Barnabas Charitable Trust
Report of the Trustees
For The Year Ended 31 December 2020

The trustees present their report with the financial statements of the charity for the year ended 31 December 2020. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives

The objects of the Trust are the relief of poverty and the advancement of the Christian religion. In furtherance of these, the Trust provides benefits to persons in necessitous circumstances who are, or have been, engaged in full time Christian work. The Trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Trust's aims and objectives and in planning future activities.

The Trust carries out these objects by making grants and loans to individuals. Grants are made by the Trustees at their absolute discretion.

Grant making policy

The Charity invites applications for assistance from people who are in necessitous circumstances, usually because they are, or have been, in full-time unpaid Christian work. Applications are reviewed against criteria.

ACHIEVEMENT AND PERFORMANCE

During 2020 the Trustees made grants totalling £128,020 (2019: £184,037) to help with the living expenses of 52 individuals and couples (2019: 54 individuals and couples) most of whom are or have been engaged in full time Christian work. The Trustees had regard to the Charity Commission's general guidance on public benefit and the relief of poverty when determining eligibility for grants and carried out an evaluation of the financial position of potential beneficiaries to establish their eligibility and level of need.

Grants were made for everyday living expenses and for exceptional needs including illness, house repairs and other emergencies, which would have been beyond the means of the individuals concerned, because of their sacrificial acceptance of low paid or voluntary Christian work over many years. Grants were also made towards installing a stair lift for an elderly former Christian worker and towards funeral expenses.

The majority of the Trust's grants in 2020 were to beneficiaries in the UK, but it also made grants towards the medical and living expenses or emergency needs of beneficiaries in Australia, Brazil, Burundi, Germany, Kenya, South Africa, Sweden, Uganda, the US and Zimbabwe.

Two property loans were repaid to the Trust in 2020, one of which was partially rolled over into a loan towards the purchase of a new property. One other property loan was made. The Trust's income comes from legacies (its primary source) and donations. One legacy was received in 2020. The Trustees are deeply grateful for the generosity of those who donate or remember the Trust in their Wills.

At the beginning of the year, the Trustees became aware that some older beneficiaries were finding it increasingly difficult to bank their cheques, partly because of the closure of local bank branches. Covid restrictions exacerbated this problem, and, as the bank has refused to give the Trust online facilities, the Trustees decided to convert all regular grants to standing orders. These standing orders are reviewed at every meeting, and adjusted accordingly. This change has simplified the running of the Trust.

Because of lockdown restrictions, the Trustees met by Zoom in June, September and December.

Barnabas Charitable Trust

Report of the Trustees For The Year Ended 31 December 2020

FINANCIAL REVIEW

Investment policy and objectives

Under the Trust Deed the Charity has the power to invest in any way the Trustees decide.

Having regard to liquidity requirements for making grants, the Trustees keep a proportion of the Trust's resources on interest-bearing cash deposit. The rest of its funds are held in readily realisable quoted shares and securities, seeking a rate of return which matches or exceeds the retail prices index. The management of such investments has been delegated to Rathbones Investment Management.

The governance costs totalled £3,257 (2019: £4,474). Resources expended exceeded income by £97,790 (2019: £160,885). Investments (excluding Social Investments) at 31 December 2020 totalled £143,584 (2019: £154,421).

Reserves policy

The Trustees keep under review appropriate income reserves to meet the needs of the Charity. It is, at present, believed appropriate that the Charity should maintain sufficient cash reserves and or readily realisable quoted shares, and securities to fund at least six month's regular grants (received grants in 4 or more of last 6 years). At the balance sheet date, this amounts to £60,000. Actual reserves were £663,744 (2019 £690,427).

FUTURE PLANS

The Trustees will continue to fulfil their charitable purposes through their care for individuals and couples who need assistance, realising that more help may be needed for elderly voluntary Christian workers, effectively in retirement, who gave sacrificially (and did not accumulate wealth for their later years) through their working lifetime in the faith that they would be provided for in their old age.

Legacies are the Trust's main source of income and the Trustees are always very grateful for the generous legacies and regular donations they receive.

