Trustees' Annual Report (continued)

Charity's Activities and Achievements During the Year:-

"The aim and objectives of the Charity are;

- To provide financial support to the School to enhance the provision of education of pupils and for maintenance costs in respect of the premises.
In 2023 the Trust awarded £48,000.
- To provide bursaries for those under 25 years of age and normally resident within The Ancient Parish of Chaddesley Corbett for financial assistance towards the costs associated with their attendance at or participation in activities at any school, university or other place of learning or for financial assistance with the costs of preparing for entry to any profession, trade or calling. Support for beneficiaries in pursuing music and performing arts is particularly encouraged. The Trust is able to provide assistance with the cost of travel.
In 2023 the Trust awarded £10,000.

Achievements

During the year the Trustees continued to support the School financially as it continues to respond to its Ofsted grading of "good". The School reports that the Trust's assistance with before and after school care facilities has been particularly important to making the school attractive to prospective parents. In addition Trust funding has enabled the school to offer a broader curriculum than it otherwise could. As a result, the number of pupils continues to be healthy.

Governance

A board of Trustees comprising of eleven members during the year meet at least every two months to administer the Charity. A Clerk is appointed by the Trustees to manage the day to day operations of the Charity. The Clerk is closely in contact with the Trustees and prepares the papers for the full committee meetings. The Trustees are advised and assisted in respect of the on-going maintenance of its property portfolio by a professional local agent. The professional qualifications/expertise of individual trustees include: legal, real property, financial investment, business management, teaching, music, community leadership and agriculture.

Principal Risks and Uncertainties.

The Charity takes a very active approach to managing risk. Financial risks are monitored and assessed both in respect of the property estate and the investment portfolio. The property manager attends the majority of the Trustees meeting to report on the condition of the properties and any repairs that may be required. Rent reviews are undertaken on an annual basis.

The finance committee meets the investment managers on an annual basis to receive their interim report on the management and performance of the portfolio. The meeting usually takes place in July. Furthermore, a meeting with the full board of trustees to receive their annual report to the year ended 31st December normally takes place at a Trustees meeting in January. This presents all the trustees the opportunity to ask any questions to the investment managers.

Regular investment reports are received between meetings which are presented at full board meetings. The chairman of the finance committee is in frequent contact with the investment managers particularly in volatile market conditions.

Results

During the financial year ended 31st December 2023, the total income received by the Charity amounted to £117,272 (2022; £110,187). A summary breakdown shows total property rents received rose from £96,066 to £99,253 and similarly investment income rose from £14,121 to £18,019. In summary total income rose by 6.42%.

Total expenditure during the financial year under review amounted to £122,011 (£100,288). The repair and improvement to properties was £22,144 above the figure for 2022. Student grants were down £3,500 whereas the grants to the school rose £3,000. Elsewhere, other expenditure was broadly in line with 2022 figures.

In summary there was a decline in net incoming resources of £4,739. The overall value of the Total Funds fell to £4,420,621 (£4,424,314). Following a review of the freehold property assets in 2016, there has been no underlying change to the market value of the property estate.

The market value of the investment portfolio as of 31 December 2023 was £461,137 (£460,091). This represents an increase in capital value of £1,046 and the investment income to £18,019. This equates to a total return of 4.14%. In comparison the ARC benchmark index (Charity steady growth) rose by 6%. However, over the longer term periods the portfolio has outperformed its benchmark.

The investment strategy currently in place has remained unchanged during the review period. Investment policy is to achieve a balance between income and long term capital growth. Whilst the increase in the income stream has matched inflation the capital value of the portfolio has been adversely affected by a number of factors ranging from inflation, rising interest rates and geopolitical issues revolving around the wars in both Ukraine and more recently the Middle East.

During the last quarter of 2023 there was growing optimism that against a background of falling worldwide inflation, interest rates would start to fall in the first half of 2024. As a consequence, a major rally in the bond market occurred. However, inflation is not falling to the levels the major western banks want to trigger a cut in interest rates. The bond market has fallen

back but equities has remained resilient with the FTSE, Wall Street and most European bourses recording all-time highs.

The next few months will become increasingly volatile as we approach the US Presidential elections in November and a General election in the UK likely to occur before the end of 2024.

