Address

Unit 18, Tully Business Park, Springbank Way, Belfast, Co. Antrim, BT17 0QL

Charity Commission Number:

NIC102461

Trustees

Joe Pollock

Sean Ward

Gerard Murphy

Darren Pollock

(NB: Those named above are the charity trustees on the date of the report, and served as the charity trustees during the year)

Governing Document and Constitution

The club is a charity registered with the Northern Ireland Charity Commission, and is governed by a constitution adopted on the 12th August 2014.

The club is run entirely by volunteers, and currently has no paid members of staff.

Purpose of the Charity

On establishment, St Michael's ABC was set up with a dual purpose:

1. To create opportunities for people to participate in boxing and to become champions in the boxing ring
2. To help local people tackle some of the complex personal and social issues they experience in their lives.

Achievements and Performance

2023/24 was another active and rewarding year for St Michael's ABC, with our members continuing to show strong development both in and out of the ring. A number of our boxers took part in various Boxing events, such as the Novice 3's through County Antrim Boxing, gaining valuable experience and proudly representing the club at a competitive level.

We maintained our regular programme of weekly training sessions, welcoming a diverse group of participants, from those training for competition to individuals focused on general fitness, well-being, and personal development. These sessions remain a cornerstone of our club's commitment to providing a safe, structured, and inclusive environment for all.

Collaborative sparring continued to play a vital role in our athletes' preparation. We were pleased to host and attend a number of sparring sessions throughout the year, working closely with partner clubs including Carnlough ABC, Gilford ABC, and others. These partnerships are invaluable for building skills, confidence, and camaraderie among young boxers.

In addition to our boxing activity, we continued to engage members through social and fundraising events, further strengthening the sense of community within the club. Our long-term ambition to secure a purpose-built gym facility also remains a key focus, and while funding opportunities remain limited, we persist in engaging with local representatives and stakeholders to move this vision forward.

Programmes

Boxing:

We recognise that boxing brings a range of health benefits, although we also recognise that the sport offers a broad appeal and various other important values such as discipline, respect, self-control, identity and a sense of belonging. For those who want to, we support them to participate in boxing shows and events, and we already have a number of members who have won junior and senior championships, both on a County and all-Island basis. As well as teaching our members a range of boxing skills, we also see the sport as a tool for inclusion and development. We have continued to deliver small scale female programmes, but remain restricted in creating full time activity given our facility shortfalls. This will grow to something more permanent when we eventually move to a new building.

Fitness and Exercise Programmes:

We continued to run fitness and exercise programmes for adults which incorporate boxing elements but remain non-contact. These sessions provide a full body workout through various boxing movements which improve fitness, co-ordination, agility, speed, power, muscle definition etc. In some cases we have seen participants move into our contact sessions.

Financial Review

The income figure was £6,274, and expenditure total £4,711. This showed an operating profit of £1,563 for the period.

Objectives and Activities

Charitable Objects

The objectives of the club are to promote, educate and assist people of all ages through boxing and other recreational activities so as to develop their physical fitness, mental and emotional capacities so that they may grow to full maturity as individuals and citizens and that their conditions of life may be improved.

Public Benefit Statement

The trustees of St Michael's Amateur Boxing Club confirm that they have complied with their duties with regard to the Charity Commission's requirements on public benefit, and that our public benefit statement has informed the activities of the club in the year 1st February 2022 to 31st January 2023.

Our purpose is based around the provision of boxing and other recreational activities to enhance physical, mental and emotional capacities, regardless of age, ability, disability, religion and ethnic identity. We aim to empower our participants to improve their well-being and life conditions through physical activity. The benefits achievable for those individuals involved include healthier lifestyles, social inclusion and development of skills and physical literacy.
