Annual Report

The committee were thanked for their continued work within the community.

RCAA have been continually involved with various activities over the past year, with highlighting mental health to social and cultural issues within the wider community.

This year we hi-lighted the Kings Coronation.

Our breakfast morning had over 100 people turn up with the young and old attending.
Thanks to Impact Network NI for their continued support.

Our annual Act of Remembrance in November brought over 300 people together with the young people playing a major role.

Some of our committee joined with other groups in the Darkness into light walk for mental health.

We are continually involved with Neillsbrook Community Forum which sees all Statutory bodies come together along with local community representatives.

We work closely with a number of organisations such as Impact Network NI, ACT Initiative, NCDG, Sp Evolve NI and Alternatives.
