their plan of set targets and report their progress in attaining such targets. Minutes of the monthly Management Committee are circulated to its members and approved by the Amir (National President).

Statement of Management Committee's responsibilities

The Management Committee is responsible for preparing the Annual Report and Financial Statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice. The Constitution of the Association requires the Management Committee to prepare financial statements for each financial year which give a true and fair view of the state of the Association's financial activities as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the Management Committee should follow best practice and:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- follow applicable accounting standards and statements of recommended practice; and
- prepare the financial statements on the going concern basis unless it is inappropriate to assume that the Association will continue on that basis.

The Management Committee is responsible for ensuring that proper accounting records are kept which enable it to ascertain and disclose with reasonable accuracy the financial position of the Association and which enable it to ensure that the statements comply with applicable law. It is also responsible for safeguarding the assets of the Association and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Risk management

The Management Committee has overall responsibility for ensuring that the Association has appropriate system of controls, financial and otherwise. It is also responsible for safeguarding the assets of the Association and hence taking reasonable steps for the prevention and detection of fraud and other irregularities and to provide reassurance that;

- its assets are safeguarded against unauthorised use or disposition;
- proper records are maintained and financial information used within the Association or for publication is reliable;
- the Association complies with relevant laws and regulations; and
- capital projects are controlled by a Capital Projects Development Committee whilst a Purchasing Committee seeks tenders and places orders on the best quote obtained.

As part of the Association's risk management process the Managing Committee acknowledges its responsibility for the Association's system of internal control and reviewing its effectiveness. It is also recognised by the Management Committee that such a system is designed to manage rather than eliminate the risk of failure to achieve the Association's objectives and can only provide reasonable, not absolute, reassurance against material misstatement or loss. The Management Committee, through the Finance Committee, has set policies on risk and internal controls which cover the following:

- the responsibility of management to implement the Management Committee's policies and identify and evaluate risks for their consideration on an ongoing basis;
- consideration of the type of risks the Association faces;
- the level of risks which they regard as acceptable;
- the likelihood of the risks concerned materialising;
- the Association's ability to reduce the incidence and impact on its activities of risks that do materialise;

- the costs of operating particular controls relative to the benefits obtained; and
- arrangements for monitoring and reporting risk and control matters of importance, together with details of corrective action being undertaken.

As part of the above process the Finance Committee has considered the major risks to which the Association is exposed and has reviewed those risks and established systems and procedures to manage those risks.

Reserves

Restricted funds continue to include funds designated for specific purposes, for instance, for disaster relief or for Zakat, that can only be expended for specific purposes. Restricted funds include funds otherwise committed for mosques that await completion. The Finance Committee considers that, given the nature of the Association's regular income, the funds at its disposal are sufficient to meet all its needs.

Investments

Investment decisions are taken by the Finance Committee.

Public benefit

In shaping our objectives for the year and planning our activities, the Trustees have considered the Charity Commission guidance on public benefit and believe that the Association meets the necessary requirements. The remainder of this report and the separate Annual Report clearly illustrate the benefit to the public at large from the activities undertaken by the charity. Humanity First, an independent charity, receives human resources and financial aid from the Association, which also funds many of their projects and disaster aid schemes. Humanity First (HF) started formally as a registered charity in 1994 in the UK. Since its inception, HF has responded to several disasters and served hundreds of thousands of victims in various affected communities and has undertaken several sustainable human development projects and initiatives worldwide. Humanity First has provided humanitarian aid for 26 years across 54 countries, including 15,315 free eye surgeries..

Environmental responsibility

The Association promotes an equal awareness of its members to improving both spiritual and physical environment. In contributing to reducing the carbon footprint, the Association has invested in solar panels on its main centre in Baitul Futuh with electricity generated being contributed to the national grid and similar panels on its new capital projects. The Association uses LED lights and recycles waste in all its centres. The Association's members have planted many trees in various areas of the UK. A number of our centres provide electric charging of vehicles and the Association promotes environmentally friendly modes of transport. The Annual Convention site has had underground drains to reduce soil erosion following rainfall. The Association's seminary in Hampshire will have water drawn from the ground. There is a comprehensive plan for constant educating, training and reformation of members to look after the environment and aspire to higher moral values.

Going concern

The Management Committee have reviewed the financial forecasts for the Association and have in particular considered its anticipated income and expenditure commitments for a period of twelve months from the date of approval of this annual report. The Management Committee believes that the Association has adequate resources to continue in operational existence for at least the next

twelve months and to meet all of its liabilities during that period as they arise.

Significant event

Following the fire at the Association's Baitul Futuh complex that destroyed the administrative block, John McAslan & Partners, a firm of leading architects, were asked to develop new designs for the huge complex and following planning approval work is at the date of this report on this flagship community centre of the Association has been completed and plans have been drawn for additional accommodation and canteen facilities near the entrance of this centre.

Auditors

A resolution to reappoint Macalvins Chattered Accountants as auditors for the ensuing year will be proposed at the next meeting of the Management Committee.

Approved and authorised for issue by the Management Committee and signed on its behalf on 26 March 2024.

Dr. Maqbool Sani Sethi
General Secretary

REPORT OF THE INDEPENDENT AUDITORS TO THE TRUSTEES OF AHMADIYYA MUSLIM ASSOCIATION – UNITED KINGDOM

Opinion

We have audited the financial statements of Ahmadiyya Muslim Association – United Kingdom (the 'Charity') for the year ended 30 June 2023 which comprise the Statement of Financial Activities, Balance Sheet, Cash Flow Statement and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 30 June 2023 and of its incoming resources and application of resources (including its income and expenditure) for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011, the Charities and Trustee Investment (Scotland) Act 2005 and Regulation 8 of the Charities Accounts (Scotland) Regulations 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

REPORT OF THE INDEPENDENT AUDITORS TO THE TRUSTEES OF AHMADIYYA MUSLIM ASSOCIATION – UNITED KINGDOM

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities (Accounts and Reports) Regulations 2008 and the Charities Accounts (Scotland) Regulations 2006 require us to report to you if, in our opinion:

- the information given in the trustees' report is inconsistent in any material respect with the financial statements; or
- sufficient and proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditor under section 144 of the Charities Act 2011, and section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005, and report in accordance with the Acts and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we considered the following:

- the nature of the charity and sector in which it operates, control environment and financial performance including the design of the charity's remuneration policies, key drivers for staff remuneration, bonus levels and performance targets;
- the results of our enquiries of the trustees about their own identification and assessment of the risks of irregularities;
- the process for identifying, evaluating and complying with laws and regulations and whether the trustees were aware of any instances of non-compliance;
- the process for detecting and responding to the risks of fraud and whether the trustees have knowledge of any actual, suspected or alleged fraud;
- the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations.

These matters were discussed among the audit engagement team regarding how and where fraud might occur in the financial statements and any potential indicators of fraud.

As a result of these procedures, we considered the opportunities and incentives that may exist within the organisation for fraud. In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override.

We also obtained an understanding of the legal and regulatory frameworks that the charity operates in, focusing on provisions of those laws and regulations that had a direct effect on the determination of material amounts and disclosures in the financial statements. The key laws and regulations we considered in this context included United Kingdom charity law and other relevant legislation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditors-responsibilities. This description forms part of our Auditors' Report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008 and Regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an Auditors' Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities SORP (FRS102). AMA UK meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated.

Going Concern

Despite the Covid-19 pandemic, the Trustees have reviewed the financial forecasts for the charity and have in particular considered the anticipated income and expenditure commitments for a period of twelve months from the date of approval of these financial statements. The Trustees believe that the charity has adequate resources to continue in operational existence for at least the next twelve months and to meet its liabilities as they fall due. For that reason, the Trustees continue adopt the going concern basis in preparing the financial statements.

Incoming resources

Income represents amounts voluntarily contributed by members of the Ahmadiyya Muslim Association United Kingdom. Donations are recognised on receipt.

Pensions

Contributions to the charities' nominated defined contribution pension scheme are held by a third party provider and are charged to the SOFA as they arise and are payable in the year.

Tangible fixed assets and depreciation

All assets costing more than £1000 are capitalised and valued at historic cost. Depreciation of Fixture Fittings & Equipment and Motor Vehicles has been charged on a straight-line basis at a rate of 33.3% over their estimated useful life of three years.

Land and Buildings

Land and buildings are stated at historical cost, except for the London Mosque complex, which is shown at its 30th April 1979 valuation of £460,500.

No depreciation is provided on freehold land.

Depreciation is not provided on freehold buildings as the residual value is deemed to render any depreciation charge immaterial.

From 1 July 2011, depreciation is not provided on leasehold properties as it is considered to be immaterial.

Stock

Books and publications purchased for resale are charged to the revenue account during the year of purchase. Stock in hand value is ignored, it being immaterial.

Foreign currencies

Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction

Mosque Funds

Donations received for mosque funds that are yet to begin or undergo construction are treated as restricted funds. Upon completion of the mosque project, the relevant mosque fund is transferred to unrestricted funds. Any donations received for these completed mosque projects are also classified as unrestricted funds.

Ahmadiyya Muslim Association - United Kingdom

Notes to accounts

for the year ended 30 June 2023

ACCOUNTING POLICIES (continued)

Funds structure

Restricted funds are spent for the purpose for or in accordance with specific instructions of the donor.

Unrestricted income funds comprise those funds which the management committee are free to use for any purpose in furtherance of the charitable objects. Unrestricted funds include funds that had initially been designated for the purchase and construction of a specific mosque but since completion of that project, its day to day maintenance and renovation is subsequently funded by routine operating expenditure.

Further details are disclosed in notes 6 and 7.

Volunteers used - significant nature of their work.

The Charity benefits greatly from the involvement and enthusiastic support of many of its volunteers, details of which are given in our annual report. In accordance with FRS 102 and the Charities SORP (FRS 102), the economic contributions of general volunteers is not quantified by a product of hours worked or a wage rate and is not recognised in the accounts.

Financial instruments

The Charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Report by the **National UK Amir**

Mr Rafiq Ahmed Hayat

We reproduce below an extract from the Annual Report of the Ahmadiyya Muslim Association UK (the 'Association') for the year ending 30th June 2022 presented by Mr Rafiq Ahmed Hayat, Amir (National President) UK at the 43rd Majlis Shura (Consultative and Advisory Council) UK held between 21st and 22nd May 2022 in Tahir Hall, Baitul Futuh Mosque, Morden. The Majlis Shura that incorporated the Annual General Meeting, elected Trustees for the ensuing three years (July 2022-June 2025). The electorate included elected Presidents and General Secretaries of local branches of the Association from UK, members of the Executive Committee of the Association, special invitees from the Association's auxiliary organisations and was also attended by nominated guests. As the Majlis Shura commemorated its first Centenary since its foundation in 1922, the Supreme Spiritual Head of the worldwide Ahmadiyya Muslim Community, blessed the Majlis Shura with his august presence and addressed the concluding session of the 43rd Majlis Shura UK that was live-streamed to the Majlis Shuras being held simultaneously in Belgium, Canada, Guinea Bisau and the USA.

MAJLIS SHURA

One of the effects of the pandemic was on the Majlis Shura. During the last 2 years, we had not been able to hold a physical Majlis Shura but virtual Majlis Shuras were held to recommend a proposed budget during these sessions. This year, by the Grace of Allah, we are able to hold a physical Shura and it is indeed a most welcome return for us to all be together.

