The day to day running of the School is delegated to the Headmaster and the Bursar, supported by members of the Senior Management Team. The Headmaster, the Bursar and the Deputy-Head also attend the Trustees' meetings.

Austin Friars
Company Limited by Guarantee
Trustees' Annual Report (Incorporating the Directors Report)
Year Ended 31 August 2023

Structure, governance and management

Austin Friars is a company limited by guarantee governed by its Memorandum and Articles of Association dated September 2015.

Austin Friars is registered as a charity with the Charity Commission - Charity Number 516289. The Trustees confirm that they have complied with section 17(5) of the 2011 Charities Act in having paid due regard to the Charities Commission guidance on public benefit.

Austin Friars has an established Board of Trustees. The Board of Trustees, as the Trustees of the parent charity and its subsidiary undertakings, are legally responsible for the overall management and control of the School and meet at least three times a year. They determine the strategic direction and the general policy of the School.

Recruitment and training of Trustees

The Trustees recruit individuals to serve on the Board. Individuals whose skill sets would complement and enhance the existing members are invited to join for an initial three year term from the Annual General Meeting.

A copy of the Memorandum and Articles of Association is available for all new Trustees and all Trustees are encouraged to attend training days provided by the Association of Governing Bodies of Independent Schools (AGBIS) and other suitable training organisations.

Group structure and relationships

The Charity has a close relationship with the Austin Friars St Monica's Development Fund which has similar objectives and beliefs. It is also connected to Austin Friars School Trading Limited which manages the School's vehicle fleet.

Remuneration of key management personnel

Remuneration for the Senior Management Team is determined by the Remuneration sub-committee of the Trustees. This sub-committee reviews the terms and conditions on an annual basis. Due consideration is given to national benchmarking reports including periodic surveys by AGBIS to ensure that their total remuneration package is commensurate to similar roles within the sector.

Charitable objectives

The Charitable Company's objective is the advancement of education by the carrying on of a Catholic School in the Carlisle area educating boys and girls in the Augustinian tradition.

Within this, the Charity assumes trusteeship of two unendowed trust funds held for special purposes which are the Pat Bailes Memorial Fund and the Graham Prizes for advanced mathematical study and advanced study in Computer Science.

Aims and intended impact

Austin Friars is an inclusive community inspired by the Gospel and the works of St Augustine. It seeks to enable its pupils, staff and friends to develop in a spirit of generosity, enquiry and justice.

As the only independent day School for girls and boys aged 3 - 18 in the north of Cumbria and South West Scotland, Austin Friars is continuing to develop its strong reputation for meeting the individual needs of all its pupils.

Austin Friars
Company Limited by Guarantee
Trustees' Annual Report (Incorporating the Directors Report)
Year Ended 31 August 2023

The School aims to maintain its established tradition for outstanding academic achievement, sporting excellence and a high standard of pastoral care. The cultural life of the School is strong. Art, music and drama feature both in the curriculum and the wide-ranging extra-curricular programme. The Duke of Edinburgh award scheme is well supported by both pupils and staff.

Objectives for the year

- (1) Austin Friars exists to provide excellent education inspired by our Augustinian values.
- (2) To be the first choice for any parents considering independent day education for 3-18 year olds in Cumbria and South West Scotland.
- (3) To marry excellent educational achievement with a continual emphasis on the personal development of every pupil.
- (4) Work towards meeting the targets arising from the ISI inspection (November 2022).
 - Share best practice in teaching, encouraging more independent research, analysis and synthesis of ideas, challenging especially those in the middle of years of school.
 - Strengthen pupils' progress by consistently providing a greater level of challenge.
- (5) To admit pupils who are likely to benefit from the all-round education it provides supported by parents who welcome and are in sympathy with the school's ethos, aims and policies
- (6) To ensure that the teacher-pupil engagement is of the highest quality, that the features of effective teaching are evident in all lessons and that pupils are offered consistent academic challenge.
- (7) To strengthen the profile of the school in the locality by effective marketing and so ensure and increase the numbers on roll.
- (8) To have governance of the highest quality that is consistent with the Augustinian values of the school and ensures that the school's finances are actively managed to meet its short-term requirements as well as ensuring its long-term viability.
- (9) To ensure that all statutory and regulatory requirements are met and that the school's Trustees and Senior Leaders maintain active oversight of these matters.
- (10) To develop and enhance its resources and facilities to ensure an environment that is capable of meeting the school's educational ambitions.
- (11) To promote and foster an active alumni community dedicated to supporting the continued development of the school through its fundraising and promotional events.

