1. Information

- 1.1 Lewes District Council is sole trustee for the Mountfield Pleasure Ground Trust by virtue of the Local Government Act 1972 section 210 (2)(b) which provided for charitable property previously vested in Urban Rural District Councils to be vested in the District Council in the absence of a successor Parish or Town Council. Lewes District Council became sole trustee because Lewes Town Council did not exist at the time of reorganisation in 1974.
- 1.2 Corporate trustees must follow the reporting and accounting requirements in the Charities Act 2011. The requirements are set out in more detail in:
- the Charities (Accounts and Reports) Regulations 2008, which deal with the content and format of the Trustees' annual report, the accounts and the arrangements for audit or independent examination and
 - Accounting and Reporting by Charities: Statements of Recommended Practice
- 1.3 The Trustee's Annual Report for 2024/25 is attached at Appendix 1. This incorporates the Receipts and Payments Account for the year as gross income is less than £250,000 for the year.

- 1.4 These documents meet the reporting requirements and are subject to Independent Examination by an external auditor. At the time of writing, the Independent Examination is still in progress. We are awaiting the final report and if there are any changes these will be reported at the meeting. Any significant changes resulting from the Independent Examination are reported back to the Council as Trustee.
- 1.5 It is recommended that authority be given to the Chair of the meeting, on completion of the Independent Examination, to incorporate any changes identified and proposed by the external examiner and to sign the Annual Report and Annual Accounts on the Trustee's behalf.
- 1.6 The signed documents will be accessible from the Charity Commission website and will be also made available to the public on Lewes District Council's website.
- 2 **Financial Appraisal**As in previous years, the assets held by the Trust did not generate sufficient income to cover costs. The Receipts and Payment Account at the end of the Annual Report indicates that a grant of £68,977 was received from Lewes District Council in 2024/25 to achieve a break-even position for the year.
- 3 **Legal Implications**The Council, as a single corporate entity, is the sole Trustee (Councillors are not trustees in their individual capacities). The Council, as a Trustee, has a duty to act in the best interests of the Trust.
- 4 **Risk and Impact Management Implications**There are no material risk management implications arising from this report. The Annual Report and Accounts are expected to meet the requirements of the Charity Commission. The governance arrangements of the Trust are explained in the Annual Report.
- 5 **Equality and Fairness Analysis**This is a routine report for which detailed Equality Analysis is not required to be undertaken. The equality implications of individual decisions relating to the projects/services covered in this report are addressed within other relevant reports.

Mountfield Pleasure Ground Trust

Trustee's Annual Report for the period 1 April 2024 to 31 March 2025

Reference and Administration Details

<i>Registered Charity Number</i>	305274
<i>Charity's principal address</i>	6 High Street Lewes BN7 2AD
<i>Principal Contact</i>	Head of Legal Services and Deputy Monitoring Officer
<i>Names of the Charity Trustees who manage the Charity</i>	Lewes District Council is sole Trustee of the Charity.

Structure, governance and management

<i>Description of the Charity's trusts</i>	
<i>(a) Type of governing document</i>	Deed dated 31 March 1896.
<i>(b) How the Charity is constituted</i>	Trust
<i>(c) Trustee selection methods</i>	All elected Councillors of Lewes District Council acting collectively as the Council.

Additional governance issues

The election of Councillors to the District Council takes place every four years, when residents who are on the Register of Electors are entitled to vote within their ward. The last elections in Lewes District were held in May 2023. Candidates for election must satisfy the following criteria on the day they are nominated and on polling day they:

- must be at least 18 years old
- be a British citizen, an eligible Commonwealth citizen, or a citizen of any member state of the European Union

They must also meet at least one of the four following qualifications:

- they are registered as a local government elector for the local authority area in which they wish to stand from the day of nomination; or
- they have occupied as an owner or tenant any land or other premises in the local authority area during the whole of the 12 months before the day of nomination; or
- their main or only place of work during the 12 months prior to the day of nomination has been in the local authority area; or
- they have lived in the local authority area during the whole of the 12 months before the day of nomination.

A person may not be eligible to stand as a Councillor if he/she:

- is the subject of a bankruptcy restrictions order or interim order; or
- has been sentenced to a term of imprisonment of three months or more (including a suspended sentence) without the option of a fine, during the five years before election day; or
- has been convicted of a corrupt or illegal practice by an election court; or
- works for the Council or holds a politically restricted post with another council.

The operational management and operation of the area of land which constitutes the 'Mountfield Pleasure Ground' is carried out in accordance with Lewes District Council's corporate governance arrangements. The Council has several systems and documents in place to ensure that it has effective corporate governance. These include the Council's Constitution, Council Plan, Medium Term Financial Strategy and Whistleblowing Policy.

The Council reviews its corporate governance arrangements against national best practice. The Audit and Standards Committee periodically reviews the Lewes District Council Local Code of Corporate Governance, most recently in September 2017. The Local Code brings together all the Council's corporate governance arrangements in one place and identifies several issues to be addressed that will improve the Council's approach. It has seven core principles, listed below. Of these, Principle D is the one with the least correlation with the framework which was in place for the period covered by this Annual Report. While the wording of the principles has been revised, there is a good deal of commonality between the sub principles.

- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
- B. Ensuring openness and comprehensive stakeholder engagement
- C. Defining outcomes in terms of sustainable economic, social, and environmental benefits
- D. Determining the interventions necessary to optimise the achievement of the intended outcomes
- E. Developing the Council's capacity, including the capability of its leadership and the individuals within it
- F. Managing risks and performance through robust internal control and strong public financial management
- G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability

The Local Code shows under each core principle:

- A number of supporting principles
- The methods used to achieve the core principle
- The evidence which will be available to demonstrate achievement of the core principle

The Local Code is published on the [Council's website](#).

There is a clear distinction between the Council's own decision-making process (for example in respect of assessing and providing financial contributions to the Trust and managing the Council's corporate assets) and the Council's role as Sole Trustee. This is achieved by having a formal break at the end of Council meetings before moving on to consider business as Sole Trustee. Such business includes the annual approval of the Trustee's Annual Report and accounts.

Objectives and activities

<i>Summary of objects</i>	The object of the Charity shall be the provision and maintenance of land at Mountfield, Dripping Pan and Convent Field, for the benefit of the public generally and especially the inhabitants of the District of Lewes in the County of East Sussex.
---------------------------	---

<i>Summary of the main activities undertaken for the public benefit in relation to these objects</i>	The Trustee has complied with its duty to have due regard to the guidance on public benefit published by the Charity Commission in exercising its powers or duties. This area of land was made accessible and available to the public through the Council's 'Parks and Open Spaces' service. The home ground of Lewes Football Club is at the Dripping Pan.
--	---

Achievements and performance

The land was available for use during 2024/2025 and was maintained by Lewes District Council's Grounds Maintenance Contractor.

Financial Review

Brief statement on the Charity's policy on reserves Lewes District Council provides an annual grant to the value of the shortfall between receipts in the year and payments made. As a result, adverse fluctuations in spending needs or income do not have an impact on the overall financial position of the Trust. For this reason, reserves or balances are not retained.

Financial review Excluding the grant received from Lewes District Council, payments in the year, **£148,658**, exceeded receipts by **£68,977**. In terms of regular items, the largest areas of spending and income were ground maintenance (**£106,772**) and car parking fees (£56,709) respectively.

The Receipts and Payment Account for 2024/2025 is appended. It includes notes of key variations in cost and income between years.

Declaration

The Council as trustee declares that it has approved the Trustee's report above.

Mountfield Pleasure Ground Trust

Receipts and Payment Account for the period 1 April 2024 to 31 March 2025

Introduction

This Receipts and Payment Account has been drawn up in accordance with guidance on the accounting and reporting framework applying to Charities in England and Wales for accounting periods ending after 31 March 2015, as set out in the Charity Commission document 'Charity Reporting and Accounting CC15c'.

There are three major influences on charity accounting and financial reporting:

- the minimum requirements for keeping accounting records applying to all charities (other than charitable companies) are set out in the Charities Act 2011
- the legal requirements for the preparation of accounts and reports, set out in Part 8 of the Charities Act 2011 and, where appropriate, the related Charities (Accounts and Reports) Regulations 2008
- Accounting and Reporting by Charities: Statements of Recommended Practice.

In line with the requirements, the annual financial statement has been prepared on a 'receipts and payments' basis. Receipts and payments accounts are statements that summarise the movement of cash into and out of the charity during the financial year. In this context "cash" includes cash equivalents, for example, bank balances where cash can be readily withdrawn to pay for debts as they become due. Receipts and payments accounts do not include the value of financial transactions for which there is a contractual commitment which has not yet been fulfilled by the transfer of cash i.e. payments owing at the end of the year are not included within the accounts.

1. The Mountfield Pleasure Ground Trust Recreation Ground is maintained within the accounts of Lewes District Council. The deficit on operations on the year is funded by the Council by means of a grant.
2. Charges for pitch hire paid by customers are received by Lewes District Council.
3. Lewes District Council's current contract for Ground Maintenance contract has been in place since 1 April 2015. Cash flow timing of contract payments accounts for the year on year decrease

4. Management and Support Costs reflect time spent by Lewes District Council operational and central support staff and are subject to annual review.

5. No separate bank accounts are kept for Charity monies.

6. No separate valuation has been made of the land and buildings used by the Charity (under a permanent endowment). However, as a guideline, the site of which this forms a substantial part has been valued at

£966,304.67

The valuation was carried out by an independent chartered surveyor in accordance with local authority asset valuation requirements, for the purpose of Lewes District Council's Balance Sheet at 31 March 2024. Last previous years figures have been used for 2024/25 due to our external sureyors not having finalised the valuations to date.

7. All of the receipts and payments have been classified as 'Unrestricted Funds'. These are funds that the Trustee is able to spend for any of the Charity's purposes.

Independent examiner's report to the trustees of Mountfield Pleasure Ground Trust

I report to the trustees on my examination of the accounts of Mountfield Pleasure Ground Trust (the Trust) for the year ended 31 March 2025.

Responsibilities and basis of the report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable directions given by the Charity Commission under section 145(5)(b) of the Act.

