

## 2022 Trustee Report

We had a very quiet year on the fundraising front. It has been very hard for everyone to get back into the swing of things after the Pandemic.

We did, however, manage to contribute to the Summer Event and Christmas event. Things were a bit different, we had to give out staggered arrival times for families, so it was unusual. Everyone had a really good time. These events mean so much to families living with Autism, so it was very worthwhile.
