### OBJECTIVES

The aim of the Sea Cadets is to help young people towards responsible adulthood, by encouraging valuable personal attributes and high standards of conduct, using a nautical theme based on the customs of the Royal Navy.

### RESERVES POLICY

The trustees' policy is to ensure that sufficient funding is available to enable the charity to achieve its objectives. When planning activities for the year, the trustees also take due consideration of the charity commissioner's guidance on public benefit.

The Charity is dependent on fund raising efforts by the Parents and Friends Association and charitable donations.

### BASIS OF ACCOUNTING

The financial statements have been prepared under the receipts and payments basis.

### DEPRECIATION POLICY

Motor vehicles	5 years straight line
Expenditure on freehold	50 years straight line
Sailing equipment	5 years straight line
Other equipment	5 years straight line
Office equipment	3 years straight line

### FINANCIAL REVIEW

The unit reopened towards the close of the year to 31 March 2022, and continued to run activities online until the unit was allowed to re-open.

Costs of running the building have of course continued during the year and the trustees are grateful for the continued support of donors, and Cadets whose subscriptions have generously continued throughout the crisis. Together with existing funds, this left the unit with sufficient funding and resources to enable a full programme of activities to be re-commenced when the unit re-opened.

The trustees consider that current reserves are sufficient to enable the Unit to continue its activities in the future. As at 31 March 2022, cash reserves amounted to £40,267.

### ACHIEVEMENTS DURING THE YEAR

This last 12 months have shown continuous commitment from all volunteers in providing training, support and guidance as COVID-19 was still prevalent at the end of 2021 and into early 2022.

As an organisation that relies solely on our volunteers, we have achieved greatness in the most difficult times. COVID restrictions did prevent us from participating in many of our usual engagements in the last quarter of 2021, but thanks to our supporters we entered the first quarter of 2022 in a strong position as restriction eased.

The unit management team (UMT) remained strong and committed to supporting the uniformed instructors in providing high levels of training to our cadets. The team worked together to try and secure funds and grants whilst restrictions and additional paperwork was required for every event.

Whilst at times it was difficult to provide usual levels of service to our cadets, with self-isolations and social distancing, both cadets and volunteers adapted extremely well. Additional, heightened cleaning each night meant many late nights for volunteers, for which I'm sure our cadets were grateful, as it meant we were operational every parade night. On many occasions team-work shown by volunteers was outstanding, and is something we should all be proud of.

Throughout the summer, our cadets were able to use Wakefield Sea Cadets on many occasions 'day-running'. I must give thanks to our parents for enabling this as without you, it would have been impossible whilst restrictions were still in place. Cadets were able to achieve many qualifications and gain their boating hours.

Our usual community engagement was very limited during the summer but where possible we took the opportunity to strengthen our community links through bucket collections and engaged with the public to spread the word about who we are, and what we do. This has proved fruitful in increasing the number of cadets and adult instructors who have since joined us.

As a unit, we were able to support the Royal British Legion again this year for the poppy appeal. This is something the unit is proud to support and our link with their team remains strong. We participated in the Remembrance Parade in November and this marked a moment of pride for our unit. Many of our cadets had never taken part in a parade, and due to the COVID restrictions, practice for parading was very limited.

At the end of 2021, we received a small amount of funding from one of our supporters, Craigs Charity. We used this to provide a day trip for the cadets to Eden Camp. 22 of our cadets participated in the day and it was enjoyed by both volunteers and cadets.

As we look to the year ahead, the UMT has clear objectives and plans for how we will achieve this.

TRUSTEES REPORT

---

As Chair, I would like to take the opportunity to give thanks, praise and appreciation to our Commanding Officer, CPO Noel Waterhouse, for his endless support of both cadets and volunteers. He works tirelessly to ensure the smooth running of the ship each night, overcomes challenges presented and keeps the interest of the cadets as top priority. As our CO, he has worked tirelessly around his full-time job to ensure additional risk assessments are completed, links with other units in the district remain, and the unit is ready each night for our cadets to parade.

All volunteers have given their time generously and asking people to commit to volunteering can be, at times, difficult. I wish to thank every volunteer for remaining committed to the unit and giving our cadets the opportunities offered within Sea Cadets. We are always open to anyone who wishes to become a volunteer. If you know of any family members or friends who wish to join our team I would ask you to invite them to speak to a member of staff who will be able to guide them through the process.

