TRUSTEES' REPORT

The Trustees present their report and accounts for the year ended 5th April 2025

Structure, Governance and Management

The Trust is registered with the Charity Commission as The Robin and Mary Gill Charitable Trust, registered number 32605. Its principal address is Fangate Manor Farm, St Martins Close, East Horsely, Leatherhead, Surrey, KT24 6RR.

The Trust is constituted as a trust by its Trust Deed, dated 7th January 1982.

The Trustees, who each served throughout the year, were as follows:

Sir Robin Gill
Lady Denise Gill
R M J Gill

The existing trustees are responsible for appointing any future trustees as and when necessary.

Objectives and Activities

The objects of the charity are to pay or apply or appropriate the whole, or any parts of, the capital or income of the trust fund to, or for the benefit of, any one or more qualified charity.

The Trust's principal fields of interest lie in the support of education, religion and welfare of the elderly and the young. It supports the work of other charities by making grants and donations when a need is identified or where their work includes significant educational or well-being outreach to the general community. This benefits a wide cross section of charitable organisations by helping them achieve their objectives.

The charity makes grants and donations on an ad hoc basis when it is seen that there is a need which meets the objectives of the charity and the monies provide a benefit to the public.

The charities chosen to receive support are picked regardless of the race, personal background or gender of the beneficiaries.

In planning the activities for the year the trustees have kept in mind the Charity Commission's guidance on public benefit at their trustees' meetings.

Achievements and Performance

Receipts in the year ended 5th April 2025 decreased by £5,856.25 compared to the previous year, mainly due to reduced donations. Grant payments and donations of £122.91 were made to two different organisations in the year ended 5 April 2025, a decrease of £1,390.09 compared to the previous year. In addition £52,000 was spent purchasing further Charifund Income units. These will generate additional income in future years which can then be used to make more grant payments and donations.

The grant payments and donations made in the year ended 5th April 2025 were awarded in line with the charity's objects and made mainly in the fields of welfare and religion.

THE ROBIN AND MARY GILL CHARITABLE TRUST

TRUSTEES' REPORT (CONTINUED)

Financial Review

The net result for the year ended 5th April 2025 was a deficit of receipts over payments amounting to £12,122 (2024: deficit of £20,657). This was after the purchase of a further £52,000 of Charifund Income units in the year.

Once the results for the year are added to the opening cash funds balance, the closing cash funds balance, as at 5th April 2025 totals £7,565 compared to £19,688 as at 5th April 2024. It should also be noted that the cost of the investment assets has increased from £567,860 at 5th April 2024 to £714,693 at 5th April 2025 mainly due to the purchase of the additional Charifund Income units.

All of the charity's funds are unrestricted in nature.

Careful attention to the investment of the capital of the charity continued throughout the year.

The Trustees take no expenses for their services and give their time freely. They discuss the requirements of the Charity Commission at regular intervals and, as appropriate to a small charity, matters of good governance, including risk analysis and affirm their practices comply with prudence and care.

Reserves Policy

The main financial risk to the charity is loss of investment income. Accordingly the charity aims to hold sufficient reserves in order to maintain its cashflow and enable donations and grants to be made as needed.

Investments Selection Policy

The Trustees have decided to keep the majority of funds in unit trusts expertly managed for charities and which provide continuity of income and growth with strong protection of capital. A smaller amount of funds in a more liquid form is held in building society or bank accounts.

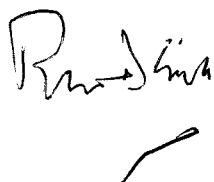

Plans for Future Years

The Trustees will continue their work, bringing benefit to communities and individuals, in their chosen fields where evidence of need and resulting benefit to the public can be seen.

Grant payments and donations of £1,160 were made to six different organisations in the year ended 5th April, 2023, a decrease of £3,666 compared to the previous year.

TRUSTEES' REPORT (CONTINUED)

Financial Review

The net result for the year ended 5th April, 2022 was a surplus of receipts over payments amounting to £3,190 (2021: £10,615 deficit). This was after the purchase of a further £20,000 of Charifund Income Units.

Once the results for the year are added to the opening cash funds balance, the closing cash funds balance as at 5th April, 2022 totals £9,386 compared to £6,196 as at 5th April, 2021. It should also be noted that the cost of the investment assets has increased from £482,049 at 5th April, 2021 to £501,892 at 5th April, 2022 due to the purchase of the additional Charifund Income Units.

All of the charity's funds are unrestricted in nature.

Careful attention to the investment of the capital of the charity continued throughout the year.

The Trustees take no expenses for their services and give of their time freely. They discuss the requirements of the Charity Commission at regular intervals and, as appropriate to a small charity, matters of good governance, including risk analysis and affirm their practices comply with due prudence and care.

Reserves Policy

The main financial risk to the charity is loss of investment income. The charity aims to hold sufficient reserves in order to maintain its cashflow and enable donations and grants to be made as needed.

Investments Selection Policy

The Trustees have decided to keep the majority of funds in unit trusts expertly managed for charities and which provide continuity of income and growth with strong protection of capital. A smaller amount of funds in a more liquid form is held in building society or bank accounts.

Plans for Future Years

The Trustees will continue their work, bringing benefit to communities and individuals, in their chosen fields, where evidence of need and resulting benefit to the public can be seen.
