Annual Trustees' Report
Year ended 31 December 2023

The changing demographic of the local Italian community continues to impact our income from gifts, donations etc. Notwithstanding this, we continued our ministerial work as priests by helping the local Italian community.

Our premises in London continued to be used for overseas students as well as for meetings etc of the Italian association, which continues to support us with their generosity.

Whenever possible, we hire the church of Kensal Rise for religious services, as we have done in the past. Our work extends to religious services in other local churches.

The income from lettings continued to benefit from the restoration works that were carried out some years ago.

As in past years we continued to support our missions in various parts of the world, in particular the Philippines and the Côte d'Ivoire. The money we sent helped our students there with accommodation, food, clothes, books etc.
