RQIA, Monitoring & Inspection, 2-4 Cromac Avenue, Belfast, BT7 2JA

All members have guaranteed to contribute up to a maximum of £10 to the assets of the Association in the event of it being wound-up.

## **Structure, Governance and Management**

### **Governing Document**

Friendship and Caring Trust (F.A.C.T.) Ltd is a company with charitable status, registration number NIC 100595 and is limited by guarantee not having a share capital. The charity is established for charitable objects and purposes only and is governed by its Memorandum and Article of Association dated 24<sup>th</sup> October 1996. It was registered as a charity with the Charities Commission in Northern Ireland on 4<sup>th</sup> September 2014.

### **Appointment of directors**

F.A.C.T. Ltd is made up of a minimum of six people legally appointed as directors. Membership is open to individuals who apply to the Charity and are approved by the Directors. There are currently six directors in office and this is adequate for the fulfilment of duties.

### **Director's induction and training**

Guidelines are available for the induction of each new director. Roles are outlined and directors review these as required.

Each director declares that he/she is willing to act as a charity director and is fully aware of the organisation's purposes as set out in the governing document; and

He/she is not disqualified from acting as a charity director of any charity for any of the reasons or on any of the grounds listed in section 86 (1) of the Charities Act (Northern Ireland) 2008

The Directors jointly declare that:

- The Funds of the organisation are immediately held in an account in the name of the charity
- The information contained on the application form and the Director declaration form is true, complete and correct
- We understand that to knowingly or recklessly make a false statement is a criminal offence under section 25(1) of the Charities Act (Northern Ireland) 2008

### **Organisation**

The directors regulate the admission and classification of members of the charity. They meet every 6 weeks throughout the year and at any other time that the chairperson deems it necessary. The directors direct and lead the organisation through their strategic planning initiatives. Detailed Financial and Care reports are shared on a monthly basis at board meeting. The Directors carry out unannounced inspections on the home on a regular basis.

A Registered Home Manager is in place at the Barnlee site.

The directors are responsible for the employment of all staff in Barnlee and Lee Cottage. The staff of Barnlee and Lee Cottage is accountable to the directors. The directors are accountable to the Charities Commission (N.I.).

Directors are accountable to The Registration Quality and Improvement Authority (RQIA), Choice Housing Association and the various Health Trusts which place residents (long and short term) in Barnlee and Lee Cottage.

F.A.C.T. Ltd is a joint managed partnership with Choice Housing Association Limited. Choice Housing Association Limited is an organisation with which it co-operates in the pursuit of its charitable objective. It also provides F.A.C.T. Ltd with help and guidance. The Association constructed the residential home and is responsible for it. F.A.C.T. Ltd rent the property from Choice Housing Association Limited.

F.A.C.T. meet on a quarterly basis with Choice Housing Association representatives and discuss any maintenance and tenancy issues. F.A.C.T. meet on an annual basis with the Supported Housing Manager to discuss future developments and planning and to assess any areas of Risk to either party.

Two F.A.C.T. directors are also family members of two of Barnlee's residents. There is a conflict of interest policy in place to allow FACT Board to deal with family sensitive issues at Board meetings.

F.A.C.T. Ltd has links to another charitable organisation, Barnlee Crafts and Activities, which was established in 2013 by some past and some present directors of F.A.C.T. Ltd. Part of this organisations charitable activities is to provide long term fundraising for F.A.C.T. Ltd by operating a charity shop. Barnlee and Lee Cottage residents continue to benefit from the people darrer, projector and screen and therapy chair, a hand rail to assist residents journey to the memorial garden, new garden furniture to create outside living space and two new armchairs to create a foyer area in the home in addition to this the donation towards the upgrade of the multisensory room has enabled a complete refurbishment to include a sensory music system and heated water bed. Residents meet with the Volunteers from Barnlee Crafts and Activities on a social occasion and share a meal and entertainment, this is a great way for the residents to thank the volunteers and for the volunteers to see who they are helping. The charity shop has donated £30,000.00 to the sensory garden at Barnlee, this project commenced in April 2024 and completed in July 2024, the volunteers were recognised for the contribution by the Crafts and activities Charity shop at an open day event in September 2024.

