By sharing and participating in partnerships with others, Castlewellan Regeneration Ltd also endeavours to improve the fabric of the wider South East Down Region to the benefit of all its people."
- In the past CRL have been instrumental in obtaining grants to bring derelict buildings back into community usage for example Hillyard house, The Corncrane Building from which the doctors in Castlewellan now operate from and most recent and currently The Lodge Building from which CRL now operate from. CRL have over the past number of years carried out along with DDC a number of environmental improvement schemes throughout the town this ranged from footpaths, flowerbeds/shrubs to spruce up projects for local traders and businesses.
- Currently we are exploring further funding opportunities for Spruce Up Schemes.
- CRL continues to run the Tuesday Club for senior citizens that provides various activities and trips out for them. Prior to the Pandemic we would have 30 plus people attending the club and all who attend say that the club offers them a lifeline not only from the point of social but also rural isolation and firm friendships and wellbeing have been established as a result.

Public benefit statement

The charity has given careful consideration to the Charity Commission for Northern Ireland's guidance on public benefit to ensure that the activities entered into during the year have helped to achieve the charity's objectives and activities as well as providing public benefit.

Achievements and performance

Firstly, I would like to thank my fellow Directors and the staff of Castlewellan Regeneration Ltd (CRL) for their unwavering commitment to the company. The past number of years has at times been difficult in terms of the cost-of-living crisis with the economic situation worldwide and with global uncertainty, we are all being affected by issues beyond our control. The increase in the cost of fuel and power along with the cost-of-living increase has undoubtedly affected everyone and it was due to these increases that CRL began to look at the possibility of installing energy efficiency devices.

After exploring all possibilities, it was decided that Solar Panel installation would indeed reduce our overheads, thus enabling CRL to put aside monies for other usages. For example, repainting and refurbishment etc of certain areas of the Lodge and the Corncrane buildings.

I am delighted to announce that we have been working with Action Renewables and have been successful in our application to install Solar Panels, with work commencing in 2026. We as a company have always been aware of our need to demonstrate/ lead by example in relation to client change etc and this small implication will enable us to play our part in reducing our carbon footprint. Therefore, I would like to take this opportunity to thank all concerned whose help/guidance etc has brought this project forward.

We are extremely fortunate that all our tenants have remained part of the complex within the lodge building, providing excellent services and facilities for the residents of Castlewellan and beyond. I am pleased to state that our usage has increased slightly over the past year with new ad hoc users with more local groups availing of our premises/facilities etc. and I welcome our newest tenant Mr Declan Leonard Better Days (Physio & Sports Injuries).

The variations in our tenants at the lodge provide many services to the local population from optician to podiatry and everything in between, make up a vibrant centre alongside NCCE Comhaltas who provide music/culture to both our young and old.

I would like to wish all our tenants both old and new continued success in all they do. This past year has seen both our Tuesday Club and Men's Shed grow from strength to strength and enjoying such activities as keep fit, crafts, well being, gardening etc and of course shopping trips.

It was because of the success of the Tuesday Club that we decided to start a Men's Shed. As a community group we are all too aware of the challenges and difficulties faced by older people and both clubs provide a much needed lifeline for all those who attend as many live in social and rural isolation.

Like all community groups it can be a struggle to maintain the premises and ensure full potential usage at a suitable rate/cost for all concerned but as a Regeneration Group we all endeavour to do so for as long as possible. I speak for my fellow Castlewellan Regeneration Ltd directors, we will try whenever possible to bring about positive change and we will endeavour to continue our work commitments were possible.

I would like to thank our solicitor Mr Michael Curran Newcastle and final thanks to our staff who keep the wheels in motion. I look forward to seeing what the coming year brings but like the years gone by it will not be without change and possibilities.

