Section B Structure, governance and management

Description of the charity's trusts

Type of governing document
(eg. trust deed, constitution)

Constitution.

How the charity is constituted
(eg. trust, association, company)

Unincorporated Association.

Trustee selection methods
(eg. appointed by, elected by)

Trustees are elected annually at the Annual General Meeting.

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Annually, new trustees are supported and inducted by the outgoing trustees via a handover process concerning the affairs of the charity.

There is a committee of supporters that assist the Trustees and provide advice support and continuity for the charity.

Trustees are encouraged to participate in development opportunities provided by the Yorkshire Federation of Young Farmers' Clubs. The templates and resources for this are provided by the National Federation of Young Farmers' Clubs and additional information is provided by the county federation of YFCs.

The charity is affiliated to the Yorkshire Federation of Young Farmers' Clubs and the National Federation of Young Farmers Clubs. Together these form a network of clubs throughout England and Wales for young people aged 10 to 26 years.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The objects of the charity are:

1. To advance the education of young members of the public at large in their knowledge of agriculture, crafts, life skills, rural affairs and country life,
2. In the interests of the social welfare of such members to provide and promote the provision of facilities for recreation and other leisure time occupations, being facilities which will improve their conditions of life and will assist in the development of their spiritual and mental capacities, self-reliance and individual responsibility so that they may grow to full maturity as individuals and members of the community.

The Trustees confirm that they have paid due regard to the guidance issued by the Charity Commission on public benefit in deciding what activities the charity should undertake.

Over the period, the club programme, organised by the trustees with support from the club officers, consisted of meetings aimed to advance the education of members in their knowledge of:

- Agriculture: multiple livestock judging practice meetings; farm equipment valuation meeting; and dry-stone walling demonstration and practice.
- Crafts: ready steady cook meeting; an outdoor skills and craft meeting hosted by a local forest school; and a 'make and take' rally competition meeting.
- Life Skills: multiple public speaking and entertainment/drama practice meetings; and multiple volunteering, team sports and challenge meetings aimed to enhance teamwork skills.
- Rural Affairs and Country Life: informative talk from a Moorland Management Organisation, and YFYFC Chairman.

The charity recruits its members from a significant section of the community at large. Everyone aged 10 to 28 year can be a member of the Worth Valley Young Farmers Club in order to participate in activities and discussions that increase their knowledge of agriculture, crafts rural affairs and country life. The charity actively recruits its members, aged 10 to 28 years, from a catchment area of 10 miles of Keighley.

The club activities also contribute to and create leisure activities for members and on occasion for the rural community in which the charity operates. The community around the charity benefits from our members being active citizens that contribute to the rural community.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

The Charity relies on the volunteer contributions of its club officers, management committee, trustees and advisers. The donations of unpaid time from key volunteers increase the quality and financial value of the charity's outcomes and outputs because:

- It ensures funding is available for meetings e.g. time spent organising fundraisers / applying for grants that are key sources of income for the charity.
- It ensures the programme is organised and the meetings / leisure activities run smoothly.
- It ensures the key skills and knowledge the volunteers have obtained over their time of being a member are passed on to younger/newer members through practice meetings e.g. stock judging and public speaking, and officer role handovers.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

1. Public Speaking

The club organised two public meeting over the period. Members prepared and delivered a speech in front of an audience with the support of club trustees and received feedback from the appointed judges. The practices prepared and encouraged members to compete at the YFYFC County Public Speaking competition, where the club's respected district was placed first overall. Many members competed and were successful at Northern area and NFYFC Public Speaking competitions.

Additionally, the club wrote and produced an entertainment/drama that aimed to develop the participant's communication, commitment and teamwork skills. The club performed the drama at the YFYFC and Northern Area Competitions Weekend in front of an audience.

2. Volunteering

The club organised four volunteering meeting over the period:

- Members planted flowers and general maintenance at a local bowling club.
- Members completed gardening, fencing and walling tasks at a local cricket field.
- Members completed general maintenance tasks at a local hospice to help prepare the charity for their garden party fundraiser.
- Members planted trees at the 'Big Help Out' event at a local scout activity centre.

Over 150 hours of hours of volunteering time were spent helping local organisations.

3. Education on Rural Affairs, Agriculture and Crafts

The club organised stock judging practices over the period including breeding sheep; dairy cattle; laying hens; and finished lambs. In addition, the club organised a split meeting, where members had the opportunity to attend smaller group sessions hosted by experienced judges that were aimed to provide specialised knowledge/skills for the type of stock judging that interested them the most. In addition, the club organised a 'novelty judging' meeting that was aimed to provide newer members with fundamental skills to grow their confidence prior to the stock judging meetings.