## Risk Management

The charity is exposed to numerous risks which include financial and non-financial risks. The major financial risk is maintaining the continued levels of income which may be reduced if social services curtail or terminate funding contracts for residents. Increasing staff costs due to National Minimum Wage increases and Pension enrolment challenges alongside the difficulty in recruiting staff due to a national shortage of care personnel.

A key element in the management of financial risk is the setting of a reserves policy and its regular review by Directors. Non-financial risks include fire, health and safety of residents, staff and visitors, and food hygiene. The directors maintain best practice procedures in all these areas to mitigate any risk factors. A risk register is in situ and is addressed at each directors meeting and updated. Risk items noted in the current year were bed voids and increasing staffing cost, the need to use agency staff at a higher cost to the business and the difficulty in recruiting full time or bank staff. Reserves at the balance sheet date of 31 October 2024 represent in excess of 9 months operating costs.

## Objectives and activities

### Objects and aims

The charity is established for charitable objects and purposes only. In particular the charity is established:

- for the provision of residential accommodation for people with learning disabilities over the age of eighteen years and who suffer from both high and low dependency.

- for the relief of people with learning disabilities and their carers by providing short stay care, outreach, and other relevant services, and the doing of all such other things as are incidental or conducive to the attainment of the above objects.

The vision that shapes our annual activities is to continue to provide Care and Support to people with learning disabilities in a "Home from Home" environment. To deliver this vision relationship with the resident, Medical professionals, family members and staff are vital. Annual reviews take place to ensure the resident's needs are being met.

The charity has a general aim of providing a comfortable and homely atmosphere which promotes security for the individual within a supportive and therapeutic environment.

F.A.C.T. (Friendship and Caring Trust) Limited directly provides the benefit of residential care, day care and outreach services for adults with a learning disability. This is demonstrated through the provision of Barnlee Residential Care Home, Lee Cottage Residential Facility and our satellite unit, Sheebeg House. In each of these facilities with the exception of Sheebeg House, 24 hour care is provided in conjunction with the aid of RQIA, social services and medical professionals.

#### Objectives for the year

The main objectives for the year continue to be the provision of valuable care and support services to residents, and their families.

#### Strategies

A strategy of sympathetic expansion of the charity's facilities and the provision of additional resources is embraced by the directors. Adequate funds have been put aside over the past number of years to allow this strategy to be realised. We will continue to maintain a robust financial and strategic approach to sustaining our services with the potential to build capacity in the future.

#### Review of significant activities

The major areas of activity are residential care, sitting services, outreach, family support groups, therapy room, supportive employment, and day-care. Outreach is not currently a viable service but F.A.C.T. continue to monitor the demand and the viability. The planned upgrade of the garden facilities completed in July 2024, the sensory garden project team are delighted with the finished garden which provides and delivers a wonderful enhancement to the lives of our residents. It was a more difficult project due to rising costs of both labour and Materials but the end result is exceptional. Additional CCTV cameras have also been installed post year end. We continue to explore ways to enhance our home and have engaged with a maintenance man in March 2025 to maintain and keep safe our outdoor surroundings.

#### Our volunteers

The Charity is very involved in the Community and relies on Volunteer help. The Board in full consists of all voluntary members 6 in total assisted by 1 Advisory group member. Local community groups assist F.A.C.T. in the continued integration of our residents into the community and provide transport and Friendship to allow residents to attend events.

A related party charity Barnlee Crafts and Activities have 25 volunteers who run a charity shop in Derrylin and the funds raised are used to support our organisation to advance education and to support and promote the benefit of people with learning disability and, associated problems aged 18 years and over and their carers in the Lisnakea area and the environs Of County Fermanagh. We will continue to support our volunteers to ensure they remain motivated to manage change and deliver core aims

We are very thankful to FACT volunteers and the Related Charity Volunteers.