PANDEMIC

During 2021-22, we continued to live with the effects of Covid-19; whilst things have improved because of the vaccination programmes, precautionary measures were still observed and indeed encouraged in certain gatherings. The Association also assisted extensively in the combat of Covid-19 with many successful vaccination clinics throughout the country. Over 10,000 people were vaccinated through these clinics based at Baitul Futuh, Fazal Mosque, Islamabad, Midlands, North West and North East regions. Whilst UK restrictions have relaxed to pre-Covid levels, we are still erring on the side of caution and masks must still be worn in mosques or gatherings during prayers. For major events like Jalsa and Ijtemas, requirement for booster vaccinations apply. I hope and pray that circumstances will change soon so that all restrictions can be removed. Local branches visited households and helped in any way possible in these difficult times. We completed the homeless feeding programme during this period and delivered food packs on a regular basis to NHS workers that was appreciated by hospital administrations and politicians.

JALSA SALANA (Annual Convention)

The vaccination programme allowed us more confidence to hold the Jalsa Salana in 2021 after a gap of one year and we saw daily attendance of almost 9,000 people excluding duty personnel across the 3 days. This is a far cry from the 35,000+ that includes international guests but there will be restrictions for the forthcoming Jalsa 2022. For Jalsa 2021, we allowed members to attend one day in rotation. Owing to the inclement weather conditions that played havoc with parking and waterlogged pathways, it represented a logistical challenge yet everyone just took the difficulties in their stride and made the Jalsa a success! I would like to take this opportunity to thank Afsar Jalsa Salana – Mr Nasser Khan, Afsar Jalsa Gah – Imam Sahib, Afsar Khidmate Khalq – Mr Abdul Quddus Arif and Lajna Imaillah – Dr Fariha Khan Sahiba and their Naibeen and teams.

Jalsa 2022

SYED TAALAY AHMED

During the past year, we lost 62 very revered elders and members of the Jama'at. One very sad and unfortunate incident was a martyrdom of a very important member of the UK Jama'at, Mr Syed Taalay Ahmed, son of Mr Syed Hashim Akbar Ahmad, a very devoted and talented documentary film maker, who was gunned down and fatally injured in a remote part of Ghana while on a filming project for a documentary for MTA. He will always be cherished as an important martyr of Ahmadiyyat who led a short but extraordinary life, was cherished by his colleagues and a role model for other devotees owing to his devotion to Khilafat. May Allah rest his soul in peace. Amin.

ATTEMPT TO DISCREDIT THE JAMA'AT

Unfortunately, during this year, we encountered a few munafiqeen (hypocrites) determined to cause reputational damage and spread hatred against the Community and Khilafat. Although every effort was made by them to create discord and unrest within the community, by the Grace of Allah, their efforts proved to be futile. Allah the Almighty, uncovered their mischief and restored peace and unity amongst members of the Association. We complied with reporting requirements to the Charities Commission and the Police who supported our efforts. The police intend to pursue and prosecute those involved in hate crimes. The Association updated its safeguarding policies thoroughly and required all office bearers and workers to bring their DBS checks up-to-date with current legislation and safety standards.

BAITUL FUTUH MOSQUE REDEVELOPMENT PROJECT

The Baitul Futuh redevelopment project is still ongoing and making great progress. The main infrastructure has been built by PDR, the main contractor, and our own teams have taken over the internal finishing along with other contractors. We expect the main building to be completed soon nearer our annual Peace Conference. We are at present addressing the security block and the kitchens and planning permission for this is being sought. The architects are looking into how the two buildings can be designed to work together in the most appropriate manner.

UMUR KHARIJIYA (external affairs)

The situation of Ahmadi Muslims in Pakistan deteriorated further during the year. The authorities introduced new legislation to attack members of the community including cybercrime laws 'PECA' (prevention of electronic crimes act) which was enacted in 2016. They have been using these laws to imprison Ahmadis in Pakistan, stop a number of our web-based services on international platforms and served notice to various companies such as Google and Facebook. Even though they tried to stop MTA broadcasting to Pakistan, the service provider was obliged to provide the service and so it continued. Google did stop our Holy Qur'an app and we have been lobbying them to re-instate our service. Facebook have informed the Pakistani authorities that they will not take down their services.

We are also pressurising the big service providers who are usurping basic human rights by conceding to the demands of the Pakistan Telecommunications Authority (PTA) and we are hoping to put pressure through the UN to take heed as this is just an oppressive regime trying to silence the community. We are updating the All-Party Parliamentary Group (APPG) and conducted further interviews in this period especially related to the latest cybercrime laws. A secondary report is going to be issued as an addendum to the 'Suffocation of the Faithful' report which was launched in 2020 with reactions received throughout the course of last year.

We have engaged Bindmans (a Law firm) in the UK to appeal against notices our teams have been receiving. During the year, an NGO funded by the Foreign Office visited Pakistan to collect information about the Persecution of Ahmadis in Pakistan – and this documentary will be shown on various venues throughout the UK.

CAPITAL PROJECTS

The Mosques in Scunthorpe and Spen Valley have now been completed and functional. Recently, a property became available adjacent to the Spen Valley Mosque and despite opposition from non-Ahmadis, we decided that this should be purchased. Once the Baitul Futuh Mosque Redevelopment project is complete, the next project will be Huddersfield and then Cardiff, Insha'Allah.

HADEEQATUL MAHDI

Following a repeat experience of muddy walkways and parking areas in the Jalsa site, an extensive programme of land drainage is being undertaken at Hadeeqatul Mahdi. The work also includes work on the underground sewerage and utilities are being upgraded. We expect to see a huge improvement even if it rains. As a result of the increase in costs, we have been purchasing essential goods for Jalsa and for Jama'at use to be stored at regional centres to mitigate some of the cost increase projected for the coming months.

CENSUS

One of the major projects undertaken by the General Secretary Department and the Tajneed Committee was to update members data through a Census. 36,000 forms were sent out and so far, 27,000 have been returned. We should urge all those who have not completed the forms to do so and forward to the General Secretary Department before Jalsa. We trained a team of missionaries for the data entry exercise to ensure all the information was input as soon as the forms were received.

TABLIGH (preaching and proselytisation)

Despite the Covid restrictions, our Tabligh team has been very active throughout the year. They created a lot of online information and been involved in many awareness campaigns. By the Grace of Allah, since July 2021, we received 133 bai'ats (new conversions). One of their highlights was the 'STOP WW3' nationwide campaign that took place earlier this year. Teams attended Westminster Square and other London locations to raise awareness about World War III. A leaflet with Huzoor Aqdas's message (may Allah be his Helper) was also sent to all politicians and distributed at various locations across the UK about the dangers of WW3 and its consequences for the future generation. It needs to be remembered that he had been highlighting these issues at various Peace Conferences over the years but at that time, some politicians thought this was an overreaction. However, we can see how major world leaders are now also commenting on the possibility of a Third World War.

During Ramadan, the Tabligh team organised several 'Big Iftar' programmes with senior Jama'at members speaking on different topics. Several senior politicians attended these events. At the recent physical 'Big Iftar' event held at Baitul Futuh Mosque, 160 guests attended. Five such events were held: the total number of people who watched the five Big Virtual Iftars was over 37,000. The 'True Islam' website contains a lot of good information. In conjunction with Majlis Khuddamul Ahmadiyya, the team organised a national Twitter campaign to raise awareness about Khilafat in Islam and celebrated Promised Messiah^(as) Day by holding an external facing event on 28th March 2021. It is estimated that the programme was watched by over 5,000 people. The programme was held in both English and Urdu. For the *Rational Religion* website, the team used Farnham Studio for their video productions. An 8-week online Tabligh Training course trained members in handling allegations and preach. Tabligh Ashra (ten days) was held between 2nd April 2021 – 11th April 2021 and an online Refresher Course on Sunday, 26th September 2021. *The Great Western Revival* achieved 5th position in the *Sunday Times* bestseller list. In addition, it achieved first place in the *Independent* bestseller list. Since many youngsters have questions and concerns in their minds, there was a need for short videos to answer them. Intensive work was undertaken and a new website was created under the banner of 'Islam Unravelling' with over 700 videos provided. These videos are indeed a very useful source of education and an awareness to the Association should be enhanced

TA'LIM (education)

The Ta'lim department organised and co-ordinated 185 online lectures on various subjects in both English and Urdu and continued their work on the 'Islam Unravelling' website. Academic classes for children up to 'A' level in English, mathematics and science were held and over 4000 children benefited from these sessions throughout the year. Twice weekly lectures were also held in Urdu and English with scholars talking on various Tarbiyati topics. An updated *Ta'lim Annual Plan* was also sent to the branches. There is a huge need for an online academy for Ta'lim and Tarbiyat (education and training). We are expecting to launch the academy in a few weeks and expect many members throughout the UK will be able to benefit from this. At Jalsa Salana, we award special academic awards to the brightest students, but this has not been possible for the last 2 years. This year, we will announce the names of those receiving the awards, but the actual awards will then be given at subsequent Ijtemas (annual gatherings) to successful applicants.

AISHA ACADEMY

The Aisha Academy, a physical educational class in Baitul Ehsan started this year and 9 or 10 girls successfully completed the course. Many girls were interested but were unable to join due to Covid-19 restrictions but we remain optimistic that soon many more join the academy.

TARBIYAT (spiritual and moral training and reformation)

The Tarbiyat Department has been very busy during the pandemic working hard to reconnect with the Jama'ats. They were able to visit and hold physical Regional Tarbiyat Refresher/Reconnect courses in 14 regions, listen to concerns and share ideas, hold local Tarbiyat sessions and been in contact with many members throughout the country to ask them about their welfare and offer assistance. It organised the Salat Ashra's every 2 months and were involved in the pre-marriage counselling sessions. It also sends the Friday Sermon summary to members. Due to the pandemic where members were offering Jum'ah at home, they also sent a short Friday Sermon in both English and Urdu. This has now ceased as people are encouraged to go to mosques and mission centres for Friday prayer. It tried to provide support throughout the country by holding virtual classes for children to assist with studies. Weekly Tarbiyat sessions were held including a Tarbiyat Aulaad (family) session every Sunday. During Ramadan, Darsul Qur'an and Hadith (commentary) was also organised. Mental health issues were increasing generally in society but also in some cases amongst our own members. We need to find long term solutions. As we begin to open facilities, we will provide members to gather and to socially interact physically with other people to help deal with isolation. During Covid-19, our young children have been away from our Mosques, Mission houses and centres and this has created a gap: as part of their Tarbiyat, they need to attend the Mosque and Sunday classes and mix with other friends in a spiritual and friendly environment. We have restarted the physical Sunday classes. We have begun to allow children and the elderly to attend and offer Salat 5 times a day. This had a dramatic effect in our 2022 Eid-ul-Fitr celebrations where attendance was 7000 at Baitul Futuh Mosque, 2000 at Fazl Mosque and 1500 at Baitul Ehsan. In Islamabad some 2000 members observed prayers behind Huzoor Aqdas (Allah be his Helper). This was a major event this year and high attendance was recorded throughout our other mosques and centres in the UK.

