All incoming resources are recognised once the Association has entitlement of the resource, it is certain that the resources will be received and the monetary value of incoming resources can be measured with sufficient reliability. Incoming resources from grants, where there are performance or service deliverables required by the terms of the grant are accounted for as the Association earns the right to payment through its performance. Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the Association to the expenditure. All expenditure is accounted for on an accrual basis and has been classified under headings that aggregate all costs related to the category.