## Achievements and Performance

### Review of activities

The work that had started on the garden last year is now what a transformation. All the residents have been eagerly watching its progression and are now excitedly awaiting the benefits and diversity it has to offer. They will be able to explore the garden and use it independently or when supported by staff. To Mary and her team of volunteers in the charity shop I extend a much appreciated thank you for many years of your time, commitment and hard work which has greatly helped to financially support the garden project. To the local business community thank you for your interest in the garden and for the donations received. An official open day was held in September 2025 and all who donated along side our residents families and friends enjoyed food and dance.

Activities are an essential part of the life of our residents and being out and about in the community. Lots of activities have been enjoyed this year. Out on the road on the buses, happily going to the cinema, ten pin bowling, eating out, picnics, personal shopping to name a few. Internally our therapists continue to provide holistic treatments to the residents. Other group or individual activities continue inhouse. Our activities folder is evidence of the variety of activities participated in.

A memorial service is usually held annually to allow residents, volunteers, family members and staff to fondly remember those who are no longer with us. Clergy members from all denominations attend and the ceremony is followed by refreshments again with the Covid 19 restrictions we had to postpone this but plan to revisit this as soon as safe to do so. Residents who are able remember their loved ones through visits to the graveyards and memorial flowers.

Therapists attend the home and offer a selection of holistic therapies to suit the residents needs.

A small number of residents avail of local leisure facilities when available for swimming, exercise programmes and spa facilities. Some residents take part in activities organised by other community groups and enjoy these immensely. We have a resident who attends the social farm.

Residents continue to enjoy a varied menu and supplies are sourced as locally as possible. Some residents who choose to perform duties and have varied roles within the home. An additional garden project completed in September 2024 which was to convert a garden area to a hard surface dining area that can be accessed from the dining room. Themed evenings are enjoyed by all from High teas to takeaways of choice are very popular.

In December 2009, a bungalow at Sheebeg, Lisnakea was purchased. This property was developed and expanded in order to provide respite services as an extension to the services provided at Barnlee. However, due to lack of available funding and low usage, the facility was closed to respite in April 2014. The Directors are keen to use this facility for the benefit of the Barnlee community and are at present looking into the various ways that this can be done. In the meantime it serves as a Staff Training Facility, Meeting Rooms, and venue for residents activities. We were delighted to be able to use this facility as staff accommodation during isolation periods this year.

Some residents have received the Covid vaccination. PHA guidelines are followed in the event of any outbreak. PPE continues to be available and is used in line with PHA guidelines.

### Funding

Investments and Bank interest continues to be low due to market trend. The F.A.C.T Board continue to review banking facilities and engage with a financial advisor to review safe and secure investment options. An additional bank account which earns interest is in use and surplus monies from the current account is transferred over after Board approval. F.A.C.T continue to investigate alternative/additional banking facilities to minimise risk. The local BCI branch in Lisnakea closed and we make the journey to the Enniskillen branch to

fulfil our banking needs. This year F.A.C.T engaged with local business to seek donations for the sensory garden, this was not as successful as had hoped but we acknowledge and thank those businesses who reached out and supported the project.

## **F.A.C.T. (Friendship and Caring Trust) Limited**

### **Company Limited by Guarantee**

### **Trustees Annual Report (Incorporating the Directors Report)**

**Year ended 31 October 2024**

### **Financial Review**

The surplus for the year amounted to £238,180 (2023 surplus £224,583) this surplus was due to a reimbursement from NIHE. The FACT board are pleased with this financial outcome. We are braced for a further exceptional and challenging year due to the economic climate in particular rising utility cost and the need for enhancing the environment and the rising cost of staffing, increased use of agency staff and the continuation of the pandemic challenges. With the changing funding environment, a situation of ever increasing costs of day-to-day running expenses, the need to keep a careful watch on income and expenditure is paramount, there has been a continued and concerted effort to increase occupancy and the directors and management commitment to reduce overheads this effort has given us a strong financial foundation. On a positive note the Balance Sheet continues to be strong with net assets of £1,589,561 (2023 : £1,351,381).

