Beragh Age Concern was formed in 1989 and is managed, and its activities delivered, on a voluntary basis. The main function of the group is for its members to meet weekly and have a meal together and exchange news, views and gossip. Easilink Community Transport brings people in from outlying rural areas and volunteers serve meals prepared by staff in the local Primary School. During this time members also play bingo, do armchair exercises or play Boccia to name but a few activities. Recent funding has allowed us to hire a bus and get members out walking and go for light refreshments. Occasionally we have trips away as weather and funds allow and we have people in giving talks such as road safety - as many of our members still drive, as well as community safety, benefit entitlements and local geography. We also invite groups to join us in musical nights and in turn we visit other groups. Our activities take place in the Cornerstone, Beragh.
