Structure, governance and management *(continued)*

Organisational structure

The trustees determine the general policy of the organisation. The day to day management of the charity is in the hands of Susanne Thompson.

Risk management

As the charity's gross income is less than £250,000, a detailed risk analysis is not required. The trustees have assessed some of the risks to which the charity is exposed and are satisfied that systems are in place to mitigate any exposure to such risks.

Appointment of trustees

Vested in continuing trustees. When a vacancy for a trustee becomes available potential trustees will be interviewed and voted on at the next trustees meeting.

Objectives and activities

The objects of the charity are the advancement of the Christian religion by all means of communication but principally by the publication and distribution of the written word.

Public benefit

The Trustees have complied with the duty in Section 4 of the Charities Act 2011 to have due regard to public benefit guidance published by the Charity Commission.

In accordance with its objects, the main work of the charity is the publishing of booklets which advance the Christian religion in a wide range of subjects. The benefit is not restricted to a specific group of people: anyone, regardless of sex, race, age or geographical location, can buy the booklets, in hard copy or online, and can also have access to them through a library.

The booklets provide essential teaching resources for the Church of England, the Established Church. This provides an extended benefit to the public, as ministers, ordained or lay, who read them, thereby delivering a better service to the public; for example, in teaching the faith or in taking funerals.

The charity subsidises its publications to make them more accessible. This is primarily through the use of volunteer author groups which the charity establishes.

This work with author groups is also aimed at discerning, encouraging and coaching new authors, and also providing a forum where new ideas and developments can be discussed.

Achievements and performance

During the year the charity has continued with its aim of the advancement of the Christian faith through books and publications. Total incoming resources were £95,417 and total outgoing resources were £107,133.

Financial review

Reserves policy

The charity's reserves are equivalent to its total funds per the balance sheet of £26,298.

Investment powers and restrictions

These are governed by the memorandum and articles of association which permit funds to be invested in investments, securities or property at the discretion of the trustees.

Plans for future periods

The Board will be taking steps to ensure we are maximising opportunities for wider regular income, including the accessibility of our digital texts, and reaching out to a wider and more diverse customer base.

Small company provisions

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

The trustees' annual report was approved on 9th June 2025 and signed on behalf of the board of trustees by:

3. Accounting policies *(continued)*

Income *(continued)*

- income from contracts for the supply of goods or services is recognised with the delivery of the contracted goods or services. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.
- investment income is recognised in the accounts when it is received.

Expenditure

Expenditure is recognised on an accrual basis as a liability is incurred.

Charitable expenditure comprises those costs incurred by the charity in furtherance of the charity's objectives and represents the cost of goods and services and ancillary trading costs that have been incurred in charitable activities and the costs associated with meeting the constitutional and statutory requirement of the charity. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Tangible assets

Tangible fixed assets for use by the charity are capitalised if they can be used for more than one year and cost at least £1,000. They are valued at cost or, if gifted, at the value to the charity on receipt.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Office Equipment - 20% straight line

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

Stocks

Stock is stated at the lower of cost or net realisable value. The net realisable value of stock is calculated on the basis of two years future sales on a straight line projection from the current year.

Taxation

No provision has been made for corporation tax or deferred tax as the charity is a registered charity and is therefore exempt.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Debt instruments are subsequently measured at amortised cost.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided.

3. Accounting policies *(continued)*

Income *(continued)*

- income from contracts for the supply of goods or services is recognised with the delivery of the contracted goods or services. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Charitable expenditure comprises those costs incurred by the charity in furtherance of the charity's objectives and represents the cost of goods and services and ancillary trading costs that have been incurred in charitable activities and the costs associated with meeting the constitutional and statutory requirement of the charity. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Tangible assets

Tangible fixed assets for use by the charity are capitalised if they can be used for more than one year and cost at least £1,000. They are valued at cost or, if gifted, at the value to the charity on receipt.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Office Equipment - 20% straight line

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

Debt instruments are subsequently measured at amortised cost.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided.

Structure, governance and management *(continued)*

Organisational structure

The trustees determine the general policy of the organisation. The day to day management of the charity is in the hands of Susanne Thompson.