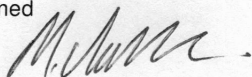

Independent examiners statement

I have completed my examination; I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect;

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than the requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

1. Information

- 1.1 Lewes District Council is sole trustee for the Mountfield Pleasure Ground Trust by virtue of the Local Government Act 1972 section 210 (2)(b) which provided for charitable property previously vested in Urban Rural District Councils to be vested in the District Council in the absence of a successor Parish or Town Council. Lewes District Council became sole trustee because Lewes Town Council did not exist at the time of reorganisation in 1974.
- 1.2 Corporate trustees must follow the reporting and accounting requirements in the Charities Act 2011. The requirements are set out in more detail in:
 - the Charities (Accounts and Reports) Regulations 2008, which deal with the content and format of the Trustees' annual report, the accounts and the arrangements for audit or independent examination and
 - Accounting and Reporting by Charities: Statements of Recommended Practice
- 1.3 The Trustee's Annual Report for 2023/24 is attached in Appendix 1. This incorporates the Receipts and Payments Account for the year as gross income is less than £250,000 for the year.

- 1.4 These documents meet the reporting requirements and are subject to Independent Examination by an external auditor. At the time of writing, the Independent Examination is still in progress. Any significant changes resulting from the Independent Examination will be reported back to the Council as Trustee. The signed documents will be accessible from the Charity Commission website and will be also made available to the public on Lewes District Council's website.
- 1.5 It is recommended that authority be given to the Chair of the meeting, on completion of the Independent Examination, to incorporate any changes identified and proposed by the external examiner and to sign the Annual Report and Annual Accounts on the Trustee's behalf.

2 Financial Appraisal

- 2.1 As in previous years, the assets held by the Trust did not generate sufficient income to cover costs. The Receipts and Payment Account at the end of the Annual Report indicates that a grant of £84,025 was received from Lewes District Council in 2023/24 to achieve a break-even position for the year.

3 Legal Implications

- 3.1 The Council, as a single corporate entity, is the sole Trustee (Councillors are not trustees in their individual capacities). The Council, as a Trustee, has a duty to act in the best interests of the Trust.

4 Risk Management Implications

- 4.1 There are no material risk management implications arising from this report. The Annual Report and Accounts are expected to meet the requirements of the Charity Commission. The governance arrangements of the Trust are explained in the Annual Report.

5 Equality Screening

- 5.1 This is a routine report for which detailed Equality Analysis is not required to be undertaken. The equality implications of individual decisions relating to the projects/services covered in this report are addressed within other relevant reports.

Additional governance issues

The election of Councillors to the District Council takes place every four years, when residents who are on the Register of Electors are entitled to vote within their ward. The last elections in Lewes District were held in May 2023. Candidates for election must satisfy the following criteria on the day they are nominated and on polling day they:

- must be at least 18 years old
- be a British citizen, an eligible Commonwealth citizen, or a citizen of any member state of the European Union

They must also meet at least one of the four following qualifications:

- they are registered as a local government elector for the local authority area in which they wish to stand from the day of nomination; or
- they have occupied as an owner or tenant any land or other premises in the local authority area during the whole of the 12 months before the day of nomination; or
- their main or only place of work during the 12 months prior to the day of nomination has been in the local authority area; or
- they have lived in the local authority area during the whole of the 12 months before the day of nomination.

A person may not be eligible to stand as a councillor if he/she:

- is the subject of a bankruptcy restrictions order or interim order; or
- has been sentenced to a term of imprisonment of three months or more (including a suspended sentence) without the option of a fine, during the five years before election day; or
- has been convicted of a corrupt or illegal practice by an election court; or
- works for the Council or holds a politically restricted post with another council.

The operational management and operation of the area of land which constitutes the 'Mountfield Pleasure Ground' is carried out in accordance with Lewes District Council's corporate governance arrangements. The Council has several systems and documents in place to ensure that it has effective corporate governance. These include the Council's Constitution, Council Plan, Medium Term Financial Strategy and Whistleblowing Policy.

The Council reviews its corporate governance arrangements against national best practice. The Audit and Standards Committee periodically reviews the Lewes District Council Local Code of Corporate Governance, most recently in September 2017. The Local Code brings together all the Council's corporate governance arrangements in one place and identifies several issues to be addressed that will improve the Council's approach. It has seven core principles, listed below. Of these, Principle D is the one with the least correlation with the framework which was in place for the period covered by this Annual Report. While the wording of the principles has been revised, there is a good deal of commonality between the sub principles.

- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
- B. Ensuring openness and comprehensive stakeholder engagement
- C. Defining outcomes in terms of sustainable economic, social, and environmental benefits
- D. Determining the interventions necessary to optimise the achievement of the intended outcomes
- E. Developing the Council's capacity, including the capability of its leadership and the individuals within it
- F. Managing risks and performance through robust internal control and strong public financial management
- G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability

The Local Code shows under each core principle

- A number of supporting principles
- The methods used to achieve the core principle
- The evidence which will be available to demonstrate achievement of the core principle

The Local Code is published on the [Council's website](#).

There is a clear distinction between the Council's own decision-making process (for example in respect of assessing and providing financial contributions to the Trust and managing the Council's corporate assets) and the Council's role as Sole Trustee. This is achieved by having a formal break at the end of Council meetings before moving on to consider business as Sole Trustee. Such business includes the annual approval of the Trustee's Annual Report and accounts.

Objectives and activities

<i>Summary of objects</i>	The object of the Charity shall be the provision and maintenance of land at Mountfield, Dripping Pan and Convent Field, for the benefit of the public generally and especially the inhabitants of the District of Lewes in the County of East Sussex.
<i>Summary of the main activities undertaken for the public benefit in relation to these objects</i>	The Trustee has complied with its duty to have due regard to the guidance on public benefit published by the Charity Commission in exercising its powers or duties. This area of land was made accessible and available to the public through the Council's 'Parks and Open Spaces' service. The home ground of Lewes Football Club is at the Dripping Pan.

