The £3 difference is due to slight inaccuracies caused by ignoring the pennies!

The accounting year has unusually been over 13 months because there were substantial transactions taking place over our natural year end of 28th February as the Spacehive and other donation money was paid across. I am assuming that in future our year will run from 1st April to 31st March

The Spacehive money has been kept entirely separate and is deposited in the previously unused Lloyds Saver Account. This currently shows a balance of £22063.42. and is earning an interest of 0.75%. Derisory but I am assuming we will soon be paying the accounts for our toilet improvement.
