## Report for the Directors' year end 31st March 2025

---

The trustees, who are also directors of the charity for the purposes of the Companies Act, submit their annual report and the financial statements independently reviewed for the year ended 31 March 2025. The trustees have adopted the provisions of the Charities Statement of Recommended Practice (Charities SORP) (FRS 102) in preparing financial statements of the charity in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland, the Charities Act (Northern Ireland) 2008 and The Charities (Accounts and Reports) Regulations (Northern Ireland) 2015.

### Structure, governance and management

North Down Development Organisation Limited (NDDO) was incorporated in 1984 and is governed by its memorandum and articles of association. It is the Local Enterprise Development Agency for the area having been set up as a company limited by guarantee and achieved charitable status with HMRC in 2003. Charitable status was achieved on 8th December 2014 with the Charity Commission for Northern Ireland – first LEA to achieve this. It is also a member of Enterprise Northern Ireland; a partnership of enterprise centres which provide a NI wide network of support for prospective and established businesses who have chosen the entrepreneurial option. NDDO focuses on maintaining and ensuring quality in all areas and it is of utmost importance and is reflected in the relevant accreditations attained by the Organisation including the transition to the new standard ISO 9001:2015 along with individual staff accreditations and training. The Organisation reinvests any surpluses back into the community; either by provision of affordable workspace or through a wide range of training and development courses.

### Objectives, Activities and Future Plans

The Organisation's main objectives are to develop enterprise in the local Council area and assist in the creation, and retention, of businesses in the area and to continue to work in partnership with other economic development organisations. In order to promote, and encourage new business, the Organisation provides a range of value added business support services including, but not restricted to, provision of managed workspace and training for future entrepreneurs.

The objectives of the Organisation are the promotion for the public benefit of urban and rural regeneration in the Council area of Ards and North Down by relief of poverty in such ways as may be seen fit, the relief of unemployment, the advancement of education, training or retraining, particularly among unemployed people and provide them with work experience, the provision of financial and technical assistance or business advice or consultancy in order to provide training and employment opportunities for unemployed people in cases of financial or other charitable need through help in setting up their own business, assisting existing businesses and the creation of training and employment opportunities by the provision of workspace, building and/or land for use on favourable terms.

NDDO is involved in promoting entrepreneurship and transferring business skills across all sections of the local community and does a significant amount of work in disadvantaged areas. The Organisation provides a range of training programmes including, but not restricted to, pre-start, start-up, growth and cross border – many of the programmes are aimed at youth and promoting entrepreneurship across all sections of the local community, particularly in Neighbourhood Renewal areas and encouragement of micro businesses to be creative, innovative and forward thinking. NDDO are the only local training organisation delivering a complete portfolio of programmes designed to support the business needs to, not only start-up businesses, but also growth businesses.

## Report of the Directors for the year end 31st March 2025

### Objectives, Activities and Future Plans (continued)

During the year ending 31 March 2025, the Organisation achieved the following:-

<b>Go Succeed Start</b>	186 business plans and action plans completed - January 2024 - March 2025
<b>Go Succeed Grow</b>	19 clients 1-2-1 mentoring supported-April 2024-March 2025
<b>NI EESS</b>	11 clients (5 over target) receiving 1-2-1 mentoring support up to 20 hours and workshops 3 full time job/6 enrolled on Go Succeed Programme
<b>ENI Conx</b>	NDDO as a member of ENI are involved in this business platform and NDDO continued to signpost clients within the Ards and North Down Borough Council
<b>Job Fairs</b>	NDDO continued to be present at a number of job fairs within the Borough - using the opportunity to promote the new training programme
<b>Prime Connect Network</b>	15-29 participants-3 sessions
<b>LMP</b>	Board Member-sub committees training/employability-bi-monthly meetings/events/workshops
<b>Female Peer Support Network</b>	12-15 women - weekly networking workshops - 6 sessions

The Organisation has an overall workspace area of 109,846 sq ft offering a provision of both workshop facilities and a range of offices. Average occupancy during the year was 85% and the Trustees continue to believe that this is a strategic part of the Organisation's future. It is the Trustees' intention to continue to improve and develop this very important area of the Organisation's operations and a programme of refurbishment and reinvestment will continue. The board are still intending to extend the Innotec site, but due to major increases in building/material costs and other factors including INI timeframes to build, this has not progressed but remains high on the priority list. Talks with the bank have continued and they are supportive when the timeframe permits.

