

## **ANNUAL REPORT 2020**

### **UK APOSTOLIC CHURCH OF GOD 7<sup>TH</sup> DAY**

**Charity Reg. Number 299921**

Despite the challenges in 2020 due to COVID God blessed the church and we had a blessed year. The church prayed more, not only for herself but for the nation and the world as a whole. We will continue to pray. As we prayed for the church, for our homes and families we saw the miraculous hand of the Lord bless some of the members in a special way as the sick ones felt much better and were encouraged. Although our bible studies were done online the studies went well.

#### **OUR MINISTRY IN THE UK**

Our evangelistic teams continued to proclaim the gospel message, once the lockdown was lifted, by distributing free gospel tracts, bibles and booklets to those who showed interest and asked for them. New people came to the Lord and joined our ministry voluntarily. Some of our workers and members visited churches and seminars, sometimes online and were blessed.

#### **MINISTRY OF YOUNG PEOPLE AND CHILDREN**

Young people attended our services regularly. Some of them took part in playing musical instruments, according to their ability. Some were particularly gifted and were a good example and a blessing to others who looked forward to coming again.

#### **THE YOUNGER CHILDREN**

The adult leaders responsible for the Youth Department continued to organize activities for the younger children by way of music, bible quizzes and recitations. The little children enjoyed being a part of this.

#### **PRAYER NETWORK**

Our prayer network continued to grow as COVID and the lockdowns allowed our members more time to pray for the nation. The church continued to send out scripture verses, and reports from the recipients is that these helped them very much in difficult times. People tended to ask for their scripture verse if for any reason they did not receive it.

#### **BOOKS AND LITERATURE**

Dr Lake's books continued to be a blessing to all who read them, both at home and abroad. Those who read them reported on how informative in the scriptures, and encouraging the books have been to relatives and friends to whom they gave them. The books have enabled members of our organization to be built up in their faith.

Our overseas ministers have used Dr Lake's books to help them in their teaching ministry and have used the books to help them in their end of year programmes. Dr Lake's books are ministry books which meet people at the point of their needs. They are written for the benefit of all, not only for spiritual growth but also for help and encouragement in everyday life.

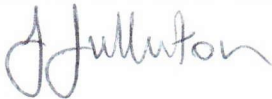

We continued to offer free bibles and Christian literature to anyone who requested them.

### **OVERSEAS MINISTRY**

As in previous years our organization continued to receive many enquiries from overseas ministries requesting that we work with them. We have been working with some of them via email and our website. Many have informed us that they have been making use of our free literature and teachings on our website.

Our overseas ministry continued to grow. Our ministers have remained faithful to the Lord. We have helped them spiritually, again with lots of material from our website and also by email. God has blessed our ministry in 2020 and our members continued to be faithful in their service of the Lord, at home and abroad.
