Notes to the financial statements for the Year Ended 31 December 2024

1. Accounting policies

Set out below are the principal accounting policies which have been adopted in the compilation of the Receipts and Payments Account and the Statement of Assets and Liabilities

(a) Receipts and Payments Account

All items of income and expenditure included within the Receipts and Payments Account have been accounted for on a cash receipts basis.

(b) Statement of Assets and Liabilities

(i) Assets retained for the Parish's own use

The assets of the Parish, retained for its own use comprise,

- Church Building and Grounds
- Church Hall
- Rectory
- Fixtures and fittings

The Church Building and Grounds are deemed to be Heritage assets as defined by the Charities SORP (FRS102)

These Heritage assets are not included in the statement of assets and liabilities as information on the cost or valuation is not available and such information cannot be obtained at a cost commensurate with the benefit to the users of the accounts and to the parish.

The Church Hall

- Is not included in the statement of assets and liabilities as it was built at a time when there were no reliable records of construction costs and a valuation of such a building lacks sufficient reliability. As such, no depreciation has been provided on the parish centre buildings as the current estimated residual value is not less than the carrying value and the remaining useful life currently exceeds 50 years.
- The Glebe House is recognised at deemed cost, being the estimated fair valuation of the property for rates purposes. No depreciation has been provided on the glebe house as the current estimated residual value is not less than the carrying value and the remaining useful life currently exceeds 50 years.
- Fixtures and Fittings are recognised at cost and are depreciated on a straight- line basis over a period of 5 years, unless deemed immaterial and as such charged direct to the receipts and payments account.

ii) Investments

Fixed asset investments comprising investment properties, investments in equities (ordinary shares) and investment in RCB/CIT Unit Trusts are initially recorded at cost and are then subsequently stated at fair value at each year end date. Investments in unquoted investments are recorded at cost and are assessed annually for impairment.