The club also organised meetings aimed to enhance knowledge on agriculture and rural affairs including educational talks from a local moorland management organisation; the YFYFC Chairman; and a local training company; and demonstrations/practices of rural skills including dry-stone walling and outdoor activities.

The club organised meetings for members aimed to develop skills in various arts and crafts. For example, two 'ready, steady, cook' meetings were organised that gave members an opportunity to work in a team to prepare a two-course meal.

The club encourages members to compete when they have the opportunity, as it is fundamental to further enhance the skills they have developed whilst being part of the club. Members attended competitions organised by YFYFC and NFYFC including:

Section D

Achievements and performance

- YFYFC and Northern Area Stockman of the Year
- Northern Area and YFYFC Field Day
- NFYFC Competitions Weekend
- YFYFC Rural Skills Weekend
- YFYFC Clay Pigeon Competition

Members' individual achievements led to great overall results for the club including:

- Most points overall at YFYFC Stockman of the Year
- Fourth most points overall at YFYFC Field Day
- Fourth Place in NFYFC Cookery Finals
- Fourth Place in NFYFC Flower Arranging Finals.

4. Leisure Activities

Due to the donations of unpaid time by key trustees and volunteers, the club was successful in gaining funding from The Global Fund. The key objectives for the club were to use the funding to develop the decision-making skills of its younger members. To achieve this objective, younger members were tasked to organise club meetings/trips within a budget that was allocated with money from the grant. Over the period, the following meetings/trips took place:

- Club trip to London including tour of parliament with the local MP.
- Bowling competition
- Ice skating
- Go-karting
- Easter egg hunt and decorating
- Outdoor skills demonstration
- £100 drop event
- Water sports / team sport meetings
- Charity paint run

In addition, younger members were involved in organising the 80th anniversary celebrations of the club that was partly funded by the grant.

5. Recruitment

The club recruited 50 members made up of 39 juniors (age 10 – 16) and 11 Seniors (age 18 – 28) making the club one of the largest in YFYFC.

Section E

Financial review

Brief statement of the charity's policy on reserves

The charity's policy on reserves is to generate and maintain a reserve which will allow sufficient funds to:

- maintain the financial viability of the Charity in the event of unforeseen and/or unavoidable circumstance that brings a short-term fall in its income.
- to permit the Charity, in the interests of meeting its charitable objectives, to from time to time establish a new and innovative project on a project basis to demonstrate the feasibility of such activities as a test to maintaining such projects on an on-going basis.

For these purposes the Charity will endeavour to maintain reserves which are at least 50% of its annual turnover.

Details of any funds materially in deficit

The charity has no funds which are materially in deficit.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity’s principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The club’s main source of income over the period was from the Global Fund grant (£11,250 – 38.4%); social, meeting and competitions income (combined £10,912 – 37.3%); events (£4000 – 13.7%); and membership income (£956 – 3.3%).

The club’s main expenditure over the period was from social, meeting and competition expenses (combined £21,118 – 79.0%); YFYFC and NFYFC affiliation fees (£3,159 – 11.8%).

The club’s social, meeting and competition expenses was £10,206 more than the relative income indicating these activities/events were heavily subsidised over the period. In addition, the club spent £2,203 more on YFYFC and NFYFC affiliation fees compared to the income from membership fees, indicating the latter is heavily subsidised.

From the information provided in section D, the above expenditure has supported the key objectives of the charity outlined in section C, and increased the value of the charity’s outcomes because:

- Meetings, competitions, social events and membership fees were heavily subsidised making the club more accessible, which was key to the club’s recruitment success.
- The payment of affiliation fees to YFYFC and NFYFC supported the respected charities to organise various competitions over the period, which are fundamental for the club’s members to further develop their skills.
- High expenditure on meetings allowed the club to get other organisations involved that supported the club’s objective to advance the education of members in their knowledge of agriculture, life skills, crafts and rural affairs.
- High expenditure on meetings allowed the club to organise high quality leisure/recreational activities aimed to improve member’s conditions of life to assist in the development of their mental capacities, self-reliance and individual responsibility.

Structure, governance and management

Description of the charity's trusts

Type of governing document
(eg. Memorandum of Association, Constitution)

Constitution.

How the charity is constituted

Unincorporated Association.

Trustee selection methods
(If appointed by, elected by)

Trustees are elected annually at the Annual General Meeting.

Additional governance issues (Optional information)

May choose to include additional information, where relevant, about:

Policies and procedures adopted for the induction and training of trustees;

The charity's organisational structure and any wider network with which the charity works;

Relationship with any related parties;

Trustees' consideration of major risks and the system and procedures to manage them.

