1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Donations and legacies

Income from donations and grants that provide core funding or are of a general nature are recognised where there is entitlement, certainty of receipt and the amounts can be measured with sufficient reliability.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Governance costs

Include those costs associated with meeting the constitutional and statutory requirements of the group and include accountancy fees and costs linked to the strategic management of the group.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Long leasehold	- 25-50 years straight line
Plant and machinery	- 20% on reducing balance per annum
Fixtures and fittings	- 15% on reducing balance per annum

Individual assets costing £50 or more are capitalised at cost.

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

Subsequent costs, including replacement parts, are capitalised only when it is probable that such costs will generate future economic benefits. Any replaced parts or remaining carrying amounts are then derecognised. All other costs of repairs and maintenance are charges to the Statement of Financial Activities.

for the Year Ended 31 March 2024**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Donations and legacies

Income from donations and grants that provide core funding or are of a general nature are recognised where there is entitlement, certainty of receipt and the amounts can be measured with sufficient reliability.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Governance costs

Include those costs associated with meeting the constitutional and statutory requirements of the group and include accountancy fees and costs linked to the strategic management of the group.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Long leasehold	- 25-50 years straight line
Plant and machinery	- 20% on reducing balance per annum
Fixtures and fittings	- 15% on reducing balance per annum

Individual assets costing £50 or more are capitalised at cost.

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

Subsequent costs, including replacement parts, are capitalised only when it is probable that such costs will generate future economic benefits. Any replaced parts or remaining carrying amounts are then derecognised. All other costs of repairs and maintenance are charges to the Statement of Financial Activities.

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2023. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

The charity exists for the benefit of the public through the provision of its services to any member of the public, and the trustees have considered the Charity Commission's guidance on public benefit.

- * provide improvement and maintenance of the grounds and buildings at Newburn Leisure Centre for the purpose of recreation and other leisure time occupation with the object of improving the conditions of life for the beneficiaries.

Newburn Leisure Centre has developed a wide range of activities to meet these objectives based upon the following facilities available to the public:

- * Indoor sports hall
- * Fitness facilities
- * Sensory room/Interactive Room
- * Indoor climbing wall
- * Outdoor sports field
- * Outdoor 5-a-side courts
- * Water based activities on adjacent River Tyne

The organisational structure, management and operations are well established and the centre is operating at a similar level prior to the changeover. The aim of the charity is to be self-financing and promote the long term security of the centre.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

ACHIEVEMENT AND PERFORMANCE

Budgets

The income for 2022/23 was supported by grants.

Targets

The primary target was to foresee and/or address the continuing implications of Newcastle City Council grant withdrawal and position the Centre finances and operation structure for the immediate, medium and long term future. In this respect permanent changes to opening times and staff working hours have been implemented in 2021/22.

**Notes to the Financial Statements
for the Year Ended 31 March 2023**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Donations and legacies

Income from donations and grants that provide core funding or are of a general nature are recognised where there is entitlement, certainty of receipt and the amounts can be measured with sufficient reliability.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Governance costs

Include those costs associated with meeting the constitutional and statutory requirements of the group and include accountancy fees and costs linked to the strategic management of the group.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Long leasehold	- 25-50 years straight line
Plant and machinery	- 20% on reducing balance per annum
Fixtures and fittings	- 15% on reducing balance per annum

Individual assets costing £50 or more are capitalised at cost.

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

Subsequent costs, including replacement parts, are capitalised only when it is probable that such costs will generate future economic benefits. Any replaced parts or remaining carrying amounts are then derecognised. All other costs of repairs and maintenance are charges to the Statement of Financial Activities.

**Report of the Trustees
for the Year Ended 31 March 2022**

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2022. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

The charity exists for the benefit of the public through the provision of its services to any member of the public, and the trustees have considered the Charity Commission's guidance on public benefit.

The charity's purpose as set out in the objects contained in the company's Articles of Association is to:

- * promote the benefit of the inhabitants of Tyne and Wear and the Neighbourhood (hereinafter called the "area of benefit" by the provision of the facilities in the interests of social welfare for recreation and other leisure time occupation with the object of improving the life for the beneficiaries; and
- * provide improvement and maintenance of the grounds and buildings at Newburn Leisure Centre for the purpose of recreation and other leisure time occupation with the object of improving the conditions of life for the beneficiaries.