Trustee's Annual Report

Year Ended 31 March 2025

Financial Review

The results for the year are set out in detail on pages 9 to 14. The charitable company had an overall loss in the year of £17,626 (2024 loss: £15,005). Within the overall loss was a surplus of £5,578 (2024: £8,169 Surplus) in respect of unrestricted funds and a deficit of £23,204 (2024: £23,174 deficit) in respect of restricted funds. At 31 March 2025, the total funds of the charity amounted to £751,046 (2024: £768,672) comprising restricted funds of £690,681 (2024: £713,885) and unrestricted funds of £60,365 (2024: £54,787).

Reserves Policy

Sound financial control and a robust policy of charging sensible rates for the use of facilities ensure we have established a level of reserves to enable the charity to cope with any unforeseen costs that may arise.

Structure, governance and management

Governing document

The organisation is a charitable company limited by guarantee. The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £1.

Recruitment and Appointment of Management Committee

A director of the company is also a charity trustee for the purposes of charity law under the company's Articles. Under the requirements of the Memorandum and Articles of Association the trustees are elected by the members present at the annual general meeting and shall hold office until the next annual general meeting.

Risk Management

The trustees have reviewed the major risks which the charity faces and believe that maintaining unrestricted reserves at the required levels and combined with an annual review of the controls over the key financial systems will provide sufficient resources in the event of adverse conditions. The company continues in its commitment to meeting the highest standards of good governance and best practice.

Further attention has focused on non-financial risks arising from fire, health and safety and child protection. A key element in the management of financial risk is the setting of a reserves policy and its regular review by trustees.

Public benefit statement

The charity has given careful consideration to the Charity Commission for Northern Ireland's guidance on public benefit to ensure that the activities entered into during the year have helped to achieve the charity's objectives and activities as well as providing public benefit.

Achievements and performance

Firstly, I would like to thank my fellow Directors and the staff of Castlewellan Regeneration Ltd for their unwavering commitment to the Company.

The Past number of years has at times been difficult in terms of the cost- of-living crises with the economic situation worldwide and with global uncertainty, we are all being affected by issues beyond our control.

The increase in the cost of fuel/power along with the cost-of-living increase has undoubtedly affected everyone and it was due to these increases that in the past CRL had to make the difficult decision to slightly increase our service charge and ad hoc rentals. This very small increase enabled Castlewellan Regeneration Ltd to keep economically viable but this year we have decided as a company to refrain any such increase but as the cost-of-living crisis continues to escalate, we will continue to monitor the situation closely.

We are extremely fortunate that all our tenants have understood our rational and have remained part of the complex within the lodge building, providing excellent services and facilities for the residents of Castlewellan and beyond. I am pleased to state that our usage has increased slightly over the past year with new ad hoc users NMDDC, NIHE and more local groups availing of our premises/facilities etc.

The variations in our tenants at the lodge provide many services to the local population from optician to podiatry and everything in between, make up a vibrant centre alongside NCCE Chomaltas who provide music/ culture to both our young and old. I would like to wish all our tenants and users continued success in all they do. This past year has seen both our Tuesday Club and Men's Shed grow from strength to strength and enjoying such activities as Keep Fit, Crafts, Well Being, gardening etc and of course Shopping Trips.

It was because of the success of the Tuesday Club that we decided to start a men's shed. As a Community Group we are all too aware of the challenges and difficulties faced by older people and both clubs provides a much, needed lifeline for all those who attend as many live in social and rural isolation. Funding opportunities are becoming more and more difficult but during the past year we were able to secure funding from KNIB and CDRCN.

We are currently sourcing funding to upgrade the wooden floor in the large hall and replace the flooring in the green room. Like all Community groups it can be a struggle to maintain the premises and ensure full potential usage at a suitable/rate cost for all concerned but as a Regeneration Group we will endeavour to do so for as long as possible. I speak for my fellow Castlewellan Regeneration Ltd directors, we will try whenever possible to bring about positive change and we will endeavour to continue our work commitments where possible.

I would like to thank our solicitor Mr Michael Curran Newcastle and our staff who keep the wheels in motion. I look forward to seeing what the coming year brings but like the years gone by it will not be without change and possibilities.