Occupancy levels have decreased to 85% - cost of living continued to have an impact on businesses and with the uncertainty and costs many office clients left to work from home to reduce overheads. A list of performance indicators are included within the ISO9001:2015 Accreditation and these are reviewed on an annual basis. Principal risks to the Organisation are occupancy levels and the continued decline in training income - current training on the Go For It Programme is an extension due to finish in September.

### Appointment of Trustees

Following the recent merging of Councils the appointment of Trustees reflects representation from the new Ards and North Down Borough Council. Trustees, who are also directors of the charitable company for the purpose of company law, give their time and expertise on a voluntary basis and play an active role in the affairs of the Organisation. The Trustees meet on a bi-monthly basis where all major decisions in relation to the Organisation are addressed.

---

## Report of the Directors for the year end 31st March 2025

---

### Trustee Induction & Training

Prospective Trustees are usually recommended by existing Board members, and are invited to meet with the Chief Executive and Chairman when they are given an insight into the running of the Organisation, their obligations, what their role would be within the Board and the aims and objectives of the Organisation. They are then invited to attend a Board meeting in an observer capacity, before deciding if they wish to join the Board.

### Health and Safety/Equal opportunities

NDDO adhere to its Health & Safety and Equal Opportunity Policies, which are an integral part of its ISO 9001:2015

### Financial review

The financial results are set out on pages 7 to 12 and statement of reserves in note 10 to these accounts.

As previously mentioned, NDDO succeeded an average occupancy of 85% throughout the year. Salaries and other costs have also been controlled as far as possible combating increasing inflationary pressures.

It is the policy of the charity that unrestricted reserves that have not been designated for a particular purpose should be maintained at a level to ensure that in the event of a significant drop in income, it will be able to continue the charity's current activities and debt repayments, while consideration is given to additional ways to raise income.

### Statement of disclosure of information to independent accountant.

We, the directors of the company who held office at the date of approval of these Financial Statements, as set out above, each confirm so far as we are aware, that:

- there is no relevant accounting information of which the company's examiner are unaware; and
- we have taken all the steps that we ought to have taken as directors in order to make ourselves aware of any relevant accounting information and to establish that the company's examiner are aware of that information.

### Plans for future periods and Major Risks

The major risk affecting the company would be a decline in the demand for premises owned by the company in the local market place. The Trustees however, are satisfied with the company's financial progress during the year. Occupancy rates have decreased slightly during the year but demand for workshops remain strong and the decrease reflects the drop in office accommodation. A number of existing tenants now wish to develop their business to a second level and need larger space which is encouraging going forward. The company is funded through cash generated by its rental activities which in turn subsidise the training and services departments of the organisation. The company has longer term financing in the form of a fixed loan that is secured until 2026 - when payment is completed then there will be no outstanding borrowings.

The board have discussed the future extension of the Innotec site. The development of the organisations property base would assist in the creation and retention of businesses in the local area and ongoing development of training programmes and delivery of same in partnership with other local economic development organisations.

---

**Report of the Directors for the year end 31st March 2025**

---

**Public benefit statement**

The trustees confirm that they have complied with their duty as prescribed by section 4 Of the Charities Act (Northern Ireland) 2008 to have due regard to the Charity Commission for Northern Ireland public benefit guidance.

The creation of employment, training and work experience for residents living in economically and socially deprived areas and consequently a reduction in poverty, unemployment and hardship, leading to a better quality of life for the beneficiaries and consequent improvements in health and well being. Enhanced knowledge about setting up and running small businesses and social enterprises resulting in increased levels of self-employment and better prospects of sustainable development, increased levels of knowledge and transferable vocational skills among employees/work experience trainees, assisting in the creation of a more educated, skilled and qualified community. A great sense among the beneficiaries of more fulfilled and purposeful lives, result in a safer, more stable and cohesive community. These benefits can be evidenced in records kept by various agencies of the number of jobs and work experience opportunities created and numbers of those who have successfully completed training courses. Evidence can also be found in independent evaluations of the activities of enterprise agencies carried out by funding bodies and in community surveys of living standards and attitudes. Some private benefit is obtained by the owners of small businesses who rent units on favourable terms, but this is ancillary to the main purpose and is greatly outweighed by the gains in public benefit. No harm arises from these purposes.