Investment Policy

The Charity employs EFG Harris Allday from their offices in Ombersley, Worcestershire as investment managers. The Charity's investment portfolio is managed on a discretionary basis and fees are levied dependant on its capital value. The Charity has set out the following objectives for EFG Allday in its Statement of Investment Principles. The Statement was last reviewed in 2023.

- The creation of a sufficient financial return to enable the Charity to carry out its purposes effectively and without interruption.
- The maintenance and enhancement of the investment funds over the long term.
- To maintain a reasonable balance between capital growth and income so that the Charity can meet future as well as current needs.

Reserves Policy

The Trustees have reviewed the reserves of the Charity. The review concluded that the reserves are at an adequate level to finance any future capital requirements.

The charity remains low geared with an annual income of over £18,000 and a total balance sheet in excess of £4,420,000.

It is the Charity's stated policy to hold at least 6 months capital expenditure in cash.

Accounting policies

2.2 INCOME

This standard list of accounting policies has been applied by the charity except for those ticked "No" or "N/a". Where a different or additional policy has been adopted then this is detailed in the box below.

Recognition of Income	These are included in the Statement of Financial Activities (SoFA) when: <ul style="list-style-type: none"> the charity becomes entitled to the resources; it is more likely than not that the trustees will receive the resources; and the monetary value can be measured with sufficient reliability. 	Yes	No	N/a
Offsetting	There has been no offsetting of assets and liabilities, or income and expenses, unless required or permitted by the FRS 102 SORP or FRS 102.	Yes	No	N/a
Grants and donations	Grants and donations are only included in the SoFA when the general income recognition criteria are met (5.10 to 5.12 FRS102 SORP).	Yes	No	N/a
Legacies	In the case of performance related grants, income must only be recognised to the extent that the charity has provided the specified goods or services as entitlement to the grant only occurs when the performance related conditions are met (5.16 FRS 102 SORP). Legacies are included in the SoFA when receipt is probable, that is, when there has been grant of probate, the executors have established that there are sufficient assets in the estate and any conditions attached to the legacy are either within the control of the charity or have been met.	Yes	No	N/a
Government grants	The charity has received government grants in the reporting period	Yes	No	N/a
Tax reliefs on donations and gifts	Gift Aid receivable is included in income when there is a valid declaration from the donor. Yes	No	N/a
Contractual Income and performance related grants	This is only included in the SoFA once the charity has provided the related goods or services or met the performance related conditions.	Yes	No	N/a
Donated goods	Donated goods are measured at fair value (the amount for which the asset could be exchanged) unless impractical to do so. The cost of any stock of goods donated for distribution to beneficiaries is deemed to be the fair value of those gifts at the time of their receipt and they are recognised on receipt. In the reporting period in which the stocks are distributed, they are recognised as an expense at the carrying amount of the stocks at distribution. Donated goods for resale are measured at fair value on initial recognition, which is the expected proceeds from sale less the expected costs of sale, and recognised in 'Income from other trading activities' with the corresponding stock recognised in the balance sheet. On its sale the value of stock is charged against 'Income from other trading activities' and the proceeds from sale are also recognised as 'Income from other trading activities'. Goods donated for on-going use by the charity are recognised as tangible fixed assets and included in the SoFA as incoming resources when receivable. Gifts in kind for use by the charity are included in the SoFA as income from donations when receivable.	Yes	No	N/a
Donated services and facilities	Donated services and facilities are included in the SoFA when received at the value of the gift to the charity provided the value of the gift can be measured reliably. Donated services and facilities that are consumed immediately are recognised as income with an equivalent amount recognised as an expense under the appropriate heading in the SoFA.	Yes	No	N/a
Support costs	The charity has incurred expenditure on support costs.	Yes	No	N/a
Volunteer help	The value of any voluntary help received is not included in the accounts but is described in the trustees' annual report.	Yes	No	N/a

Income from membership subscriptions	Membership subscriptions received in the nature of a gift are recognised in Donations and Legacies. Membership subscriptions which gives a member the right to buy services or other benefits are recognised as income earned from the provision of goods and services as income from charitable activities.	Yes	No	N/a

Settlement of insurance claims	Insurance claims are only included in the SoFA when the general income recognition criteria are met (5.10 to 5.12 FRS102 SORP) and are included as an item of other income in the SoFA.	Yes	No	N/a

Governance and support costs	Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice.	Yes	No	N/a
	Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.	Yes	No	N/a
