THE HUGGARD CHARITABLE TRUST
REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 MARCH 2025

STRUCTURE, GOVERNANCE AND MANAGEMENT

Constitution

The charity is controlled by its governing document, a deed of trust, and constitutes an unincorporated charity.

The charity is constituted as a trust, and was established by a deed of trust on 27 March 1987. It is registered with the Charity Commission (number: 327501).

Objectives and activities

The charity was established for general charitable purposes including the advancement of religion, the relief of poverty, and the relief of persons incapacitated by old age or disability, with a particular (although not exclusive) focus in the area of South Wales.

The activities carried out by the charity in order to achieve these objectives comprise the making of grants to charitable organisations which are active in areas such as community support, helping those who are homeless and/or from disadvantaged backgrounds, and supporting people affected by old age, illness or disability. Most grants are of modest amounts, but larger grants are made in respect of a few projects with which this charity and its founders have had a close long-term involvement. Grants are not made to individuals.

In carrying out activities during the year, the charity trustees had regard to the guidance issued by the Charity Commission in relation to public benefit and are satisfied that significant public benefit has been achieved as a result of these activities.

Achievements and performance

During the year ended 31/03/2025 the charity continued to earn income through its investment funds managed by professional management companies. The trustees have continued to distribute the surplus income to a list of charities set up or supported by the charity's founders, Robert and Ethel Huggard. These donations vary in size based upon a weighting formula which was historically established by the founders and has been continued by the current trustees.

There is a parcel of land situated at Bryncoch which is still held in trust by The Estate of the late E M Huggard. This land is subject to ongoing negotiations with a major property developer with a view to reaching an option agreement for them to promote the land through the Local Authority Planning Process in order to maximise the return upon sale of the land. If successful, the proceeds of such sale will then form part of The Huggard Charitable trust and will boost the value of investments held for charitable purposes.

Financial review

Because of the charity's structure and scale of activities, the trustees consider that a receipts and payments basis of preparing the accounts is appropriate. Consequently, the accounts for the year ended 31 March 2025 comprise a receipts and payments account (page 5) and a statement of assets and liabilities (page 6). The statement of assets and liabilities includes the charity's investment portfolios at valuation, taking the valuations at the nearest available dates.

The charity's funds (which were donated by the founders) are invested on a cautious basis in two diversified portfolios with separate investment managers. Income and gains on these investments are the charity's only current sources of funds, and the trustees are mindful of the need to preserve the funds so that the charity can continue to support the organisations and projects which benefit from its donations; many of these organisations and projects were supported by the charity's founders.

THE HUGGARD CHARITABLE TRUST
REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 MARCH 2025

Accordingly, it is the charity's policy to maintain reserves which will allow it to continue the level of support which it currently offers to a range of other charitable bodies, and to be able to respond to specific additional needs which might arise in respect of those projects with which the charity has had a close involvement over the years.

Restatement of Comparatives

The prior year figures have been restated to include receipts and payments from the charity's investment income and capital accounts. These movements were omitted in error from the previous receipts and payments statement, and the related cash balances were shown in the statement of assets and liabilities investment balances. The restatement ensures that the receipts and payments account reflects all cash movements of the charity, providing a more complete and accurate picture of its activities.

REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 MARCH 2021

STRUCTURE, GOVERNANCE AND MANAGEMENT

Constitution

The charity is controlled by its governing document, a deed of trust, and constitutes an unincorporated charity.

The charity is constituted as a trust, and was established by a deed of trust on 27 March 1987. It is registered with the Charity Commission (number: 327501).

Objectives and activities

The charity was established for general charitable purposes including the advancement of religion, the relief of poverty, and the relief of persons incapacitated by old age or disability, with a particular (although not exclusive) focus in the area of South Wales.

The activities carried out by the charity in order to achieve these objectives comprise the making of grants to charitable organisations which are active in areas such as community support, helping those who are homeless and/or from disadvantaged backgrounds, and supporting people affected by old age, illness or disability. Most grants are of modest amounts, but larger grants are made in respect of a few projects with which this charity and its founders have had a close long-term involvement. Grants are not made to individuals.

In carrying out activities during the year, the charity trustees had regard to the guidance issued by the Charity Commission in relation to public benefit, and are satisfied that significant public benefit has been achieved as a result of these activities

Achievements and performance

The charity continued to support a range of charitable organisations and projects during the year. In total, 93 grants were made. Most recipients received one modest grant during the year, and more substantial support was provided to a few organisations which provide community support and which work with people from disadvantaged backgrounds.

Financial review

Because of the charity's structure and scale of activities, the trustees consider that a receipts and payments basis of preparing the accounts is appropriate. Consequently, the accounts for the year ended 31 March 2021 comprise a receipts and payments account (page 4) and a statement of assets and liabilities (page 5). The statement of assets and liabilities includes the charity's investment portfolios at valuation, taking the valuations at the nearest available dates.

The charity's funds (which were donated by the founders) are invested on a cautious basis in two diversified portfolios with separate investment managers. Income and gains on these investments are the charity's only current sources of funds, and the trustees are mindful of the need to preserve the funds so that the charity can continue to support the organisations and projects which benefit from its donations; many of these organisations and projects were supported by the charity's founders.

Accordingly, it is the charity's policy to maintain reserves which will allow it to continue the level of support which it currently offers to a range of other charitable bodies, and to be able to respond to specific additional needs which might arise in respect of those projects with which the charity has had a close involvement over the years.