Financial Review

The results for the year are set out in detail on pages 9 to 14. The charitable company had an overall loss in the year of £15,005 (2023 loss: £27,671). Within the overall loss was a surplus of £8,169 (2023: £5,854 Deficit) in respect of unrestricted funds and a deficit of £23,174 (2023: £21,817 deficit) in respect of restricted funds. At 31 March 2024, the total funds of the charity amounted to £768,672 (2023: £783,677) comprising restricted funds of £713,885 (2023: £737,059) and unrestricted funds of £54,787 (2023: £46,618).

Reserves Policy

Sound financial control and a robust policy of charging sensible rates for the use of facilities ensure we have established a level of reserves to enable the charity to cope with any unforeseen costs that may arise.

Structure, governance and management

Governing document

The organisation is a charitable company limited by guarantee. The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £1.

Recruitment and Appointment of Management Committee

A director of the company is also a charity trustee for the purposes of charity law under the company's Articles. Under the requirements of the Memorandum and Articles of Association the trustees are elected by the members present at the annual general meeting and shall hold office until the next annual general meeting.

Risk Management

The trustees have reviewed the major risks which the charity faces and believe that maintaining unrestricted reserves at the required levels and combined with an annual review of the controls over the key financial systems will provide sufficient resources in the event of adverse conditions. The company continues in its commitment to meeting the highest standards of good governance and best practice.

Further attention has focused on non-financial risks arising from fire, health and safety and child protection. A key element in the management of financial risk is the setting of a reserves policy and its regular review by trustees.

Public benefit statement

The charity has given careful consideration to the Charity Commission for Northern Ireland's guidance on public benefit to ensure that the activities entered into during the year have helped to achieve the charity's objectives and activities as well as providing public benefit.

Achievements and performance

Firstly, I would like to thank my fellow Directors and the staff of Castlewellan Regeneration Ltd for their unwavering commitment to the Company.

The Past number of years has at times been difficult in terms of the cost- of-living crises with the economic situation worldwide and with global uncertainty, we are all being affected by issues beyond our control.

The increase in the cost of fuel/power along with the cost-of-living increase has undoubtedly affected everyone and it was due to these increases that in the past CRL had to make the difficult decision to slightly increase our service charge and ad hoc rentals. This very small increase enabled Castlewellan Regeneration Ltd to keep economically viable but this year we have decided as a company to refrain any such increase but as the cost-of-living crisis continues to escalate, we will continue to monitor the situation closely.

We are extremely fortunate that all our tenants have understood our rational and have remained part of the complex within the lodge building, providing excellent services and facilities for the residents of Castlewellan and beyond. I am pleased to state that our usage has increased slightly over the past year with new ad hoc users NMDDC, NIHE and more local groups availing of our premises/facilities etc.

The variations in our tenants at the lodge provide many services to the local population from optician to podiatry and everything in between, make up a vibrant centre alongside NCCE Chomaltas who provide music/ culture to both our young and old. I would like to wish all our tenants and users continued success in all they do. This past year has seen both our Tuesday Club and Men's Shed grow from strength to strength and enjoying such activities as Keep Fit, Crafts, Well Being, gardening etc and of course Shopping Trips.

It was because of the success of the Tuesday Club that we decided to start a men's shed. As a Community Group we are all too aware of the challenges and difficulties faced by older people and both clubs provides a much, needed lifeline for all those who attend as many live in social and rural isolation. Funding opportunities are becoming more and more difficult but during the past year we were able to secure funding from KNIB and CDRCN.

We are currently sourcing funding to upgrade the wooden floor in the large hall and replace the flooring in the green room. Like all Community groups it can be a struggle to maintain the premises and ensure full potential usage at a suitable/rate cost for all concerned but as a Regeneration Group we will endeavour to do so for as long as possible. I speak for my fellow Castlewellan Regeneration Ltd directors, we will try whenever possible to bring about positive change and we will endeavour to continue our work commitments where possible.

I would like to thank our solicitor Mr Michael Curran Newcastle and our staff who keep the wheels in motion. I look forward to seeing what the coming year brings but like the years gone by it will not be without change and possibilities.