GENERAL SECRETARY

The General Secretary Department remained busy: it co-ordinated the Presidents virtual Mulaqat with Huzoor Aqdas (may Allah be his Helper); undertook the Census of the UK Jama'at Project; sent over 25,000 letters, emails and messages to local branches; updated the database; organised Majlis Shura, Majlis Amila (executive committee) meetings; achieved 98% of branches submitting the monthly report.

FINANCE

Despite the economic challenges that face the UK, members continue to make significant financial sacrifices. We have continued to see a rise in the obligatory chandas (donations). The online donation portal, www.chanda.org.uk, continues to generate significant income with active and new members across the UK. Finance continually controls expenditure by reference to the approved budgets and costs of salaries, utilities, and mission/branches across the UK. Its reporting structure has improved significantly thus allowing real time reporting across all cost centres. The Finance team also ensures that income and expenditure is processed in a timely manner and maintains a high standard of financial operations, internal audit and governance. Numerous finance workshops were conducted with all branches and regions throughout the UK.

INTERNATIONAL TALIMUL QUR'AN ACADEMY

One success story this year is the growth in a relative short while of the International Ta'limul Qur'an Academy (ITQA) where within a short time thousands of members have started to benefit from learning to read and understand a translation of the Holy Qur'an.

TA'LIMUL QUR'AN AND WAQF ARZI (learning Holy Quran and temporary dedication)

The Ta'limul Qur'an department is responsible for promoting and monitoring the learning and teaching of the Holy Qur'an amongst our Jama'at members and organised a series of Nazirah Courses (known as G-classes) for children of all age groups, in addition to classes for men and women. These online classes proved very successful and positive feedback was received. Three online regional Qur'an symposia were attended by many members. The Al-Hafizoon Hifzul-Qur'an continued six days a week. The Madrasatul Hifz programme made good progress and classes were held six days a week via online and phone portal. In Ramadan 2022, ten students led Tarawih (late night) prayers in various Jama'ats. Three apps have also been designed to provide easy access to all our prepared videos and material for learning and teaching the Talaffuz Pronunciation) and Tarjama (translation) of the Qur'an. A team was instructed to get 1000 people to perform Waqfe Arzi each year. The team has so far received 385 applications of which 216 Waqfe Arzi's were completed

DIYAFAT (hospitality and kitchen)

Our team has had to work even harder to provide food to many different outlets. It worked 24/7 and provided food for NHS staff, the homeless at several locations throughout the year in addition to all our events. During Ramadan, an extensive programme was undertaken to provide food for the elderly, single parents and the needy. During the recent Eid, we gave gifts of fruit-baskets to a large number of people. Our team produced over 2000 gifts for the elderly and volunteers. As things have started to improve and while still observing Covid restrictions, we held some events as a hybrid model with a physical event and the option for members to join online where we had over 20,000 hits.

ISHA'AT (literature and publications)

The latest edition of the 23 volume set of *Ruhani Khazain*, printed in Turkey arrived just before Jalsa Salana and was promoted nationally through several social media outlets. The warehouse at Baitul Futuh Mosque was visited regularly to provide books to Jama'at members, Jamia students, various departments and for online events and competitions. Bookshops at Fazl Mosque and Baitul Futuh Mosque opened sporadically during the year. Several online meetings were held with local Secretaries. At Jalsa Salana, it sold all the 45 sets of *Ruhani Khazain* and copies of the new *Holy Qur'an*. Many additional orders were taken to be collected later from the bookshops. The *Ahmadiyya Bulletin* is published bi-monthly and six editions were published and is available to read or download online at ahmadiyya.uk. A task has been carried out to contact all subscribers for payment.

LONDON BOOK FAIR

London Book Fair was held in April 2022 after a two year break due to the Covid-19 restrictions. The theme was 'The Messiah Has Come' and three key-books were highlighted for this year: *Philosophy of the Teachings of Islam*; *Golden Principles of Justice and Peace* ; *Ahmad, The Guided One*. Our stand was next to the Oxford University Press. Many visitors from various organisations and countries including America, The Netherlands, Latvia, Indonesia and China to name a few. The Turkish Deputy Minister of Culture and Tourism, Ahmet Misbah Demircan with his entourage including the President of the Istanbul Chambers of Commerce, Sekib Avedgi and press visited our stand.

SAMI BASRI (audio-video)

During the Coronavirus period many programmes were only possible to be viewed online and our team adapted in a very professional manner to support these events e.g. Jalsa Masih Ma'ud^(as),

VOICE OF ISLAM (VOI)

Another very important awareness and educational facility is the Voice of Islam (VOI) radio station. The quality of the programming geared to the youth and the depth of the contemporary issues covered is of very high quality with contributions by leading experts from around the world. Some recent topics include anger management, mental health issues, Islamic history, book reviews, art and poetry. The standard set was to compete with BBC Radio 4 and in a lot of areas we are more than achieving this.

Jalsa Musleh Ma'ud^(ra), National Amila meetings and Careers Fair. They have also covered some live events. Work has been divided into 11 sub-sections: Voice of Islam, AV production, translation, sound systems, visuals, photography, MTA UK, CCTV, and AV installations, Regional Sami Basri Teams and Lajna Sami Bari Team. The team also covers the Jum'ah arrangements at Baitul Futuh Mosque and Fazl Mosque and had an extensive workload at Jalsa. The entire team work with complete dedication and all too often very long hours to cover its vast workload.

amagallery.org.uk WEBSITE

This official site is proving to be a very valuable resource listing among other things, Friday Sermons since 2013 by subject, 'This Week with Huzoor' series and new video series with outlets on social media platforms and its own YouTube channel. The site is easy to use and navigate.

WAQF NAU (new dedication)

One of the main requirements of the Waqf Nau scheme is to ensure that the children listen to Huzoor Aqdas's (may Allah be his Helper) sermons, speeches and programmes on a regular basis and this aspect is constantly monitored. Another key focus is ensuring the Waqf Nau are integrated in the administrative set-up of the Association or its auxiliary organisations. Waqf Nau members are regularly contacted for progress updates and children of all ages are advised on their education. However, focus remains on children who have completed their GCSE's. Regional academic competitions were held virtually and the winners of each regional competition were invited to participate in the National finals. Office Bearers Forums in 11 regions for local secretaries were held.

SANATO TIJARAT (trade and industry)

Information packs for local secretaries were prepared as a guide to advise and assist members with new job opportunities and provide resources for websites where new jobs can be found. The Department offered Translation Course, led by a DPSI (Diploma in Public Service Interpreting) examiner; "linkedin" course; Book-keeping Course; a business start-up event and a separate session on 'How to sell Online'. All courses were well received, had good engagement and were highly interactive. Between 30 to 90 members attended each course. A guide was prepared for those who wish to work from home, e.g cooking at home and selling food at local farmers markets. Another initiative promoted careers within the Armed Forces.

A petrol crisis arose due to a shortage of truck drivers in the UK. A campaign was started in the UK and many members came forward to attend an introduction programme and commenced a training programme to become HGV drivers thus displaying loyalty to the country (*see above photo*).

UMUR A'MA (general and public affairs)

During the year, 159 new Asylum cases were registered; 295 applicants were issued with letters certifying that they did in fact belong to the Ahmadiyya Jama'at and they are active members; 964 reminders were sent for reports to the concerning countries; 674 new Tajneed (membership database) application forms were received for verification and 8090 other verifications were processed. The Department also implemented Qadha (arbitration board) decisions and contacted members to reform themselves. On the occasion of Eid-ul-Fitr, 1,300 fruit-baskets were prepared and distributed to deserving people in the London Jama'ats (within M25) and 750 fruit baskets/chocolates were prepared and distributed to Jama'ats outside London. Members who are unemployed and seeking employment were helped with their job applications.

WASAYA (wills and probate)

The Department handles: data base of those who have made a discretionary disposition in favour of the Association, income declaration [Schedule C] Section, estate disposition and clearance of deceased testators, Wasiyyat promotion and general administration. In-person meetings have resumed. have over **8,000** testators/ testatrixes in the UK. There are 62 branches with Majlis Musian and 900 members have been encouraged to join the blessed scheme of Wasiyat individually. Secretary Wasaya UK participated as a main speaker or hosted various Wasiyat online meetings with the local branches

TAHRIK JADID AND WAQF JADID

In Waqf Jadid we maintained our global 1st position and for Tahrik Jadid we maintained our 2nd position. In Tahrik Jadid, we collected **£2. 5**million with a participation rate of **83.09%**. In the last quarter of Waqf Jadid, 80 branches were Zoom called and a video shared on financial sacrifice

RISHTA NATA (match making and marital matters)

During the year, the Rishta Nata department held Tarbiyat Forums, local refresher courses, distributed Tarbiyat material using social media. At Jalsa 2021, Jama'at members were provided with general information as well as anonymous profiles of registered male and female candidates. Our Lajna team also shared some proposals with visiting mothers. The Department also held a *Rishta Nata Meet and Greet* event which proved very successful but this could not continue during the pandemic. However, these programmes recently resumed with an event held in Birmingham.

ADDITIONAL SECRETARY TARBIYAT AND WAQF JADID FOR NEW AHMADIS.

The New Ahmadi Muslim Learning and Development plan was launched during the online refresher course in September 2021. It includes 15 key Learning and Development milestones. The Annual Return Tarbiyat checklist was sent to all branches. The checklist tracks the annual progress made with regards to the Tarbiyat and care of all new Ahmadis.

JAIDAD (real estate and maintenance)

General maintenance and repair works continue to take place throughout the year across all our buildings. On the Baitul Futuh Redevelopment Project, work on the new complex is progressing well and a lot of work has been completed. In external work, the external wall builds up, stone cladding, roof, and external glazing work have been completed. Internal painting and decorating work has also been completed in all the offices and bedrooms; laminate flooring is being installed across all offices and bedrooms. With UK's large portfolio of properties, repair and maintenance is always on-going throughout the year. Important and significant upgrades were organised at many Mosques, Jamia, Fazl Mosque, Baitul Ehsan, Old Baitul Ehsan, Hadeeqatul Mahdi, Baitul Rehman Mosque - Glasgow, Tahir Mosque, Catford, Baitul Ahad – East Ham, Leamington Spa, Baitul Hadi.

ZIRA'AT (agriculture and horticulture)

Despite unfavourable weather at the time of growing crops and difficulties caused by Covid pandemic, a lot of work at various Mosques including Baitul Futuh Mosque, Baitul Subhan Mosque – Croydon, Tahir Mosque – Catford, Fazl Mosque. was carried out. The Baitul Futuh Mosque participated in the Summer Bloom Competition 2021 held by 'London Garden Society' whose patron is His Royal Highness the Earl of Wessex KG GCMG. The Mosque received first prize in the category 'Garden Display in the Public Place' at all London levels and was awarded a gold medal winning trophy and a certificate of excellence.

MTA (Muslim Television Ahmadiyya) International

We are also fortunate to have the central MTA organisation within the UK and we have the special honour of many UK members working for them.

HUMANITY FIRST

Humanity First continues to increase its activities and services. The food banks set up in Mirfield, West Yorkshire, and Walsall has been serving many food parcels per month for needy vulnerable families. It has held medical camps in several countries to provide access to general medicine, basic triage, referral for treatment and even surgical procedures for Hernias.