Achievements and performance

The land was available for use during 2023/2024 and was maintained by Lewes District Council's Grounds Maintenance Contractor.

Financial Review

Brief statement on the Charity's policy on reserves Lewes District Council provides an annual grant to the value of the shortfall between receipts in the year and payments made. As a result, adverse fluctuations in spending needs or income do not have an impact on the overall financial position of the Trust. For this reason, reserves or balances are not retained.

Financial review Excluding the grant received from Lewes District Council, payments in the year, £144,924, exceeded receipts by £84,025. In terms of regular items, the largest areas of spending and income were ground maintenance (£109,322) and car parking fees (£39,999) respectively.

The Receipts and Payment Account for 2023/2024 is appended. It includes notes of key variations in cost and income between years.

Receipts and Payment Account for the period 1 April 2023 to 31 March 2024

Introduction

This Receipts and Payment Account has been drawn up in accordance with guidance on the accounting and reporting framework applying to Charities in England and Wales for accounting periods ending after 31 March 2015, as set out in the Charity Commission document 'Charity Reporting and Accounting CC15c'.

There are three major influences on charity accounting and financial reporting:

- the minimum requirements for keeping accounting records applying to all charities (other than charitable companies) are set out in the Charities Act 2011
- the legal requirements for the preparation of accounts and reports, set out in Part 8 of the Charities Act 2011 and, where appropriate, the related Charities (Accounts and Reports) Regulations 2008
- Accounting and Reporting by Charities: Statements of Recommended Practice.

In line with the requirements, the annual financial statement has been prepared on a 'receipts and payments' basis. Receipts and payments accounts are statements that summarise the movement of cash into and out of the charity during the financial year. In this context "cash" includes cash equivalents, for example, bank balances where cash can be readily withdrawn to pay for debts as they become due. Receipts and payments accounts do not include the value of financial transactions for which there is a contractual commitment which has not yet been fulfilled by the transfer of cash i.e. payments owing at the end of the year are not included within the accounts.

1. The Mountfield Pleasure Ground Trust Recreation Ground is maintained within the accounts of Lewes District Council. The deficit on operations on the year is funded by the Council by means of a grant.

2. Charges for pitch hire paid by customers are received by Lewes District Council.

3. Lewes District Council's current contract for Ground Maintenance contract has been in place since 1 April 2015. Cash flow timing of contract payments accounts for the year on year decrease

4. Management and Support Costs reflect time spent by Lewes District Council operational and central support staff and are subject to annual review.

5. No separate bank accounts are kept for Charity monies.

6. No separate valuation has been made of the land and buildings used by the Charity (under a permanent endowment). However, as a guideline, the site of which this forms a substantial part has been valued at **£367,541**. The valuation was carried out by an independent, professionally qualified valuer in accordance with local authority asset valuation requirements, for the purpose of Lewes District Council's Balance Sheet at 31 March 2023.

7. All of the receipts and payments have been classified as 'Unrestricted Funds'. These are funds that the Trustee is able to spend for any of the Charity's purposes.

Receipts and Payment Account for the period 1 April 2023 to 31 March 2024

Introduction

This Receipts and Payment Account has been drawn up in accordance with guidance on the accounting and reporting framework applying to Charities in England and Wales for accounting periods ending after 31 March 2015, as set out in the Charity Commission document 'Charity Reporting and Accounting CC15c'.

There are three major influences on charity accounting and financial reporting:

Notes to the Accounts

- The Stanley Turner Recreation Ground is maintained within the accounts of Lewes District Council. The deficit on operations on the year is funded by the Council by means of a grant.
- Charges for pitch hire paid by customers are received by Lewes District Council.
- Lewes District Council's current contract for Ground Maintenance contract has been in place since 1 April 2015. Cash flow timing of contract payments accounts for the year on year decrease
- Management and Support Costs reflect time spent by Lewes District Council operational and central support staff and are subject to annual review.
- No separate bank accounts are kept for Charity monies.
- No separate valuation has been made of the land and buildings used by the Charity (under a permanent endowment). However, as a guideline, the site of which this forms a substantial part has been valued at £504,566. The valuation was carried out by an independent, professionally qualified valuer in accordance with local authority asset valuation requirements, for the purpose of Lewes District Council's Balance Sheet at 31 March 2023.
- All of the receipts and payments have been classified as 'Unrestricted Funds'. These are funds that the Trustee is able to spend for any of the Charity's purposes.

Hi Susie,

As requested here are the figures you need:

Stanley Turner: $0.05\% \times \text{Total outturn of } \pounds 17,197,740 = \pounds 7,987.01$

Mountfield Pleasure Ground: $0.03\% \times \pounds 17,197,740 = \pounds 5,931.25$

Just to advise the percentages are rounded to two decimal places so there mig

Could you let me know if these are roughly in line with the figures we reported i

RE: Urgent query on car parks Mountfield Road Lewes income

Sebastian Amewudah-Rivers
To Susie Hermann

Not according to the sheets that I used to pick up from the library.

That is the only information I have.

Subject: FW: Urgent query on car parks Mountfield Road Lewes income 2023-24

Hello Seb,

I must submit the charity accounts today for Mountfield Pleasure Ground trust, and spreadsheet up to date.

