**Section B****Structure, governance and management**

Description of the charity's trusts

Type of governing document

(e.g. trust deed, constitution)

The Group's governing documents are those of the Scout Association. They consist of a Royal Charter, which in turn gives authority to the Bye Laws of the Association and The Policy, Organisation and Rules of The Scout Association.

How the charity is constituted

(e.g. trust, association, company)

The Group is a trust established under its rules which are common to all Scouts.

Trustee selection methods

(e.g. appointed by, elected by)

The Trustees are appointed in accordance with the Policy, Organisation and Rules of The Scout Association.

Additional governance issues (optional information but encouraged as best practice)

You may choose to include additional information, where relevant, about:

The Group is managed by the Group Executive Committee, the members of which are the 'Charity Trustees' of the Scout Group which is an educational charity. As charity trustees they are responsible for complying with legislation applicable to charities. This includes the registration, keeping proper accounts and making returns to the Charity Commission as appropriate.

Policies and procedures adopted for:  
a) the induction and training of trustees;  
b) trustee' consideration of major risks and the systems and procedures to manage them

The Committee consists of 3 independent representatives, Chair, Treasurer and Secretary together with the Group Scout Leaders, individual section leaders (if opted to take on the responsibility) and parent's representation and meets every 3 months.

Members of the Executive Committee complete '*Essential Information for Executive Committee*' training within the first 5 months of joining the committee.

This Group Executive Committee exists to support the Group Scout Leader in meeting the responsibilities of the appointments and is responsible for:

The maintenance of Group property;

The raising of funds and the administration of Group finance;

The insurance of persons, property and equipment;

Group public occasions;

Assisting in the recruitment of leaders and other adult support;

Appointing any sub committees that may be required;

Appointing Group Administrators and Advisors other than those who are elected.

**Risk and Internal Control**

The Group Executive Committee has identified the major risks to which they believe the Group is exposed, these have been reviewed and systems have been established to mitigate against them. The main areas of concern that have been identified are:

Damage to the building, property and equipment. The Group would request the use of buildings, property and equipment from neighbouring organisations such as the church, community centre and other Scout Groups. Similar reciprocal arrangements exist with these organisations. The Group has sufficient buildings and contents insurance in place to mitigate against permanent loss.

Injury to leaders, helpers, supporters and members. The Group through the capitation fees contributes to the Scout Associations national accident insurance policy. Risk Assessments are undertaken before all activities.

Reduced income from fund raising. The Group is primarily reliant upon income from subscriptions and fundraising. The group does hold a reserve to ensure the continuity of activities should there be a major reduction in income. The Committee could raise the value of subscriptions to increase the income to the group on an ongoing basis, either temporarily or permanently.

Reduction or loss of leaders. The group is totally reliant upon volunteers to run and administer the activities of the group. If there was a reduction in the number of leaders to an unacceptable level in a particular section or the group as a whole then there would have to be a contraction, consolidation or closure of a section. In the worst case scenario the complete closure of the Group.

Reduction or loss of members. The Group provides activities for all young people aged 6 to 14. If there was a reduction in membership in a particular section or the group as whole then there would have to be a contraction, consolidation or closure of a section. In the worst case scenario the complete closure of the Group.

| <p>Summary of the main activities in relation to these objects</p>  | <p>The first half of the year continued to be delivered remotely through zoom etc. All sections have returned to face to face meetings following restrictions due to COVID. Youth membership has reduced over the lockdown / remote sessions, but all sections are now recovering and have strong attendance on a weekly basis. **Section D****Achievements and performance**

Summary of the main achievements of the charity during the year

Currently have 35 youth members of the group. Have delivered 35 weekly meetings either remotely, or since september returning to face to face meetings. Adult recruitment has recovered the loss of existing leaders, and all sections now have a leader in place with varying levels of support, however new assistant leaders are being found, and the group has a strong young leader participation.

**Section E****Financial Review**

Brief statement of the charity's policy on reserves

**Reserves Policy**

The Group's policy on reserves is to hold sufficient resources to continue the charitable activities of the group should income and fundraising activities fall short. The Group Executive Committee considers that the group should hold a sum equivalent to 12 months running costs, circa £10.

The group is currently holding reserves above this level which can be explained by the long term aspiration to move to new accommodation.

Membership capitation to both District, County and National levels of the Scout Association which also covers the insurance for the Youth and Adult members. Further insurance for the building hire to 3rd parties.
- investment policy and objectives; The Group's Income and Expenditure is very small and as a consequence, does not have sufficient funds to invest in longer-term investments such as stocks and shares. The Group has therefore adopted a low risk strategy to the investment of its funds. All funds are held in cash using only mainstream banks or building societies.
