Section B Structure, governance and management

Description of the charity's trusts

Type of governing document

The Group's governing documents are those of the The Scout Association. They consist of a Royal Charter, which in turn gives authority to the Bye Laws of the Association and The Policy, Organisation and Rules of The Scout Association.

The Group is a trust established under its rules which are common to all Scouts.

Trustee selection methods

The Trustees are appointed in accordance with the Policy, Organisation and Rules of The Scout Association.

The Group is managed by the Group Executive Committee, the members of which are the 'Charity Trustees' of the Scout Group which is an educational charity. As charity trustees they are responsible for complying with legislation applicable to charities. This includes the registration, keeping proper accounts and making returns to the Charity Commission as appropriate.

The Committee consists of 3 independent representatives, Chair, Treasurer and Secretary together with the Group Scout Leaders, individual section leaders and parent's representation and meets every 12 months.

Policies and procedures adopted for:

Members of the Executive Committee complete training within the first 5 months of joining the committee.

a) the induction and training of trustees; b) trustee consideration of major risks and the systems and procedures to manage them

This Group Executive Committee exists to support the Group Scout Leader in meeting the responsibilities of the appointments and is responsible for:

The maintenance of Group property;
The raising of funds and the administration of Group finance;
The insurance of persons, property and equipment;
Group public occasions;
Assisting in the recruitment of leaders and other adult support;
Appointing any sub committees that may be required;

Section B Structure, governance and management (continued)

Risk and Internal Control

The Group Executive Committee has identified the major risks to which they believe the Group is exposed, these have been reviewed and systems have been established to mitigate against them. The main areas of concern that have been identified are:

Damage to the building, property and equipment. The Group would request the use of buildings, property and equipment from neighbouring organisations such as the church, community centre and other Scout Groups. Similar reciprocal arrangements exist with these organisations. The Group has sufficient buildings and contents insurance in place to mitigate against permanent loss.

Injury to leaders, helpers, supporters and members. The Group through the capitation fees contributes to the Scout Associations national accident insurance policy. Risk Assessments are undertaken before all activities.

Reduced income from fund raising. The Group is primarily reliant upon income from subscriptions and fundraising. The group does hold a reserve to ensure the continuity of activities should there be a major reduction in income. The Committee could raise the value of subscriptions to increase the income to the group on an ongoing basis, either temporarily or permanently.

Reduction or loss of leaders. The group is totally reliant upon volunteers to run and administer the activities of the group. If there was a reduction in the number of leaders to an unacceptable level in a particular section or the group as a whole then there would have to be a contraction, consolidation or closure of a section. In the worst case scenario the complete closure of the Group.

Reduction or loss of members. The Group provides activities for all young people aged 6 to 18. If there was a reduction in membership in a particular section or the group as whole then there would have to be a contraction, consolidation or closure of a section. In the worst case scenario the complete closure of the Group.

Section C	Objectives and activities
Summary of the objects of the charity	<p>The Purpose of Scouting Scouting exists to actively engage and support young people in their personal development, empowering them to make a positive contribution to society.</p> <p>The Values of Scouting As Scouts we are guided by these values: Integrity - We act with integrity; we are honest, trustworthy and loyal. Respect - We have self-respect and respect for others. Care - We support others and take care of the world in which we live. Belief - We explore our faiths, beliefs and attitudes. Co-operation - We make a positive difference; we co-operate with others and make friends.</p> <p>The Scout Method Scouting takes place when young people, in partnership with adults, work together based on the values of Scouting and: - enjoy what they are doing and have fun - take part in activities indoors and outdoors - learn by doing - share in spiritual reflection - take responsibility and make choices - undertake new and challenging activities - make and live by their Promise.</p>

Risk and Internal Control	<p>The group has in place systems of internal controls that are designed to provide reasonable assurance against material mismanagement or loss, these include 2 signatories/dual authorisation for all payments and a comprehensive insurance policies to ensure that insurable risks are covered. All units within the group have allocated funds that the leader can use at their discretion to support meeting nights and normal running of the unit. They are restricted within these funds and expenses are always reviewed and approved by the Treasurer. The laid down controls were maintained throughout COVID lockdown the Group did not experience any reduction of funds and liquidity. The Chairman, Treasurer, Secretary, and Acting GSL have the authority to make defined financial commitments on behalf of the group. All major and or commitments are the subject of discussion and agreement by the Exec prior to implementation. Commitments by other persons need approval by at least 2 of the 3 authorized people and ideally presented via the Executive Committee meetings if timing permits. Payments can be delegated by the Executive Committee members to other persons who have a need to regularly procure on the group's behalf. These are clearly identified and documented in advance. Every expenditure is processed via our bank account which requires dual authorization.</p>
---------------------------	--

Public benefit statement	<p>The Group meets the Charity Commission's public benefit criteria under both the advancement of education and the advancement of citizenship or community development headings.</p>
--------------------------	---

Section D	Achievements and performance
Summary of the main achievements of the charity during the year	<p>The Executive Committee (Treasurer, Chairman, Secretary and Acting GSL), "the team" work very well together and provide material support for the Group with the Acting GSL and leaders delivering the aims of the Scout group. The Group is very pleased advice that Ann Tegerdine has continued as Secretary and adds material strength to the Exec team. Colin Tegerdine continues to support the Group in his role as Acting GSL their expertise is much appreciated. The District's Commissioner (DC) is assisting-supporting us and we refer to him from time to time for guidance. All areas of the group (Beavers, Cubs and Scouts) continue to operate throughout the year and delivered both a fun and educational programme for the members of the group. The accomplishment this financial year was to maintain the Group's financial position whilst containing operating costs.</p>

Section E	Financial Review
Reserves Policy	<p>The Group's policy on reserves is to hold sufficient resources to continue the charitable activities of the group should income and fundraising activities fall short. The Group Executive Committee considers that the group should hold a sum equivalent to 12 months running costs, circa £8000. The Group benefitted from grants within the financial year which boosted reserves, however, the Group is also aware of significant upcoming costs with regards property maintenance and equipment replacement. Therefore, the reserves held are currently higher than normal operational costs.</p> <p>The Group held reserves of approximately £22,000 against this at year end. This is above the level required for operating expenses. However this can be explained by unusual levels of income (grants) received in the last months of the financial year and expected property maintenance costs (replacement of roof of headquarters) over the next few years.</p> <p>The Group is aware of increasing costs in terms of utilities, insurance and general running costs and is planning for increases in expenditure in the future. The Group is also vigilant to the possibility of other events (such as the return of Covid) which may interrupt income flows, and therefore will look to maintain higher levels of reserves in the future to mitigate the risk of the closure of the Group if further events or restrictions are imposed in the future.</p> <p>Investment Policy The Group's normal Income and Expenditure is very small and as a consequence does not have sufficient funds to invest in longer-term investments such as stocks and shares. The Group has therefore adopted a low risk strategy to the investment of its funds. All funds are held in cash using only mainstream banks or building societies.</p> <p>The Group Executive regularly monitors the levels of bank balances and the interest rates received to ensure the group obtains maximum value and income from its banking arrangements. Occasionally this may involve using an account that requires a period of notice before funds may be withdrawn, before doing so the Group Executive considers the cash flow requirements.</p>