HOMEOPATHY

The Homeopathy team continues to provide an excellent service in improving the health of our members. They mainly operate from both the Fazl Mosque and Baitul Futuh locations and recently started operating from Islamabad.

AUXILIARY ORGANISATIONS

Our auxiliary organisations are a very important part of our administration and supplement the activities of the Association. They assist at Jalsa Salana, Waqare Amals, collection of funds and other Jama'at events. They have raised funds for charitable causes which give a big impact on the perception of the Association to the indigenous population. They also assisted in Tabligh and Tarbiyat of the Jama'at members. I have the highest regard for all the Sadrs – Mr Abdul Quddus Arif, Dr Ijaz Ur Rehman and Dr Fariha Khan and their teams that have worked with great dedication throughout they year.

THANKS

I would like to thank Imam Sahib, Regional Missionaries and the Regional Amirs for the excellent support they have given the Association. The field missionaries have done an excellent job and travel many miles all over the country to attend various Tabligh, Ta'lim and Tarbiyat functions and events. Their leadership in these matters is very important for local as well as regional levels. Presidents of local branches are the representatives of the Amir at the local level and their role as leader is crucial for the development of the Association. I can say with some pride that the new Presidents have performed excellently throughout the year. The local branches are the life and blood of the national entity. The we have a number of dedicated volunteers and employees who have given invaluable time and skill to the Association and its members. The Engineers Association are doing valuable and humanitarian work on several projects in Africa such as providing water aid and solar energy. We also thank the Pan African Association, Ahmadi Muslim Lawyers Association, Immigration Committee and the Medical Association for assisting the Association. Qadha board (arbitration council) dealt with some of the most difficult issues facing members of the Association. I have full confidence that all decisions made are based on honesty, truth and justice. The Finance Committee processed requests received in the Centre from around the country and from the UK departments. The great American industrialist, Henry Ford said: "If everyone is moving forward together, then success takes care of itself." This is certainly true in this case of the Naib Amirs (National Vice Presidents) UK. They have always provided good advice allowing things to be undertaken in a very professional and proper way. Some Central organisations have representatives in this country. Due to this proximity, it makes our work easier because of the excellent co-operation that has been built up over the years. I would like to thank them all for their moral support and co-operation

HAZRAT AMIRUL MOMINEEN

We must continue to thank Allah that he has given this special honour to the UK Jama'at to serve Huzoor Aqdas (may Allah be his Helper) Supreme Head of the worldwide Ahmadiyya Muslim Community who takes a very close personal interest in our Association and continues to give us special time to review our progress and gives personal guidance to individual departments. I request all members to make a personal pledge that they will endeavour to strengthen their bond with Khilafat and put into practice the words of wisdom from Huzoor Aqdas (may Allah be his Helper). I would like to take this opportunity to thank Huzoor Aqdas (may Allah be his Helper) for his kindness not only to me but also to the whole Assocaition. Let us please not forget that it is with Huzoor Aqdas's (may Allah be his Helper) constant prayers and guidance that enables the Jama'at to prosper. We should also remember Huzoor Aqdas's (may Allah be his Helper) family in our prayers, may Allah give them good health. Whilst Covid prevented the physical reach of the Khalifa for many in terms of personal mulaqats, it nevertheless enabled virtual and spiritual mulaqats for many people from all over the world and in greater numbers. What a blessing! Would this have happened if Covid never happened? Who knows but this Community and love of the

Khalifa knows no bounds and Allah paved the way for Jama'at members feel closer to them, albeit virtually. Even after all effects of Covid are present no more, these international mulaqats may well still continue. We have had various programmes through the year where Huzoor Aqdas (may Allah be his Helper) addressed online the National Amila, Presidents, New Ahmadiis, Humanity First, IAAAE, PAAMA and the auxiliary organisations.

ALLAH

These last 2 years or so during the Covid pandemic has seen very testing grounds for the Jama'at in every way. We have lost loved ones due to Covid, we had our normal daily lives totally interrupted where we could not even meet family members outside of our own vicinity, we felt the loss of personal contact with members at our functions and we indeed missed our functions like Jalsa and were unable to be blessed with the physical presence of the Khalifa. However, the members never lost hope and placed their faith in Allah. This is a progressive Jama'at in all circumstances and Allah enabled us do our best, excel and improve ourselves in such testing times. Allah opened up new avenues of communication and expertise that enabled us to still keep in touch and pursue spiritual advances. And of course, the Khalifa became available across the world through his virtual mulaqats. The care of our members and indeed of the wider community was evident throughout the regions – this service is not only in line with Islamic principles and teachings but an excellent form of Tabligh – no doubt, throughout the world, Islam Ahmadiyya, through this period has become more prevalent and especially in the UK. I thank Allah enormously for all the blessings He continues to shower upon our Jama'at. We can only show our gratitude through our constant and increased supplication to Him. Ameen.

Rafiq Ahmed Hayat
Amir UK

The members of the Management Committee are pleased to present their report together with the financial statements of the Association for the year ended 30 June 2022. Legal and administrative information is set out on Pages 2 and 3 and forms part of this report. The financial statements have been prepared in accordance with the accounting policies set out in the notes to the financial statements and comply with the charity's governing document, the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006, the Charities (Accounts and Reports) Regulations 2008, the Charities Act 2011 and the Statement of Recommended Practice on Accounting and by Charities (SORP) 2005.

Objectives and Activities

The objects for which the Charity is established are

- the propagation of Islam as expounded by Mirza Ghulam Ahmad of Qadian, the founder of the Ahmadiyya Movement, and his successor, the Khalifatul Masih and generally to promote comparative study of religion.
- the advancement of education amongst the members of the Association and such other persons as the Management Committee of the Association may determine from time to time.
- the provision, as far as possible, of maintenance of orphans and widows and for such other persons as are unable by reason of some physical or other infirmity or handicap to maintain themselves.
- The relief of poverty.

The activities of the Association are as follows:

- Propagation of Islam.
- Building of mosques.
- Religious education institute for missionaries, Waqf-e-Nau and other children.
- Assistance to deserving and needy for instance following natural disaster.

A comprehensive Annual Report of the activities of the Association can be obtained on request from the General Secretary of the Association.

Financial Review

The Association is reliant entirely on voluntary donations from its members in the United Kingdom. The general public is not solicited for funds for attaining the objectives of the Association. The total income for the year amounted to £24,828,203 (2021: £26,206,739). The Statement of Financial Activities includes further details. The amount expended in pursuit of the charitable objectives during the year was £19,239,033 (2021: £18,107,025) up from the previous year following resumption of the Associations major events and activities post covid.

Structure, governance and management

The Association is an unincorporated charity and is governed by a Trust Deed or its Constitution which sets out its objectives and powers. The Constitution of the Association was adopted on 21st April 1987. The Association was registered as a charity by the Charity Commission (No 299081) on 11th May 1988. Under the Constitution, the members of the Majlis Amila comprise the Trustees and constitute the Management Committee that is elected every three years at the Majlis Shura (Consultative Council whose members are elected office bearers and missionaries) which is held once a year. The day to day administration of the Association is carried out by the Management Committee

which meets once a month. Administration cascades down into local branch office bearers who are also elected every three years.

Ahmadiyya Muslim Jama'at (Scotland) Limited [AMJ (Scotland Ltd)] Charity Number SC050163 and Company No SC649886 was registered as a separate entity with the OSCR (Scottish regulator) to look after the affairs of the Community in Scotland and commenced its charitable work with effect from July 2020.

The Management Committee has formally established a sub-committee, "The Finance Committee", which deals with the day-to-day financial matters of the Association. The Finance Committee presents its significant approvals to the Management Committee each month and also prepares the annual Income and Expenditure Budget for the approval of Majlis Shura (Consultative Council). The Finance Committee normally meets once a week and comprises:

1.	Mr Rafiq Ahmed Hayat	<i>President</i>
2.	Dr. Maqbool Sani Sethi.....	<i>General Secretary</i>
3.	Mr Mohammed Nasser Khan	<i>Vice President</i>
4.	Mr Sultan Lone	<i>Finance Secretary</i>
5.	Malik Mohyuddin Abdullah.....	<i>Accountant</i>
6.	Mr Irfan Chaudhry	<i>Treasurer</i>
7.	Mr Abdullah Jheengoor	<i>Internal Auditor</i>

The induction process for a newly appointed member of the Majlis Amila comprises an initial meeting with the Amir followed by a review of the written prescribed powers, the responsibilities of the appointed member of the Management Committee and the role of the Finance Committee. Information supplied as part of the induction process includes a copy of the relevant responsibilities for a post within the Association, a copy of the latest annual report and financial statements, copies of the minutes of the Majlis Amila, a copy of the Charity Commission's guidance "The Essential Trustee: What You Need to Know" and HMRC's "Fit and Proper Person." All secretaries are required to submit to the National President of the Association a report of their monthly activities and report periodically to the Management Committee their plan of set targets and report their progress in attaining such targets. Minutes of the monthly Management Committee are circulated to its members and approved by the Amir (National President).

Statement of Management Committee's responsibilities

The Management Committee is responsible for preparing the Annual Report and Financial Statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice. The Constitution of the Association requires the Management Committee to prepare financial statements for each financial year which give a true and fair view of the state of the Association's financial activities as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the Management Committee should follow best practice and:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- follow applicable accounting standards and statements of recommended practice; and
- prepare the financial statements on the going concern basis unless it is inappropriate to assume that the Association will continue on that basis.

The Management Committee is responsible for ensuring that proper accounting records are kept which enable it to ascertain and disclose with reasonable accuracy the financial position of the Association and which enable it to ensure that the statements comply with applicable law. It is also responsible for safeguarding the assets of the Association and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Risk management

The Management Committee has overall responsibility for ensuring that the Association has appropriate system of controls, financial and otherwise. It is also responsible for safeguarding the assets of the Association and hence taking reasonable steps for the prevention and detection of fraud and other irregularities and to provide reassurance that;

- its assets are safeguarded against unauthorised use or disposition;
- proper records are maintained and financial information used within the Association or for publication is reliable;
- the Association complies with relevant laws and regulations; and
- capital projects are controlled by a Capital Projects Development Committee whilst a Purchasing Committee seeks tenders and places orders on the best quote obtained.

As part of the Association's risk management process the Managing Committee acknowledges its responsibility for the Association's system of internal control and reviewing its effectiveness. It is also recognised by the Management Committee that such a system is designed to manage rather than eliminate the risk of failure to achieve the Association's objectives and can only provide reasonable, not absolute, reassurance against material misstatement or loss. The Management Committee, through the Finance Committee, has set policies on risk and internal controls which cover the following:

- the responsibility of management to implement the Management Committee's policies and identify and evaluate risks for their consideration on an ongoing basis;
- consideration of the type of risks the Association faces;
- the level of risks which they regard as acceptable;
- the likelihood of the risks concerned materialising;
- the Association's ability to reduce the incidence and impact on its activities of risks that do materialise;
- the costs of operating particular controls relative to the benefits obtained; and
- arrangements for monitoring and reporting risk and control matters of importance, together with details of corrective action being undertaken.

As part of the above process the Finance Committee has considered the major risks to which the Association is exposed and has reviewed those risks and established systems and procedures to manage those risks.

