Objectives and activities

The charity's objectives are:

a) To promote the benefit of the inhabitants of Annalong and District without distinction of sex, race, political, religious or other opinion by associating the statutory authorities, voluntary authorities, voluntary organisations and inhabitants in a common effort to advance employment, environmental regeneration and to provide facilities in the interests of social welfare for recreation and leisure time occupation with the object of improving the conditions of life for the inhabitants, and fostering peace and reconciliation between the inhabitants of the area and of Northern Ireland.

b) to provide with assistance in the areas of employment and environmental regeneration within the area of benefit by means of community environmental schemes, enterprise schemes and the provision of support of facilities necessary or convenient for the promotion of the objects of the charity.

Achievements and performance

The Association manages the large project known as the Coastal Path. In previous years funding was obtained to build and enhance the pathway for the benefit of the community. Ongoing annual maintenance is required.

The Association manages the Coastal Path project. Funding was obtained in previous years to build and enhance the pathway for the benefit of the community. Ongoing annual maintenance is required. During the 24/25 reporting year the northern path did require some rebuilding work due to storm damage costing £9888. A tidy up of plant life was £600 and accessories for the gate closures were £38. A total of £10,526 (2024 - £190).

ACDA organised the annual Fireworks Display which takes place at the local harbour. This is a free event which is well attended and appreciated by the community. The cost was £2,500 (2024 - £2500). Two local business groups in the village provided refreshments and sweets to coincide with the display.

ACDA Directors agreed to donate £350 to Annalong Community Empowerment who organise a Christmas Lights Festival for the village and to Annalong Community Association for their provision of a Christmas Dinner and entertainment for those of pension age. Both events are well attended and very much appreciated by the community.

Annalong Football Club have been working for many years towards achieving a pitch and facilities of an acceptable standard to allow them to take part in competition. ACDA have worked with them, offering advice, assisting at meetings with Council and Government Depts. The Club is very much a cross-community club from youth to senior level. ACDA, as we understand the costs of planning, agreed to donate £10,000 to the club as they move forward with the project.

Achievements and performance *(continued)*

In September 2024 ACDA moved £100,000 into a Fixed Term Deposit Account for 1 year and £100,000 into a Fixed Term Deposit Account for six months with Danske Bank.

Back in December 2023 it was agreed to make a donation of £300 to Allan Kilgore who had retired as secretary. The presentation was unfortunately delayed until May 2024. Allan was a founder member of the group and he has been a gem in the ACDA family. His knowledge and dedication freely given to the group was exceptional and definitely not reflected by the donation.

In April 2024 our Chairman Davy McCauley sadly passed away. A granite seat was erected on the Coastal Path in Davy's memory. His commitment to ACDA and his drive gets projects carried out especially the Coastal Path was second to none.

ACDA took a hard hit by losing these two great members. However, we now have increased our number of committee members and are looking forward again to new projects.

Financial review

The results for the year are set out on page 5 of the accompanying financial statements.

The Annalong Community Development Association Limited's accounts this year are showing a deficit of £23,772 (2024 - £5,214).

2. the financial statements do not accord with those records; or
3. the financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination; or
4. the financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I confirm that there are no other matters to which your attention should be drawn to enable a proper understanding of the accounts to be reached.

3. Accounting policies

Going concern

3. Accounting policies *(continued)*

Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Tangible assets

Tangible assets are initially recorded at cost and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Annalong Community Development Association Limited

Company Limited by Guarantee

Notes to the Financial Statements *(continued)*

Year ended 31 March 2025

3. Accounting policies *(continued)*

Tangible assets *(continued)*

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other recognised gains and losses, unless it reverses a charge for impairment that has previously been recognised as expenditure within the statement of financial activities. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other recognised gains and losses, except to which it offsets any previous revaluation gain, in which case the loss is shown within other recognised gains and losses on the statement of financial activities.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures and fittings - 15% straight line

3. Accounting policies

Basis of preparation

The organisation as a charity is required to prepare accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Charities Act (Northern Ireland) 2008.

Going concern

There are no material uncertainties about the charity's ability to continue.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

3. Accounting policies *(continued)*

Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Company Limited by Guarantee

Notes to the Financial Statements *(continued)*

3. Accounting policies *(continued)*

Tangible assets *(continued)*

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other recognised gains and losses, unless it reverses a charge for impairment that has previously been recognised as expenditure within the statement of financial activities. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other recognised gains and losses, except to which it offsets any previous revaluation gain, in which case the loss is shown within other recognised gains and losses on the statement of financial activities.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures and fittings - 15% straight line

The charity's objectives are:

- a) To promote the benefit of the inhabitants of Annalong and District without distinction of sex, race, political, religious or other opinion by associating the statutory authorities, voluntary authorities, voluntary organisations and inhabitants in a common effort to advance employment, environmental regeneration and to provide facilities in the interests of social welfare for recreation and leisure time occupation with the object of improving the conditions of life for the inhabitants, and fostering peace and reconciliation between the inhabitants of the area and of Northern Ireland.
- b) to provide with assistance in the areas of employment and environmental regeneration within the area of benefit by means of community environmental schemes, enterprise schemes and the provision of support of facilities necessary or convenient for the promotion of the objects of the charity.

Achievements and performance

The Association manages the large project known as the Coastal Path. In previous years funding was obtained to build and enhance the pathway for the benefit of the community. Ongoing annual maintenance is required.

Repairs to the Coastal Path totalled £3,782 (2022 - £93,213). These funds were spent on replacing locks and chains, weed killer to control overgrowth and hedge cutting. A few sections of the path, approximately 70 metres, required strengthening to prevent further damage in the future

Planning permission to extend both the North and South Coastal Paths has been ongoing and this year entered into final negotiation stages.

David McCauley, Chairman, has been dealing with the professional agencies and reporting to Directors since the outset of covid restrictions by phone and home visits.

All concerns and opinions of the Directors were shared among the group and outcomes reported to the appropriate agency. On 29th June 2022, ACDA were informed that Planning Permission was not accepted by DAERA and an objection would be unlikely to reverse this decision. The Directors unanimously took the decision not to proceed with the project.

The sum of £10,361 (2022 - £43,164) was spent on the proposed Coastal Path Extension. This covered professional fees for Planning Consultants, Quantity Surveyor, Survey Consultant and Architectural Designer.

ACDA once again organised the annual Fireworks Display which takes place at the local harbour. The event is free and well attended and appreciated by the community. This was the first display allowed since 2019 as a result of restrictions. The cost was £2250 (2022 - £nil).

3. Accounting policies

Basis of preparation

The organisation as a charity is required to prepare accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Charities Act (Northern Ireland) 2008.

Going concern

There are no material uncertainties about the charity's ability to continue.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3. Accounting policies *(continued)*

Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Company Limited by Guarantee

Notes to the Financial Statements *(continued)*

3. Accounting policies *(continued)*

Tangible assets *(continued)*

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other recognised gains and losses, unless it reverses a charge for impairment that has previously been recognised as expenditure within the statement of financial activities. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other recognised gains and losses, except to which it offsets any previous revaluation gain, in which case the loss is shown within other recognised gains and losses on the statement of financial activities.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures and fittings - 15% straight line