Newburn Leisure Centre has developed a wide range of activities to meet these objectives based upon the following facilities available to the public:

- * Indoor sports hall
- * Fitness facilities
- * Sensory room/Interactive Room
- * Indoor climbing wall
- * Outdoor sports field
- * Outdoor 5-a-side courts
- * Water based activities on adjacent River Tyne
- * Outdoor activities in adjacent Newburn Countryside Park

Newburn Leisure Centre became independent from an integrated venture with Newcastle City Council on 1 April 2015. The organisational structure, management and operations are well established and the centre is operating at a similar level prior to the changeover. The aim of the charity is to be self-financing and promote the long term security of the centre.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

ACHIEVEMENT AND PERFORMANCE

Budgets

The income for 2021/22 was supported by HMG Job Retention Scheme, National Leisure Recovery Fund and Business Grants which helped income broadly match expenditure.

The renewal of gymnastics courses, via sports hall hire, rather than individual payments and direct employee numbers/costs, has simplified the staffing and other resources to the economic benefit of the operations.

Limited**

**Report of the Trustees
for the Year Ended 31 March 2022**

ACHIEVEMENT AND PERFORMANCE

Targets

The primary target was to foresee and/or address the continuing implications of Newcastle City Council grant withdrawal and position the Centre finances and operation structure for the immediate, medium and long term future. In this respect permanent changes to opening times and staff working hours have been implemented in 2021/22.

Activities

There is a wide range of activities related to the facilities available. Accurate records of users are kept as part of the review of ongoing operations. The future performance of the group will be influenced by the consolidation of core activities.

Future developments

Initial proposals for a range of future facility developments at the Centre remain in place and the group continues to seek grants for capital development, equipment and revenue activities. In 2021/22 some minor improvements were achieved. Equipment for various activities was also replaced and/or enhanced.

FINANCIAL REVIEW

Financial position

During the year ended 31st March 2022 the net assets of Newburn Riverside Recreational Association decreased by £72,267 (2021: £73,877). Total funds at the year-end were £1,587,194 (2021: £1,659,461).

The trading aspect, that is the activities undertaken at the Centre, remains broadly constant although there are a number of different "one off" events that occur each year. The number and variety of activities is extensive and usage/income fluctuates year on year between the activities. The Centre is run by the charity's trading subsidiary, Newburn Sports Services Limited.

Investment policy and objectives

The trustees consider the most appropriate policy of investing funds at the current time is to retain an increasing level of funds on deposit.

The trustees have assessed the major pre Covid-19 risks to which the charity is exposed and are satisfied that systems are in place to migrate exposure to the major risks.

The trustees believe it is prudent to maintain unrestricted funds at a level, which equates to approximately 6 months unrestricted expenditure being £366,000. At the year end these totalled £1,587,194 (2021: £1,659,461).

**Notes to the Financial Statements
for the Year Ended 31 March 2022**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Donations and legacies

Income from donations and grants that provide core funding or are of a general nature are recognised where there is entitlement, certainty of receipt and the amounts can be measured with sufficient reliability.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Governance costs

Include those costs associated with meeting the constitutional and statutory requirements of the group and include accountancy fees and costs linked to the strategic management of the group.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Long leasehold	- 25-50 years straight line
Plant and machinery	- 20% on reducing balance per annum
Fixtures and fittings	- 15% on reducing balance per annum

Individual assets costing £50 or more are capitalised at cost.

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

Subsequent costs, including replacement parts, are capitalised only when it is probable that such costs will generate future economic benefits. Any replaced parts or remaining carrying amounts are then derecognised. All other costs of repairs and maintenance are charges to the Statement of Financial Activities.

**Report of the Trustees
for the Year Ended 31 March 2021**

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

The charity exists for the benefit of the public through the provision of its services to any member of the public, and the trustees have considered the Charity Commission's guidance on public benefit.