Trustee's Annual Report

Financial Review

The results for the year are set out in detail on pages 9 to 14. The charitable company had an overall loss in the year of £15,005 (2023 loss: £27,671). Within the overall loss was a surplus of £8,169 (2023: £5,854 Deficit) in respect of unrestricted funds and a deficit of £23,174 (2023: £21,817 deficit) in respect of restricted funds. At 31 March 2024, the total funds of the charity amounted to £768,672 (2023: £783,677) comprising restricted funds of £713,885 (2023: £737,059) and unrestricted funds of £54,787 (2023: £46,618).

Reserves Policy

Sound financial control and a robust policy of charging sensible rates for the use of facilities ensure we have established a level of reserves to enable the charity to cope with any unforeseen costs that may arise.

Structure, governance and management

Governing document

The organisation is a charitable company limited by guarantee. The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £1.

Recruitment and Appointment of Management Committee

A director of the company is also a charity trustee for the purposes of charity law under the company's Articles. Under the requirements of the Memorandum and Articles of Association the trustees are elected by the members present at the annual general meeting and shall hold office until the next annual general meeting.

Risk Management

The trustees have reviewed the major risks which the charity faces and believe that maintaining unrestricted reserves at the required levels and combined with an annual review of the controls over the key financial systems will provide sufficient resources in the event of adverse conditions. The company continues in its commitment to meeting the highest standards of good governance and best practice.

Further attention has focused on non-financial risks arising from fire, health and safety and child protection. A key element in the management of financial risk is the setting of a reserves policy and its regular review by trustees.

Public benefit statement

The charity has given careful consideration to the Charity Commission for Northern Ireland's guidance on public benefit to ensure that the activities entered into during the year have helped to achieve the charity's objectives and activities as well as providing public benefit.

Achievements and performance

Firstly, I would like to thank my fellow Directors and the staff of Castlewellan Regeneration Ltd for their unwavering commitment to the Company.

The Past number of years has at times been difficult in terms of the cost- of-living crises with the economic situation worldwide and with global uncertainty, we are all being affected by issues beyond our control.

The increase in the cost of fuel/power along with the cost-of-living increase has undoubtedly affected everyone and it was due to these increases that in the past CRL had to make the difficult decision to slightly increase our service charge and ad hoc rentals. This very small increase enabled Castlewellan Regeneration Ltd to keep economically viable but this year we have decided as a company to refrain any such increase but as the cost-of-living crisis continues to escalate, we will continue to monitor the situation closely.

We are extremely fortunate that all our tenants have understood our rational and have remained part of the complex within the lodge building, providing excellent services and facilities for the residents of Castlewellan and beyond. I am pleased to state that our usage has increased slightly over the past year with new ad hoc users NMDDC, NIHE and more local groups availing of our premises/facilities etc.

The variations in our tenants at the lodge provide many services to the local population from optician to podiatry and everything in between, make up a vibrant centre alongside NCCE Chomaltas who provide music/ culture to both our young and old. I would like to wish all our tenants and users continued success in all they do. This past year has seen both our Tuesday Club and Men's Shed grow from strength to strength and enjoying such activities as Keep Fit, Crafts, Well Being, gardening etc and of course Shopping Trips.

It was because of the success of the Tuesday Club that we decided to start a men's shed. As a Community Group we are all too aware of the challenges and difficulties faced by older people and both clubs provides a much, needed lifeline for all those who attend as many live in social and rural isolation. Funding opportunities are becoming more and more difficult but during the past year we were able to secure funding from KNIB and CDRCN.

We are currently sourcing funding to upgrade the wooden floor in the large hall and replace the flooring in the green room. Like all Community groups it can be a struggle to maintain the premises and ensure full potential usage at a suitable/rate cost for all concerned but as a Regeneration Group we will endeavour to do so for as long as possible. I speak for my fellow Castlewellan Regeneration Ltd directors, we will try whenever possible to bring about positive change and we will endeavour to continue our work commitments where possible.

I would like to thank our solicitor Mr Michael Curran Newcastle and our staff who keep the wheels in motion. I look forward to seeing what the coming year brings but like the years gone by it will not be without change and possibilities.