The practical strategies adopted to support this year's objectives have included the continuation of the refurbishment programme, which this year included works on the grounds and repairs to the fabric of buildings and supporting the Development Fund fundraising for the potential refurbishment of the Art Department and construction of a new Sports Hall.

Austin Friars
Company Limited by Guarantee
Trustees' Annual Report (Incorporating the Directors Report)
Year Ended 31 August 2023

Principle activities for the year

The parent charity and its subsidiary undertakings provides education for boys and girls from the ages of 3 -18. This year the senior School had a pupil role roll of 247 and The Junior School ended the year with a pupil role of 112.

In order to support the School's outstanding academic record, the School will strive to invest in a capital expenditure programme during the coming years.

Grant making policy

This year the School awarded Scholarships, Bursaries and other grants in the sum of £315,085 (2022: £403,101) out of unrestricted funds.

The Trustees' policy, in line with that of other independent Schools, is to widen access to Austin Friars by making awards on the basis of the individual's educational potential as well as parental circumstances. This is facilitated by an active bursary scheme.

Volunteers

The parents and friends of the School (PTA) have helped with School fundraising and cultural activities which has often involved many hours of voluntary service during the year. The Trustees greatly appreciate these efforts.

The PTA continued to play an important role in the life of the School during 2022/2023, and have supported numerous events and the funds raised have provided valuable support for both academic departments and the wider curricular life of the School. 2023 saw the return of the PTA Ball, junior school disco and support to numerous pupil activities.

Public benefit

Austin Friars remains committed to the aim of providing public benefit in accordance with its founding principles.

The awarding of bursaries to assist with bringing students into the School who would ordinarily not be in a position to join the School is a measurable means of providing public benefit. These pupils who attended the School and who receive financial support contribute to the School community in a variety of ways, and so the benefit is not purely to these pupils but to the whole School and in some cases the wider community. This year the School awarded various bursaries and scholarships in the sum of £726,490 (2022: £815,795) (inclusive of staff discounts). This included a high proportion of means tested awards and in total represented 14.25 % of the Schools gross fee income.

The School brings £4M annually into the local economy through the use of local companies and the salaries of with approximately 100 staff employed at the School. The School also alleviates pressures on local state education resources with the education of approximately 360 pupils out with the state sector. Using government figures of £7,690pa to educate a child, this equates to saving the state £2.7M pa.

Austin Friars
Company Limited by Guarantee
Trustees' Annual Report (Incorporating the Directors Report)
(continued)
Year Ended 31 August 2023

In addition to bursaries, the School has engaged in many other activities that provide benefit to the public within the School's objectives. Indoor and outdoor facilities are made available to a number of clubs and groups within the local community. Recent examples include:

- Use of the School gym by junior football clubs
- Use of the Chapel and music rooms by local choirs
- Support of local charities with regular fundraising in the Junior and Senior Schools
- Use of the cricket pitches and cricket nets by local clubs
- Use of the facilities by a local Cub Scout pack
- Use of the School facilities for raising monies for various charities
- Use of the School gym and Astroturf by the city's adult and junior hockey clubs
- Use of the School lodge/bungalow for local and national election purposes
- School choir visiting a number of local nursing homes to perform
- Use of School facilities for a local chess club and workshops.
- Specialist teaching days for local primary School students e.g. music day
- Use of the junior school to host Music and Drama Festival masterclasses