Reserves

Restricted funds continue to include funds designated for specific purposes, for instance, for disaster relief or for Zakat, that can only be expended for specific purposes. Restricted funds include funds otherwise committed for mosques that await completion. The Finance Committee considers that, given the nature of the Association's regular income, the funds at its disposal are sufficient to meet all its needs.

Investments

Investment decisions are taken by the Finance Committee.

Public benefit

In shaping our objectives for the year and planning our activities, the Trustees have considered the Charity Commission guidance on public benefit and believe that the Association meets the necessary requirements. The remainder of this report and the separate Annual Report clearly illustrate the benefit to the public at large from the activities undertaken by the charity.

Environmental responsibility

The Association promotes an equal awareness of its members to improving both spiritual and physical environment. There is a comprehensive plan for sustainable and constant educating, training and reformation of members to aspire to higher moral values. In contributing to reducing the carbon footprint, the Association has invested in solar panels on its new capital projects, LED lights and recycling waste.

Auditors

A resolution to reappoint Macalvins, Chartered Accountants as auditors for the ensuing year will be proposed at the next meeting of the Management Committee.

Approved and authorised for issue by the Management Committee and signed on its behalf on 21 March 2023.

Dr. Maqbool Sani Sethi
General Secretary

REPORT OF THE INDEPENDENT AUDITORS TO THE TRUSTEES OF AHMADIYYA MUSLIM ASSOCIATION – UNITED KINGDOM

Opinion

We have audited the financial statements of Ahmadiyya Muslim Association – United Kingdom (the 'Charity') for the year ended 30 June 2022 which comprise the Statement of Financial Activities, Balance Sheet, Cash Flow Statement and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 30 June 2022 and of its incoming resources and application of resources (including its income and expenditure) for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011, the Charities and Trustee Investment (Scotland) Act 2005 and Regulation 8 of the Charities Accounts (Scotland) Regulations 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities (Accounts and Reports) Regulations 2008 and the Charities Accounts (Scotland) Regulations 2006 require us to report to you if, in our opinion:

- the information given in the trustees' report is inconsistent in any material respect with the financial statements; or
- sufficient and proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditor under section 144 of the Charities Act 2011, and section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005, and report in accordance with the Acts and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we considered the following:

- the nature of the charity and sector in which it operates, control environment and financial performance including the design of the charity's remuneration policies, key drivers for staff remuneration, bonus levels and performance targets;
- the results of our enquiries of the trustees about their own identification and assessment of the risks of irregularities;
- the process for identifying, evaluating and complying with laws and regulations and whether the trustees were aware of any instances of non-compliance;
- the process for detecting and responding to the risks of fraud and whether the trustees have knowledge of any actual, suspected or alleged fraud;
- the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations.

These matters were discussed among the audit engagement team regarding how and where fraud might occur in the financial statements and any potential indicators of fraud.

As a result of these procedures, we considered the opportunities and incentives that may exist within the organisation for fraud. In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override.

We also obtained an understanding of the legal and regulatory frameworks that the charity operates in, focusing on provisions of those laws and regulations that had a direct effect on the determination of material amounts and disclosures in the financial statements. The key laws and regulations we considered in this context included United Kingdom charity law and other relevant legislation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditors-responsibilities. This description forms part of our Auditors' Report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008 and Regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an Auditors' Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities SORP (FRS102). AMA UK meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated.

Going Concern

Despite the Covid-19 pandemic, the Trustees have reviewed the financial forecasts for the charity and have in particular considered the anticipated income and expenditure commitments for a period of twelve months from the date of approval of these financial statements. The Trustees believe that the charity has adequate resources to continue in operational existence for at least the next twelve months and to meet its liabilities as they fall due. For that reason, the Trustees continue adopt the going concern basis in preparing the financial statements.

Incoming resources

Income represents amounts voluntarily contributed by members of the Ahmadiyya Muslim Association United Kingdom. Donations are recognised on receipt.

Pensions

Contributions to the charities' nominated defined contribution pension scheme are held by a third party provider and are charged to the SOFA as they arise and are payable in the year.

Tangible fixed assets and depreciation

All assets costing more than £1000 are capitalised and valued at historic cost. Depreciation of Fixture Fittings & Equipment and Motor Vehicles has been charged on a straight-line basis at a rate of 33.3% over their estimated useful life of three years.

Land and Buildings

Land and buildings are stated at historical cost, except for the London Mosque complex, which is shown at its 30th April 1979 valuation of £460,500.

No depreciation is provided on freehold land.

Depreciation is not provided on freehold buildings as the residual value is deemed to render any depreciation charge immaterial.

From 1 July 2011, depreciation is not provided on leasehold properties as it is considered to be immaterial.

Stock

Books and publications purchased for resale are charged to the revenue account during the year of purchase. Stock in hand value is ignored, it being immaterial.

Foreign currencies

Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction

Mosque Funds

Donations received for mosque funds that are yet to begin or undergo construction are treated as restricted funds. Upon completion of the mosque project, the relevant mosque fund is transferred to unrestricted funds. Any donations received for these completed mosque projects are also classified as unrestricted funds.

Ahmadiyya Muslim Association - United Kingdom

Notes to accounts

for the year ended 30 June 2022

ACCOUNTING POLICIES (continued)

Funds structure

Restricted funds are spent for the purpose for or in accordance with specific instructions of the donor.

Unrestricted income funds comprise those funds which the management committee are free to use for any purpose in furtherance of the charitable objects. Unrestricted funds include funds that had initially been designated for the purchase and construction of a specific mosque but since completion of that project, its day to day maintenance and renovation is subsequently funded by routine operating expenditure.

Further details are disclosed in notes 6 and 7.

Volunteers used - significant nature of their work.

The Charity benefits greatly from the involvement and enthusiastic support of many of its volunteers, details of which are given in our annual report. In accordance with FRS 102 and the Charities SORP (FRS 102), the economic contributions of general volunteers is not quantified by a product of hours worked or a wage rate and is not recognised in the accounts.

Financial instruments

The Charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Employer pension contributions	42,213	39,539

The average number of paid staff, either full time or part-time during the year was 260 (2021 - 247), with all employees time involved in providing either support to the governance of the charity or support services to the charity. One employee earned more than £60,000 during the year.

Allocated staff costs represent staff costs for those employees who work within specific cost centres i.e. Academy for Ministers of Religion, Baitul Futuh Mosque and Missions & branches. Unallocated staff costs represent the remaining general employee costs.

12 Transaction with Trustees

All members of the Management Committee are volunteers who do not receive remuneration for their services (2021 - £nil)

The aggregate total of donations received without conditions from the Trustees were £303,304 (2021 - £366,317)

The total authorised expenditure reimbursed including costs paid directly to 3rd parties was £13,696 (2021 - £10,205) in respect of 32 Trustees.

Report by the **National UK Amir**

Mr Rafiq Ahmed Hayat

We reproduce below an extract from the Annual Report of the Ahmadiyya Muslim Association UK (the 'Association') for the year ending 30th June 2021 presented by Mr Rafiq Ahmed Hayat, Amir (National President) UK at the 42nd Majlis Shura (Consultative and Advisory Council) UK that incorporated the Annual General Meeting of elected Presidents and General Secretaries of local branches from UK, members of the Executive Committee of the Association and special invitees from the Association's auxiliary organisations and nominated guests held on 22 May to primarily approve the budget.

COVID-19

Since the start of the pandemic, many Jama'at (Community) members sadly succumbed to this deadly virus in the UK. This has been a very difficult time for their relatives with further restrictions on visiting protocols and funerals. With such a colossal and swift change to our existence requiring adapting to a 'new normal', one should reflect and understand the true purpose of life, our surroundings, our relationship with humanity and more importantly strengthening our faith and bond with Allah Almighty.

Throughout the Covid year, physical meetings, events, seminars of the UK Jama'at etc were not possible under government rules and general safety protocols, and therefore these were all held virtually. Covid changes only the scene, but not the momentum, dedication and mission of the Community and I am proud the way members have embraced technologies like Zoom, Microsoft Teams and YouTube for Jama'at purposes. We instructed members to not only follow requirements and guidelines set by the Government but also provided guidance on how we should conduct our daily lives and provide help and assistance to all those members who required it. Homeopathic medicine for prevention and for those who had contracted the Coronavirus were made available to every Jama'at home in the country as per the instructions of His Holiness Huzoor Aqdas (may Allah be his Helper) for use by those members who wished to use them. A helpline was set up and leaflets distributed offering assistance with collection of medication, shopping etc. Personal Protective Equipment (PPE) was provided to care homes and Jama'at members. Over 40,000 masks made by our ladies who worked diligently were distributed. Humanity First, Umur Kharijiyah (External Affairs) and the auxiliary organisations organised food packages and deliveries to NHS Workers, Police and Care Homes.

Due to restrictions on collective prayers at the mosque, families offered daily prayers together in their own homes. Members listened to Eid and the weekly Friday sermons delivered by Huzoor Aqdas (may Allah be his Helper) and Ahmadi homes are sent weekly brief sermons which could be delivered in Friday Prayers at home. In addition to virtual audiences with departments and regions, Missionaries on 10 January and members of Majlis Amila (Management Committee) on the 17 January 2021 received guidance from our Spiritual Head.

COVID-19 VACCINATION PROGRAMME

Since the Government started the roll-out of the vaccine, many regions worked with the local NHS to offer eligible and frontline Jama'at members the vaccine. Vaccination Centres were set up in Baitul Futuh Mosque, Fazl Mosque, Baitur Rehman, Crawley, Milton Keynes, Manchester and Hartlepool with over 5,000 members being vaccinated.

GATHERINGS

Virtual local and regional Ijtimas of the auxiliary organisations were held with excellent attendance figures. We were also able to hold virtual Jalsa Masih Maud and Jalsa Musleh Maud with huge attendance figures as these virtual live events were broadcast online attracting a global audience. A virtual Majlis Shura (equating to an annual general assembly) was held with elected delegates in December 2020 to approve amendments to the Association's constitution to hold virtual meetings in the future if required. In addition the approved Income and Expenditure Budget for 2020/2021 was also presented with an overview of the Jama'at activities. Two virtual All-Presidents meetings were held in October 2020 and March 2021 to enable Presidents to receive clarifications on various matters.

MOSQUE PROJECTS

Despite Covid restrictions, our Mosque projects have continued. The Mosque in Scunthorpe and the extension to our Mosque in East London have been completed. In Spen Valley, we completed a new floor in the prayer halls and acquired a house adjacent to our property in Blackburn for the accommodation of the missionary. The main focus, however, has been directed on the Baitul Futuh redevelopment project where I am happy to report that good progress has and is being made. I would like to thank members who made great sacrifices in a second virtual fundraising event held in September 2020 where, by the grace of Allah, we raised £2 million. Lots of families have contributed £10,000 and their names will be entered on a plaque.

In addition to the new re-build, a lot of the external construction work has been completed and now the internal works are in progress. We negotiated with our contractor that once they complete the external work, the internal finishes would be carried out by our own teams and this work is progressing speedily. The M&E subcontractor and stone masonry are progressing well. The rest of the exterior works and the landscaping are being

planned and we are also working with the Counter-Terrorism Police. We intend to complete the main work before we can start work on the security block, kitchen etc. and have instructed our architects to produce designs for this. Our requirements include two kitchens, dining hall, residential accommodation, and a bookshop. We are also in talks with Transport for London (TFL) and the local authority to establish a pedestrian crossing in front of the Mosque.