In particular the wages and salary costs of the company have remained high during the year. This is due to continuous automatic enrolment in pensions, which initiated 1 November 2015, and secondly due to the increasing "living wage" and a Board salary review to enhance recruitment and encourage staff retention, recognise the contribution from staff in a challenging year and the need to use agency staff. Sickness absences were managed well and staff returned to work as soon as they were medically fit and in line with PHA regulations.

Additionally, there is a significant risk that funding from NI Housing Executive Supporting People will cease at short notice. In the current year this source reverted back to 2015 figures and provided the company with income of £67,112. Research around this funding has been participated in by the home

Whilst Covid 19 restrictions have eased we continue to risk assess activities both inside and outside the home. A return to normality to rebuild a safe environment and to establish our residents back in the community with meaningful and safe activities.

### **Funding Sources**

F.A.C.T funding relies on the available beds being occupied. The WHSCT, SHSCT and HSE continue to be associated and form the commissioning Trust bodies. In addition, the NIHE and family contributions add to the funds available. Funders have shown themselves to be supportive, flexible and adaptive to the current situation. F.A.C.T would like to take this opportunity to thank all funders.

F.A.C.T do not have any borrowing and are mortgage free.

Funds are used in the day to day running of the home to pay for rent, utilities, staffing, food and ensuring the home is safe and comfortable. Monthly expenditure is reviewed and areas of concern are raised at the board meetings and action plans devised. Larger value purchases are planned and researched and where possible 3 quotations are sought.

Staff are encouraged to use a common-sense approach to budgeting and good cost control and rota management.

Residents focus groups are in place and needs may arise from these discussions. Approvals are followed and purchases are put in place. These items could range from a new food item on the menu to a new suite of furniture for the communal area and for the outgoing year, a new sensory garden.

Residents where possible are consulted in expenditure that may change the look/feel of the home and will help select furnishing for their own rooms and communal areas.

When excess funds are noted the F.A.C.T Board will look to establish if there are any beneficial accounts to transfer the money into to generate income. Full board approval is required to implement the transaction.

Decisions regarding services can often be made outside of the control of the business or the funders and F.A.C.T endeavour to follow current affairs to establish what may have an impact on the incoming/outgoing funds.

## Plans for future periods

A major financial concern for the Charity will be the ongoing financial sustainability given the level of support from our Commissioning bodies, reductions in funding over the past years and the rising costs to fund our staffing, payroll and pension Provision. A robust advertising of the ongoing/new voids will reduce this risk.

F.A.C.T.(Friendship And Caring Trust) Limited are committed to securing longevity for the objects of the charity are: (a) the provision of residential and supported housing accommodation, care and support services for people with learning disabilities over the age of eighteen years and who suffer from both high and low dependency; and (b) for the relief of people with learning disabilities and their carers by providing outreach domiciliary services and other relevant services, and the doing of all such other things as are incidental or conducive to the attainment of these objects and to continue to provide Care and Support to people with learning disabilities in a "Home from Home" environment.

To achieve these commitments, F.A.C.T. (Friendship and Caring Trust) Limited continue to review current services and to explore Supported Living Options.

## Public Benefit Statement

## The public benefit that flows from purpose are:

- 1) In considering the benefits flowing from F.A.C.T.'s purpose relating to The provision of residential and supported housing accommodation, care and support services for people with learning disabilities aged 18 and over.
- 2) In considering the benefits flowing from F.A.C.T.'s purpose relating to the relief of people with learning disabilities and their carers by providing outreach domiciliary services and other relevant services, residents and attenders of F.A.C.T.'s services

The beneficiaries

- 1) The beneficiaries in point 1 are our residents who are adults with learning disabilities aged 18 and over.
- 2) The beneficiaries in point 2 are our residents who are adults with learning disabilities aged 18 and over, their families and adults with learning disabilities aged 18 and over and their families who live in our community catchment area.