Annually, new trustees are supported and inducted by the outgoing trustees via a handover process concerning the affairs of the charity.

There is a committee of supporters that assist the Trustees and provide advice support and continuity for the charity.

Trustees are encouraged to participate in development opportunities provided by the Yorkshire Federation of Young Farmers' Clubs. The templates and resources for this are provided by the National Federation of Young Farmers' Clubs and additional information is provided by the county federation of YFCs.

The charity is affiliated to the Yorkshire Federation of Young Farmers' Clubs and the National Federation of Young Farmers Clubs. Together these form a network of clubs throughout England and Wales for young people aged 10 to 26 years.

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

The objects of the charity are:

1. To advance the education of young members of the public at large in their knowledge of agriculture, crafts, life skills, rural affairs and country life,
2. In the interests of the social welfare of such members to provide and promote the provision of facilities for recreation and other leisure time occupations, being facilities which will improve their conditions of life and will assist in the development of their spiritual and mental capacities, self-reliance and individual responsibility so that they may grow to full maturity as individuals and members of the community.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The Trustees confirm that they have paid due regard to the guidance issued by the Charity Commission on public benefit in deciding what activities the charity should undertake.

In a normal year the club would have a mixed portfolio of indoor and outdoor meetings. Activities would involve at least 5 stock judging meetings, 2 which involved public speaking, talks, guided walks, often around farms and sports activities. Many more other meetings would take place in order for certain groups of members to practice their skills ahead of competitions.

Within the timescale of this report there has been less

The charity recruits its members from a significant section of the rural community at large. Everyone aged 10 to 28 year can be a member of Worth valley Young Farmers Club in order to participate in activities and discussions that increase their knowledge of agriculture, crafts rural affairs and country life. The charity actively recruits its members, aged 10 to 28 years, from a catchment area of 10 miles of Haworth, West Yorkshire.

The club activities also contribute to and create leisure activities for members and on occasion for the rural community in which the charity operates. The community around the charity benefits from our members being active citizens that contribute to the rural community.

As always the club could not function without hundreds of hours of volunteer time being donated by club leaders, parents and the members themselves and though this year has been such a different one the value of this voluntary contribution is no less this year.

Additional details of objectives and activities (Optional information)

You may choose to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

Within this timescale the rural community has, like the rest of the country been hampered by the restrictions associated with the Covid 19 pandemic. Our club has not escaped these issues and much of the period we have been unable to meet in person. That said, to maintain activity for our membership much of our activity went on line with public speaking, livestock judging and quizzes being some of the highlights. The Yorkshire YFC County Chairman, Ed Bentley with his excellent tech skills has been instrumental in this and Worth Valley YFC have very much been on board with our club winning the prestigious County Rally (virtually) in the last few weeks. Opportunities have been seized by Worth Valley to socialise online with members from other clubs.

In addition when we have been able to have real meetings in the past year we have seen lots of members keen to attend which is a good sign for the future.

We have raised funds during the pandemic for our local NHS hospital and we carried out a Christmas tree recycling project which raised £1500 for our club and over £21,000 for our local Sue Ryder hospice.

Though our fundraising ability for our own organisation has been hampered by the pandemic, some funds for our charity have been raised form our events committee.

The club received a grant from the local Ovenden Wind Farm Grants Programme to purchase a large outdoor cinema system which has been purchased. At time of writing Covid restrictions have meant we have not been able to use it as yet but this will be a great tool for community cohesion, education as we come out of the pandemic.

Brief statement of the charity's policy on reserves

The charity's policy on reserves is to generate and maintain a reserve which will allow sufficient funds to:

- maintain the financial viability of the Charity in the event of unforeseen and/or unavoidable circumstance that brings a short-term fall in its income;
- to permit the Charity, in the interests of meeting its charitable objectives, to from time to time establish a new and innovative project on a project basis to demonstrate the feasibility of such activities as a test to maintaining such projects on an on-going basis.

For these purposes the Charity will endeavour to maintain reserves which are at least 50% of its annual turnover.

Details of any funds materially in deficit

The charity has no funds which are materially in deficit.

Other financial review details (Optional information)

Our trustees may choose to include additional information, where relevant about:

the charity's principal sources of funds (including any fundraising);

how expenditure has supported the key objectives of the charity;

investment policy and objectives including any ethical investment policy adopted.

Within the period covered by this report the lack of activity amongst our club caused both expenditure and income to drop significantly. No social fundraising events were possible and our events committee were limited to just a handful of marquee hire bookings.

The income brought in did allow us to fund a good online meeting service to allow our members to stay connected and not be socially isolated. The pandemic also meant that when meetings were able to restart we had to move to a slightly more expensive meeting place and again this was covered by the income we were able to continue to bring in.
