NO EXCUSE FOR DOMESTIC ABUSE

FROM THE CHAIR

Looking back over the year since our last AGM in September 2021, we can see that the effects of the COVID-19 pandemic continue to reverberate and affect every area of life.

The consequences of the gaps in Universal Credit payments for new applicants, remote working becoming normalised, and the cost-of-living crisis will disproportionately affect women in abusive relationships. At the same time, domestic and sexual abuse has dominated headlines in a series of very high-profile court cases in the UK and US, exposing systemic biases and failures, misogyny in society and institutions, and the insidious ability of people with power, authority, and celebrity to abuse and exploit. These mainstream news items are creating conversations within interpersonal relationships that challenge our perceptions of abuse, ourselves, and our friends and family.

While the headlines and doom scrolling may give us the sense that our social situation is getting worse, in fact this is the real time changing of the status quo and society's reflection on our collective experience.

As we returned to public events in 2021, we saw how uplifting and important it is to continue to speak up and show up for all women and people who experience abuse, in particular marginalised populations. Evidence that women's collective action and outrage are having a positive effect has been demonstrated by the Royal Assent of the Domestic Abuse Bill, the championing of the Online Safety Bill, new guidance by the College of Policing, and increased reporting of domestic abuse and self-referrals to support services.

Here in our corner of the world, Chester Women's Aid celebrated a return to public events at our 2021 White Ribbon Day event, which you can read further about in this report.

We subsequently attended the Be Marvellous event by the Northwich Business Ladies, attended Chester Pride in the Just Ask Wellbeing Zone, and held a street collection on Ladies Day of the Chester Races. As always, we are energised and gratified by holding events as we connect with so many people in our community who support our work financially, in principle, or with their labour. We also provide signposting and information about domestic abuse resources to anyone who may require it.

Our flagship event in 2022 was our partnership with Chester Cathedral during 'Extraordinary Women', a posthumous exhibition of Tom Stoddart's powerful photography. The exhibition allowed us to interact with the public in a different way and generated interest from new volunteers and strengthened our connections with Chester organisations.

Throughout the year, and while planning our events, we continued to deliver our Domestic Abuse Awareness Training for Employers with our delivery partner, UP CIC. You can read about the encouraging results we have had in training businesses in supporting their employees experiencing domestic abuse and raising awareness in the business sector. We were very honoured by the renewed funding to carry out our work from the Office of the Police and Crime Commissioner for Cheshire.

Our website and branding have been renewed and are helping attract delegates to the training programme and volunteers. We have recently signed up with Cheshire Cat Marketing, a female led small business in Cheshire, to deliver the marketing campaign. Its aim is to ensure businesses all over Cheshire find out about our training and can quickly and easily book on. If you know of a business, help us spread the word by liking, sharing, and tagging them in our campaign.

Does that sound like a busy year? It certainly was, and we are looking forward to the next year of events, training, and recruiting new trustees and volunteers to continue the work CWA does.

To all our hard-working trustees, volunteers, supporters, donors, funders, and the public – a huge thank you for making 2021 such a successful year.

NO EXCUSE FOR DOMESTIC ABUSE

Our beliefs:

- Domestic abuse can affect anyone
- The overwhelming majority of victims are women and their children
- We believe in the right of all women to live free from fear and abuse

Our actions:

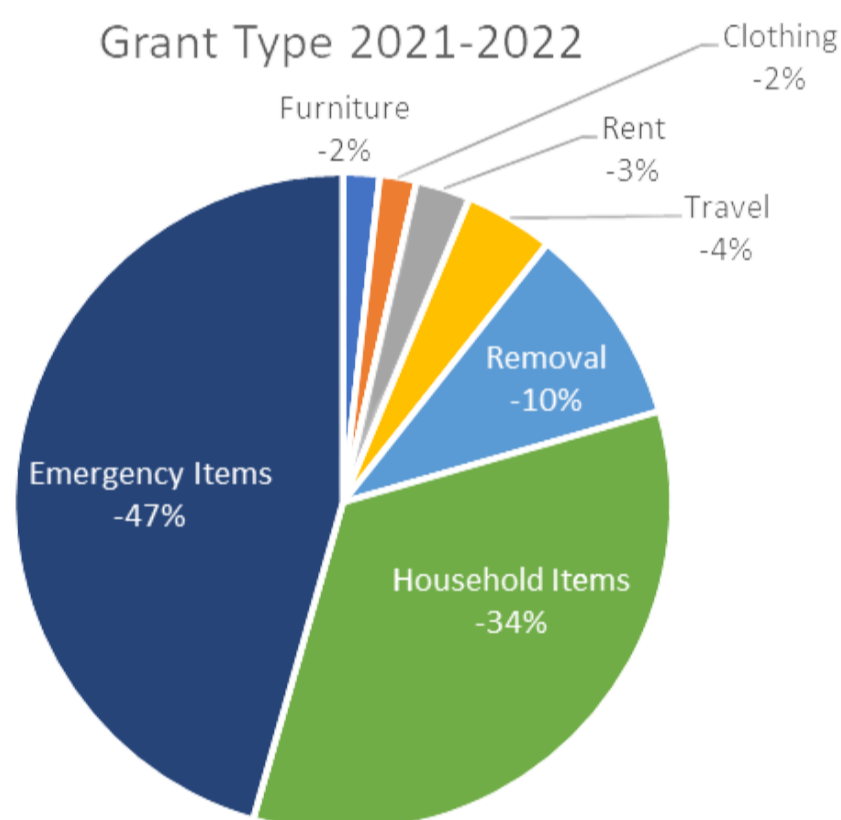

- Monitor service provision of relevant local agencies
- Raise awareness of and educate about domestic abuse
- Promote interaction, good practice, and knowledge exchange between organisations
- Fundraise and provide financial grants to victims who are in crisis need