Reserves Policy

Sound financial control and a robust policy of charging sensible rates for the use of facilities ensure we have established a level of reserves to enable the charity to cope with any unforeseen costs that may arise.

Structure, governance and management

Governing document

The organisation is a charitable company limited by guarantee. The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £1.

Recruitment and Appointment of Management Committee

A director of the company is also a charity trustee for the purposes of charity law under the company's Articles. Under the requirements of the Memorandum and Articles of Association the trustees are elected by the members present at the annual general meeting and shall hold office until the next annual general meeting.

Risk Management

The trustees have reviewed the major risks which the charity faces and believe that maintaining unrestricted reserves at the required levels and combined with an annual review of the controls over the key financial systems will provide sufficient resources in the event of adverse conditions. The company continues in its commitment to meeting the highest standards of good governance and best practice.

Further attention has focused on non-financial risks arising from fire, health and safety and child protection. A key element in the management of financial risk is the setting of a reserves policy and its regular review by trustees.

Public benefit statement

The charity has given careful consideration to the Charity Commission for Northern Ireland's guidance on public benefit to ensure that the activities entered into during the year have helped to achieve the charity's objectives and activities as well as providing public benefit.

Achievements and performance

We would like to thank the directors and the staff of Castlewellan Regeneration Ltd (CRL) for their unwavering commitment to the company. The past year has seen things getting back to more normal times however, we are all being affected by issues beyond our control. For example, the increase in the cost of fuel/power along with the cost-of-living increase has undoubtedly affected everyone. Due to these increases CRL had to make the difficult decision to slightly increase our service charge and ad hoc rentals. This very small increase has enabled Castlewellan Regeneration Ltd to keep economically viable but as the cost of living crisis continues to escalate, we will continue to monitor the situation.

We are extremely fortunate that all our tenants have understood our rationale and have remained part of the complex within the lodge building, providing excellent services and facilities for the residents of Castlewellan and beyond.

The variations in our tenants at the lodge provide many services to the local population from optician to podiatry and everything in between, make up a vibrant centre alongside NCCE Chomaltas who provide music/ culture to both our young and old. I would like to wish all our tenants and users continued success in all they do.

This past year has seen our Tuesday Club back again to the level of pre covid and enjoying such activities as keep fit, crafts, well being, energy efficiency advice etc and of course shopping trips. It is because of the success of the Tuesday Club that we are hoping to start a men's shed based in the lodge in the near future. As a community group we are all too aware of the challenges and difficulties faced by older people and the senior citizens club provides a much needed lifeline for all those who attend.

Funding opportunities are becoming more and more difficult but during the past year we were able to secure funding to upgrade the indoor lighting in our communal areas as well as some of our offices with more energy efficiency lighting helping to reduce our carbon footprint. We are currently in discussion to provide facilities for an energy advice officer who will provide information/signposting to the public in a monthly clinic based in the lodge building. This will provide much needed support and information. I speak for my fellow Castlewellan Regeneration Ltd directors, we will try whenever possible to bring about positive change and we will endeavour to continue our work commitments where possible.

We would like to thank our solicitor Mr Michael Curran Newcastle for his help and advice over the past year and a final thanks to our staff who keep the wheels in motion. We look forward to seeing what the coming year brings but like the years gone by it will not be without change and possibilities.

Recruitment and Appointment of Management Committee

A director of the company is also a charity trustee for the purposes of charity law under the company's Articles. Under the requirements of the Memorandum and Articles of Association the trustees are elected by the members present at the annual general meeting and shall hold office until the next annual general meeting.

Risk Management

The trustees have reviewed the major risks which the charity faces and believe that maintaining unrestricted reserves at the required levels and combined with an annual review of the controls over the key financial systems will provide sufficient resources in the event of adverse conditions. The company continues in its commitment to meeting the highest standards of good governance and best practice.

Further attention has focused on non-financial risks arising from fire, health and safety and child protection. A key element in the management of financial risk is the setting of a reserves policy and its regular review by trustees.