The benefits that flow from purpose point 1 our residents who are adults with learning disabilities aged 18 and over are our residents availing of the service benefit from a personalised, professional, caring approach in a safe environment in order to establish a programme to maximize the overall quality of life and choice for each resident. This has significant benefits for the quality of life for each resident and enables residents to realise their full potential. F.A.C.T. also provides a sensory room to improve coping strategies and challenging behaviour and access to health care services. This enables significant health benefits for adults, many of whom are affected by significant dependency issues and improvements in the physical, mental, emotional and social capabilities of residents.

In considering the benefits flowing from F.A.C.T.'s purpose relating to point 2 the relief of people with learning disabilities and their carers by providing outreach domiciliary services and other relevant services, residents and attenders of F.A.C.T.'s services are provided with a mini-bus for social outings, shopping and appointments. This enables the beneficiaries to enjoy a high quality of life and to enjoy opportunities which they may not be otherwise be able to access. This vastly improves their quality of life and provides significant relief to the families of residents and attenders. F.A.C.T. also provides a sensory room to improve coping strategies and challenging behaviour and access to health care services.

This enables significant health benefits for adults, many of whom are affected by significant dependency issues and improvements in the physical, mental, emotional and social capabilities of residents.

No harm arose from the purposes listed in point 1 and point 2. Benefits are assessed at the following levels: A monthly Registered Managers report is presented to the Board of Management by Geraldine O' Neill, the F.A.C.T. (Friendship and Caring Trust) Limited Registered Manager. This report highlights the opportunities that were made available to residents, and her assessment of the impact of the activities on the health and wellbeing of the residents. There is a follow up discussion and questions from the board members, to allow a proper appraisal of her report. The AGM, which is open to the public, and encouragement given for all to attend, Geraldine O' Neill, the F.A.C.T. (Friendship and Caring Trust) Limited Registered Manager presents an annual summary Registered Managers report to the meeting. Her presentation in written form is an integral part of the annual report. Her presentation is discussed, with supporting representations by both residents and their families. Annual reviews are held for the beneficiaries listed in point 1, our residents who are adults with learning disabilities aged 18 and over, this review will discuss the purpose of the benefit. The providers F.A.C.T LTD (Friendship & Caring Trust) Limited carry out a monthly unannounced monitoring inspection. A quality assurance questionnaire is undertaken annually to residents and their representatives, an analysis of this is produced and available for viewing. This allows a proper evaluation and assessment of the benefits being provided.

Financial assessments are carried out by Commissioning Trusts for each individual. A tariff is agreed to meet the assessed needs of the resident and paid by the Trusts. In considering the harm that may arise from potential injury and from the care of vulnerable people, care is taken by the Board to ensure the protection of residents. The Regulation and Quality Improvement Authority (RQIA) (Northern Ireland's independent health and social care regulator and registration body) also regularly inspect Barnlee and Lee Cottage. The directors have sought to minimise potential harm through appropriate risk assessments, and, where necessary, the use of safety equipment and instruction. In considering the private benefits arising from the Company's work, it is acknowledged that incidental private benefits are received by staff as a result of payments made to secure employment. This is considered necessary for the running of the organisation. The private benefits received by directors as a consequence of any necessary and transferrable governance or management training is considered incidental and necessary in order to ensure that benefit is provided to the beneficiaries. In setting our objectives and planning our activities for the year the directors have given careful consideration to the Charity Commission for Northern Ireland's guidance on public benefit to ensure that the activities have helped to achieve the charity's purpose and provide a benefit to the beneficiaries.

## Chairperson's Report 2024

This is our 29<sup>th</sup> AGM and I am pleased to welcome all in attendance.

Once again this has been a strong year for Barnlee / Lee Cottage with all our beds filled. This confirms again the need in our community for a home from home and we continue to be seen as a leader in terms of care. The Activities Book captures the full range of enjoyable activities the residents can participate in from days out bowling or at music workshops as well as the numerous birthday parties. And for those who like their own company, then there is the option of music or internet in their own rooms. There is also the ease room as well as going to the Salt Clinic or having Reiki sessions.