TREASURERS REPORT

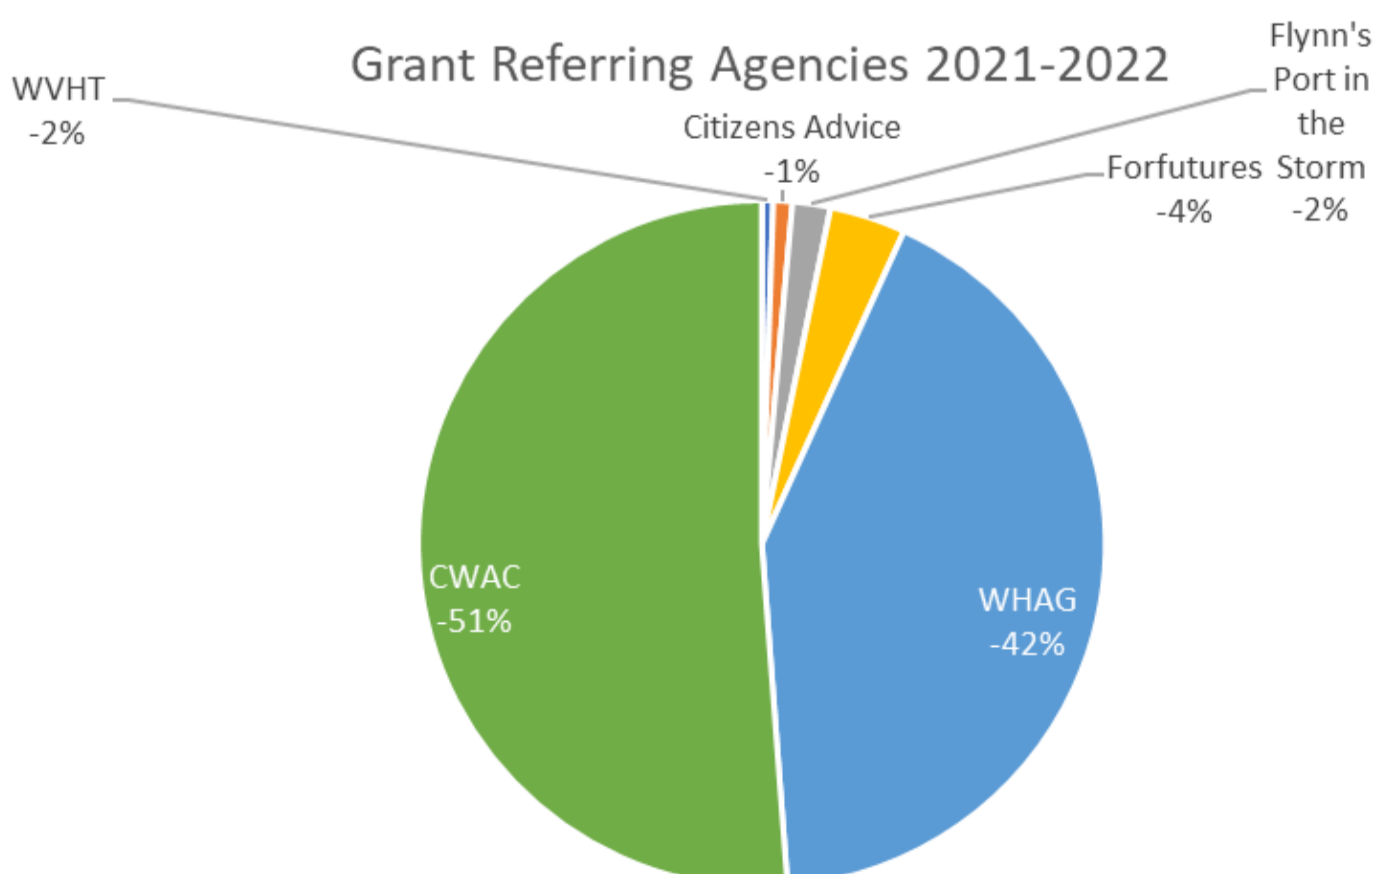

2021 – 2022 was another year with a very high demand for emergency grant funding. The new financial year 2022 – 2023 seems to be continuing this trend, so it may soon be time to rethink our funding criteria, particularly as fundraising opportunities and income generation remain difficult in the post-COVID era.