JALSA SALANA 2020 (ANNUAL CONVENTION)

The Jalsa Salana 2020 was unfortunately one of the main casualties of the pandemic and sorely missed by millions all over the world. However, the final day session was held virtually with a few members in attendance and Huzoor Aqdas (may Allah be his Helper) addressed the worldwide Ahmadiyya Muslim Community from Masroor Hall in Islamabad. In his address, His Holiness presented the Annual Report of the Jama'at.

TABLIGH (Outreach, Preaching and Propagation)

Tabligh efforts have not been hampered by the Pandemic. The total number of Ba'aits (conversions and acceptance of allegiance) so far since the start of year has been 162. These have included 68 from Pakistani origin, 31 of Arab origin and 22 from the indigenous population in the UK. During Ramadan, 6 Big Virtual Iftar's have been held and perhaps over 50,000 people watched the proceedings. The Big Iftars featured not only Jama'at members but also leading figures in public life. In conjunction with Majlis Khuddamul Ahmadiyya (MKA), on Khilafat Day a program 'Caliphate in the 21st Century' was organised and viewed by just under 16,000 with 70,000 tweets from users all over the world. The 'Rational Religion' and 'True Islam' websites go from strength-to-strength. For the Rational Religion website, during the course of the year, there were over 675,000 views. A National Tabligh Syllabus & Curriculum was developed with a three-stage course based on literature. 'Tabligh Talk' and 'Q&A' launched in October 2020 was held each Sunday in English and Urdu on alternative weeks. A Tabligh Ashra (10 days) was also held September / October 2020 and focussed on 5 main areas: Spiritual Practice, Social Media, Tabligh Awareness Talk and Tell A Friend. 500 Tabligh reports were submitted by 138 branches.

TARBIYAT (Spiritual and Moral Reformation and Training)

The Tarbiyat team were as busy as ever and adapting to the changes of the pandemic. In order to address the implementation of the role and responsibilities of a local secretary Tarbiyyat, two action points were assigned to them namely to conduct monthly Islahi (arbitration and reconciliation) meetings and a Tarbiyat session. The Islahi central team also reach out to the local secretaries to build confidence and healthy relations between the centre and our local counterparts. The department is also involved in the pre and post-marriage counselling. The Ashra (10 days) Salat (Prayers) Campaign is held every second month. As many families offer Jum'ah at home, a short Friday Sermon, in English and Urdu is circulated to all. Since the youth have a lot of questions and seek answers, short videos prepared by missionaries, outreach, education, Tarbiyat departments and auxiliary organisations to address their concerns have been made. A dedicated website – www.IslamUnravelling.org now hosts these videos. So far, over 150 videos have been added and a search-engine facility is included.

CEMETERIES

The Brookwood Cemetery is completely full in its allocation for the Association. We acquired space for 500 graves at the Eashing Cemetery in Goldalming with an option for additional expansion. Several branches are also looking for spaces at cemeteries throughout the country and have contacted family members to remediate headstones.

TALIM (Education)

It was always going to be another busy year for the Ta'lim Department as they needed to adapt and implement increased online presence in the wake of the pandemic. Requests by members for tutoring in various subjects were dealt with by linking students to appropriate people and promoted through various social media outlets and the www.talim.org.uk website.

Ahmediyya Muslim Association UK
Ta'lim Department

ONLINE LESSONS

- Taught by professional primary and secondary teachers
- Variety of subjects including English, Maths, Science etc and more
- Variety of Islamic and Tarbiyyati subjects

Due to the government's decision to close schools because of Covid-19, the large majority of children are having to learn at home for an indefinite period. We're offering online classes across KS2-KS5, delivered by professional teachers, to support children's learning.

Visit our website for lesson details, schedules and registration:
www.talim.org.uk

For more information please contact: sectaleem@ahmadiyya.org

Ahmediyya Muslim Association UK
Ta'lim Department

ONLINE LECTURES

- Distinguished Speakers
- Variety of topics
- Interactive with Q&A's

Go to Talim website and register for the lectures. On the day in the morning you will receive an email with the link. Around 5 mins before the advertised time click on the link on your PC or Mobile Device.

Visit our website for lecture details, timetable & registration:
www.talim.org.uk

For more information please contact: sectaleem@ahmadiyya.org

The Noor Tuition Centre is still closed but 650 online lessons have been scheduled led by a team of 100 professional teachers all volunteering to teach. Overall, the figures are impressive with 35,000 bookings for classes and an average of 14 students per class. Academic subjects have been taught as well as religious subjects. The department also assisted or held online lectures, Study Skills Surgery and a forum in the Careers Fair. During Ramadan, the department catered for older students/adults by 100 lectures on secular and religious subjects on social media.

RAMADAN

We have recently gone through Ramadan 2021 and again under restrictions of lockdown. Online daily Dars (commentary) ul Qur'an and Darsul Hadith were well organised and large number of people listened in their regions. During the Darsul Hadith from Imam Sahib, there were between 7000/8000 connections with perhaps 16,000 members listening. In the Mosques, Darsul Hadith was delivered in the morning and Darsul Qur'an in the afternoons. Taraveeh prayers and many Ta'lim/Tarbiyat lectures were also held on many spiritual aspects and a number of virtual Iftars were organised by the Tabligh department. Participation has been very good in all of these.

GENERAL SECRETARY DEPARTMENT

The pandemic offered no respite for the General Secretary team! In addition, the Department organised the Virtual Majlis Shura, along with two All President meetings and the monthly Majlis Amila meetings. They also continued to deal with all issue relating to the branches, co-ordinated the changes to the local office bearers and then sent out the appointment letters.

The department worked very hard to produce the National Reporting and Communication System (NRCS) to enable branches to submit their reports online. It focuses local executives on individual responsibilities and enables the President to check and submit the completed report to the Head Office. The department held many training sessions for all Presidents and General Secretaries. Outstanding reports are followed up. Once the reports are received, they collate the reports by Department and send them to the respective members of National Amila.

UMUR KHARIJIYA (External Affairs)

We continue to face immense challenges on issues of persecution across the world but most significantly in Pakistan. The PTA (Pakistan Telecommunications Authority) lobbied social media companies to remove Ahmadi content on Google, Wikipedia and Twitter. In Pakistan they continue to harass, persecute, and kill our Ahmadi brothers and sisters and attack our mosques. Awareness was heightened by the commendable work of the All Party Parliamentary Group (APPG) for the Ahmadiyya Muslim Community and their report launched during the year was an eye-opener for many parliamentarians both here and abroad and for the government authorities. It has been taken seriously across the world and will prove to be a great asset to help overcome anti-Ahmadi persecution. A number of parliamentary questions have been raised including questions on the floor of the House to press the UK Government to take action.

We have met with Government ministers in the Home Office and Foreign Office and also with several MPs to brief them on these issues and in Algeria, where we are denied the right to register and function as a religious organisation and over the year, members had been arrested and imprisoned. The team continues to respond to live media issues successfully and our point of view – for example, press release on Batley Grammar school – published in full in national and international media. It also printed a series of leaflets that highlight His Holiness's guidance on various topics and last year ran a successful campaign on 'The Need for Justice' that reached all UK parliamentarians.

Our 'Help the Neighbour' campaign saw thousands of neighbours assisted during the pandemic and local branches donated food packs.

FINANCIAL CONTROL

The pandemic resulted in various monetary challenges that kept the department very busy. When the first lockdown in Q2 of 2020 was announced, we were instructed by the Centre to reduce expenditure for the remaining 3 months by 40% for several departments. The approved budget was presented to the virtual Majlis Shura (General Assembly) in December 2020. The department continually sought to control expenditure, with a particular focus on the national departments' approved budgeted costs, salaries, utilities and mission/branches across the UK. Despite the lockdowns, the department continued to operate from Baitul Ehsan/Baitul Futuh and remotely 7 days a week without interruption. Several workshops and meetings were held throughout the year and on one weekend, the department held workshops in all 14 regions covering 141 Jama'ats. This is very commendable. During the lockdown, the www.chanda.org.uk portal was used extensively to pay various payments in a safe and secure manner. I would also like to thank the Secretary Finance UK, the Additional Secretary Finance UK, Muhassib (accountant), Amin (treasurer) and the Internal Auditor and their teams for their invaluable services and helping maintain sound financial controls.

TAHRIK JADID AND WAQF JADID

Members made big sacrifices in both Tahrik Jadid (fund for overseas missions, publication of literature, training of missionaries and mosque development) and Waqf Jadid (fund for social development in rural areas).

For Tahrik Jadid, we collected £2,279,813 an increase of £144,641 from the previous year. The participants also increased by 1,100 from the previous year.

For Waqfe Jadid, £2,046,000 was raised with 28,400 participants. All this represents remarkable and generous sacrifices by our Jama'at members especially in this time of the Covid where many have experienced a reduction in income.

WASAYA (Wills and Testaments)

The Wasaya Department has also been very busy over the year especially with online activities promoting the scheme. The Secretary hosted more than 20 online (Zoom or Microsoft Teams) meetings with local Jama'ats in which the importance of wasiyyat was highlighted and questions answered. We now have 7400+ Musis. Updates on wasiyyat and targets were set for new wasayas and conveyed to all Regional Presidents.

SAMI BASRI (Audio Video)

The work of the Sami Basri department in difficult times like the pandemic offers them new challenges to undertake which they performed excellently. There are 11 departments. For the Voice of Islam, the Department provides operators and technical support 24/7, programme editing, server room management and a host of other activities. Many events have been online and the team adapted new ways of supporting these. It is the sheer dedication of the departmental members that in addition to the Zoom events, their work encompasses a wide range of other activities including, but not limited to, translations, AV Installations, providing news items for

MTA to covering live events, assisting Jama'ats with audio/visual matters and other technical issues. They are also always working on new projects like mosque fit-out with A/V components.

ISHA'AT (Publications and Literature)

Lockdown has hopefully increased our available time to read more books and we should ensure the Isha'at department is always kept busy. They have replenished stock which is managed electronically. The new beautiful Qur'ans printed in Turkey arrived in May 2020 and was highly praised by members. A promotional video was created and circulated widely and to date, almost 1500 copies have been sold.

The presentation boxes which arrived in

December are also selling very well. The warehouse at Baitul Futuh Mosque was visited regularly to supply books to Jama'at members. An account has been set-up with a courier company to deliver books to members. An initiative has also been started to increase paying subscribers for *The Review of Religions* and *Al-Fazl International* and I encourage all members to subscribe to both of these publications.

UMUR A'AMA (General and Public Affairs)

141 new asylum cases were registered during the year and 415 new Tajneed application forms were received from General Secretary Office for verification. 2012 other verifications were processed and on average approximately 110 files of Qadha decisions were dealt for implementation every month. In terms of the social welfare section, there were 638 elderly/disabled members and their primary target was to call all these people once every month. This Covid period has been made more difficult as hospital visits are still severely restricted. The department has been involved with Health Awareness, Legal advice and other administrative matters.

DIAFAT (Cooking and Hospitality)

Once again, Ziafat has worked tremendously hard despite not needing to cater for the many functions that could not take place. The department was, however, primarily involved in providing meals at Islamabad, Baitul Futuh, Fazl Mosque and Jamia. Refreshments and food were provided to NHS staff throughout the day during the vaccination days held at Fazl Mosque and Baitul Futuh Mosque. Catering was provided at some functions held, at funerals and both for the homeless and lorry drivers stuck on the roads.