Annually through the School's charity committee and individual charitable events held throughout the year the whole School raises money, which is donated to local, national and international charities. The school has strong links with a number of local maintained primary Schools and a local special needs School. Recent examples of charitable giving, other than cash include:

- Musical Performances in Carlisle Cathedral, St Cuthberts' Church and at a number of local nursing homes
- Provision of facilities for Carlisle Chess club
- Harvest festival gifts to the local community
- Christmas gifts for local nursing homes
- Junior School TAG rugby competition
- Senior School rugby 7s and hockey competitions

Strategic Report

Achievements and performance

The after effects of the pandemic which saw a reduction in new pupils, coupled with the cost of living crisis, has resulted in a slight reduction in pupil numbers. Nevertheless, there remains a steady interest in the School. The year ended with 112 pupils in the Junior School and 247 in the Senior School for a total role of 359. Numbers remain vibrant in the pre-School since the move into the Junior School.

Austin Friars
Company Limited by Guarantee
Trustees' Annual Report (Incorporating the Directors Report)
(continued)
Year Ended 31 August 2023

Principal risks and uncertainties

The Board of Trustees is responsible for the management of the risks faced by the School. The principal risks to which the School is exposed are analysed under the following headings:

Compliance (including Child Protection and Safeguarding as well as Legal and Regulatory)
Finance *(which includes Credit Risk which is mitigated by the credit control procedures enforced by the bursar and Liquidity Risk which is mitigated by constant monitoring of cash flow forecasts)*
Strategic *(which includes the risk of lower pupil numbers)*
Premises (including (Health and Safety)
Cyber
Public Profile
Political *(which includes the possibility of a new Labour Government imposing VAT on School fees or removing Business Rates Relief)*
HR

Looking ahead, a number of threats are being discussed within political circles such as the loss of charitable status for independent schools; loss of business rates relief; and VAT or a levy on school fees. Such threats, sitting alongside the ongoing cost of living crisis and increased energy costs, have the potential to create a degree of financial uncertainty in the years ahead. The Board will continue to monitor and where possible manage these risks, building as much resilience into the School as possible.

The Trustees have reviewed the adequacy of the Charity's current internal controls and consider them adequate for the full operation of the trading operation of the entity.

Objective vs performance / Key performance indicators

The School is not narrowly selective and is justifiably proud of its very successful academic record and the achievement of its pupils in securing good university places.

The School underwent its Independent School's Inspectorate (ISI) Focused Compliance Inspection in November 2022 and the School was assessed as meeting all the standards with the Educational Quality assessed as 'Good'. The School will seek to address the minor observations made by the Inspection Team.

The Trustees have been provided evidence of individual pupil performances, departmental reviews of these performances, overall standardised residuals (i.e. value added data) and an overview of the examination results separately.

A Level results were closely in line with this year's National Averages, with 9% of all grades at A*, and an overall pass rate of 95%. 67% of students secured a place at their first choice of university with 100% getting their first or second choice. 44% of GCSE pupils achieved grades 9-7, compared to the national average of 18%. The average Attainment 8 score was 59% cf. 46% nationally.

Austin Friars
Company Limited by Guarantee
Trustees' Annual Report (Incorporating the Directors Report)
(continued)
Year Ended 31 August 2023

The School continues to consistently be one of the top Cumbrian co-educational providers. The strong academic performance is a key element in the continuing interest in places at the School.

The Trustees continue to keep the School's activities under review, particularly with regard to any major risks. The Trustees monitor the risks to the School by a system of internal controls and other viable means.

The key controls used by the parent charity and its subsidiary undertakings include:

- Formal agendas for all Committees and Board activity;
- Agility to convene extraordinary meetings (via Zoom/Teams) rather than await scheduled meetings
- Detailed terms of reference for all Committees and Sub-Committees;
- Comprehensive strategic planning, budgeting and management accounting;
- Established organisational structure and lines of reporting;
- Formal written policies;
- Clear authorisation and approval levels; and
- Vetting procedures as required by law

The controls are periodically reviewed to ensure that they continue to meet the needs of the Charity and its' subsidiary.