Domestic Abuse continued to have a high profile in the media and huge steps have been made locally and nationally to meet all the requirements of the Domestic Abuse Act 2021. As noted above, this inevitably creates higher demand for DA services and, whilst the CWAC council received additional Government funding for some of these, the people who have been harmed still face financial difficulty in the first few weeks of fleeing, particularly with accessing Universal Credit.

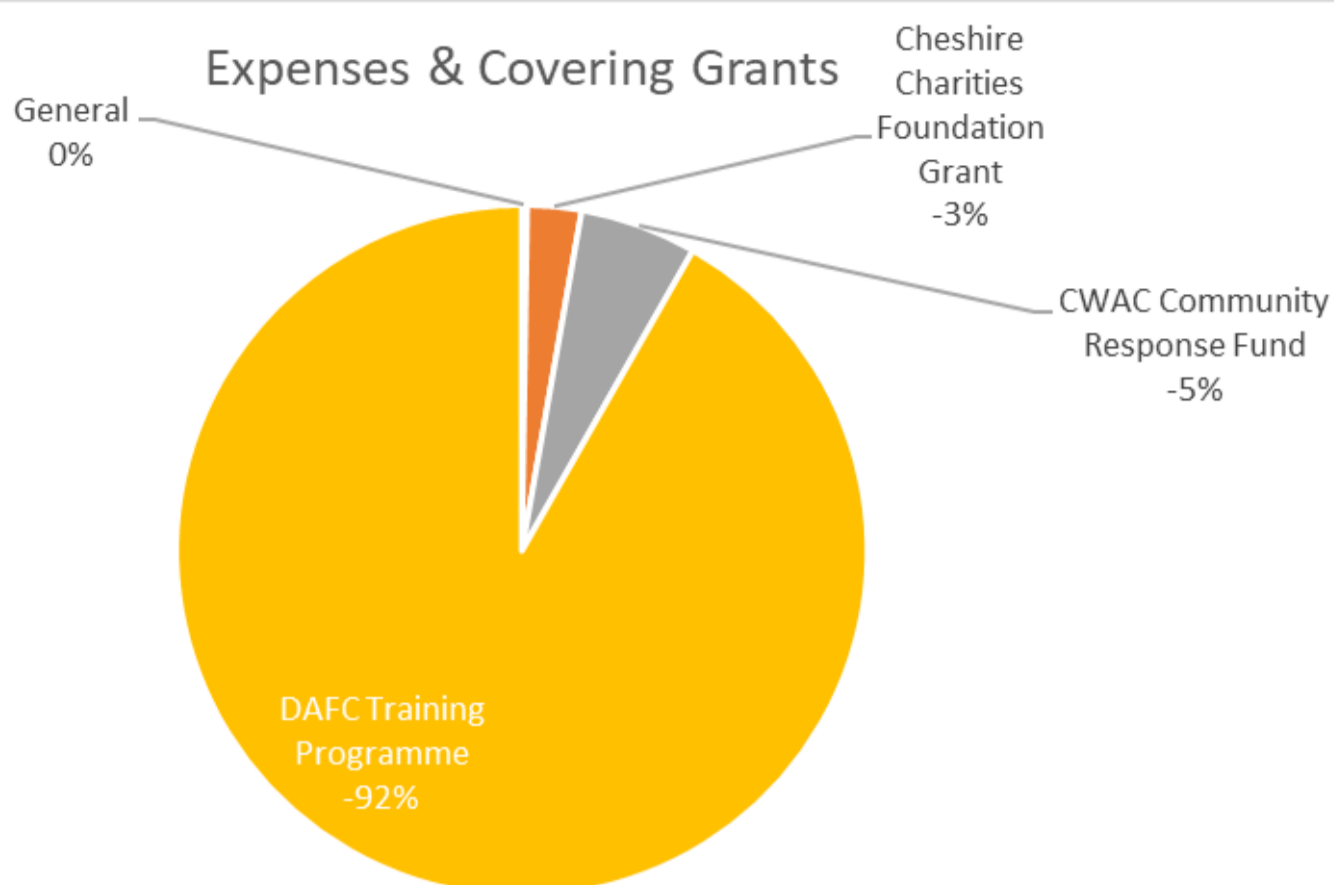

This is reflected in the chart below, with nearly 50% of the grants being issued for emergency items, clothing, removal, travel. Household items includes both kitchen utensils and linens for people placed in safe dispersed housing and those moving out of refuge into a new home. On occasion grants have been used for clearance of rent debts, to enable a new tenancy to be started in the client’s own name.

The principal agencies requesting grants for their clients were CWAC (Cheshire West and Chester) which include self-referrals, police and NHS referrals, DA Intervention and Prevention Services and WHAG (Women’s Housing Acton Group) which include refuge and dispersed housing. Requests were also received via ForFutures, Citizens Advice, Flynn’s Port in a Storm and Weaver Vale Housing Trust.

CWA has always worked hard to ensure that expenses are kept to a minimum, particularly the general administrative expenses. The pandemic and switching to mainly online activities, threw up some unexpected additional expenses, such as Zoom and social media subscriptions and CWA was fortunate to be able to bid for grants from local foundations to cover these additional costs.