Public benefit statement

The charity has given careful consideration to the Charity Commission for Northern Ireland's guidance on public benefit to ensure that the activities entered into during the year have helped to achieve the charity's objectives and activities as well as providing public benefit.

Achievements and performance

We would like to thank the directors and the staff of Castlewellan Regeneration Ltd (CRL) for their unwavering commitment to the company. The past year has seen things getting back to more normal times however, we are all being affected by issues beyond our control. For example, the increase in the cost of fuel/power along with the cost-of-living increase has undoubtedly affected everyone. Due to these increases CRL had to make the difficult decision to slightly increase our service charge and ad hoc rentals. This very small increase has enabled Castlewellan Regeneration Ltd to keep economically viable but as the cost of living crisis continues to escalate, we will continue to monitor the situation.

We are extremely fortunate that all our tenants have understood our rationale and have remained part of the complex within the lodge building, providing excellent services and facilities for the residents of Castlewellan and beyond.

The variations in our tenants at the lodge provide many services to the local population from optician to podiatry and everything in between, make up a vibrant centre alongside NCCE Chomaltas who provide music/ culture to both our young and old. I would like to wish all our tenants and users continued success in all they do.

This past year has seen our Tuesday Club back again to the level of pre covid and enjoying such activities as keep fit, crafts, well being, energy efficiency advice etc and of course shopping trips. It is because of the success of the Tuesday Club that we are hoping to start a men's shed based in the lodge in the near future. As a community group we are all too aware of the challenges and difficulties faced by older people and the senior citizens club provides a much needed lifeline for all those who attend.

Funding opportunities are becoming more and more difficult but during the past year we were able to secure funding to upgrade the indoor lighting in our communal areas as well as some of our offices with more energy efficiency lighting helping to reduce our carbon footprint. We are currently in discussion to provide facilities for an energy advice officer who will provide information/signposting to the public in a monthly clinic based in the lodge building. This will provide much needed support and information. I speak for my fellow Castlewellan Regeneration Ltd directors, we will try whenever possible to bring about positive change and we will endeavour to continue our work commitments where possible.

We would like to thank our solicitor Mr Michael Curran Newcastle for his help and advice over the past year and a final thanks to our staff who keep the wheels in motion. We look forward to seeing what the coming year brings but like the years gone by it will not be without change and possibilities.

Financial Review

The results for the year are set out in detail on pages 9 to 14. The charitable company had an overall loss in the year of £27,671 (2022 loss: £11,104). Within the overall loss was a deficit of £5,854 (2022: £7,164 Surplus) in respect of unrestricted funds and a deficit of £21,817 (2022: £18,268 deficit) in respect of restricted funds. Increased costs and in particular an increase in the cost of heat & light by £13,151 from £7,085 in the previous year to £20,236 in the current year contributed significantly to the £5,854 unrestricted funds deficit in the current year. At 31 March 2023, the total funds of the charity amounted to £783,677 (2022: £811,348) comprising restricted funds of £737,059 (2022: £758,876) and unrestricted funds of £46,618 (2022: £52,472).

Reserves Policy

Sound financial control and a robust policy of charging sensible rates for the use of facilities ensure we have established a level of reserves to enable the charity to cope with any unforeseen costs that may arise.

Structure, governance and management

Governing document

The organisation is a charitable company limited by guarantee. The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £1.

Recruitment and Appointment of Management Committee

A director of the company is also a charity trustee for the purposes of charity law under the company's Articles. Under the requirements of the Memorandum and Articles of Association the trustees are elected by the members present at the annual general meeting and shall hold office until the next annual general meeting.

Risk Management

The trustees have reviewed the major risks which the charity faces and believe that maintaining unrestricted reserves at the required levels and combined with an annual review of the controls over the key financial systems will provide sufficient resources in the event of adverse conditions. The company continues in its commitment to meeting the highest standards of good governance and best practice.

Further attention has focused on non-financial risks arising from fire, health and safety and child protection. A key element in the management of financial risk is the setting of a reserves policy and its regular review by trustees.