Going concern

After making appropriate enquiries, the Board of Trustees has a reasonable expectation that the charitable group has adequate resources to continue in operational existence for the foreseeable future. For this reason, it continues to adopt the going concern basis in preparing the financial statements.

Financial review

Total group income for the Year was £4,829,643 (2022: £4,600,919), with the main funding source being tuition fees. The charitable group incurred Expenditure of £4,912,473 (2022: £4,695,818), with the main cost of providing education being staff costs. Finally, the charity made a loss on investments of £123 which has resulted in a deficit for the year of £82,953 (2022: a deficit of £101,765).

Great care continues to be exercised in the financial management of the School. Bank borrowing is being reduced and a new loan arrangement is being negotiated with our bankers. However increases in the Bank of England Base Rate have affected the cost of the school's borrowings during the year.

Reserves policy

The long term objective of the Trustees is to achieve a position of financial security.

It is the intention of the Trustees to return "free reserves" to a surplus position, after which they intend to reinvest operational surpluses generated into School improvements, and the level of reserves will continue to be monitored.

Austin Friars
Company Limited by Guarantee
Trustees' Annual Report (Incorporating the Directors Report)
(continued)
Year Ended 31 August 2023

Total funds of the Group have increased from £6,030,353 to £6,304,264 in the year. Within total funds is £37,676 of restricted funds and the remaining £6,266,588 of unrestricted funds can only be realised by disposing of tangible fixed assets and settling the associated loans. This leaves no free reserves.

Investment policy

The Trustees hold monies in investments which have been set aside for various contingencies. In addition, the Trustees also have some restricted funds in investments in order to obtain reasonable returns on monies held. The investments have performed in line with the Trustee's objectives.

Plans for future periods

A comprehensive annual Development Plan is produced by the Schools' Senior Management Team (SMT) after consultation with the staff and the plan is then ratified by the Trustees.

The coming 12 months are set out in objective for the year and will see the School continuing to ensure that the resources and facilities are further enhanced to promote the educational objectives of the School.

Responsibilities of the Trustees

The Trustees (who are also the directors of Austin Friars for the purposes of company law) are responsible for preparing the Trustees Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable group and the profit or loss of the charitable group for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. The Trustees are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Austin Friars
Company Limited by Guarantee
Trustees' Annual Report (Incorporating the Directors Report)
(continued)
Year Ended 31 August 2023

In so far as the Trustees are aware:

- There is no relevant audit information of which the charitable company's auditor is unaware; and
- the Trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Auditor

A resolution to re-appoint Saint & Co as auditors for the ensuing year will be proposed at the annual general meeting in accordance with section 487(2) of the Companies Act 2006.

Chairman

24th May, 2024

Austin Friars
Company Limited by Guarantee
Independent Auditor's Report to the Members of
Austin Friars
Year Ended 31 August 2023

Opinion

We have audited the financial statements of Austin Friars (the parent charity) and its subsidiary (the group) for the year ended 31 August 2023 which comprise the consolidated statement of financial activities (including income and expenditure account), consolidated statement of financial position, company statement of financial position and consolidated statement of cash flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the groups and the parent charitable company's affairs as at 31 August 2023 and of the group's incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable group and parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the group financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable group's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Austin Friars
Company Limited by Guarantee
Independent Auditor's Report to the Members of
Austin Friars *(continued)*
Year Ended 31 August 2023

Other information

The other information comprises the information included in the annual report, other than the group financial statements and our auditor's report thereon. The Trustees are responsible for the other information. Our opinion on the group financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the group financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the group financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the group financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Trustees report (incorporating the directors' and strategic reports) for the financial year for which the group financial statements are prepared is consistent with the group financial statements; and
- the Trustees report (incorporating the directors' and strategic reports) has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In light of the knowledge and understanding of the group and the parent company and their environment obtained in the course of the audit, we have not identified material misstatements in the Trustees report (incorporating the directors' and strategic reports).