The funding received from the Office of the Police and Crime Commissioner for Cheshire has been used during the year to set up and run the training programme. At the outset it was made clear to the OPCC that CWA would need to use some of the funding to continue the emergency grant programme, because the volunteer Trustees were having to put time and energy into setting up the training, rather than fundraising. The funding was also used for re-branding and making the website fit for purpose to market the training to corporate and SME business clients. Using a virtual administration service has ensured that the administration associated with the training could be cost effectively and efficiently managed.

OPCC Funding Spend

CWA is extremely grateful to the OPCC Cheshire for continuing the funding to deliver Employers Workplace DA Training, with a further £40K received in March 2022, just prior to the year end.

Aside from the OPCC grant, income has not recovered to pre-pandemic levels generated by in person fundraising events, but CWA was delighted to be able to hold a street collection for White Ribbon Day once more, collecting just under £870 in November, via collection buckets and SumUp card readers.

TAKING A STAND ON WHITE RIBBON DAY

Each year, our White Ribbon Day event is a staple in the CWA calendar. We stand in solidarity with thousands of people around the world by taking action to raise awareness about domestic abuse.

Due to the pandemic, we were unable to hold our usual in-person event in 2020, so we were even more delighted to be back in Chester City Centre on the 28th of November last year.

Although it was a wet and windy day, we had a great time speaking to passers-by and bringing some joy with performances from two amazing choirs – Pop Vox and Proud Mary’s. We even had a visit from Father Christmas and his Elf!

Our amazing CWA volunteers were supported by a range of local people and organisations, including Cheshire Fire & Rescue, Cheshire Police, MPs Chris Matheson and Justin Madders, Women’s Self Defence Ellesmere Port, The Deva Victrix Beard and Moustache Club, CSASS Chester and Retina Digital.

The weather may have been a wash out, but the event was not! Thank you to everyone who made our first in-person event in a year and half a success. Our 2022 event will take place on the 27th of November – we hope to see you there!

Find out more about White Ribbon Day [here](#).

Chester Women's Aid Community Events, 2021-22

Emma Rees, Vice Chair

Our online awareness-raising and fundraising work, first galvanised by the pandemic, continued throughout 2021-22. We carried on developing our links with other local organisations, working alongside the Soroptimists and, in November and December 2021, launching our always popular 16 Days of Activism campaign, culminating in White Ribbon Day (which you can read about in this Annual Report).

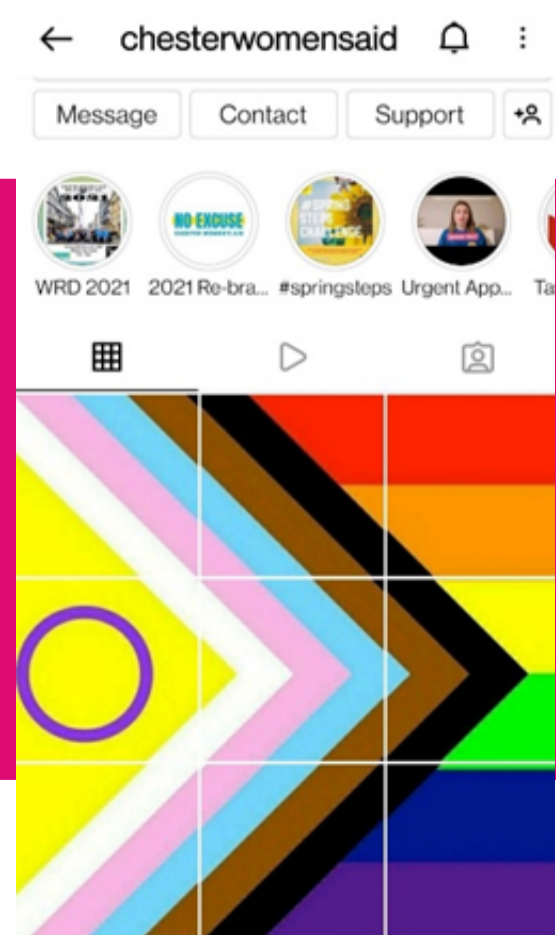

Good For Nothing Chester continued this theme by adopting our 2020 'lockdown legends' for their Local Heroes campaign, also in November 2021.

In February 2022 we highlighted the sometimes overlooked but very real issue of abuse in LGBTQ+ relationships. As our Instagram posts appeared (thanks to the hard work of trustee Emma G.) throughout the month, so did the Progress Pride Flag, until it fluttered magnificently right across our grid.

One of our long-time supporters, the mysterious host behind the phenomenally successful 'ShitChester' Twitter account, raised much-needed funds for us throughout 2021-22, not least with their amazing LEGO display in Chester Market.

As the world slowly began to get back to 'normal', so we began to increase our involvement in face-to-face events. In May 2022 our Chair, Angela, and former Chair, Fiona, attended an event run by Northwich Women in Business in support of the work we do.

