

FR Curran,

Chairperson's Report:-Read by Peter Muldoon. Ladies and Gentlemen, I want to welcome you to the 9th AGM of Lissan Leisure Club. I would also like to welcome back again our guest Mr Gerry Lynch from CWSAN.

In spite of all the difficulties associated with Covid we had a brilliant year all round. All our activities got started early in the year and, when other clubs were only thinking about starting their activities, we were totally involved.

Activities that took place during the year were:- Crocheting/Knitting, Indoor Bowling, Boccia, Whist-drives, Health talks, Strength & Balancing activities and History Evenings. Each of the events was very successful.

We also organised the Annual Festive Lights Ceremony where a Christmas Tree is erected and illuminated at the switching on Ceremony, when the children from the 3 schools are represented. The adults are welcomed to the local Lissan Hall, where they receive food and entertainment for a short time in the afternoon. Mid-Ulster District Council sponsors this event.

I would like to take this opportunity to thank our members who organised these activities and to all our volunteers who worked tirelessly, at all events, to help make the club successful.

Finally I would like to offer my condolences, on behalf of the club, to all our members who have lost loved ones since this time last year. Could I please have a moment's silence in their memory. Thank-You.

Peter Muldoon.
