Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	2023-2024 was financially challenging with our two main out goings i.e. energy and insurance all increasing in price. But with only a small deficit between our income and expenditure on the whole it has been a reasonable result financially. As regards benefiting our community, we have had a very successful year, youth club on a Monday and Wednesday has been attracting an average of 70 young people per night. Our football teams have 160 young people playing football every weekend, we have a successful dance and martial arts class at the moment as well. The community hall also is holding its own with parties, slimming classes, keep fit and a play group.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

2020/ 2021 was the most challenging years for everyone due to covid.

During this time, we were closed for long periods, when we started back again many community members were cautious to return and unfortunately some groups have not returned!

The very fact we have reopened and have attracted some new groups is a major achievement in itself!

But I would say the major achievements over 2020 to 2022 has been the Welsh repair grant we received, the reopening of the youth club itself facilitated by the Rhondda council yep's service which generates our main source of income from an individual group. And I must say our football section is facilitating well over 100 young people which we are very pleased with!

Section E

Financial review

Brief statement of the charity's policy on reserves

As our building is a large old Welsh chapel in the event of major emergency works, we reserve 16,000 in our account for such events. As a matter of policy we try and keep our outgoings and income at roughly the same amount, and where possible not to let our account go below that figure.