Risk management

As the charity's gross income is less than £250,000, a detailed risk analysis is not required. The trustees have assessed some of the risks to which the charity is exposed and are satisfied that systems are in place to mitigate any exposure to such risks.

Appointment of trustees

Vested in continuing trustees. When a vacancy for a trustee becomes available potential trustees will be interviewed and voted on at the next trustees meeting.

Objectives and activities

The objects of the charity are the advancement of the Christian religion by all means of communication but principally by the publication and distribution of the written word.

Public benefit

The Trustees have complied with the duty in Section 4 of the Charities Act 2011 to have due regard to public benefit guidance published by the Charity Commission.

In accordance with its objects, the main work of the charity is the publishing of booklets which advance the Christian religion in a wide range of subjects. The benefit is not restricted to a specific group of people: anyone, regardless of sex, race, age or geographical location, can buy the booklets, in hard copy or online, and can also have access to them through a library.

The booklets provide essential teaching resources for the Church of England, the Established Church. This provides an extended benefit to the public, as ministers, ordained or lay, who read them, thereby delivering a better service to the public; for example, in teaching the faith or in taking funerals.

The charity subsidises its publications to make them more accessible. This is primarily through the use of volunteer author groups which the charity establishes.

This work with author groups is also aimed at discerning, encouraging and coaching new authors, and also providing a forum where new ideas and developments can be discussed.

Achievements and performance

The Board organised an in-person conference in autumn 2022 to re-establish relationships with key volunteers in the author groups. The existing chair retired and the new chair seeks to help the organisation transition towards a younger customer base in the future.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs and are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided.

4. Limited by guarantee

The charity is a company limited by guarantee and has no share capital. In the event of the charity being wound up, the liability in respect of the guarantee is limited to £1 per member of the charity.

Structure, governance and management

Legal status

Grove Books Limited is a registered charity, number 327014 and a company limited by guarantee, company registration number 01926963. The company is governed by its memorandum and articles of association.

Grove Books Limited

Company Limited by Guarantee

Trustees' Annual Report (Incorporating the Director's Report) *(continued)*

Year ended 31 December 2021

Structure, governance and management *(continued)*

Organisational structure

The trustees determine the general policy of the organisation. The day to day management of the charity is in the hands of Susanne Thompson.

Risk management

As the charity's gross income is less than £250,000, a detailed risk analysis is not required. The trustees have assessed some of the risks to which the charity is exposed and are satisfied that systems are in place to mitigate any exposure to such risks.

Appointment of trustees

Vested in continuing trustees. When a vacancy for a trustee becomes available potential trustees will be interviewed and voted on at the next trustees meeting.

Objectives and activities

The objects of the charity are the advancement of the Christian religion by all means of communication but principally by the publication and distribution of the written word.

Public benefit

The Trustees have complied with the duty in Section 4 of the Charities Act 2011 to have due regard to public benefit guidance published by the Charity Commission.

In accordance with its objects, the main work of the charity is the publishing of booklets which advance the Christian religion in a wide range of subjects. The benefit is not restricted to a specific group of people: anyone, regardless of sex, race, age or geographical location, can buy the booklets, in hard copy or online, and can also have access to them through a library.

The booklets provide essential teaching resources for the Church of England, the Established Church. This provides an extended benefit to the public, as ministers, ordained or lay, who read them, thereby delivering a better service to the public; for example, in teaching the faith or in taking funerals.

The charity subsidises its publications to make them more accessible. This is primarily through the use of volunteer author groups which the charity establishes.

This work with author groups is also aimed at discerning, encouraging and coaching new authors, and also providing a forum where new ideas and developments can be discussed.

Achievements and performance

During the year the charity has continued with its aim of the advancement of the Christian faith through books and publications. Total incoming resources were £97,759 and net outgoing resources were £99,453.

The charity's articles of association do not permit the payment of dividends.

During 2021 trading conditions were expected to be difficult and challenging particularly due to the ongoing COVID-19 pandemic reducing the possibility of in person sales at conferences and events.