I wanted to check with you that it is all correct, only because the decrease of income showing for July - Oct 2023 and Dec 2023 - Mar 2024).

Could you please have a quick look and get back to me on this, as this is likely to accounts.

Kind regards,

Susie Hermann

Dear Trustees

MOUNTFIELD PLEASURE GROUND TRUST

1. Independent examiners report for the year ended 31 March 2024

Thank you for your help in assisting us in the examination of the accounts for the year ended 31 March 2024.

Please provide us with a copy of the signed accounts and the AGM minutes approving the accounts for our files. Once we have received this we will provide you with a signed and dated copy of the Independent Examiners Report.

2. Letter of Comment

It is normal practice to draw your attention to any matters which arose during the course of the examination of the charity's financial statements. I enclose this letter for your attention.

3. Letter of Representation

As independent examiners, we require confirmation from the management of full disclosure of records and information necessary to assist in the preparation. I should be grateful if you would arrange for the enclosed letter to be signed where indicated.

FEES

I enclose a note of my fees, which I trust you will find in order. Next years fee will be £2,300 plus VAT.

I trust that I have adequately explained the present position. Should you have any points that you wish to raise please do not hesitate to contact me.

Yours sincerely

Independent examiner's report to the trustees of Mountfield Pleasure Ground Trust

I report to the trustees on my examination of the accounts of Mountfield Pleasure Ground Trust (the Trust) for the year ended 31 March 2024.

Responsibilities and basis of the report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiners statement

I have completed my examination; I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect;

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than the requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Signed

Dear Sirs

Independent examiner's Letter of Comment

In accordance with our normal practices we are writing to draw your attention to the various matters which arose during the course of the independent examination of the charity's financial statements for the year ended 31 March 2024.

1. We have reviewed the position and agree that the charity can continue to carry out an independent examination rather than an audit.
2. As the financial statements are prepared on the receipts and payments basis, the grant income is subject to misinterpretation. As this is a balancing figure and represents the shortfall between the receipts and payments made in the year, this number is subject to non-identified errors which may have arisen.
3. The testing identified a duplicated Invoice of £4,262.00 placed in both the ground maintenance and repairs and maintenance category. Upon discussion this was found to be an error that has now been corrected in the accounts by yourselves. This highlights a risk of duplications as the charity is not linked to a bank or has a balance sheet so the risk of these duplicates being missed is higher and a review of procedures to minimise the risk is advised.
4. There was less income during this year compared to previous year. Our testing dates were 8 February 2024, 12 December 2023, 24 June 2023 and 30 September 2023 and all records were available and correctly recorded. The testing amount has been included correctly in the financial statements for the year ended 31 March 2024.
5. The testing confirmed that the transactions selected for pitch hire were included correctly in the financial statements for the year ended 31 March 2024.
6. The testing identified the transaction selected for insurance recharge income was included correctly in the financial statements for the year ended 31 March 2024.
7. The largest cost included in the ground maintenance expense relates to the contract with G Burley & Sons. The cost is obtained from a site review cost determined in the 2015/16 year and this has been inflated annually since. It would be beneficial to review this allocation and cost to determine whether this is still a true reflection of the maintenance costs in regards to the Mountfield Pleasure Ground Trust.

8. The costs incurred by the Council for lighting and cleaning costs are recharged to Mountfield Pleasure Ground Trust, based on the number of car park spaces. This is a change in apportionment in the current year from last year. This cost is deemed to be within the scope of the receipts and payments basis, although this cost is subject to manipulation. However, the support that the Council are providing in terms of meeting any shortfall, (eg. Grant income) means that this risk is reduced.
9. The costs incurred by the Council for parking enforcement are recharged to Mountfield Pleasure Ground Trust based on number of car parking spaces. This transaction is considered to be within the receipts and payments basis, and therefore included accurately.
10. Testing identified a transaction selected for the business rates and utilities expense of £11,227.50 for the National Non-Domestic Rate Bill for Mountfield. This is deemed to be within the scope of the receipts and payments basis as the invoice is raised by Lewes District Council and a transfer journal is used to record this payment.
11. As the insurance cost is an allocation of the total Council insurance cost, further information was required. Given the split is in line with previous years allocations where insurance premium reports were provided this is seen as an acceptable allocation of split for Mountfield. It would be useful to review this allocation and cost to determine whether this is still a true reflection of the insurance costs relating to Mountfield Pleasure Ground Trust.
12. The costs incurred by the Council for the Support Centre 1577 – LDC Management are recharged to Mountfield Pleasure Ground Trust based on a proportion of the total Council costs. This cost is deemed to be within the scope of the receipts and payments basis, although this cost could be controlled by the Council, as the Council are providing any shortfall for the year, this means that the risk is reduced.
13. The testing identified the transaction selected for RingGo charges was included correctly in the financial statements for the year ended 31 March 2024.
14. The testing reviewed transactions included in the miscellaneous costs, and we can confirm that they were correctly included in the financial statements for the year ended 31 March 2024.

We have also included the independent examiners report which will be signed once we receive a full set of complete accounts.

We would like to take this opportunity of expressing our thanks to your staff for their assistance during the course of our examination.

Please note that this report has been prepared for the sole use of Mountfield Pleasure Ground Trust. It must not be disclosed to third parties, quoted or referred to, without our prior written consent. No responsibility is assumed by us to any other person.