VOICE OF ISLAM

Our VOI goes from strength-to-strength. The quality of programming is highly professional, and we are now seeing a large number of listeners from the indigenous population. Many listeners have been drawn to the station – it is particularly relevant and important for the station to appeal to a younger audience. We have also started a VOI DAB service in Manchester and several radio stations throughout the world have approached VOI requesting if they could broadcast some of our programmes. We are also live streaming on YouTube and Facebook and continue to expand to reach more global listeners. We also feature high profile academic leaders and guests from around the world – recently Dr Fauci was honoured to be a guest.

Waqf NAU (New Dedication)

A continued and increased stream of progress can be said of the Waqf Nau department in this difficult time. The department arranged an Office Bearers Forum, where seven different sessions covered in the office bearers pack tailored for each individual branch were gone through. The department engages every month with local secretaries to ensure that they are in contact with their Waqf Nau and are holding regular classes. There was also a focus on the educational status for all over 15+ Waqf Nau by advising on their education and those who have completed their GCSE's.

To ensure that the Waqf Nau children listen to the Friday Sermon delivered by His Holiness on a regular basis is constantly surveyed by the department. This year the department renewed its attempts to encourage children to join the Wasayat scheme where appropriate. A number of other activities were also held including the Jamia meeting with Waqf Nau.

The department also produced a more detailed and comprehensive analysis of the extensive work they do on a regular basis.

TALIMUL QUR'AN & WAQF ARDI (Holy Qur'an Learning and Temporary Dedication)

The Talimul Qur'an Department conducted online sessions. To facilitate the learning of the correct recitation of the Holy Qur'an, many online classes/courses were organised. G1 and G2 well attended classes were held as symposia in English for different aged groups.

The Al-Hafizoon Hifzul Qur'an class also continued throughout year six days per week from Monday to Saturday evenings with online and over phone tutorials. At the last management committee audience with His Holiness, he directed that members should be motivated to Waqf Arzi and the management committee should lead by example. To-date, over 100 members have completed Waqf Arzi.

ITQA (International Teaching of the Holy Qur'an Academy)

Due to the circumstances in Pakistan, the Association took over the running of the International Talimul Qur'an Academy (ITQA). The team comprising missionaries have worked extremely hard to get the ITQA up and running. Currently, we have 1500 students registered from 27 countries and 637 students are taught on a 1-1 basis in five languages. ITQA operates from 6:00am to 1:00pm serving a number of students from Australia, Far East, Europe, Africa and Canada. End of term on-line examinations have also been held for 200 students and I am delighted to report a 97% pass rate.

SANATO TIJARAT (Commerce and Industry)

Following the announcement of the Furlough Scheme by the government, the department summarised key points to make the whole process of where and how to claim assistance easier to understand and received over 230 telephone calls for advice. The department organised a Digital Skills course Service Now signed up by over 1100 members.

A Qualified Electricians Course taught professionally and voluntarily for 22 weeks part-time by one of our members was also made available via zoom – this alone attracted 700 members, many of whom are now working as electricians. Other works included a telephone helpline in Urdu and English for 1-2-1 support, home-working solutions and a successful Careers Fair in addition to assisting members with CVs, interview techniques and networking.

RISHTA NATA (Match-Making and Matrimonial Affairs)

Throughout the year, the department has held many Tarbiyat Webinars, Regional Refresher training sessions and other meetings on a regional and Jama'at basis throughout the country. 19 video clips and posters were distributed uploaded/sent via social media via local President's, WhatsApp groups. An online facility is under further development.

There are still a large number of boys and girls who are unable to find suitable matches and a lot of time and effort needs to be undertaken on the training of the children to give them confidence that the Association will find them suitable matches.

JAIDAD (Properties and Maintenance)

Nothing stops the progress of our construction work and once again the department has been continuously busy throughout the year. In addition, health and safety is of paramount importance for all our Jama'at workplaces. 11 commercial Viro Fogging machines along with disinfectants were supplied to all the big mosques in the UK. 180

sanitizers five litre bottles were ordered and delivered across all mosques and mission houses in the UK before mosques reopening and were later replenished.

More than 60 infrared thermometers were also ordered for all mosques. More than 50 acrylic plastic sneeze guard protection screens were ordered and installed for various offices in Baitul Futuh, Baitul Ehsan, Fazal Mosque. General Maintenance has also taken place at Jamia, Fazal Mosque, 39 Gressenhall Road guest house, Darul Amaan – Manchester and other Mosque and Mission houses throughout the UK. The department is also overseeing the work in Baitul Islam – Scunthorpe where the work has been completed and also at Baitul Atta Mosque - Dewsbury where the existing church building has now been transformed into a Mosque.

ADDITIONAL SECRETARY TARBIYAT AND WAQF JADID FOR NEW AHMADIS

The department launched the new Ahmadi Database system called CRM and held an on-line Ijtema on 28th November 2020. The department administers conversion forms and require that all new Ahmadis meet 17 education and moral training duties. The department welcomed new Ahmadis to help and integrate them.

ZIRA'AT (Agriculture and Horticulture)

The department has been busy throughout the seasons and have carried out a lot of work at various Mosques including Baitul Futuh Mosque, London Mosque and Baitul Ehsan.

HOMEOPATHY

Nine dispensaries were set up from homes of members of the homeopathic team who were able to dispense medicines to the local community. In March 2020, COVID-19 medicines were provided to all 14 regions of UK Jama'at for 10,155 families (approximately 34,000 members). In September 2020, Covid prevention medicines for school-going-children, parents and their families and more recently, pre and post vaccine homeopathy medication has been approved for supply.

MTA INTERNATIONAL

We have the special honour of many UK members working for MTA International in various capacities.

HUMANITY FIRST

Humanity First continues to increase its activities and services e.g. a much needed and used foodbank in Mirfield and beside handling sustainable humanitarian work and social development projects throughout the world. Pictured right is the Humanity First Foodbank in Mirfield

MOON-SIGHTING COMMITTEE

The Moon Sighting Committee determines Ramadan and Eid dates and the team is often requested to give insights into moon sightings for other countries too.

amagallery.org.uk WEBSITE

Over the past few month, the A.M.A. gallery has featured some new and informative additions to the website. The site acts primarily as a hub to web pages of other Jama'at website making navigation to a resource of information easier and appealing to all audiences' spiritual knowledge.

AUXILIARY ORGANISATION

The auxiliary organisations are a very important part of the administrative structure. They have also been very active in raising funds in charitable causes which give a big impact on the perception of the Jama'at to the indigenous population. They have endeavoured to help not only members but NHS workers, the elderly and many others of the general population. They are also carrying out excellent work in Tabligh and Tarbiyat of the Jama'at members and always support me as Amir and are members of various sub-committees like Rishta Nata, Social Media and Baitul Futuh Construction Committee to name a few.

REGIONS

I would like to thank Imam Sahib, Regional Missionaries and the Regional Amirs (Presidents) for the excellent support they give to the Jama'at. The Regional missionaries have done an excellent job and their leadership in these matters is very important for local as well as regional levels. Regional Amirs have been instrumental in making the regions very active and play a key role in improving the financial contributions from their respective branches. The presidents are basically the representatives of the Amir at the local level and their role as leader is crucial for the development of the Jama'at. The local branches are the life and blood of the national entity.

PROFESSIONAL BODIES

The Engineers Association (IAAAE) is doing excellent humanitarian work on a number of projects in Africa such as providing water aid and solar energy. The Ahmadi Muslim Lawyers Association

and the Immigration Committee have assisted members and the chairs of the Medical Association and of the Pan African Ahmadiyya Muslim Association have been very busy in various activities.

QADHA (Arbitration Board)

The board deals with some of the most difficult issues facing the community that require tact, diplomacy and empathy and understanding in adjudicating and arbitrating different disputes. I have full confidence that all the decisions made are based on honesty, truth and justice.

THANKS

No organisation can run without good teamwork. I record my thanks to all persons who one or another and often behind the scene have counselled and helped me to attend to the affairs of the Association.

HAZRAT AMIRUL MOMINEEN (may Allah be his Helper).

We must continue to thank Allah that He has given this special honour to the UK Jama'at to serve Huzoor Aqdas (may Allah be his Helper) and of course having his blessed presence in our midst.

Huzoor Aqdas (may Allah be his Helper) takes a very close personal interest in our Association and continues to give us special time to review our progress and give personal guidance to individual departments. I request all members to make a personal pledge that they will endeavour to strengthen their bond with Khilafat and put into practice the words of wisdom from Huzoor Aqdas (may Allah be his Helper).

I would like to take this opportunity to thank Huzoor Aqdas (may Allah be his Helper) for his kindness not only to me but also to the whole of the UK Jama'at. Let us please not forget that it is with Huzoor Aqdas's (may Allah be his Helper) constant prayers and guidance that enables the Jama'at to prosper.

ALLAH

Finally I would not have done my service if I had not thanked Allah for all the blessings He has and continues to shower upon our Jama'at. We can only show our gratitude through our constant supplication to Him.

Rafiq Ahmed Hayat

The members of the Management Committee are pleased to present their report together with the financial statements of the Association for the year ended 30 June 2021. Legal and administrative information is set out on Pages 2 and 3 and forms part of this report. The financial statements have been prepared in accordance with the accounting policies set out in the notes to the financial statements and comply with the charity's governing document, the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006, the Charities (Accounts and Reports) Regulations 2008, the Charities Act 2011 and the Statement of Recommended Practice on Accounting and by Charities (SORP) 2005.

Objectives and Activities

The objects for which the Charity is established are

- the propagation of Islam as expounded by Mirza Ghulam Ahmad of Qadian, the founder of the Ahmadiyya Movement, and his successor, the Khalifatul Masih and generally to promote comparative study of religion.
- the advancement of education amongst the members of the Association and such other persons as the Management Committee of the Association may determine from time to time.
- the provision, as far as possible, of maintenance of orphans and widows and for such other persons as are unable by reason of some physical or other infirmity or handicap to maintain themselves.
- The relief of poverty.

The activities of the Association are as follows:

- Propagation of Islam
- Building of mosques
- Religious education institute for missionaries, Waqf-e-Nau and other children
- Assistance to deserving and needy for instance following natural disaster.

A comprehensive Annual Report of the activities of the Association can be obtained on request from the General Secretary of the Association.

Financial Review

The Association is reliant entirely on voluntary donations from its members in the United Kingdom. The general public is not solicited for funds for attaining the objectives of the Association. The total income for the year amounted to £26,206,739 (2020: £25,402,444). The Statement of Financial Activities includes further details. The amount expended in pursuit of the charitable objectives during the year was £18,107,025 (2020: £20,308,488) down from the previous year largely because of Covid-19 restrictions curtailing some events and the Association's activities.