The charity's purpose as set out in the objects contained in the company's Articles of Association is to:

- * promote the benefit of the inhabitants of Tyne and Wear and the Neighbourhood (hereinafter called the "area of benefit" by the provision of the facilities in the interests of social welfare for recreation and other leisure time occupation with the object of improving the life for the beneficiaries; and
- * provide improvement and maintenance of the grounds and buildings at Newburn Leisure Centre for the purpose of recreation and other leisure time occupation with the object of improving the conditions of life for the beneficiaries.

Newburn Leisure Centre has developed a wide range of activities to meet these objectives based upon the following facilities available to the public:

- * Indoor sports hall
- * Fitness facilities
- * Sensory room/Interactive Room
- * Indoor climbing wall
- * Outdoor sports field
- * Outdoor 5-a-side courts
- * Water based activities on adjacent River Tyne
- * Outdoor activities in adjacent Newburn Countryside Park

Newburn Leisure Centre became independent from an integrated venture with Newcastle City Council on 1 April 2015. The organisational structure, management and operations are well established and the centre is operating at a similar level prior to the changeover. The aim of the charity is to be self-financing and promote the long term security of the centre.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

ACHIEVEMENT AND PERFORMANCE

Budgets

The forecasted income and expenditure for 2020/21 did not materialise at the level anticipated due to coronavirus restrictions.

The renewal of gymnastics courses, via sports hall hire, rather than individual payments and direct employee numbers/costs, has simplified the staffing and other resources to the economic benefit of the operations.

ACHIEVEMENT AND PERFORMANCE

Targets

The primary target was to foresee and/or address the continuing implications of Newcastle City Council grant withdrawal and position the Centre finances and operation structure for the immediate, medium and long term future. In this respect permanent changes to opening times and staff working hours have been implemented in 2021/22.

Activities

There is a wide range of activities related to the facilities available. Accurate records of users are kept as part of the review of ongoing operations. The future performance of the group will be influenced by the consolidation of core activities.

Future developments

Initial proposals for a range of future facility developments at the Centre remain in place and the group continues to seek grants for capital development, equipment and revenue activities. In 2020/21 some minor improvements were achieved. Equipment for various activities was also replaced and/or enhanced.

FINANCIAL REVIEW

Financial position

During the year ended 31st March 2021 the net assets of Newburn Riverside Recreational Association decreased by £73,877 (2020: £97,276). Total funds at the year-end were £1,659,461 (2020: £1,733,338).

The trading aspect, that is the activities undertaken at the Centre, remains broadly constant although there are a number of different "one off" events that occur each year. The number and variety of activities is extensive and usage/income fluctuates year on year between the activities. The Centre is run by the charity's trading subsidiary, Newburn Sports Services Limited.

Investment policy and objectives

The trustees consider the most appropriate policy of investing funds at the current time is to retain an increasing level of funds on deposit.

The trustees have assessed the major pre Covid-19 risks to which the charity is exposed and are satisfied that systems are in place to migrate exposure to the major risks.

Reserves policy

The trustees believe it is prudent to maintain unrestricted funds at a level, which equates to approximately 6 months unrestricted expenditure being £366,000. At the year end these totalled £1,659,461 (2020: £1,733,338).

**Notes to the Financial Statements
for the Year Ended 31 March 2021**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Donations and legacies

Income from donations and grants that provide core funding or are of a general nature are recognised where there is entitlement, certainty of receipt and the amounts can be measured with sufficient reliability.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Governance costs

Include those costs associated with meeting the constitutional and statutory requirements of the group and include accountancy fees and costs linked to the strategic management of the group.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Long leasehold	- 25-50 years straight line
Plant and machinery	- 20% on reducing balance per annum
Fixtures and fittings	- 15% on reducing balance per annum

Individual assets costing £50 or more are capitalised at cost.

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

Subsequent costs, including replacement parts, are capitalised only when it is probable that such costs will generate future economic benefits. Any replaced parts or remaining carrying amounts are then derecognised. All other costs of repairs and maintenance are charges to the Statement of Financial Activities.
