PUBLIC BENEFIT

The expression of the precepts of the Christian religion through engagement with the general public, and in particular with the disadvantaged, the sick, the elderly and the young, is a public benefit, which activities such as those described above relate too.

This can be measured and evidenced through increased social integration and pastoral care delivered at the giving and receiving of pastoral ministry, improved understanding of the values relating to civic engagement, community cohesion and providing a bridge between diverse groups, as well as improved educational outcomes through the Church's ministry of teaching. The beneficiaries are the general public, and the public valuation of the benefits can be evidenced through attendance at public worship, participation in church governance and willingness to support through contributions the continuing witness of the church. Upper Falls are involved with the local community forum committee. The wider benefit to the public will outweigh any detriment arising in the course of Christian outreach. Any private benefit arising out of the fulfilment of our Christian ministry, to lay staff, is essential to the fulfilment of the purpose of the advancement of religion.

No trustee receives remuneration, reward, or other private benefit for carrying out their trustee responsibility. The principal function of the parish of Upper Falls is to support the advancement of the Christian religion by promoting through the work of the parish the whole mission of the church, pastoral, evangelistic, social and ecumenical. The provision of access to records and the public enjoyment of cultural and historic building and artefacts, such as church plates and furnishings as well as an overall improved appreciation of longstanding Christian Heritage, is a public benefit.