The purpose of the examination was to enable us to express an opinion on the financial statements.

The matters reported above are limited to those deficiencies that the examiner has identified during the examination and that the examiner has concluded are of sufficient importance to merit being reported to those charged with governance.

If we can be of any further assistance, please contact Mark Underdown.

Yours faithfully

Information

- 1 Lewes District Council is sole trustee for the Mountfield Pleasure Ground Trust by virtue of the Local Government Act 1972 section 210 (2)(b) which provided for charitable property previously vested in Urban Rural District Councils to be vested in the District Council in the absence of a successor Parish or Town Council. Lewes District Council became sole trustee because Lewes Town Council did not exist at the time of reorganisation in 1974.
- 2 Corporate trustees must follow the reporting and accounting requirements in the Charities Act 2011. The requirements are set out in more detail in:
 - the Charities (Accounts and Reports) Regulations 2008, which deal with the content and format of the Trustees' annual report, the accounts and the arrangements for audit or independent examination and
 - Accounting and Reporting by Charities: Statements of Recommended Practice

- 3 The Trustee's Annual Report for 2022/23 is attached in Appendix 1. This incorporates the Receipts and Payments Account for the year as gross income is less than £250,000 for the year.
- 4 These documents meet the reporting requirements and are subject to Independent Examination by an external auditor. At the time of writing, the Independent Examination is still in progress. Any significant changes resulting from the Independent Examination will be reported back to the Council as Trustee. The signed documents will be accessible from the Charity Commission website and will be also made available to the public on Lewes District Council's website.
- 5 It is recommended that authority be given to the Chair of the meeting, on completion of the Independent Examination, to incorporate any changes identified and proposed by the external examiner and to sign the Annual Report and Annual Accounts on the Trustee's behalf.

Financial Appraisal

- 6 As in previous years, the assets held by the Trust did not generate sufficient income to cover costs. The Receipts and Payment Account at the end of the Annual Report indicates that a grant of £83,526 was received from Lewes District Council in 2022/23 to achieve a break-even position for the year.

Legal Implications

- 7 The Council, as a single corporate entity, is the sole Trustee (Councillors are not trustees in their individual capacities). The Council, as a Trustee, has a duty to act in the best interests of the Trust.

Risk Management Implications

- 8 There are no material risk management implications arising from this report. The Annual Report and Accounts are expected to meet the requirements of the Charity Commission. The governance arrangements of the Trust are explained in the Annual Report.

Equality Screening

- 9 This is a routine report for which detailed Equality Analysis is not required to be undertaken. The equality implications of individual decisions relating to the projects/services covered in this report are addressed within other relevant reports.

<i>(b) How the Charity is constituted</i>	Trust
<i>(c) Trustee selection methods</i>	All elected Councillors of Lewes District Council acting collectively as the Council.

Additional governance issues

The election of Councillors to the District Council takes place every four years, when residents who are on the Register of Electors are entitled to vote within their ward. The last elections in Lewes District were held in May 2023. Candidates for election must satisfy the following criteria on the day they are nominated and on polling day they:

- must be at least 18 years old
- be a British citizen, an eligible Commonwealth citizen, or a citizen of any member state of the European Union

They must also meet at least one of the four following qualifications:

- they are registered as a local government elector for the local authority area in which they wish to stand from the day of nomination; or
- they have occupied as an owner or tenant any land or other premises in the local authority area during the whole of the 12 months before the day of nomination; or
- their main or only place of work during the 12 months prior to the day of nomination has been in the local authority area; or
- they have lived in the local authority area during the whole of the 12 months before the day of nomination.

A person may not be eligible to stand as a councillor if he/she:

- is the subject of a bankruptcy restrictions order or interim order; or
- has been sentenced to a term of imprisonment of three months or more (including a suspended sentence) without the option of a fine, during the five years before election day; or
- has been convicted of a corrupt or illegal practice by an election court; or
- works for the Council or holds a politically restricted post with another council.

The operational management and operation of the area of land which constitutes the 'Mountfield Pleasure Ground' is carried out in accordance with Lewes District Council's corporate governance arrangements. The Council has several systems and documents in place to ensure that it has effective corporate governance. These include the Council's Constitution, Council Plan, Medium Term Financial Strategy and Whistleblowing Policy.

The Council reviews its corporate governance arrangements against national best practice. The Audit and Standards Committee periodically reviews the Lewes District Council Local Code of Corporate Governance, most recently in September 2017. The Local Code brings together all the Council's corporate governance arrangements in one place and identifies several issues to be addressed that will improve the Council's approach. It has seven core principles, listed below. Of these, Principle D is the one with the least correlation with the framework which was in place for the period covered by this Annual Report. While the wording of the principles has been revised, there is a good deal of commonality between the sub principles.

- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
- B. Ensuring openness and comprehensive stakeholder engagement
- C. Defining outcomes in terms of sustainable economic, social, and environmental benefits
- D. Determining the interventions necessary to optimise the achievement of the intended outcomes
- E. Developing the Council's capacity, including the capability of its leadership and the individuals within it
- F. Managing risks and performance through robust internal control and strong public financial management
- G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability

The Local Code shows under each core principle

- A number of supporting principles
- The methods used to achieve the core principle
- The evidence which will be available to demonstrate achievement of the core principle

The Local Code is published on the Council's website at <https://democracy.lewes-eastbourne.gov.uk/Data/Lewes%20District%20Council%20Full%20Council/201710091800/Agenda/OXpgU2f096EfGcoSPM3r3UI11r6Qn.pdf>

There is a clear distinction between the Council's own decision-making process (for example in respect of assessing and providing financial contributions to the Trust and managing the Council's corporate assets) and the Council's role as Sole Trustee. This is achieved by having a formal break at the end of Council meetings before moving on to consider business as Sole Trustee. Such business includes the annual approval of the Trustee's Annual Report and accounts.