#### COMMANDING OFFICERS ANNUAL REPORT

The previous 12 months have been tumultuous, the lockdown has made it increasingly difficult to deliver the Sea Cadet Experience.

Many cadets however have joined zoom meetings and on-line training which has led to the gaining of qualifications.

The Unit did lose almost a dozen cadets during the difficult times; however, since re-opening on the 16 April 2021 there have been very few nights when we have not received expressions of interest or taken on a new joiner.

As a result, the Unit now has an almost new set of cadets which has raised motivation and cadets are openly promoting the Unit to their friends.

The changes mean the Unit now has many new entries and juniors. The Unit currently has 43 cadets who attend regularly, the number of staff has increased, and the Unit has agreed the formation of a Parents and Supporters association to focus on public events such as fayres and galas.

The significant re-decoration has made the Unit feel more welcoming and conducive to a positive learning environment.

All in all, despite a really difficult year, the Unit feels refreshed, very positive, and well placed to move forward.

Approved on                      November 2022 on behalf of the board of Trustees by:

Unit Chairman

## INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF BRADFORD SEA CADETS (INCORPORATING PARENTS AND FRIENDS ASSOCIATION)

I report on the accounts of the charity for the year ended 31 March 2022, which are set out on pages 6 to 9.

### *Respective responsibilities of trustees and examiner*

The trustees are responsible for the preparation of the accounts. The trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- to follow the procedures laid down in the general Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- to state whether particular matters have come to my attention.

### *Basis of independent examiner's report*

My examination was carried out in accordance with the general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

### *Independent examiner's statement*

In connection with my examination, no matter has come to my attention:

(1) which gives me reasonable cause to believe that in any material respect the requirements:

- to keep accounting records in accordance with section 130 of the 2011 Act; and
- to prepare accounts which accord with the accounting records, comply with the accounting requirements of the 2011 Act

have not been met; or

(2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

FINANCIAL REVIEW

The onset of Covid in March 2020 meant that the unit was forced to unexpectedly suspend its activities.

The closure of the building during covid has however allowed trustees and supporters an opportunity to renovate the building and develop new strategies to move the unit forward.

Costs of running the building have of course continued during the year and the trustees are grateful for the continued support of donors, and Cadets whose subscriptions have generously continued throughout the crisis. Together with existing funds, this left the unit well placed to re-open when the pandemic ended.

The trustees consider that current reserves are sufficient to enable the Unit to continue its activities in the future. As at 31 March 2021, cash reserves amounted to £37,264.

TRUSTEES REPORT

ACHIEVEMENTS DURING THE YEAR

We started the year with COVID restrictions still in place, and we continued to make improvements within the building, and completed redecoration to all areas.

All volunteers worked hard to ensure the building was COVID safe so we could return to face-to-face parading as soon as possible. Hand sanitizers, social distancing stickers and upgrades to all areas of hand hygiene were upgraded. This was a joint venture with all our volunteers and a special thank you must be given to everyone involved.

Uniformed staff continued to provide weekly virtual sessions via Zoom, and many cadets continued to gain qualifications where possible. All cadets who took part in this should be extremely proud of what they were able to achieve in such challenging circumstances.

We were able to gain LIME status at the start of summer which enabled us to provide face to face parading, and although this was a learning curve of a new way of working, both staff and cadets embraced the change enjoy face to face activities.

The UMT have worked extremely hard to ensure that cadets have all they need for this year during the restriction and going into the year ahead.

At the start of 2021, we secured a grant to purchase new IT equipment for all staff and cadets which will enhance the learning experience at the unit and enable instructors to be innovative when planning their lessons.

We were lucky enough to be able to purchase a second minibus thanks to grants received throughout the year, which will allow more cadets to be transported to their courses.

Bradford also received a grant which purchased new first aid equipment, this will allow more cadets to take part in their practical first aid sessions at any given time.

Our thanks go to our sponsors, who have continued to donate over the past few years; without these supporters, we may not be able to continue to update our equipment.

As our unit continues to grow in both cadet numbers and general supporters, we aim for another successful year ahead. We look to secure more relationships with our local community and beyond to continue to give our cadets the best Sea Cadet experience possible.