'Be Marvellous' focused on women's health and wellbeing and was held in the glorious surroundings of Hartford Hall. Over £300 was raised, every penny of which will support local people fleeing domestic abuse.

DOMESTIC ABUSE AWARENESS TRAINING FOR EMPLOYERS

Our domestic abuse awareness training was first developed over a year ago. It is designed to help employers understand how to support their employees within the workplace. The training is available to all employers/businesses across Cheshire and is funded by the Cheshire Police and Crime Commissioner. The funding has been renewed for 2022 with another £40,000 from the OPCC and Cheshire Constabulary. This generous funding means that we can continue to offer funded places on the training to small and medium-sized businesses.

Our training programme was developed with input from CWA, UP CIC (who also delivers the training) and the Police. It considers several important areas, which include possible indicators of abuse, the impact of abuse, how to deal with a perpetrator in the workplace and where to signpost/sources of support. We also provide a toolkit and digital badge for delegates once training is completed.

The training is generally delivered online but, in April, we delivered a cohort face-to-face for the first time, training a group of wellbeing coordinators for GP offices in Ellesmere Port, Cheshire West. We offer three cohorts per month, each consisting of three modules, with a minimum of four and a maximum of ten delegates per cohort. Our first training event was held in April 2021 as a pilot; since then, we have trained 71 delegates from 28 different companies located in Cheshire.

We recognise the importance of measuring the impact of our training and gather feedback and data to reflect this. The most significant change measured by participants as a result of our training, is a substantial increase in confidence to recognise the signs of domestic abuse in the workplace. This is a very encouraging statistic, indicating that managers can more successfully identify concerns. Participants also report a significant increase in their understanding of how to respond to a disclosure of domestic abuse, which means that they are more able to provide effective support.

We are very proud of our training and think that it is a valuable tool in tackling domestic abuse. Over the next year we aim to develop our training further, by implementing adjustments to its marketing and delivery, so that we increase the number of delegates and businesses attending.

A TRUSTEE'S JOURNEY: CARA

When I joined Chester Women's Aid in 2017, I was 24, had recently left an abusive relationship, lost my job and was struggling to know what to do with myself. My confidence had been obliterated and I struggled to trust in others as well as to trust myself and my own decisions and abilities.

Throughout my time as a trustee, I have had the continuous support of my colleagues who have helped me to grow in confidence in myself and my abilities, and I have been provided with the opportunity to meet other survivors and share our experiences, as well as offer direct and indirect support to others. I have been part of a team who have raised thousands of pounds for the charity and have reached thousands of people in the Cheshire area and further through online campaigns, social media, and face to face events.

I am endlessly grateful for the five years I have spent at the charity and for the growth it has given me and I look forward to seeing what the future brings.

Section A Independent Examiner's Report

**Report to the trustees/
members of**

Charity Name:
Chester Women's Aid

**On accounts for the year
ended**

31 March 2022	Charity no (if any)	504854
---------------	--------------------------------	--------

Set out on pages

(insert number to include the page number of additional pages)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/03/2022.

**Responsibilities and
basis of report**

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent
examiner's statement**

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Signed:

ANNUAL REPORT 2021

Chester
Women's
Aid

NO EXCUSE FOR DOMESTIC ABUSE

FROM THE CHAIR

This AGM marks the end of my inaugural year as Chair of Chester Women's Aid, having taken over from Fiona Neame at last year's AGM.

2020-2021 has continued to be a challenging year not just in the charitable sector, but in society, and particularly for those experiencing abuse. The continuation of lock downs in the UK and other social restrictions has meant that the 'shadow pandemic' of domestic abuse has continued in parallel with the COVID pandemic.

In April, the Domestic Abuse Bill received Royal Assent, which expanded the legal definition of Domestic Abuse to include non-physical abuse such as coercive control, emotional, and economic abuse.

The courts and police have been granted additional powers and victims additional protections in regard to domestic abuse. Importantly, it recognises children as victims of abuse if they see, hear, or experience the effects of abuse. Whilst there are some desired protections and actions left out of the Bill, it is the most significant legal recognition of the scourge of domestic abuse on our society, and in particular for women and children. Chester Women's Aid's Board of Trustees welcomed the passage of the bill, having participated in the consultations leading up to its readings in Parliament.

Alongside the Bill, Her Majesty's government has further recognised that the increase of working from home due to the pandemic has meant an increased risk for those in abusive relationships and as a result, has emphasized the role of employers in keeping their employees safe regardless of their work location. On 14 January 2021, Business Minister Paul Scully called on employers to ensure their organisations are spotting signs of domestic abuse and helping their staff find the right support. His open letter recommends raising awareness, making your support clear, and signposting employees to resources.

Our most significant achievement in the 2020-2021 year was launching our domestic abuse awareness training for employers, in service of our vision of a “Domestic Abuse Free Chester”. It has been created to help Cheshire businesses recognise domestic abuse and enable them to direct employees to appropriate sources of help. The aim of the training is to support employers with their duty of care to provide a safe and inclusive workplace for all. We have been working closely with UP CIC who deliver the live (virtual at present) training on our behalf. Due to funding received in March of 2020 from the Police and Crime Commissioner for Cheshire, we are able to offer the training free of charge to small/medium enterprises and sole traders and continue our emergency grant programme for those escaping and recovering from domestic abuse.

