

## 2023 Trustee Report

The year started with the sudden passing of John Lappin, one of our founding members. He will be greatly missed. Judith Nellins from ASD Services paid tribute to him at the annual Formal and told everyone of the great contribution he made over the years.

Another quiet year on the fund-raising front.

In August, we again contributed to the Summer Event, covering the cost of the Balloons, the Face Painter and the Icecream Van. This was a brilliant event with lots to do for people living with Autism.

At Christmas, we provided Selection Boxes for all the children who attended the Christmas Event.