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and the returns; or
- certain disclosures of directors remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Trustees

As explained more fully in the Trustees' responsibilities statement, the Trustees (who are also the directors for the purposes of company law) are responsible for the preparation of the group financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Austin Friars
Company Limited by Guarantee
Independent Auditor's Report to the Members of
Austin Friars (continued)
Year Ended 31 August 2023

In preparing the group financial statements, the Trustees are responsible for assessing the charitable group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the charitable group or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the group financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these group financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

The extent to which the audit was considered capable of detecting irregularities including fraud

Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

- the engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- we identified the laws and regulations applicable to the group through discussions with directors and other management;
- we focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the group;
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and inspecting legal correspondence; and
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.

We assessed the susceptibility of the group's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- making enquiries of management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud;
- To address the risk of fraud through management bias and override of controls, we:
 - performed analytical procedures to identify any unusual or unexpected relationships;
 - tested journal entries to identify unusual transactions;
 - assessed whether judgements and assumptions made in determining the accounting estimates set out in the accounting policies were indicative of potential bias; and

Austin Friars
Company Limited by Guarantee
Independent Auditor's Report to the Members of
Austin Friars *(continued)*
Year Ended 31 August 2023

- investigated the rationale behind significant or unusual transactions.

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- agreeing financial statement disclosures to underlying supporting documentation;
- reading the minutes of meetings of those charged with governance;
- enquiring of management as to actual and potential litigation and claims; and
- reviewing correspondence with HMRC, relevant regulators including the Charities Commission and the group's legal advisors.

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the directors and other management and the inspection of regulatory and legal correspondence, if any.

Material misstatements that arise due to fraud can be harder to detect than those that arise from error as they may involve deliberate concealment or collusion.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of Our Report

This report is made solely to the charity's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charity's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable group and the charity's members as a body, for our audit work, for this report, or for the opinions we have formed.

The Group Statement of Financial Activities includes all gains and losses in the year.
All income and expenditure derive from continuing activities.

The parent charity and its subsidiary undertaking has taken advantage of section 408 of the Companies Act 2006 not to publish its own Profit and Loss Account.

The notes on pages 20 to 42 form part of these financial statements.

Austin Friars
Company Limited by Guarantee
Notes to the Financial Statements *(continued)*
Year Ended 31 August 2023

1. General information

The parent company is a public benefit entity and a private company limited by guarantee, registered in England and Wales and a registered charity in England and Wales. The address of the registered office is Etterby Scaur, Carlisle, Cumbria, CA3 9PB.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Companies Act 2006 and the Charities Act 2011.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going Concern

There are no material uncertainties about the charities ability to continue.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the charitable company and all group undertakings. As a consolidated statement of financial activities is published, a separate statement of financial activities for the parent company is omitted from the group financial statements by virtue of section 408 of the Companies Act 2006.

Disclosure exemptions

The parent charitable company satisfies the criteria of being a qualifying entity as defined in FRS102. As such, advantage has been taken of the following disclosure exemptions available under paragraph 1.12 of FRS102:

- (a) No cash flow statement has been presented for the company.
- (b) Disclosures in respect of financial instruments have not been presented.

Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the school; it is probable that the economic benefits associated with the transaction will flow to the school and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

Austin Friars
Company Limited by Guarantee
Notes to the Financial Statements *(continued)*
Year Ended 31 August 2023

3. Accounting policies *(continued)*

- income from school fees represents fees earned in respect of tuition given during the year, less any discounts or bursaries applied, as shown in note 5. Fees received in respect of tuition to be given after the year end are included in creditors as fees in advance.
- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities.
- expenditure on charitable activities includes all costs incurred by a school in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the school apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the school nor part of its expenditure on charitable activities.
- Termination benefits are recognised as a liability and expense only when the company is demonstrably committed either to terminate the employment of an employee or group of employees before the normal retirement date or to provide termination benefits as a result of an offer made in order to encourage voluntary redundancy.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

VAT

The parent charity is not VAT registered, however the subsidiary undertaking is VAT registered therefore items may be stated VAT inclusive or exclusive where applicable.