Reserves policy

The charity's reserves are equivalent to its total funds per the balance sheet of £43,304.

The level of cash is targeted to cover three months operating expenses, which the Trustees regard as prudent provision. The Trustees note that current cash levels are above prudent provision as the company adjusts to responding to opportunities for sales post-pandemic.

Investment powers and restrictions

These are governed by the memorandum and articles of association which permit funds to be invested in investments, securities or property at the discretion of the trustees.

Plans for future periods

The launch of the Doctrine series in 2020 will continue to grow in future years.

Through our Editorial Groups, we will continue to develop new and mentor existing authors and adapt to more online meetings.

We will continue to develop our publicity and marketing strategies, especially in relation to the internet and on-line sales including networking such as Facebook and Twitter and adjust to the evolving market.

The Board initiated plans for an in person conference in autumn 2022 to re-establish relationships with key volunteers in the author groups.

Small company provisions

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

The trustees' annual report was approved on and signed on behalf of the board of trustees by:

Structure, governance and management

Legal status

Grove Books Limited is a registered charity, number 327014 and a company limited by guarantee, company registration number 01926963. The company is governed by its memorandum and articles of association.

Structure, governance and management *(continued)*

Organisational structure

The trustees determine the general policy of the organisation. The day to day management of the charity is in the hands of Susanne Thompson.

Risk management

As the charity's gross income is less than £250,000, a detailed risk analysis is not required. The trustees have assessed some of the risks to which the charity is exposed and are satisfied that systems are in place to mitigate any exposure to such risks.

Appointment of trustees

Vested in continuing trustees. When a vacancy for a trustee becomes available potential trustees will be interviewed and voted on at the next trustees meeting.

Objectives and activities

The objects of the charity are the advancement of the Christian religion by all means of communication but principally by the publication and distribution of the written word.

Public benefit

The Trustees have complied with the duty in Section 4 of the Charities Act 2011 to have due regard to public benefit guidance published by the Charity Commission.

In accordance with its objects, the main work of the charity is the publishing of booklets which advance the Christian religion in a wide range of subjects. The benefit is not restricted to a specific group of people: anyone, regardless of sex, race, age or geographical location, can buy the booklets, in hard copy or online, and can also have access to them through a library.

The booklets provide essential teaching resources for the Church of England, the Established Church. This provides an extended benefit to the public, as ministers, ordained or lay, who read them, thereby delivering a better service to the public; for example, in teaching the faith or in taking funerals.

The charity subsidises its publications to make them more accessible. This is primarily through the use of volunteer author groups which the charity establishes.

This work with author groups is also aimed at discerning, encouraging and coaching new authors, and also providing a forum where new ideas and developments can be discussed.

Achievements and performance

During the year the charity has continued with its aim of the advancement of the Christian faith through books and publications. Total incoming resources were £97,650 and net outgoing resources were £109,336.

The charity's articles of association do not permit the payment of dividends.

During 2020 trading conditions were expected to be difficult and challenging particularly due to the COVID-19 pandemic reducing the possibility of in person sales at conferences, and sales were further reduced by the withdrawal of the Leadership series. Editorial delays further reduced the production of booklets. Overall sales were up 1.2% on the previous year, and overall expenditure increased 4.4%. The Board is continuing to monitor this situation.

Financial review

Reserves policy

The charity's reserves are equivalent to its total funds per the balance sheet of £44,998.

The level of cash is targeted to cover three months operating expenses, which the Trustees regard as prudent provision. The Trustees note that current cash levels are above prudent provision as the company adjusts to responding to opportunities for sales post-pandemic.

Investment powers and restrictions

These are governed by the memorandum and articles of association which permit funds to be invested in investments, securities or property at the discretion of the trustees.

Plans for future periods

The launch of a new Doctrine series in 2020 will continue to grow in future years.

Through our Editorial Groups, we will continue to develop new and mentor existing authors and adapt to more online meetings.

We will continue to develop our publicity and marketing strategies, especially in relation to the internet and on-line sales including networking such as Facebook and Twitter and adjust to the evolving market

Small company provisions

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.