The grant programme itself had a milestone this year with the launch of our “Homes for Hope” voucher programme, utilising Love2Shop cards generously donated by the Appreciate Group. When a successful application is made for one of our grants, the cards can be topped up with our emergency grant funds and given to survivors who are often moving into new homes following an escape from abuse. The funds can be spent at a wide range of shops using the cards.

The ongoing pandemic has also meant another year without in-person events, at which Chester Women’s Aid could raise funds and awareness. Despite this challenge, we have continued to receive donations and support from repeat and new donors following our Christmas and urgent appeals, and personal fundraising efforts by supporters. We sincerely hope for a safe return to live events in the next year so that we can meet our members, donors, and friends again.

We now look ahead to our 2021-2022 year, focusing on the continued development of the training programme, Homes for Hope, and the succession of our Board of Trustees. These will be accompanied by an exciting new website and brand evolution, so stay tuned! The tireless work of our Board of Trustees has resulted in the success of our projects, and I sincerely thank them for their dedication, support, and trust over the last year.

NO EXCUSE FOR DOMESTIC ABUSE

Our beliefs:

- Domestic abuse can affect anyone
- The overwhelming majority of victims are women and their children
- We believe in the right of all women to live free from fear and abuse

Our actions:

- Fundraise and provide financial grants to victims who are in crisis need
- Monitor service provision of relevant local agencies
- Promote interaction, good practice and knowledge exchange between organisations
- Raise awareness of and educate about domestic abuse

EMERGENCY GRANT FUNDING UPDATE

One of Chester Women's Aid's core activities is the giving of emergency grant aid to people experiencing domestic abuse, who may have to leave their home at very short notice. Some are able to "target harden" their home to enable them to stay there safely, but if they have been financially controlled, they may have no access to funds of their own.

People can access these emergency grants via the key workers who are supporting them. We ask that a risk assessment has been completed for each case, so that we can be sure that the person who has been harmed is in a safe place, where the help we give will enable them to start their new life with some personal possessions and other urgently required items, such as new glasses, ID documents, travel to appointments and other necessities too numerous and varied to mention.

Where hardship is still being experienced, for example at the time of moving out of refuge or dispersed housing, we will occasionally make a second grant for household essentials or moving costs. We are somewhat reluctant to do this, because we would always want to have funds available for people at the point of fleeing, however we do review each case individually.

To ensure that the review of the grant funding applications is fair, we have a sub-Committee that discusses every application form, and a majority decision is required, before funds are granted. The sub-Committee sometimes increase or decrease the amount requested and will frequently ask supplementary questions for clarification of the circumstances. Each grant application is coded to ensure a degree of anonymity while still being able to monitor number of applications per client, and the grant is issued through the key worker, rather than handed over by CWA.

CWA's objectives include monitoring local provision of support for people experiencing domestic abuse, so we do report to Cheshire West and Chester's domestic abuse support services if we notice any trends developing across the range of agencies who request emergency grants for clients. We have noted an increase in the number of grants paid to people who experience so called Honour Based Violence, but this could actually be a positive sign that people now feel more supported to escape this form of abuse. Recently we have written to our MP to raise awareness of and query delays in setting up payment of Universal Credit to people who have experienced domestic abuse, which results in the need for an emergency grant to bridge the gap.

Since the beginning of March this year CWA has given out 40 grants totalling £5,517.00. Whilst we are pleased to be able to help, it is a shocking number of people to find themselves in such desperate need, solely due to the actions of another person who is harming them, and we are only halfway through our financial year for 2021-22.

URGENT APPEAL

Throughout this pandemic we received double the amount of grant requests. As a result we issued an urgent appeal, asking for donations so we could continue giving grants to people in need.

The women needing help, some pregnant and some with young children, needed emergency funding to cover basic items that most people take for granted.

A NEW PERSPECTIVE

CHESTER WOMEN'S AID FROM A NEW MEMBER'S PERSPECTIVE -

HANNAH LANGFORD

During the first lockdown of the COVID-19 pandemic, I was restless and at a loss. It was the first time I had ever had so much time on my hands, yet so little I could do. I have always been passionate and a strong advocate of women's rights and empowerment for individuals. I had spoken to Fiona in 2019 when she was the Chair of CWA and discussed volunteering with the charity. However, at the time I could not commit to the charity due to my job role. Then the pandemic hit and I was left redundant, recovering from major surgery and had all the time in the world.

I got in contact with CWA again and applied for the Treasurer role. I was voted in by the committee and was set to work. From the get go I discovered things about the charity and the people they help during my first few months as Treasurer. The charity does so much the general public would never imagine they would do. They lobby parliament, campaign for those fleeing domestic abuse and help victims and survivors of domestic abuse. Furthermore, volunteering for CWA gave me a new perspective on life and how so much of our society is in need of change and how little is known about domestic abuse.