As I have said before our staff are our most valuable asset and the achievement of having a full home as well as the bright atmosphere in the home has come from the work put in by Geraldine and her seniors. For this and so much more Geraldine and your staff, I thank you. We have an enthusiastic energetic and very capable team in place.

Our charity shop continues its growth, 11 years and counting. Mary and all the invaluable volunteers a big thank you from the board and of course the residents for all the past and hopefully future donations notably of course the latest donation for our Garden Project where a sum of £30,000 was greatly appreciated. Thank you once again.

Our Garden has been on the agenda and has taken up a lot of the boards time over the past number of years. We have such a fabulous space out here yet it was requiring more maintenance than the enjoyment it was giving. We had initially engaged with Garthan McCaffery from GMC Architects and many of you may have seen his plan for the garden either at an AGM or on the wall in Barnlee. This was prepared over 5 years ago, then the pandemic happened and we had not progressed the garden. We realised, though, that the needs of our residents had changed - it was not a classic garden that was needed but a free space with areas of attraction, sound and colour, areas to play and areas to chill but the key requirement was a space that allowed access for all mobility levels. During one of the boards many discussions it was mentioned about the "new Playpark" at Teemore. Siobhan was tasked with finding out who had been involved and at that stage we were introduced to Steve and Claran from Hawthorne Heights Ltd a company based out of Eglinton. Late last year and early this we had a number of meetings and quite a few emails. Plans started to arrive and the idea of the soft play surface with different colours emerged. Work commenced at the end of April 2024 and was completed on schedule in July. This is a garden for all seasons - not in the traditional sense of emerging flowers or changing leaf colours, although we have special small areas for that but one, I think that doesn't change. It allows access to the whole area of the garden - no waterlogged grass! Swings, a roundabout, chimes and basketball net that can be used anytime. Light has been introduced to the garden, not just in the form of the colourful arches but also inside and around the gazebo and the planted areas.

Again I'd like to extend our thanks to the following, to all the donors, notably the Charity shop, Garbhan, Hawthorn Heights and Gary from GP Electrics. We had a lovely evening of food and entertainment in September 2024 to mark the opening with Tully Mill providing the food and Eamon McPhillips the entertainment - a perfect beginning to a long awaited project.

Finally, it is with sincere thanks to all Directors, volunteers and to all who have generously given their time and talents voluntarily throughout the year. The home depends upon the generosity and support of all of the community. Thank you to all who donated in any way, big or small, over the last 12 months. I also wish to extend my and the board's condolences and sincere sympathy to all directors, residents and staff who have been bereaved since our last AGM. Our thoughts and prayers are with the families.

We, the board, have had a very positive year. Our hopes for Barnlee / Lee Cottage residents and our staff have come to fulfilment and our aim is now focused in maintaining the levels of excellence achieved. We look forward to an even brighter future.

Chairperson

Una Lindsay

## **Directors' responsibilities statement**

The Directors, who are also directors for the purposes of company law, are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the charity Directors to prepare financial statements for each year which give a true and fair view of the state of affairs of the charitable company and the income and expenditure of resources, including the income and expenditure, for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the applicable Charities SORP;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the charity's transactions and disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**F.A.C.T. (Friendship and Caring Trust) Limited**

**Company Limited by Guarantee**

**Trustees Annual Report (Incorporating the Directors Report)**

**Year ended 31 October 2024**

**Auditor**

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as they are aware, there is no relevant audit information of which the charity's auditor is unaware; and
  - they have taken all steps that they ought to have taken as a Director to make themselves aware of any relevant audit information and to establish that the charity's auditor is aware of that information.
- The auditor is deemed to have been re-appointed in accordance with section 487 of the Companies Act 2006.

### **Small company provisions**

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.  
The Directors' annual report was approved on 26<sup>th</sup> August 2025 and signed on behalf of the board of Directors by:
