

## **ST BERNADETTE'S PLAYGROUP AGM Report 2021**

As the playgroup is still in the mist of the Covid pandemic staff and committee have agreed to send parents an AGM report via post.

If for any reason you have any queries around the report please use the number to contact a member of the committee

We have followed all guidelines and Government announcements as in line with Government updates.

We have updated and followed guidelines from the Education Board and Social Services

Staff will continue to deliver art and craft packs to families if needed, we ask that you please use the contact number to book these.

Staff are receiving Furlough from the Government which has relieved the financial burden on the playgroup, we can only hope that this will continue for as long as needed.

As you can imagine staff and committee are concerned as to the impact this pandemic is having on both parents, children and entire families, we will keep you all updated as in line with Government guidelines and sincerely hope we will open our doors and welcome you all back again in a timely manner.

The existing committee have agreed to remain on board to support staff and look forward to seeing you all very soon

Staff and committee have appreciated your support over the past year, we have all worked as a team to support each other in order to keep this very vital service in place to benefit all.

Many thanks / Keep safe

Marie Coyle Chairperson on behalf of staff and committee.
