"Where there is Life there is always hope"

Islas rainbow of hope was founded shortly following the death of our precious Daughter Isla on Christmas Eve 2013 aged 10 months and 13 days. Due to a horrific accident months before, Isla and her Mummy were severely injured and Isla sustained a life threatening acquired brain injury. Islas charity aims to bring hope to families of Northern Ireland when there is nothing but despair.

- The Public Benefit of the charity is to provide support to children (aged 0-18 years) who are diagnosed Life Limited and suffering from an Acquired Brain Injury.
- Bridge the gap between existing nursing and palliative service support teams and the Northern Ireland Children's Hospice
- Assist families to ensure the voice of the child is heard and support children's rights to a comfortable family life
- Help families to return home with a life limited child and make everlasting memories
- We aim to raise vital funds with the help of the Trustees, family and friends to promote and support Islas Charity

Take a Break magazine also covered Islas story her legacy and her charity role. October 2017

November 2017 Jemma Dougherty raised £1,300 for portable suction machines via just Giving and lodged the funds directly to the account. Structure governance and management

The trustees remain in power of all areas assigned at time of application to Islas rainbow of hope

Islas charity remains the same to the public benefit: to advance the health and or saving of lives.

Objectives and activities 2018-2019

Finalise purchase of suction pumps with Cardiac Services.

Continue to try to build our base of volunteers and create a more interactive webpage.

Consider asking Vodafone to sponsor charity phone for a year or seek a method much cheaper to fund.

Summary

Isla charity will continue to access hospital staff ensuring they are aware of the charity and what we can offer to families with life limited children.

To continue to provide help to life limited children.

To continue to build on the website as it is very limited and requires updating regularly as medical advances evolve.

To continue to hold on file names and applications of those willing to volunteer and assist with the charity.

We had plans to dedicate Islas Crib to James Browns Undertakers for further families to use in times of devastation and grief. Unfortunately we were unable to achieve this due to external influences (choosing correct paint engraving etc) however we envisage dedication by end of 2018.

Our media coverage gave us lots of support throughout 2017 and into 2018. The media have stated they would be more than happy to continue to share our journeys in helping others at no publishing costs.

We are currently looking for someone to run IT and web design to regular post updates as a small charity and existing commitments we are not finding the time to dedicate to the web page as we desire. We hope this is in place 2018-2019.

- state whether particular matters have come to my attention.

Basis of independent examiner's report

I have examined your charity accounts as required under section 65 of the Charities Act and my examination was carried out in accordance with the general Directions given by the Charity Commission for Northern Ireland under section 65(9)(b) of the Charities Act.

My examination included a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also included consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as charity trustees concerning any such matters.

My role is to state whether any material matters have come to my attention giving me cause to believe:

1. That accounting records were not kept in accordance with section 63 of the Charities Act
2. That the accounts do not accord with those accounting records
3. That the accounts do not comply with the accounting requirements of the Charities Act
4. That there is further information needed for a proper understanding of the accounts to be reached.