Investments

Unlisted equity investments are initially recorded at cost, and subsequently measured at fair value. If fair value cannot be reliably measured, assets are measured at cost less impairment. Listed investments are measured at fair value with changes in fair value being recognised in income or expenditure.

Austin Friars
Company Limited by Guarantee
Notes to the Financial Statements *(continued)*
Year Ended 31 August 2023

3. Accounting policies *(continued)*

Tangible assets

Tangible assets are initially recorded at cost, except for land and buildings which are valued at market value, and subsequently stated at cost less any accumulated depreciation and impairment losses. Assets below £1,000 are not capitalised. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other recognised gains and losses, unless it reverses a charge for impairment that has previously been recognised as expenditure within the statement of financial activities. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other recognised gains and losses, except to which it offsets any previous revaluation gain, in which case the loss is shown within other recognised gains and losses on the statement of financial activities.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Freehold property	- land nil, buildings 2% straight line, finance costs 20% straight line
Computer equipment	- 33% reducing balance
Furniture, fittings and equipment	- 5-20% reducing balance, - 20% straight line - 10% straight line
Nursery	- 25% reducing balance
Plant and machinery	- 20% reducing balance
Astroturf Pitch	- Structure 2% straight line - carpeting 6.66% straight line
Motor Vehicles	- 20% reducing balance

An impairment review is carried out by the Trustees on an annual basis.

Borrowing costs

Finance costs directly attributable to the construction of an asset have been capitalised as part of the cost of the asset. Depreciation at 20% straight line has been charged on this.

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

Austin Friars
Company Limited by Guarantee
Notes to the Financial Statements *(continued)*
Year Ended 31 August 2023

3. Accounting policies *(continued)*

Government grants

Government grants are recognised at the fair value of the assets received or receivable. Grants are not recognised until there is reasonable assurance that the charity will comply with the conditions attaching to them and the grants will be received.

Where the grant does not impose specified future performance-related conditions on the recipient, it is recognised in income when the grant proceeds are received or receivable. Where the grant does impose specified future performance-related conditions on the recipient, it is recognised in income only when the performance-related conditions have been met. Where grants received are prior to satisfying the revenue recognition criteria, they are recognised as a liability.

Finance leases and hire purchase contracts

Assets held under finance leases and hire purchase contracts are recognised in the statement of financial position as assets and liabilities at the lower of the fair value of the assets and the present value of the minimum lease payments, which is determined at the inception of the lease term. Any initial direct costs of the lease are added to the amount recognised as an asset.

Lease payments are apportioned between the finance charges and reduction of the outstanding lease liability using the effective interest method. Finance charges are allocated to each period so as to produce a constant rate of interest on the remaining balance of the liability.

Operating lease agreements

Lease payments are recognised as an expense over the lease term on a straight-line basis. The aggregate benefit of lease incentives is recognised as a reduction to expense over the lease term, on a straight-line basis.

Financial Instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Austin Friars
Company Limited by Guarantee
Notes to the Financial Statements *(continued)*
Year ended 31 August 2023

3. Accounting policies *(continued)*

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

Pension Schemes

Retirement benefits for the School's teaching staff are provided by the Teachers' Pensions Scheme (TPS). The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the School in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quadrennial valuations using a prospective unit credit method. TPS is an unfunded multi-employer scheme with no underlying assets to assign between employers. Consequently, the TPS is treated as a defined contribution scheme for accounting purposes and the contributions recognised in the period to which they relate.

Other non-teaching staff are covered by a defined contribution scheme. Contributions to the defined contribution scheme are recognised as an expense in the period in which the related service is provided.