Objectives and activities

<i>Summary of objects</i>	The object of the Charity shall be the provision and maintenance of land at Mountfield, Dripping Pan and Convent Field, for the benefit of the public generally and especially the inhabitants of the District of Lewes in the County of East Sussex.

This area of land was made accessible and available to the public through the Council's 'Parks and Open Spaces' service. The home ground of Lewes Football Club is at the Dripping Pan.

Receipts and Payment Account for the period 1 April 2022 to 31 March 2023

Introduction

This Receipts and Payment Account has been drawn up in accordance with guidance on the accounting and reporting framework applying to Charities in England and Wales for accounting periods ending after 31 March 2015, as set out in the Charity Commission document 'Charity Reporting and Accounting CC15c'.

There are three major influences on charity accounting and financial reporting:

- the minimum requirements for keeping accounting records applying to all charities (other than charitable companies) are set out in the Charities Act 2011
- the legal requirements for the preparation of accounts and reports, set out in Part 8 of the Charities Act 2011 and, where appropriate, the related Charities (Accounts and Reports) Regulations 2008
- Accounting and Reporting by Charities: Statements of Recommended Practice

In line with the requirements, the annual financial statement has been prepared on a 'receipts and payments' basis. Receipts and payments accounts are statements that summarise the movement of cash into and out of the charity during the financial year. In this context "cash" includes cash equivalents, for example, bank balances where cash can be readily withdrawn to pay for debts as they become due. Receipts and payments accounts do not include the value of financial transactions for which there is a contractual commitment which has not yet been fulfilled by the transfer of cash i.e. payments owing at the end of the year are not included within the accounts.

1. The Mountfield Pleasure Ground Trust Recreation Ground is maintained within the accounts of Lewes District Council. The deficit on operations on the year is funded by the Council by means of a grant.
2. Charges for pitch hire paid by customers are received by Lewes District Council.
3. Lewes District Council's current contract for Ground Maintenance contract has been in place since 1 April 2015. Cash flow timing of contract payments accounts for the year on year decrease
4. Management and Support Costs reflect time spent by Lewes District Council operational and central support staff and are subject to annual review.
5. No separate bank accounts are kept for Charity monies.
6. No separate valuation has been made of the land and buildings used by the Charity (under a permanent endowment). However, as a guideline, the site of which this forms a substantial part has been valued at £967,541. The valuation was carried out by an independent, professionally qualified valuer in accordance with local authority asset valuation requirements, for the purpose of Lewes District Council's Balance Sheet at 31 March 2023.
7. Independent Examiner fees were paid in 2023/24 and will form part of expenditure in that financial year.
8. All of the receipts and payments have been classified as 'Unrestricted Funds'. These are funds that the Trustee is able to spend for any of the Charity's purposes.

Independent examiner's report to the trustees of Mountfield Pleasure Ground Trust

I report to the trustees on my examination of the accounts of Mountfield Pleasure Ground Trust (the Trust) for the year ended 31 March 2023.

Responsibilities and basis of the report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiners statement

I have completed my examination; I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect;

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than the requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Introduction

This Receipts and Payment Account has been drawn up in accordance with guidance on the accounting and reporting framework applying to Charities in England and Wales for accounting periods ending after 31 March 2015, as set out in the Charity Commission document 'Charity Reporting and Accounting CC15c'.

There are three major influences on charity accounting and financial reporting:

- the minimum requirements for keeping accounting records applying to all charities (other than charitable companies) are set out in the Charities Act 2011
- the legal requirements for the preparation of accounts and reports, set out in Part 8 of the Charities Act 2011 and, where appropriate, the related Charities (Accounts and Reports) Regulations 2008
- Accounting and Reporting by Charities: Statements of Recommended Practice

In line with the requirements, the annual financial statement has been prepared on a 'receipts and payments' basis. Receipts and payments accounts are statements that summarise the movement of cash into and out of the charity during the financial year. In this context "cash" includes cash equivalents, for example, bank balances where cash can be readily withdrawn to pay for debts as they become due. Receipts and payments accounts do not include the value of financial transactions for which there is a contractual commitment which has not yet been fulfilled by the transfer of cash i.e. payments owing at the end of the year are not included within the accounts.

Notes:

- The Mountfield Pleasure Ground Trust is maintained within the accounts of Lewes District Council. The deficit on operations on the year is funded by the Council by means of a grant.
- Charges for pitch hire paid by customers are received by Lewes District Council.
- Lewes District Council's current contract for Ground Maintenance contract has been in place since 1 April 2015. Cash flow timing of contract payments accounts for the year on year increase Council and East Sussex County Council. Cash flow timing of contract payments accounts for the year on year increase
- Management and Support Costs reflect time spent by Lewes District Council operational and central support staff and are subject to annual review.
- No separate bank accounts are kept for Charity monies.
- No separate valuation has been made of the land and buildings used by the Charity (under a permanent endowment). However, as a guideline, the site of which this forms a substantial part has been valued at £957,960 including the housing units. The valuation was carried out by an independent, professionally qualified valuer in accordance with local authority asset valuation requirements, for the purpose of Lewes District Council's Balance Sheet at 31 March 2022.
- All the receipts and payments have been classified as 'Unrestricted Funds'. These are funds that the Trustee can spend for any of the Charity's purposes.