Provision of training courses which will enable people to avail of the self-employment option – these courses are free of charge and some include the completion of a Business Plan. The purpose of the training and mentoring is to encourage someone to start their own business and provides them with enough information and guidance to bring their idea into fruition and equips them with the tools to run their own business. This in turn boosts self-confidence and self-belief and also can relieve poverty as some of the training is directed specifically to those in TSN or, areas of deprivation, which can be found within the local Borough.

Young people are also targeted as not everyone is suited to university or employment and pre-start training, again delivered at no cost to the participant, but sometimes also having an accreditation attached, is vital to allow a young person to pursue self-employment. Getting women back into work is also an important part of the Organisation's remit but no one is excluded and the Organisation is constantly looking to improve and extend its range of programmes in order to provide a comprehensive programme of training at no charge.

Provision of workspace on simple terms, provision of services and ongoing support and monitoring is an important part of the Organisation's remit – rental from the workspace provision allows the Organisation to provide other essential services at a minimum cost or free of charge.

Any small surpluses achieved are reinvested in the Organisation either by extension or improvement of existing property, upgrade of existing services and continued support for businesses in the early stages.

The Trustees, who are drawn from the local community, are passionate, that training and mentoring, is a very important aspect of the Organisation's work and, while rental income is required in order to finance the training, it is a fundamental part of the Organisation.

**Going Concern**

The organisation's business activities, together with factors likely to affect its future development performance and position are set out above. The Trustees consider that appropriate level of occupancy are likely to be sustained through the going concern foresight period, on the basis of level of current tenancy agreements. As a consequence, the Trustees believe that the company is well placed to manage its business risks successfully, despite the current economic outlook.

Having considered the risks and the current environment, the Trustees have a reasonable expectation that the Organisation has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

**Independent Auditor**

A resolution proposing that Bradley Accounting and Taxation be re-appointed as an independent auditor of the charity will be put to the Annual General Meeting.

---

## Report of the Directors for the year end 31st March 2025

---

### Trustees Responsibilities Statement

The trustees are responsible for preparing the Trustees Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in Northern Ireland requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP 2019 (FRS102);
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act (Northern Ireland) 2008 and the Charities (Accounts and Reports) Regulations (Northern Ireland) 2015. The trustees are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- there is no relevant audit information of which the charitable company's examiner is unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant information and to establish that the auditor is aware of that information

This report was approved by the Board on the

Chairman

Ivan Thompson

26-8-2025

We have audited the financial statements of North Down Development Organisation Limited (the 'charitable company') for the year ended 31 March 2025 which comprise the Statement of Financial Activities, Charity Balance Sheet and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland and comprising Charities SORP.

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2024, and of its incoming resources application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

**Other information**

The other information comprises the information included in the trustees' annual report, other than the financial statements and our auditors' report thereon. The trustees are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

**Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report, which includes the [ directors' report is consistent with the financial statements; and
- the directors' report included within the trustees' report have been prepared in accordance with applicable legal requirements.

**Matters on which we are required to report by exception**

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report included within the trustees' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit [; or

**Responsibilities of trustees**

As explained more fully in the trustees' responsibilities statement set out on pages 1-5 the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

#### Auditor responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

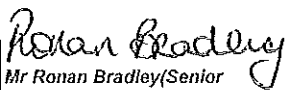

As part of an audit in accordance with ISAs (UK), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the charitable company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees.
- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the charitable company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the charitable company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation (ie. gives a true and fair view).

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report or for the opinions we have formed.

- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

The financial statements on pages 7 to 12 were approved and authorised to issue by the Directors and signed on their behalf by:

  
Ivan Thompson 26-8-2025

Chairman

## Notes forming part of the financial statements

### 1 Accounting policies

#### (a) Basis of preparation

The financial statements have been prepared under the historical cost convention. The financial statements have been prepared in accordance with the Charities Statement of Recommended Practice (Charities SORP) (FRS 102), The Charities (Accounts and Reports) Regulations (Northern Ireland) 2015 and the Charities Act (Northern-Ireland) 2008.

#### (b) Company status

The charity is a company limited by guarantee. The members of the company are the trustees named on the "Legal" page. In the event of the charity being wound up, the liability in respect of the guarantee is limited to £1 per member of the charity.

#### (c) Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements. Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the charity for particular purposes. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

Investment income and gains are allocated to the appropriate fund.

#### (d) Incoming resources

All incoming resources are included in the SOFA when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy, excludes VAT and other discounts.

Rental income is generated through the lease of premises owned by the organisation. Income is recognised evenly over the period of the lease term.