Fund accounting

The School has various types of funds for which it is responsible and which require separate disclosure. These are as follows:

Unrestricted funds; are expendable at the discretion of the Trustees in furtherance of the objects of the school. In addition to expenditure on tuition, such funds may be held in order to finance capital investment and working capital.

Restricted funds; donations and or legacies received which are earmarked by the donor for specific purposes. Such purposes are within the overall aims of the School.

Endowed funds; funds given to the School where the income may be used for general purposes, but the capital must be retained.

Designated funds; The School may at its discretion set aside funds for specific purposes, which would otherwise form part of the general reserves of the School.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Austin Friars
Company Limited by Guarantee
Notes to the Financial Statements (continued)
Year ended 31 August 2023

3. Accounting policies (continued)

Significant judgements

The judgements (apart from those involving estimations) that management has made in the process of applying the entity's accounting policies and that have the most significant effect on the amounts recognised in the financial statements are as follows:

1. The Trustees are accounting for the teacher's pension scheme as a multi-employer defined contribution scheme as the school is unable to identify its share of the underlying assets and liabilities of the scheme.

Key sources of estimation uncertainty

Accounting estimates and assumptions are made concerning the future and, by their nature, will rarely equal the related actual outcome. The key assumptions and other sources of estimation uncertainty that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are as follows:

1. The Trustees have estimated the Depreciated Replacement Cost of the property, see note 20 for further details. The carrying value of property at the 31 August 2023 was £7,143,000.
2. The Trustees have calculated an estimate of debts which may be irrecoverable in the future, this figure has been calculated based on previous recovery rates and detailed discussions about the status of larger debts. The carrying value of the bad debt provision at 31 August 2023 was £93,649.
3. The Trustees have estimated the average useful economic life of each class of fixed asset when setting applicable depreciation policies. These were based on the Trustees' knowledge and previous experience, they do not believe there have been any material changes to the average useful economic lives of the assets.

4. Donations and legacies

	Unrestricted Funds £	Restricted Funds £	Total Funds 2023 £	Total Funds 2022 £

Notes to the Financial Statements *(continued)*
Year ended 31 August 2023

15. Net income

This is stated after charging/(crediting):	2023	2022
	£	£
Depreciation	220,490	229,590
(Gains)/Loss on disposal of fixed assets	(9,438)	-
Bad debts written off in the year	1,410	-
Provision for doubtful debts	-	-
Operating Leases	14,380	5,956
Interest on bank loans and overdrafts	96,022	50,913
Interest on hire purchase agreements	-	1,357
	<u><u> </u></u>	<u><u> </u></u>

16. Auditors remuneration

	2023	2022
	£	£
Fees payable for the audit of the financial statements	<u>6,925</u>	<u>6,596</u>
Fees payable to the charity's auditor and its associates for other services:		
Other non-audit services	<u>3,630</u>	<u>4,432</u>

17. Reserve transfers

A transfer for £35,132 has been made between the revaluation reserve and the general reserve, this is equivalent to the additional depreciation charged as a result of the upwards revaluation of the property.

18. Staff costs

Total staff costs and employee benefits were as follows:	2023	2022
	£	£
Wages and salaries	2,520,846	2,525,206
Social security costs	232,626	236,122
Pension Costs	459,588	463,075
	<u><u>3,213,060</u></u>	<u><u>3,224,403</u></u>

Included within the wages and salaries are termination payments totalling £29,744 to two members of staff, these were paid in the reporting period and were in relation to notice periods (2022: £nil).

The total contributions paid into the Teachers' Pension Scheme amounted to £401,469 (2022: £424,935), the creditor at the year end was £40,213 (2022: £47,024). The total contributions paid into other defined contribution schemes amounted to £58,120 (2022: £40,743), the creditor for other pensions was £5,090 (2022 £5,374).

Year ended 31 August 2023

18. Staff costs *(continued)*

Particulars of employees:

The average number of employees during the year is analysed as follows:

	2023	2022
	No	No
Teaching staff	48	48
Technician staff	14	14
Administrative staff	11	12
Maintenance staff	4	4
Junior School staff	8	8
Domestic staff	8	8
	93	94

The number of employees whose remuneration for the year fell within the following bands, were:

	2023	2022
		No
£90,000 - £99,999	1	1

All other employees earned less than £60,000 in the year.