Independent examiner's report to the trustees of Mountfield Pleasure Ground Trust

I report to the trustees on my examination of the accounts of Mountfield Pleasure Ground Trust (the Trust) for the year ended 31 March 2022.

Responsibilities and basis of the report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiners statement

I have completed my examination; I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect;

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than the requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

<i>(b) How the Charity is constituted</i>	Trust
<i>(c) Trustee selection methods</i>	All elected Councillors of Lewes District Council acting collectively as the Council.

Additional governance issues

The election of Councillors to the District Council takes place every four years, when residents who are on the Register of Electors are entitled to vote within their ward. The last elections in Lewes District were held in May 2019. Candidates for election must satisfy the following criteria on the day they are nominated and on polling day they:

- must be at least 18 years old
- be a British citizen, an eligible Commonwealth citizen, or a citizen of any member state of the European Union

They must also meet at least one of the four following qualifications:

- they are registered as a local government elector for the local authority area in which they wish to stand from the day of nomination; or
- they have occupied as an owner or tenant any land or other premises in the local authority area during the whole of the 12 months before the day of nomination; or
- their main or only place of work during the 12 months prior to the day of nomination has been in the local authority area; or
- they have lived in the local authority area during the whole of the 12 months before the day of nomination.

A person may not be eligible to stand as a councillor if he/she:

- is the subject of a bankruptcy restrictions order or interim order; or
- has been sentenced to a term of imprisonment of three months or more (including a suspended sentence) without the option of a fine, during the five years before election day; or
- has been convicted of a corrupt or illegal practice by an election court; or
- works for the Council or holds a politically restricted post with another council

The operational management and operation of the area of land which constitutes the 'Mountfield Pleasure Ground' is carried out in accordance with Lewes District Council's corporate governance arrangements. The Council has several systems and documents in place to ensure that it has effective corporate governance. These include the Council's Constitution, Council Plan, Medium Term Financial Strategy and Whistleblowing Policy.

The Council reviews its corporate governance arrangements against national best practice. The Audit and Standards Committee periodically reviews the Lewes District Council Local Code of Corporate Governance, most recently in September 2017. The Local Code brings together all the Council's corporate governance arrangements in one place and identifies several issues to be addressed that will improve the Council's approach. It has seven core principles, listed below. Of these, Principle D, is the one with the least correlation with the framework which was in place for the period covered by this Annual Report. While the wording of the principles has been revised, there is a good deal of commonality between the sub principles.

- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
- B. Ensuring openness and comprehensive stakeholder engagement
- C. Defining outcomes in terms of sustainable economic, social, and environmental benefits
- D. Determining the interventions necessary to optimise the achievement of the intended outcomes
- E. Developing the Council's capacity, including the capability of its leadership and the individuals within it
- F. Managing risks and performance through robust internal control and strong public financial management
- G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability

The Local Code shows under each core principle

- A number of supporting principles
- The methods used to achieve the core principle
- The evidence which will be available to demonstrate achievement of the core principle

The Local Code is published on the Council's website at

<https://lewes.cmis.uk.com/cmis5/Meetings/tabid/70/ctl/ViewMeetingPublic/mid/505/Meeting/643/Committee/192/Default.aspx>

There is a clear distinction between the Council's own decision-making process (for example in respect of assessing and providing financial contributions to the Trust and managing the Council's corporate assets) and the Council's role as Sole Trustee. This is achieved by having a formal break at the end of Council meetings before moving on to consider business as Sole Trustee. Such business includes the annual approval of the Trustee's Annual Report and accounts.

Objectives and activities

<i>Summary of objects</i>	The object of the Charity shall be the provision and maintenance of land at Mountfield, Dripping Pan and Convent Field, for the benefit of the public generally and especially the inhabitants of the District of Lewes in the County of East Sussex.
<i>Summary of the main activities undertaken for the public benefit in relation to these objects</i>	The Trustee has complied with its duty to have due regard to the guidance on public benefit published by the Charity Commission in exercising its powers or duties. This area of land was made accessible and available to the public through the Council's 'Parks and Open Spaces' service. The home ground of Lewes Football Club is at the Dripping Pan.

Achievements and performance

The land was available for use during 2020/2021 and was maintained by Lewes District Council's Grounds Maintenance Contractor.

Financial Review

Brief statement on the Charity's policy on reserves Lewes District Council provides an annual grant to the value of the shortfall between receipts in the year and payments made. As a result, adverse fluctuations in spending needs or income do not have an impact on the overall financial position of the Trust. For this reason, reserves or balances are not retained.

Financial review Excluding the grant received from Lewes District Council, payments in the year, £120,327, exceeded receipts by £79,134. In terms of regular items, the largest areas of spending and income were ground maintenance £81,373 and car parking fees (£22,388) respectively.

The Receipts and Payment Account for 2020/2021 is appended. It includes notes of key variations in cost and income between years.

Declaration

The Council as trustee declares that it has approved the Trustee's report above.