Meeting the committee members and general volunteers has been one of the best things for me, as meeting like-minded individuals who share the same common interests and goals as myself was refreshing. I felt I had made new friendships after feeling the loneliness of lockdown.

CWA has supported me from the moment I started and there is always a friendly face or someone at the end of the phone to talk to. When I started my Masters at the University of Chester in October 2020, they offered me a new position as Marketing Co-ordinator, to aid and develop my skills for when I have graduated and am looking for a permanent job in my desired field.

HIGHLIGHTS

#STITCH4SURVIVORS

This year, we continued to engage in the community-led project #Stitch4Survivors, in order to raise awareness and show support for all victims of domestic abuse.

As part of our annual White Ribbon Day event, we held a virtual #Stitch4Survivors knit-a-thon, in order to produce pieces which would contribute to the large community ribbon. We additionally asked the people of Chester to get involved with World Wide Knit in Public Day to raise awareness and support for victims of domestic abuse.

It is great to have the community white ribbon to showcase the overwhelming support Chester has given to people who have experienced domestic abuse! The #Stitch4Survivors project has now raised £682 for victims of domestic abuse in Chester, and we cannot wait to continue knitting into the new year.

Emma in 2019

16 MEN CAMPAIGN

In November 2020, we ran a 16 men campaign, in partnership with Soroptimists International Chester. The campaign featured men from the local community showing their support for stopping violence against women and girls.

Thank you to everyone involved in making the campaign a success, especially to photographer Kat (Kat Hannon Photography).

HIGHLIGHTS

OPENING OUR DOORS

During the first two weeks of the lockdown in 2020, at least 16 Domestic Abuse killings took place in the UK - a figure much higher than that of previous years. Calls to the National Domestic Abuse Helplines had also doubled by the third week of lockdown.

This situation highlighted the importance of initiatives such as the multi-agency, Cheshire wide, Open the Door campaign, which aims to 'open the door' on unhealthy relationships and domestic abuse, encouraging people to seek help, advice and support.

As a result, in December 2020, we opened our doors to share some of the positive quotes we've received from the recipients of our emergency grant programme that year.

TREASURER'S REPORT

The financial year 2020-21 has again seen high demand for our emergency grant programme, as the shadow pandemic of domestic abuse continues apace with the COVID pandemic. However, the increase in support for charities combined with an increased awareness of domestic abuse meant that Chester Women's Aid received funding grants from foundations and other organisations to continue our missions.

We would like to thank the organisations funding our work. Without these funds and without the ability to fundraise as usual, we would have faced a dire financial situation imperilling our ability to provide vital help to people escaping and recovering from domestic abuse.

Funding Grants Received:

Awarding Organisation	Awarded Funds	Funding Purpose
Steve Morgan Foundation	£355	Professional Zoom and Just Giving Accounts
Cheshire Communities Grant Foundation	£948	Digital Tools, Insurance, Website Hosting, and other administrative costs
CWAC COVID-19 Community Response Fund	£2,000	Development of the Domestic Abuse Awareness Training for Businesses
Office of the Police and Crime Commissioner for Cheshire	£40,000	Marketing, Administration, and delivery of the Domestic Abuse Awareness Training for Businesses in Cheshire

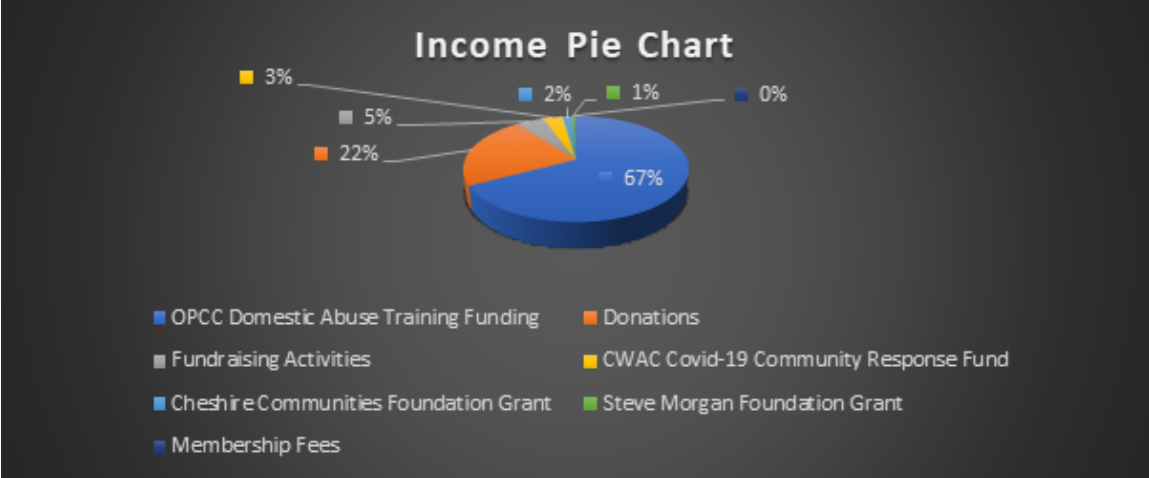

Our total income for this year was £59,529, a significant increase over 2019-2020 due to the funding listed above. We received a nearly 50% increase in donations over the previous financial year, including:

- £3,000 donation from the corporation Bristol Myers Squibb
- £2,177 donation from national logistics corporation Kuehne+Nagel
- £1,600 donation from the Chester Business Club
- £1,000 donation from the Masonic Charitable Foundation
- £600 donation from the Chester Round Table
- £333 donation from Waitrose Community Matters
- £322 donation from the University of Chester Events Course team "Eventsify" from their virtual Valentine's Day event
- £200 donation from Samuel Jackson

Thank you to all of the above donors and additional donors who have helped Chester Women's Aid continue to weather the pandemic and keep up our grant and awareness programmes.