	2023	2022
		No
Accrued benefits under defined benefit pension schemes	1	1

Key Management Personnel

Key management personnel include all persons that have authority and responsibility for planning, directing and controlling the activities of the charity. The total compensation (including Employer's national insurance contributions and Employer's pension contributions) paid to key management personnel for services provided to the charity was £639,774 (2022: £624,431).

19. Trustee remuneration and expenses

During the current period and previous period the Trustees received no remuneration.

Austin Friars School have combined indemnity insurance against loss in the parent charity and its subsidiary undertakings from neglect or default of its Trustees, employees or agents. It also has insurance cover to indemnify the Trustees or officers against the consequences of neglect or default on their part. The cost of the insurance cover was £411 (2022: £411). The total cover provided was £2 million (2022: £2 million).

During the current and prior period no Trustees received reimbursement of travel expenses.

At 31 August 2022	6,925,597	641,637	51,904	136,691	7,755,829

A valuation was performed and adopted by the Trustees at 31 August 2023, using the Depreciated Replacement Cost methodology, based on the reinstatement values provided by Barrett Corp Harrington provided at 31 August 2022. The buildings were valued using depreciated replacement cost at £4,934,000. The property was gifted to the Charity by the Augustinian Order in 2003. The carrying amount that would be recognised had buildings remained under the cost model would be £3,744,764 (Cost: £5,659,086 and Accumulated Depreciation: £1,914,322) (2022: Carrying value £3,846,877, Cost: £5,648,017 and Accumulated Depreciation: £1,801,140).

Freehold land and Buildings include land approximately valued at £2,209,000 which has not been depreciated.

Included within Freehold property is £56,700 of finance costs relating directly to the construction of an asset. As at the year end and the previous year end this asset was fully depreciated.

Amount deferred in the year	587,671	541,711
Balance as at 31 August 2023	661,436	616,211

Deferred income comprises tuition fees paid in advance and entrance deposits held.

27. Retirement Benefit Schemes

Defined contribution schemes

The charity operates 3 pension schemes, the Teacher's Pension Scheme and two defined contribution schemes: Aviva Pension Trust for Independent Schools (for Teachers) and a Standard Life defined contribution pension scheme for all other qualifying employees. The assets of the scheme are held separately from those of the charity in an independently administered fund.

The charge to profit or loss in respect of defined contribution schemes was £459,588 (2022 - £463,075). The School participates in the Teachers' Pension Scheme ("the TPS") for its teaching staff. The pension charge for the year includes contributions payable to the TPS of £401,469 (2022: £424,935) and at the year-end £40,213 (2022 - £47,024) was accrued in respect of contributions to this scheme.

The TPS is an unfunded multi-employer defined benefits pension scheme governed by The Teachers' Pensions Regulations 2010 (as amended) and The Teachers' Pension Scheme Regulations 2014 (as amended). Members contribute on a "pay as you go" basis with contributions from members and the employer being credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

The employer contribution rate is set by the Secretary of State following scheme valuations undertaken by the Government Actuary's Department. The most recent actuarial valuation of the TPS was prepared as at 31 March 2020 and the Valuation Report, which was published in October 2023.

Following the McCloud judgement, the remedy proposed that when benefits become payable, eligible members can select to receive them from either the reformed or legacy schemes for the period 1 April 2015 to 31 March 2022. The actuaries have assumed that members are likely to choose the option that provides them with the greater benefits, and in preparing the 2020 valuation have valued the 'greater value' benefits for groups of relevant members.

The valuation confirmed that the employer contribution rate for the TPS would increase from 23.6% to 28.6% from 1 April 2024. Employers are also required to pay a scheme administration levy of 0.08% giving a total employer contribution rate of 28.68%.
