Summary of the objects of the charity set out in its governing document

To provide benefits in kind not normally provided by the local education authority for any school in the area of the former Urban District of Horbury.

To promote the education of persons under the age of 25 years who are or who have a parent resident in the former Urban District of Horbury, by providing financial assistance or benefits in kind.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Provision of financial assistance to students undertaking university courses or similar, where such students meet the residence and age qualifications of the agreed Scheme.

Provision of financial assistance to schools within the area of the former Urban District of Horbury for the provision of school prizes.

Provision of financial assistance to enable children attending Horbury Academy and meeting the residence requirements of the Scheme to participate in various Outward Bound training.

In granting financial assistance the Trustees have regard to the guidance issued by the Charity Commission on public benefit and seek to ensure that all grants are made to persons and bodies which meet the criteria of the Scheme.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

36 students were awarded a total of £16,400 to assist with the costs of their education.

7 candidates were sponsored to attend Outward Bound courses at a total cost of £2,540.

Brief statement of the charity's policy on reserves

The Gaskell Foundation makes grants from its current income and does not hold reserves as such.

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Investment Policy

The Investment Policy of the Daniel Gaskell Foundation will follow the guidance set out by the Charity Commission in their document "Charities and Investment Matters: A Guide for Trustees" (CC14).

In order to continue making charitable donations into the future the Charity requires its funds to continue to produce an income which as a minimum keeps pace with inflation.

The Charity therefore seeks to invest all bequests so as to produce income from which donations are made. Whilst a portion of the Charity's invested funds could be used as they do not form part of the endowed funds, it is not considered generally prudent to do so as it would reduce potential future income.

The Charity will seek to minimise risk whilst making sufficient return on its investments to at least keep pace with UK inflation and generate a level of income to meet current requirements (circa £21,000 in 2020).

The Charity will reduce investment risk by only dealing with firms which are regulated by the FCA.

Charity Commission advice is that collective investment schemes enable charities to diversify their investments and thus reduce their investment risk in a more cost effective way than investing directly in individually selected investments. Common Investment Funds are regulated charities in themselves and provide collective investment schemes where only UK charities can invest. They give charities the ability to invest in a tax efficient way in a range of investments to achieve a professionally managed, diversified and balanced portfolio. The Charity therefore invests its balances in the CCLA COIF fund.

The Charity is not required to follow any ethical policy on investment. The CCLA COIF fund follows a socially responsible investment policy and restricts investment in certain areas such as arms and tobacco trade.

The performance of investments will be reviewed annually in terms of income generated, capital appreciation and costs. Costs will be compared with those levied by other suppliers of COIF funds.

Income will be compared to previous years and also to the Charity's requirements to meet expenditure.

Capital appreciation will be compared to the rate of UK inflation,

the return on Government stocks, the return on UK equities, the return on foreign equities and the return achieved by other COIF funds.

Investment decisions will be made by all trustees collectively.

Section F Other optional information