The Trustees continue to abide in the belief that "Where God Guides, He Provides", and that if it is His will that the Trust continues in its present form then the necessary funds will be forthcoming. They urge intending benefactors to make provision for the Trust in their Wills. A suitable form of wording is: "I leave to The Barnabas Charitable Trust of 28 Ferry Road, Marston, Oxford, OX3 0ET (Registered Charity No.326748) £xxx for its general purposes".

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The Charity is constituted as a Trust and its governing document is its Trust Deed dated 3rd December 1984, as amended.

Appointment of new trustees

Trustees are selected and invited to join the Board of Trustees by existing Trustees and the appointment of Trustees is vested with the Trustees. All Trustees give of their time freely and no trustee remuneration was paid in the year. Details of Trustee expenses and related party transactions are disclosed in the notes to the Accounts.

Organisation

The Trustees meet on a regular basis to assess loan and grant applications and to consider appropriate levels of assistance in each case.

**Independent Examiner's Report to the Trustees of
Barnabas Charitable Trust**

Independent examiner's report to the trustees of Barnabas Charitable Trust

I report to the charity trustees on my examination of the accounts of Barnabas Charitable Trust (the Trust) for the year ended 31 December 2020.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Barnabas Charitable Trust

Notes to the Financial Statements For The Year Ended 31 December 2020

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value, as modified by the revaluation of certain assets.

Income recognition

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Donations are recognised when the Trust has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity, and it is probable that those conditions will be fulfilled in the reporting period.

Legacy gifts are recognised on a case by case basis following the granting of probate when the administrator/executor for the estate has communicated in writing both the amount and settlement date

Expenditure recognition

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants payable are payments made to third parties in the furtherance of the charitable objects of the Trust. In the case of an unconditional grant offer this is recognised when paid by the Trust.

Provisions for grants are made when the intention to make a grant has been communicated to the recipient but there is uncertainty as to the timing of the grant or the amount of grant payable.

Taxation

The charity is exempt from tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Designated funds are set aside by the trustees out of unrestricted general funds for specific future commitments, formal and informal.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Fixed asset investments

Listed investments are stated at mid-market value at the balance sheet date. Unrealised gains or losses on revaluation are combined and are taken to the Statement of Financial Activities along with realised gains or losses on disposals in the year.

Barnabas Charitable Trust

Notes to the Financial Statements - continued For The Year Ended 31 December 2020

1. ACCOUNTING POLICIES - continued

Fixed asset investments

Social investments

Loans granted are stated at cost, with carrying amounts adjusted in subsequent years to reflect repayments, interest or any impairment. The loans are of a concessionary nature, in most cases interest free and due for repayment at no predetermined date. They are disclosed in the notes in accordance with SORP 2015 - social investments. They are secured against individual freehold properties owned by the recipients of the loans granted. For loans granted since 2008 the Trust will recover a proportion of any increase in the market value on disposal of the properties on which they are secured. These receipts are treated as Investment Income and described as Mortgage Uplift in Note 3 and are only recognised when realised.

Debtors

Debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

Cash at bank

Cash at bank includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any discounts due.

Financial instruments

Except for Listed investments the trust only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

2. DONATIONS AND LEGACIES

	31.12.20	31.12.19
	£	£
Donations and gifts	2,076	2,502

At 31 December 2019	<u>806,088</u>

Following advice from the charity's solicitors (Bircham Dyson Bell), Barnabas Nominees Limited was set up in March 2012, with three of the Trustees as directors and shareholders, in order to enable the charity to make a loan to a couple of full time Christian workers with two children to buy a home in France, the wife's country of birth. The current directors are set out on page 3.

A declaration of trust was made between the charity and Barnabas Nominees Limited, making it clear that the company holds all assets passed to it by the charity upon trust for the Trustees of the charity for application in pursuit of its objects. The Trust made a grant of £260,000 to the company, which the company then passed on as a loan secured on the property in France. To all intents and purposes this loan is no different from similar loans made in the UK only structured differently to take account of French laws. The Trustees believe therefore that to provide a true and fair view in these accounts this transaction should be disclosed as a loan and not as an investment in a subsidiary. The legal and professional costs associated with making the loan, not being recoverable, were charged to governance.
