HOMEOPATHY ACTION TRUST

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) FOR THE YEAR ENDED 30 JUNE 2024

The trustees present their annual report and financial statements for the year ended 30 June 2024.

The accounts have been prepared in accordance with the accounting policies set out in note 1 to the accounts and comply with the charity's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2016)

Objectives and activities

The charity's principle objective is the promotion of homeopathy through funding of education.

The policies adopted in furtherance of these objects are:

- to promote homeopathic education and enable students to study who are in financial need and to help recent graduates establish a practice
- making grants to students for books to enable them to study
- making bursaries to students in financial need
- making grants to recent graduates of homeopathic colleges to enable them to establish a practice

Public benefit

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

Achievements and performance

In the 2023 accounts we noted that the Charity was in the process of updating and changing the Memorandum and Articles. This was completed in September 2024. The new objects reflect the fact that we are concentrating on the education sector with bursaries, book grants and graduate grants to help to establish them in business.

Since the year end, with permission of the Donor, we moved the restricted funds into the main account and made them unrestricted.

In 2024 we launched successfully the first new bursary application, with 16 awards of £500 and 5 of £1,000 awards being approved to date, 4 of which were paid in this year.

The book grants are working well as is the collaboration with HBC. We have approved to date 102 Book grants, 41 of which were paid in this year.

Going forward in 2025 we are offering an award for recent graduates and will be working on what is the best method of doing this.

The Trustees are working well together and it's a strong collaboration.

Financial review

With two very large legacies being received in this year and last, HAT is in a solid position financially to achieve its goals in helping the education sector.

We have been prudent with the money and have put large amounts into high interest savings accounts and is in the process of talking to finance companies on how to best invest the funds. HAT has a clear plan of a way forward.

The remainder of the funds will be put into high interest accounts, so that our reserves are maintained throughout the year.

Major risks

The trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

14 Coronavirus pandemic

As noted in previous accounts, in the spring of 2020 there was an outbreak of Coronavirus which developed into a global pandemic. The resultant restrictions impacted the way the charity works. Throughout the year, the trustees keep the position under close review and made business decisions based on their assessment of current and future developments. The trustees are of the opinion that the healthy levels of reserves are sufficient for the charity to continue to fulfil its objectives over the next 12 months.