Structure, governance and management

The Association is an unincorporated charity and is governed by a Trust Deed or its Constitution which sets out its objects and powers. The Constitution of the Association was adopted on 21 April 1987 and the Association was registered as a charity by the Charity Commission (No 299081) on 11 May 1988. The original Constitution was amended on 27 June 2010 by incorporating the appointment of additional Trustees, making changes required in the event of liquidation to comply with Section 7 of the Charities and Trustees Investment (Scotland) Act 2005 and widening the scope of activities to cover the whole world. In view of the Covid-19 pandemic, the Annual General Meeting (AGM) had

to be delayed to December 2020 and following a resolution adopted by an overwhelming majority, the Constitution was further amended by building emergency resilience to permit virtual meetings to be held, permitting the AGM to be held at any time instead of the first half year, allowing votes to be cast by digital means instead of by show of hands, making minor changes to the Trustees and Members' Council and permitting deeds to be signed on behalf of the Association by specific Trustees instead of all Trustees. Under the Constitution, the members of the Majlis Amila comprise the Trustees and constitute the Management Committee that is elected every three years at the Majlis Shura (Consultative Council whose members are elected office bearers and missionaries) which is held once a year. The day to day administration of the Association is carried out by the Management Committee which meets once a month. Administration cascades down into local branch office bearers who are also elected every three years.

Ahmadiyya Muslim Jama'at (Scotland) Limited [AMJ (Scotland) Ltd] Charity Number SC050163 and Company No SC649886 was registered as a separate entity with the OSCR (Scottish regulator) to look after the affairs of the Community in Scotland and commenced its charitable work with effect from July 2020.

The Management Committee has formally established a sub-committee, "The Finance Committee", which deals with the day to day financial matters of the Association. The Finance Committee presents its significant approvals to the Management Committee each month and also prepares the annual Income and Expenditure Budget for the approval of Majlis Shura (Consultative Council). The Finance Committee normally meets once a week and comprises:

- | | |
|----------------------------------|--------------------------|
| 1. Mr Rafiq Ahmed Hayat | <i>President</i> |
| 2. Mr Rana Mashhood Ahmed | <i>General Secretary</i> |
| 3. Mr Mohammed Nasser Khan | <i>Vice President</i> |
| 4. Mr Sultan Lone | <i>Finance Secretary</i> |
| 5. Malik Mohyuddin Abdullah..... | <i>Accountant</i> |
| 6. Mr Irfan Chaudhry | <i>Treasurer</i> |
| 7. Mr Abdullah Jheengoor | <i>Internal Auditor</i> |

The induction process for a newly appointed member of the Majlis Amila comprises an initial meeting with the Amir followed by a review of the written prescribed powers, the responsibilities of the appointed member of the Management Committee and the role of the Finance Committee. Information supplied as part of the induction process includes a copy of the relevant responsibilities for a post within the Association, a copy of the latest annual report and financial statements, copies of the minutes of the Majlis Amila, a copy of the Charity Commission's guidance "The Essential Trustee: What You Need to Know" and HMRC's "Fit and Proper Person." All secretaries are required to submit to the National President of the Association a report of their monthly activities and report periodically to the Management Committee their plan of set targets and report their progress in attaining such targets. Minutes of the monthly Management Committee are circulated to its members and approved by the Amir (National President).

Statement of Management Committee's responsibilities

The Management Committee is responsible for preparing the Annual Report and Financial Statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice. The Constitution of the Association requires the Management Committee to prepare financial statements for each financial year which give a true and fair view of the state of the Association's financial activities as at the balance sheet date and of its incoming resources and application of resources,

including income and expenditure, for the financial year. In preparing those financial statements, the Management Committee should follow best practice and:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- follow applicable accounting standards and statements of recommended practice; and
- prepare the financial statements on the going concern basis unless it is inappropriate to assume that the Association will continue on that basis.

The Management Committee is responsible for ensuring that proper accounting records are kept which enable it to ascertain and disclose with reasonable accuracy the financial position of the Association and which enable it to ensure that the statements comply with applicable law. It is also responsible for safeguarding the assets of the Association and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Risk management

The Management Committee has overall responsibility for ensuring that the Association has appropriate system of controls, financial and otherwise. It is also responsible for safeguarding the assets of the Association and hence taking reasonable steps for the prevention and detection of fraud and other irregularities and to provide reassurance that;

- its assets are safeguarded against unauthorised use or disposition;
- proper records are maintained and financial information used within the Association or for publication is reliable;
- the Association complies with relevant laws and regulations; and
- capital projects are controlled by a Capital Projects Development Committee whilst a Purchasing Committee seeks tenders and places orders on the best quote obtained.

As part of the Association's risk management process the Managing Committee acknowledges its responsibility for the Association's system of internal control and reviewing its effectiveness. It is also recognised by the Management Committee that such a system is designed to manage rather than eliminate the risk of failure to achieve the Association's objectives and can only provide reasonable, not absolute, reassurance against material misstatement or loss. The Management Committee, through the Finance Committee, has set policies on risk and internal controls which cover the following:

- the responsibility of management to implement the Management Committee's policies and identify and evaluate risks for their consideration on an ongoing basis;
- consideration of the type of risks the Association faces;
- the level of risks which they regard as acceptable;
- the likelihood of the risks concerned materialising;
- the Association's ability to reduce the incidence and impact on its activities of risks that do materialise;
- the costs of operating particular controls relative to the benefits obtained; and
- arrangements for monitoring and reporting risk and control matters of importance, together with details of corrective action being undertaken.

As part of the above process the Finance Committee has considered the major risks to which the

Association is exposed and has reviewed those risks and established systems and procedures to manage those risks.

Reserves

Restricted funds continue to include funds designated for specific purposes, for instance, for disaster relief or for Zakat, that can only be expended for specific purposes. Restricted funds include funds otherwise committed for mosques that await completion. The Finance Committee considers that, given the nature of the Association's regular income, the funds at its disposal are sufficient to meet all its needs.

Investments

Investment decisions are taken by the Finance Committee.

Public benefit

In shaping our objectives for the year and planning our activities, the Trustees have considered the Charity Commission guidance on public benefit and believe that the Association meets the necessary requirements. The remainder of this report and the separate Annual Report clearly illustrate the benefit to the public at large from the activities undertaken by the charity.

Environmental responsibility

The Association promotes an equal awareness of its members to improving both spiritual and physical environment. There is a comprehensive plan for sustainable and constant educating, training and reformation of members to aspire to higher moral values. In contributing to reducing the carbon footprint, the Association has invested in solar panels on its new capital projects, LED lights and recycling waste.

Significant event

Following the fire at the Association's Baitul Futuh complex that destroyed the administrative block, John McAslan & Partners, a firm of leading architects, were asked to develop new designs for the huge complex and following planning approval work is nearing completion at the date of this report on this flagship community centre of the Association.

Auditors

A resolution to reappoint Macalvins, Chartered Accountants as auditors for the ensuing year will be proposed at the next meeting of the Management Committee.

Approved and authorised for issue by the Management Committee and signed on its behalf on 23 March 2022.

Mansoor Ahmed Shah
Vice President

REPORT OF THE INDEPENDENT AUDITORS TO THE TRUSTEES OF AHMADIYYA MUSLIM ASSOCIATION – UNITED KINGDOM

Opinion

We have audited the financial statements of Ahmadiyya Muslim Association – United Kingdom (the 'Charity') for the year ended 30 June 2021 which comprise the Statement of Financial Activities, Balance Sheet, Cash Flow Statement and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 30 June 2021 and of its incoming resources and application of resources (including its income and expenditure) for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011, the Charities and Trustee Investment (Scotland) Act 2005 and Regulation 8 of the Charities Accounts (Scotland) Regulations 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities (Accounts and Reports) Regulations 2008 and the Charities Accounts (Scotland) Regulations 2006 require us to report to you if, in our opinion:

- the information given in the trustees' report is inconsistent in any material respect with the financial statements; or
- sufficient and proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditor under section 144 of the Charities Act 2011, and section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005, and report in accordance with the Acts and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we considered the following:

- the nature of the charity and sector in which it operates, control environment and financial performance including the design of the charity's remuneration policies, key drivers for staff remuneration, bonus levels and performance targets;
- the results of our enquiries of the trustees about their own identification and assessment of the risks of irregularities;
- the process for identifying, evaluating and complying with laws and regulations and whether the trustees were aware of any instances of non-compliance;
- the process for detecting and responding to the risks of fraud and whether the trustees have knowledge of any actual, suspected or alleged fraud;
- the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations.

These matters were discussed among the audit engagement team regarding how and where fraud might occur in the financial statements and any potential indicators of fraud.

As a result of these procedures, we considered the opportunities and incentives that may exist within the organisation for fraud. In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override.

We also obtained an understanding of the legal and regulatory frameworks that the charity operates in, focusing on provisions of those laws and regulations that had a direct effect on the determination of material amounts and disclosures in the financial statements. The key laws and regulations we considered in this context included United Kingdom charity law and other relevant legislation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditors-responsibilities. This description forms part of our Auditors' Report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008 and Regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an Auditors' Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities SORP (FRS102). AMA UK meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated.

Going Concern

Despite the Covid-19 pandemic, the Trustees have reviewed the financial forecasts for the charity and have in particular considered the anticipated income and expenditure commitments for a period of twelve months from the date of approval of these financial statements. The Trustees believe that the charity has adequate resources to continue in operational existence for at least the next twelve months and to meet its liabilities as they fall due. For that reason, the Trustees continue adopt the going concern basis in preparing the financial statements.

Incoming resources

Income represents amounts voluntarily contributed by members of the Ahmadiyya Muslim Association United Kingdom. Donations are recognised on receipt.

Pensions

Contributions to the charities' nominated defined contribution pension scheme are held by a third party provider and are charged to the SOFA as they arise and are payable in the year.

Tangible fixed assets and depreciation

All assets costing more than £1000 are capitalised and valued at historic cost. Depreciation of Fixture Fittings & Equipment and Motor Vehicles has been charged on a straight-line basis at a rate of 33.3% over their estimated useful life of three years.

Land and Buildings

Land and buildings are stated at historical cost, except for the London Mosque complex, which is shown at its 30th April 1979 valuation of £460,500.

No depreciation is provided on freehold land.

Depreciation is not provided on freehold buildings as the residual value is deemed to render any depreciation charge immaterial.

From 1 July 2011, depreciation is not provided on leasehold properties as it is considered to be immaterial.

Stock

Books and publications purchased for resale are charged to the revenue account during the year of purchase. Stock in hand value is ignored, it being immaterial.

Foreign currencies

Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction

Mosque Funds

Donations received for mosque funds that are yet to begin or undergo construction are treated as restricted funds. Upon completion of the mosque project, the relevant mosque fund is transferred to unrestricted funds. Any donations received for these completed mosque projects are also classified as unrestricted funds.

ACCOUNTING POLICIES (continued)

Funds structure

Restricted funds are spent for the purpose for or in accordance with specific instructions of the donor.

Unrestricted income funds comprise those funds which the management committee are free to use for any purpose in furtherance of the charitable objects. Unrestricted funds include funds that had initially been designated for the purchase and construction of a specific mosque but since completion of that project, its day to day maintenance and renovation is subsequently funded by routine operating expenditure.

Further details are disclosed in notes 6 and 7.

Volunteers used – significant nature of their work

The Charity benefits greatly from the involvement and enthusiastic support of many of its volunteers, details of which are given in our annual report. In accordance with FRS 102 and the Charities SORP (FRS 102), the economic contributions of general volunteers is not quantified by a product of hours worked or a wage rate and is not recognised in the accounts.

Financial Instruments

The Charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.