Training income is for the services provided to entrepreneurs within the organisation's area of operation and is recognised when the service has been completed in accordance with the programme provider's directions.

Capital grants received in respect of the acquisition or construction of fixed assets are credited to deferred capital grants in the balance sheet and are released to the income and expenditure account over the useful economic life of the asset for which the grant was awarded.

#### (e) Resources expended

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with use of the resources.

Training services and costs are recognised when incurred and are not deferred until the relevant programme has been completed.

#### (f) Tangible fixed assets and depreciation

The company holds property primarily as a public benefit entity for the benefit of fostering businesses. Property has been classified as tangible fixed assets and not as investment property on accordance with FRS102.

Where there has been significant refurbishment costs incurred, these are treated as capital improvements, and depreciated in accordance with the policy rates used below.

Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost on a straight line basis over their expected useful economic lives as follows:

Long leasehold land	nil
Buildings & Offices	2% - 3.33% straight line
Hi-tech units	2% straight line
Fixtures & Fittings	10% - 20% straight line
Motor Vehicles	25% straight line

Property disposals, where the directors feel that proceeds are immaterial to the overall value of the land and buildings, are credited gross to the fixed assets without taking the net proceeds through the profit and loss account.

**Notes forming part of the financial statements**

**1 Accounting policies (continued)**

**(f) Tangible fixed assets and depreciation**

Depreciation is not charged on assets in the course of construction and a full charge for the year is made for assets brought into use during the year. No charge for depreciation is made in the year in which an asset is disposed of.

Where buildings and equipment are acquired with the aid of specific grants, the assets are capitalised and depreciated in accordance with the policy set out above, with the related grant credited to a deferred capital grant account and released to the income and expenditure account over the expected useful economic life of the related asset.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying amount of the fixed asset may not be recoverable.

**(g) Pension costs**

The company operates a defined contribution scheme for the benefit of its employees. The costs of contributions are written off against profits in the year they are payable.

**(h) Cash and cash equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

**(i) Financial instruments**

The Company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties,

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration, expected to be paid or received.

**2 Total resources expended**

Other direct costs include:

	2025	2024
Auditors' Fees	5,260	1,800
Depreciation -- on owned assets	116,165	120,497
Capital Grants released	- 71,388	- 71,388
Loan Interest	3,033	4,354

Valuation

The buildings were last valued independently during January 2018 by Mr. Mark McKinstry MRICS & Mr Stephen Deyemond MRICS of TDK Commercial Property Consultants. In their opinion, the fair valuation of the properties was £3,100,000. The trustees form an opinion that as the economy is improving and the industrial property market recovering, the current historic net book values carried in these accounts are not inappropriate; and they do not consider that a revaluation is justified given the improving market.

Leasehold Land

Purchase of land was acquire from IDB on a 999 year lease. There is no ground rent payable.  
There are restrictive covenants place on the use of the land for enterprise use only.

Capital Commitments

Capital expenditure contracted for, but not provided in the financial statements, was £ Nil (2024: £Nil).

6 Debtors

	2025	2024
Trade debtors	1,752	1,721
Other debtors-Accrued Income	59,241	62,122
Prepayments and other accrued income	31,755	35,217
	<b>92,748</b>	<b>99,060</b>

7 Creditors: amounts falling due within one year

	2025	2024

	<b>160,481</b>	<b>139,863</b>

Notes forming part of the financial statements

8 Creditors: amounts falling due after more than one year

	2025	2024
Bank Loans	16,662	75,741
The amounts fall due as follows:		
In the second to fifth year inclusive	16,662	75,741
More than five years	-	-

Total borrowings are secured by a legal mortgage on the company's premises, a fixed charge over book debts, and a floating charge on the other assets of the company. The company combined its fixed and floating interest rate loans into a single account at a rate of 1.5% on the present lending margin currently at .75%. The loan is due to be repaid in 2026.

9 Deferred capital grants

	2025	2024
Land & buildings		
At 31 March 2025	1,145,319	1,216,707
Released to income and expenditure	71,388	71,388
At 31 March 2025	1,073,931	1,145,319

The capital grants to assist building these units had conditions attached, pre and post competition. These were fulfilled within the time limits varying from 5-6 years after the grant was awarded. The grants are not repayable thereafter and the organisation is free to dispose of them without returning any the proceeds.

10 Statement of funds

	At 1 April 2024	Income	Expenditure	Transfers	At 31 March 2025