INCOME AND EXPENDITURE

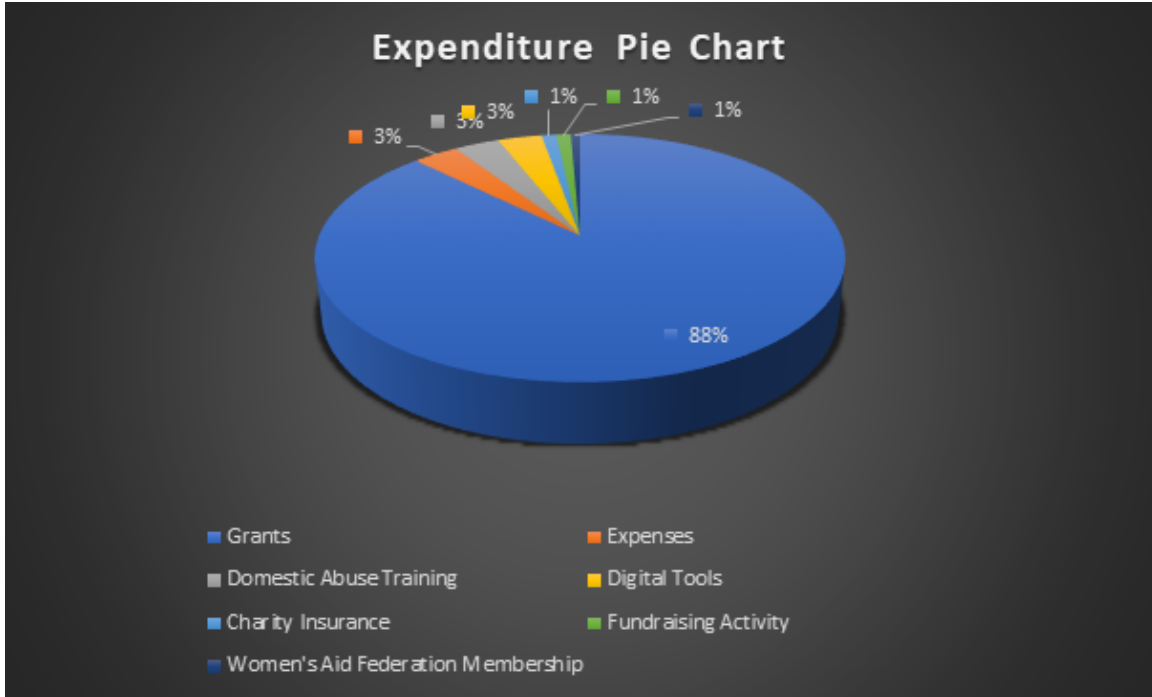

Our total expenditure for this year (including fees, expenses, and insurances) was £14,958, a less than £500 increase on 2019-2020's total costs.

In 2020-21, we did not hold any in person fundraisers or events - all fundraising has been done through virtual events and individual efforts by our committee members and supporters. Having a Just Giving account, and digital tools like Zoom and Hootsuite have enabled our fund and awareness raising efforts. These tools make it much easier to reach a wide range of individual donors and receive donations in a safe and contactless manner.

Our virtual events supported by these tools raising funds included our White Ribbon Day event 2020, a Stitch4Survivors live knit along and discussion group, a Christmas appeal, Spring Steps event, and an urgent appeal.

Looking ahead to 2021-2022, we sincerely hope to revive some form of public event, starting with our 2021 White Ribbon Day event on 28th November in Chester city centre. Conditions and restrictions permitting, we will debut another digital tool to help us raise funds - contactless card readers for easy street collection. We will also continue social media appeals and promotions and seek fundraising events by volunteers and supporters of Chester Women's Aid.

WE ARE SO VERY GRATEFUL FOR ALL THE SUPPORT WE HAVE RECEIVED FROM OUR AMAZING SUPPORTERS OVER THE LAST YEAR

A special thank you to the following individuals and organisations:

- Anna Demetriou
- Anne MacDonald
- Bristol Myers Squibb

Section A Independent Examiner's Report

**Report to the trustees/
members of**

Charity Name
Chester Women's Aid

**On accounts for the year
ended**

31 March 2021	Charity no (if any)	504854
---------------	--------------------------------	--------

Set out on pages

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/03/2021.

**Responsibilities and
basis of report**

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent
examiner's statement**

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination (other than that disclosed below *) which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