Public benefit statement

The charity has given careful consideration to the Charity Commission for Northern Ireland's guidance on public benefit to ensure that the activities entered into during the year have helped to achieve the charity's objectives and activities as well as providing public benefit.

Achievements and performance

We would like to thank the directors and the staff of Castlewellan Regeneration Ltd (CRL) for their unwavering commitment to the company. The past year has seen things getting back to more normal times however, we are all being affected by issues beyond our control. For example, the increase in the cost of fuel/power along with the cost-of-living increase has undoubtedly affected everyone. Due to these increases CRL had to make the difficult decision to slightly increase our service charge and ad hoc rentals. This very small increase has enabled Castlewellan Regeneration Ltd to keep economically viable but as the cost of living crisis continues to escalate, we will continue to monitor the situation.

We are extremely fortunate that all our tenants have understood our rationale and have remained part of the complex within the lodge building, providing excellent services and facilities for the residents of Castlewellan and beyond.

The variations in our tenants at the lodge provide many services to the local population from optician to podiatry and everything in between, make up a vibrant centre alongside NCCE Chomaltas who provide music/ culture to both our young and old. I would like to wish all our tenants and users continued success in all they do.

This past year has seen our Tuesday Club back again to the level of pre covid and enjoying such activities as keep fit, crafts, well being, energy efficiency advice etc and of course shopping trips. It is because of the success of the Tuesday Club that we are hoping to start a men's shed based in the lodge in the near future. As a community group we are all too aware of the challenges and difficulties faced by older people and the senior citizens club provides a much needed lifeline for all those who attend.

Funding opportunities are becoming more and more difficult but during the past year we were able to secure funding to upgrade the indoor lighting in our communal areas as well as some of our offices with more energy efficiency lighting helping to reduce our carbon footprint. We are currently in discussion to provide facilities for an energy advice officer who will provide information/signposting to the public in a monthly clinic based in the lodge building. This will provide much needed support and information. I speak for my fellow Castlewellan Regeneration Ltd directors, we will try whenever possible to bring about positive change and we will endeavour to continue our work commitments where possible.

We would like to thank our solicitor Mr Michael Curran Newcastle for his help and advice over the past year and a final thanks to our staff who keep the wheels in motion. We look forward to seeing what the coming year brings but like the years gone by it will not be without change and possibilities.

Financial Review

The results for the year are set out in detail on pages 9 to 14. The charitable company had an overall loss in the year of £27,671 (2022 loss: £11,104). Within the overall loss was a deficit of £5,854 (2022: £7,164 Surplus) in respect of unrestricted funds and a deficit of £21,817 (2022: £18,268 deficit) in respect of restricted funds. Increased costs and in particular an increase in the cost of heat & light by £13,151 from £7,085 in the previous year to £20,236 in the current year contributed significantly to the £5,854 unrestricted funds deficit in the current year. At 31 March 2023, the total funds of the charity amounted to £783,677 (2022: £811,348) comprising restricted funds of £737,059 (2022: £758,876) and unrestricted funds of £46,618 (2022: £52,472).

Reserves Policy

Sound financial control and a robust policy of charging sensible rates for the use of facilities ensure we have established a level of reserves to enable the charity to cope with any unforeseen costs that may arise.

Structure, governance and management

Governing document

The organisation is a charitable company limited by guarantee. The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £1.

Recruitment and Appointment of Management Committee

A director of the company is also a charity trustee for the purposes of charity law under the company's Articles. Under the requirements of the Memorandum and Articles of Association the trustees are elected by the members present at the annual general meeting and shall hold office until the next annual general meeting.

Risk Management

The trustees have reviewed the major risks which the charity faces and believe that maintaining unrestricted reserves at the required levels and combined with an annual review of the controls over the key financial systems will provide sufficient resources in the event of adverse conditions. The company continues in its commitment to meeting the highest standards of good governance and best practice.

Further attention has focused on non-financial risks arising from fire, health and safety and child protection. A key element in the management of financial risk is the setting of a reserves policy and its regular review by trustees.
